8. Describe governmental efforts to address market failure such as monopoly power, asymmetric information, externalities, and public goods.
9. Demonstrate the benefits of free trade using the concept of comparative advantage

Course Requirements/ Evaluation: Your grade will be determined by your average at the end of the semester. The grading scale will be as follows:

100% - 89.5%	A
89.4% - 79.5%	B
79.4% - 69.5%	C
69.4% - 59.5%	D
Below 59.5%	F

Further, your course average will be determined by four exams (20% each) as well as numerous homework assignments and in class quizzes (20% total). **There are no make-up homework assignments.** If you miss an exam, it is your obligation to inform your instructor as soon as possible. You must have verifiable documentation (doctor's note, etc...) in order not to receive a ZERO for the exam. Your instructor will arrange for you to make up the exam provided you have approved documentation for the absence. Homework will not be made up. However, the two lowest homework grades for the course will be dropped at the end of the term. Students are responsible for any material covered and assignments due if they are absent.

Academic Integrity: In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college. Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial intelligence Ethical Considerations and Consequences for Misuse

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of AI or other assignment-help tools will be handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific — approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- *Example of permitted use:* Using AI to brainstorm topic ideas, check grammar, or generate a practice outline — with instructor approval and proper citation.
- *Example of prohibited use:* Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Citation Requirements

When AI use is approved, you must cite it according to the citation style required for the course (APA, MLA, or Chicago, as specified by your instructor). This typically includes naming the AI tool used, the date accessed, and a brief description of how it was used (e.g., "ChatGPT was used to generate an initial outline, which was then revised independently"). Consult your instructor or the relevant style guide for the exact citation format.

Detection and Verification

The instructor and/or the college reserve the right to use AI-detection software or other means to verify the originality of submitted work. Students may also be asked to explain, defend, or reproduce their work (e.g., in a conference or oral discussion) to confirm authorship.

When in Doubt

If you are in doubt as to whether you are using AI appropriately in this course, it is your responsibility to discuss your situation with the instructor before submitting the assignment. Remember, AI can be a tool to support your learning in this course, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

Attendance: Roll will be taken during each class. If you must miss class it is your responsibility to make appropriate arrangements with your instructor or academic advisor. Any work you miss without an excused absence will be scored a ZERO (please see above) and will affect your final grade. In any case, you will still be responsible for your own grade. If you have not submitted the first assignment by October 26 you may be dropped for non-attendance. The instructor is not responsible for dropping students who are currently failing the course. If you have questions please consult your instructor immediately. The last day to drop for the term is **November 24**.

Classroom Conduct: Students are strongly encouraged to participate in class discussions. The instructor will consider this in determining your final grade. However, rude or disruptive behavior will not be tolerated. Cell phones and other electronic devices must be turned off. Also, there will be *no food or drink in the classroom*. See your Student Handbook for Paris Junior College's policy on disruptive students. Students with disabilities or requiring support services should refer to the ADA statement below.

Tentative Schedule Fall 2026 (2nd 8 Weeks):

This schedule is only tentative. The instructor reserves the right to change dates and times of material covered and exams. Changes will be announced in class as the semester progresses. Students are responsible for making themselves aware of any deviations from the projected syllabus

<i>Week 1 (Oct 19 – Oct 25):</i>	<i>Chapters 1, 2</i>
<i>Week 2 (Oct 26 – Nov 1):</i>	<i>Chapter 3, 4</i>
<i>Week 3 (Nov 2 – Nov 8):</i>	<i>Chapter 5, 6 Exam 1{Ch's 1, 2, 3, 4}</i>
<i>Week 4 (Nov 9 – Nov 15):</i>	<i>Chapter 7, 8</i>
<i>Week 5 (Nov 16 – Nov 22):</i>	<i>Chapter 9, 10, Exam 2{Ch's 5,6,7,8}</i>
<i>Week 6 (Nov 23 – Nov 29):</i>	<i>Chapter 11, 12, Exam 3{Ch's 9,10,11 Thanksgiving Nov 25, 26, 27}</i>
<i>Week 7 (Nov 30 – Dec 6):</i>	<i>Chapter 13, 14</i>
<i>Week 8 (Dec 7 – Dec 10):</i>	<i>Final Exam Week {Ch's 12,13,14}</i>

It is important that students keep up with the material. They are encouraged to spend at least one hour of dedicated study time outside of class for each hour spent in class. This is in addition to time spent completing assignments or preparing for exams. Your instructor is a valuable resource for understanding the material and performing well on exams. Students who ask questions in class, contact the instructor during office hours and ask questions via email tend to perform better than those who do not. Please be prepared to spend time outside the classroom studying the material. The effort is critical to earning a good grade.

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This college will adhere to all applicable federal, state and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford an equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising and Counseling Center to obtain a Request for Accommodations form. For more information please refer to the Paris Junior College Catalogue or Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

Official Student Email Policy

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence—including notices of academic status, financial aid, billing, registration, and campus alerts—will be sent to the student's PJC email account.

Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not responsible for missed communications due to a student's failure to check their official email account.

Non-discrimination clause

Paris Junior College is an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, color, national origin, sex, religion, age, disability, or any other basis prohibited by law.

Paris Junior College prohibits discrimination, including harassment, against any student on the basis of sex or gender, race, color, national origin, disability, religion, age, or any other basis prohibited by law. A lack of English language skills will not be a barrier to admission and participation in the career and technical education programs of Paris Junior College. Retaliation against anyone involved in a complaint process is a violation of PJC policy and is prohibited.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

EDUC1100.20E0
Learning Framework
Fall 2026 Sub Term A

Instructor: Dr. Ella Duren
Office: A104B
Phone: 903-782-0727
Email: eduren@parisjc.edu
Office Hours: Online

Meeting Location: Online
Meeting Days: Online
Meeting Times: By Appt.

Course Description:

EDUC - (Education) EDUC 1100 Learning Framework (1 SCH version) A study of the research and theory in the psychology of learning, cognition, and motivation; factors that impact learning, and application of learning strategies. Theoretical models of strategic learning, cognition, and motivation serve as the conceptual basis for the introduction of college-level student academic strategies. Students use assessment instruments (e.g., learning inventories) to help them identify their own strengths and weaknesses as strategic learners. Students are ultimately expected to integrate and apply the learning skills discussed across their own academic programs and become effective and efficient learners. Students developing these skills should be able to continually draw from the theoretical models they have learned. (Cross-listed as PSYC 1300) Note: (NOTE: While traditional study skills courses include some of the same learning strategies – e.g., note-taking, reading, test preparation etc. – as learning framework courses, the focus of study skills courses is solely or primarily on skill acquisition. Study skills courses, which are not under-girded by scholarly models of the learning process, are not considered college-level, and, therefore, are distinguishable from Learning Framework courses.) Prerequisite(s): None

Required Textbook(s) and Materials:

Our textbook for this class is *College Success* by OpenStax (2020).

A copy of this book can be found under the Start Here tab in your Black Board system.

Course Goals and Objectives:

EDUC Program Student Learning Outcomes:

1. Understand the importance of goal setting and build decision-making and goal setting skills.
2. Complete an inventory to determine personality type.
3. Develop critical thinking skills.
4. Complete a learning inventory and identify your personal learning style.
5. Understand the educational degree requirements for different types of careers and occupations.
6. Complete an interest inventory to determine matches between your interests and skills and occupations and degrees.

7. Complete a degree plan in the certificate or degree area you plan to pursue.
8. Understand the causes of stress and ways to manage stress.
9. Understand how diet, nutrition, exercise and physical fitness affect your life.
10. Develop note taking skills.
11. Develop study skills.
12. Understand test taking strategies.
13. Develop time management skills.
14. Understand money, banking, and credit.
15. Understand basic saving and investing principles.
16. Understand a resume.
17. Understand basic job interview skills.
18. Understand the benefits of service learning and citizenship responsibilities.
19. Develop team building skills.
20. Develop problem solving skills.

Course Map Table: CT-Critical Thinking, COM- Communication Skills, EQS- Empirical & Quantitative Skills, TW- Teamwork, PR- Personal Responsibility, SR- Social Responsibility

Course Objective	Program Outcome (PLO)	Texas Core Objective	Assignments / Modules
1. Goal setting & decision-making	PLO 1, PLO 5	CT, PR	Module 1 – Ch. 1–2 Assignment & Quiz
2. Personality inventory	PLO 1	CT	Module 1 Assignment
3. Critical thinking skills	PLO 3	CT	All Module Quizzes; Final Project
4. Learning inventory & learning style	PLO 2, PLO 5	CT, PR	Module 2 – Ch. 3–4 Assignment
5. Degree requirements for careers	PLO 4	CT	Module 2 Assignment
6. Interest inventory for careers	PLO 4	CT	Module 3 – Ch. 5–6 Assignment
7. Complete a degree plan	PLO 4	CT, COM	Module 5 – Final Project
8. Stress & stress management	PLO 1	PR	Module 3 Assignment

9. Diet, nutrition, exercise & fitness	PLO 1	PR	Module 3 Quiz
10. Note-taking skills	PLO 2	CT	Module 2 Assignment
11. Study skills	PLO 2	CT, PR	Module 2 Assignment
12. Test-taking strategies	PLO 2	CT	Module 4 Assignment
13. Time management	PLO 2, PLO 5	PR	Module 4 Assignment
14. Money, banking & credit	PLO 5	CT, EQS, PR	Module 4 Quiz
15. Saving & investing	PLO 5	CT, EQS	Module 4 Assignment
16. Understand a resume	PLO 4	COM	Module 5 – Final Project
17. Job interview skills	PLO 4	COM, PR	Module 5 – Final Project
18. Service learning & citizenship	PLO 5	SR, PR	Module 4 Assignment
19. Team-building skills	PLO 5	TW	Module 3 Assignment
20. Problem-solving skills	PLO 3	CT	All quizzes; Final Project

Course Requirements and Evaluation:

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD) 8/30/2026. Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Course Policies:

Course Requirements and Evaluation:

Grading Scale (Total: 1,385 points)

Percentage Point Range Letter Grade

100–90%	1385 – 1247	A
89–80%	1246 – 1108	B
79–70%	1107 – 970	C
69–60%	969 – 831	D
59–0%	830 – 0	F

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of “W” is 10/1/2026.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial intelligence (AI)**Ethical Considerations and Consequences for Misuse**

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of AI or other assignment-help tools will be handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific — approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- *Example of permitted use:* Using AI to brainstorm topic ideas, check grammar, or generate a practice outline — with instructor approval and proper citation.
- *Example of prohibited use:* Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Citation Requirements

When AI use is approved, you must cite it according to the citation style required for the course (APA, MLA, or Chicago, as specified by your instructor). This typically includes naming the AI tool used, the date accessed, and a brief description of how it was used (e.g., "ChatGPT was used to generate an initial outline, which was then revised independently"). Consult your instructor or the relevant style guide for the exact citation format.

Detection and Verification

The instructor and/or the college reserve the right to use AI-detection software or other means to verify the originality of submitted work. Students may also be asked to explain, defend, or reproduce their work (e.g., in a conference or oral discussion) to confirm authorship.

When in Doubt

If you are in doubt as to whether you are using AI appropriately in this course, it is your responsibility to discuss your situation with the instructor before submitting the assignment. Remember, AI can be a tool to support your learning in this course, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved, the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Insert how the students will be notified of a change. (Blackboard, student email, etc.)

Multi-Factor Authentication (MFA) Requirement for Students

To help protect student accounts and personal information, students are required to use **Multi-Factor Authentication (MFA)** when accessing college systems and online resources. MFA adds an extra layer of security by requiring users to verify their identity through a second method, a Microsoft Authenticator mobile app notification in addition to their password.

How to Use MFA:

1. Log in to your college account using your username and password.
2. When prompted, verify your identity using the Microsoft Authenticator app.
3. Approve the sign-in request to gain access to your account.
4. Using the Microsoft Authenticator app, ensure notifications are enabled on your mobile device.
5. Never approve an authentication request that you did not initiate. Report suspicious login attempts to PJC Tech Support immediately.

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD) Oct 25. Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Course Policies:

Course Requirements and Evaluation:

Grading Scale (Total: 1,385 points)

Percentage Point Range Letter Grade

100–90%	1385 – 1247	A
89–80%	1246 – 1108	B
79–70%	1107 – 970	C
69–60%	969 – 831	D
59–0%	830 – 0	F

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of “W” is 11/24/2026.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial intelligence (AI)**Ethical Considerations and Consequences for Misuse**

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of AI or other assignment-help tools will be handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific — approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- *Example of permitted use:* Using AI to brainstorm topic ideas, check grammar, or generate a practice outline — with instructor approval and proper citation.
- *Example of prohibited use:* Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Citation Requirements

When AI use is approved, you must cite it according to the citation style required for the course (APA, MLA, or Chicago, as specified by your instructor). This typically includes naming the AI tool used, the date accessed, and a brief description of how it was used (e.g., "ChatGPT was used to generate an initial outline, which was then revised independently"). Consult your instructor or the relevant style guide for the exact citation format.

Detection and Verification

The instructor and/or the college reserve the right to use AI-detection software or other means to verify the originality of submitted work. Students may also be asked to explain, defend, or reproduce their work (e.g., in a conference or oral discussion) to confirm authorship.

When in Doubt

If you are in doubt as to whether you are using AI appropriately in this course, it is your responsibility to discuss your situation with the instructor before submitting the assignment. Remember, AI can be a tool to support your learning in this course, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved, the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Insert how the students will be notified of a change. (Blackboard, student email, etc.)

Multi-Factor Authentication (MFA) Requirement for Students

To help protect student accounts and personal information, students are required to use **Multi-Factor Authentication (MFA)** when accessing college systems and online resources. MFA adds an extra layer of security by requiring users to verify their identity through a second method, a Microsoft Authenticator mobile app notification in addition to their password.

How to Use MFA:

1. Log in to your college account using your username and password.
2. When prompted, verify your identity using the Microsoft Authenticator app.
3. Approve the sign-in request to gain access to your account.
4. Using the Microsoft Authenticator app, ensure notifications are enabled on your mobile device.
5. Never approve an authentication request that you did not initiate. Report suspicious login attempts to PJC Tech Support immediately.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

EDUC 1300.840A0
Learning Framework
Fall 2026

Instructor: Dr. Melisa Ward
Office: A104B
Phone: 903-782-0727
Email: eduren@parisjc.edu
Office Hours: Online

Meeting Location: 1305
Meeting Days: M-Thursday
Meeting Times: By Appt.

Course Description:

EDUC - (Education) EDUC 1100 Learning Framework (1 SCH version) A study of the research and theory in the psychology of learning, cognition, and motivation; factors that impact learning, and application of learning strategies. Theoretical models of strategic learning, cognition, and motivation serve as the conceptual basis for the introduction of college-level student academic strategies. Students use assessment instruments (e.g., learning inventories) to help them identify their own strengths and weaknesses as strategic learners. Students are ultimately expected to integrate and apply the learning skills discussed across their own academic programs and become effective and efficient learners. Students developing these skills should be able to continually draw from the theoretical models they have learned. (Cross-listed as PSYC 1300) Note: (NOTE: While traditional study skills courses include some of the same learning strategies – e.g., note-taking, reading, test preparation etc. – as learning framework courses, the focus of study skills courses is solely or primarily on skill acquisition. Study skills courses, which are not under-girded by scholarly models of the learning process, are not considered college-level, and, therefore, are distinguishable from Learning Framework courses.) Prerequisite(s): None

Required Textbook(s) and Materials:

Our textbook for this class is *College Success* by OpenStax (2020).

A copy of this book can be found under the Start Here tab in your Black Board system.

Course Goals and Objectives:

EDUC Program Student Learning Outcomes:

1. Understand the importance of goal setting and build decision-making and goal setting skills.
2. Complete an inventory to determine personality type.
3. Develop critical thinking skills.
4. Complete a learning inventory and identify your personal learning style.
5. Understand the educational degree requirements for different types of careers and occupations.
6. Complete an interest inventory to determine matches between your interests and skills and occupations and degrees.

7. Complete a degree plan in the certificate or degree area you plan to pursue.
8. Understand the causes of stress and ways to manage stress.
9. Understand how diet, nutrition, exercise and physical fitness affect your life.
10. Develop note taking skills.
11. Develop study skills.
12. Understand test taking strategies.
13. Develop time management skills.
14. Understand money, banking, and credit.
15. Understand basic saving and investing principles.
16. Understand a resume.
17. Understand basic job interview skills.
18. Understand the benefits of service learning and citizenship responsibilities.
19. Develop team building skills.
20. Develop problem solving skills.

Course Requirements and Evaluation:

Quizzes: 20%
Assignments: 20%
Project: 20%
Presentation: 20%
Final Exam: 20%

Course Policies:

Grading Scale (Total: 100 %)

Percentage Letter Grade

100–90%	A
89–80%	B
79–70%	C
69–60%	D
59–0%	F

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of “W” is 10/1/2026.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial intelligence (AI)**Ethical Considerations and Consequences for Misuse**

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of AI or other assignment-help tools will be handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific — approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- *Example of permitted use:* Using AI to brainstorm topic ideas, check grammar, or generate a practice outline — with instructor approval and proper citation.
- *Example of prohibited use:* Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Citation Requirements

When AI use is approved, you must cite it according to the citation style required for the course (APA, MLA, or Chicago, as specified by your instructor). This typically includes naming the AI tool used, the date accessed, and a brief description of how it was used (e.g., "ChatGPT was used to generate an initial outline, which was then revised independently"). Consult your instructor or the relevant style guide for the exact citation format.

Detection and Verification

The instructor and/or the college reserve the right to use AI-detection software or other means to verify the originality of submitted work. Students may also be asked to explain, defend, or reproduce their work (e.g., in a conference or oral discussion) to confirm authorship.

When in Doubt

If you are in doubt as to whether you are using AI appropriately in this course, it is your responsibility to discuss your situation with the instructor before submitting the assignment. Remember, AI can be a tool to support your learning in this course, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved, the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

Tentative Course Schedule:

Week	Day 1	Day 2	Day 3	Day 4
Week 1-Aug. 24-27	Syllabus Overview; Assign Semester Project	Syllabus Mapping; HW: Follow & Insight Assignment	Taking Notes Assignment	Email Etiquette Assignment; HW: Read 1.1
Week 2-Aug. 31-Sept. 3	Discuss 1.1; HW: Answer Analysis Question and Read 1.2 and 1.3	Discuss 1.2 and 1.3; HW: Answer Analysis Question and Read 1.4	Discuss 1.4	Chapter 1 Quiz; HW: Read 2.1 and 2.2 and answer Analysis Question
Week 3-Sept. 8-10	LABOR DAY HOLIDAY	Follow & Insight Assignment	Discuss 2.1 and 2.2; HW: Read 2.3	Discuss 2.3; HW: Read 2.4 and 2.5
Week 4-Sept. 14-17	Major and Career Alignment Assignment	Discuss 2.4 and 2.5	Chapter 2 Quiz; HW: Read 5.1	Work on Project
Week 5-Sept. 21-24	Discuss 5.1: HW: Finish Chapter 5	Discuss 5.2 and 5.3	Chapter 5 Quiz	Transitions Test (Chapters 1, 2, and 5); HW: Read 3.1 and 3.2
Week 6-Sept. 28-Oct. 1	Reach, Match, and Safety Schools Assignment	Discuss 3.1 and 3.2; HW: Read 3.3	Discuss 3.3; HW: Read 3.4	Discuss 3.4
Week 7-Oct. 5-8	College Research Mini-Research Assignment	Chapter 3 Quiz; HW: Read 4.1 and 4.2	Work on Project	Discuss 4.1 and Read, Annotate, and Discuss Cowan's Article
Week 8-Oct. 12-15	Resume Assignment	Discuss 4.2; HW: Read 4.3	Discuss 4.3; HW: Read 4.4 and 4.5	Chapter 4 Quiz
Week 9-Oct. 19-22	Recommendation Request Assignment	Academic Strategies Test (Chapters 3 and 4); HW: Read 6.1 and 6.2	Work on Project	Discuss 6.1 and 6.2; HW: Read 6.3 and 6.4

Week 10 Oct. 26-29	Discuss 6.3 and 6.4; HW: Read 6.5	Discuss 6.5; HW: Read 6.6	Discuss 6.6	Chapter 6 Quiz; HW: Read 7. 1
Week 11- Nov. 2-5	Discuss 7.1; HW: Read 7.2	Discuss 7.2; HW: Read 7.3	Discuss 7.3; HW: Read 7.4	Discuss 7.4
Week 12- Nov. 9-12	Chapter 7 Quiz; HW: Read 8.1	Work on Project	Discuss 8.1; HW: Read 8.2	Discuss 8.2; HW: Read 8.3
Week 13- Nov. 16-19	Discuss 8.3; HW: Read 8.4	Discuss 8.4	Personal Habits Test (Chapters 6-8)	Work on Project
Week 14- Nov. 23-26	THANKSGIVING BREAK	THANKSGIVING BREAK	THANKSGIVING BREAK	THANKSGIVING BREAK
Week 15- Nov. 30-Dec. 3	Work on Project	Final Exam (All Chapters)	Project Presentations	Project Presentations
Week 16- Dec. 7-10	Work on Project	Project Presentations	Project Presentations	Project Presentations

19. Team-building skills	PLO 5	TW	Module 3 Assignment
20. Problem-solving skills	PLO 3	CT	All quizzes; Final Project

Course Requirements and Evaluation:

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD) Oct 25. Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Course Policies:

Course Requirements and Evaluation:

Grading Scale (Total: 1,385 points)

Percentage Point Range Letter Grade

100–90%	1385 – 1247	A
89–80%	1246 – 1108	B
79–70%	1107 – 970	C
69–60%	969 – 831	D
59–0%	830 – 0	F

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of “W” is 11/24/2026.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial intelligence (AI)**Ethical Considerations and Consequences for Misuse**

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of AI or other assignment-help tools will be handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific — approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- *Example of permitted use:* Using AI to brainstorm topic ideas, check grammar, or generate a practice outline — with instructor approval and proper citation.
- *Example of prohibited use:* Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Citation Requirements

When AI use is approved, you must cite it according to the citation style required for the course (APA, MLA, or Chicago, as specified by your instructor). This typically includes naming the AI tool used, the date accessed, and a brief description of how it was used (e.g., "ChatGPT was used to generate an initial outline, which was then revised independently"). Consult your instructor or the relevant style guide for the exact citation format.

Detection and Verification

The instructor and/or the college reserve the right to use AI-detection software or other means to verify the originality of submitted work. Students may also be asked to explain, defend, or reproduce their work (e.g., in a conference or oral discussion) to confirm authorship.

When in Doubt

If you are in doubt as to whether you are using AI appropriately in this course, it is your responsibility to discuss your situation with the instructor before submitting the assignment. Remember, AI can be a tool to support your learning in this course, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved, the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Insert how the students will be notified of a change. (Blackboard, student email, etc.)

Multi-Factor Authentication (MFA) Requirement for Students

To help protect student accounts and personal information, students are required to use **Multi-Factor Authentication (MFA)** when accessing college systems and online resources. MFA adds an extra layer of security by requiring users to verify their identity through a second method, a Microsoft Authenticator mobile app notification in addition to their password.

How to Use MFA:

1. Log in to your college account using your username and password.
2. When prompted, verify your identity using the Microsoft Authenticator app.
3. Approve the sign-in request to gain access to your account.
4. Using the Microsoft Authenticator app, ensure notifications are enabled on your mobile device.
5. Never approve an authentication request that you did not initiate. Report suspicious login attempts to PJC Tech Support immediately.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

Email: anita.comer@parisjc.edu
Office Hours: 7:30-8:00 AM

Meeting Location: Room 311
Meeting Days: Monday-Friday
Meeting Times: 6th period 1:05
7th period 2:00

COVID-19

Paris Junior College will continue to monitor and assess the COVID-19 impact on the communities served. Per CDC guidelines:

- All COVID-19 vaccines currently available in the United States have been shown to be safe and effective at preventing COVID-19. Getting vaccinated yourself may also protect people around you, [particularly people at increased risk for severe illness from COVID-19](#).
- Anyone on PJC campus/property will be expected to govern themselves by the CDC's cleaning and disinfection, hand hygiene, and respiratory etiquette.

Masks are no longer required on a PJC campus. However, if you have not been vaccinated, you should consider wearing a mask to protect your own health.

Course Description:

An enriched, integrated pre-service course and content experience that provides active recruitment and institutional support of students interested in a teaching career, especially in high need fields. The course provides students with opportunities to participate in early field observations at all levels of P-12 schools with varied and diverse student populations and provides students with support from college and school faculty, preferably in small cohort groups, for the purpose of introduction to and analysis of the culture of schooling and classrooms. Course content should be aligned as applicable with State Board for Educator Certification Pedagogy and Professional Responsibilities standards; and the course must include a minimum of 16 contact hours of field experience in P-12 classrooms.

Credits: 3 credit hours

Prerequisite(s): N/A

Required Textbook(s) and Materials:

Kato, Sharleen L. (2016). Teaching, 2nd ed. Tinley Park, IL- The Goodheart-Willcox Company, Inc. ISBN: 978-1-63126-009-4 **(This is provided by Cumby Collegiate High School)**

Course Goals and Objectives:

Upon successful completion of this course, students will:

- 1. Identify current issues influencing the field of education and teacher professional development.*
- 2. Analyze the culture of schooling and classrooms from the perspectives of language, gender, socioeconomic, ethnic, and disability based academic diversity and equity.*
- 3. Provide examples from classroom observations and course activities that demonstrate understanding of educational pedagogy and professional responsibilities of teachers.*

4. Evaluate personal motivations, educational philosophies, and factors related to educational career decision making.
5. Recognize the various multiple intelligences/learning styles in order to be able to implement instructional practices that meet the needs of all students.

Course Schedule:

The class will meet on Monday through Friday in Room 311 with field hours in elementary and middle school.

Course Requirements and Evaluation:**Grading Criteria**

Attendance and Classroom Discussions/Assignments 10%

*Field Experience 20%

Reflection Paper on Field Experience 15%

Teaching Demonstration 10%

Philosophy of Education 15%

Cumulative Exam 10%

Student Portfolio 20%

Total Points 100%

Grading Scale: 90-100= A, 80-89= B, 70-79= C, 60-69= D, 59 - below=F

* Failure to complete the Field Experience will result in an F in this class.

Course Policies

Week 1- Introductions, Course Syllabus, Tech Skills

Week 2- Chapter 2 Becoming a Teacher

Week 3- Chapters 3-4- Early and Modern History of American Education

Week 4-Chapter 5- Schools and Society

Week 5- Chapter 9- Diverse Learning

Week 6- Chapter 10- Effective Teaching, Field Experience in Classroom

Week 7- Chapter 7- Planning for Instruction- Curriculum, Standards, and Testing, Field Experience

Week 8- Chapter 12- Instructional Methods, Teaching Demonstration-Field Experience

Week 9- Chapter 15- Classroom Management. Field Experience

Week 10- Philosophy of Education, Field Experience

Week 11- Chapter 14- The Role of Assessment

Week 12- Exam (Chapters in Textbook) Mid Term Grade Oct 16th

Week 13- Compile student portfolio

Week 14- Complete Observation Hours/Reflection Paper- Role of Ethics

Week 15- Complete student portfolio/Final Teacher Demonstration

Week 16- Submit ePortfolio, Finals Week December 9-10

Writing Assignments:

1. Student portfolio

2. Reflection Essay

Papers should be four pages long, 12 font, 1 inch margins with a small heading, APA format

Class Attendance:

Class attendance is critical for the successful completion of this course. *For online courses, students must complete work in a timely manner and follow due dates.* Withdrawals must be initiated by the student. **The last day for a student to withdraw from a course with a grade of "W" is Thursday, NOVEMBER 12th.**

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action such as dismissal from the college. *These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.*

Artificial intelligence**Ethical Considerations and Consequences for Misuse**

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of AI or other assignment-help tools will be handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific — approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- *Example of permitted use:* Using AI to brainstorm topic ideas, check grammar, or generate a practice outline — with instructor approval and proper citation.
- *Example of prohibited use:* Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Citation Requirements

When AI use is approved, you must cite it according to the citation style required for the course (APA, MLA, or Chicago, as specified by your instructor). This typically includes naming the AI tool used, the date accessed, and a brief description of how it was used (e.g., "ChatGPT was used to generate an initial outline, which was then revised independently"). Consult your instructor or the relevant style guide for the exact citation format.

Detection and Verification

The instructor and/or the college reserve the right to use AI-detection software or other means to verify the originality of submitted work. Students may also be asked to explain, defend, or reproduce their work (e.g., in a conference or oral discussion) to confirm authorship.

When in Doubt

If you are in doubt as to whether you are using AI appropriately in this course, it is your responsibility to discuss your situation with the instructor before submitting the assignment. Remember, AI can be a tool to support your learning in this course, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Official Student Email Policy

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence—including notices of academic status, financial aid, billing, registration, and campus alerts—will be sent to the student's PJC email account.

Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not responsible for missed communications due to a student's failure to check their official email account.

Non-discrimination clause

Paris Junior College is an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, color, national origin, sex, religion, age, disability, or any other basis prohibited by law.

Paris Junior College prohibits discrimination, including harassment, against any student on the basis of sex or gender, race, color, national origin, disability, religion, age, or any other basis prohibited by law. A lack of English language skills will not be a barrier to admission and participation in the career and technical education programs of Paris Junior College.

Retaliation against anyone involved in a complaint process is a violation of PJC policy and is prohibited.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

MFA

To help protect student accounts and personal information, students are required to use **Multi-Factor Authentication (MFA)** when accessing college systems and online resources. MFA adds an extra layer of security by requiring users to verify their identity through a second method, a Microsoft Authenticator mobile app notification in addition to their password.

How to Use MFA:

1. Log in to your college account using your username and password.
2. When prompted, verify your identity using the Microsoft Authenticator app.
3. Approve the sign-in request to gain access to your account.
4. Using the Microsoft Authenticator app, ensure notifications are enabled on your mobile device.
5. Never approve an authentication request that you did not initiate. Report suspicious login attempts to PJC Tech Support immediately

Dual credit students logging in to their high school wifi will not be required to complete the MFA process. Dual Credit students logging in anywhere else will be required to complete the MFA process.

Credits: SCH = 3 lecture; SCH = 1 Lab

"This course is reading-intensive and may become overwhelming for students who do not effectively manage their time, particularly within the accelerated 8-week format. The course material will be covered at a rapid pace. The risk of falling behind increases if effective time management strategies are not used."

Prerequisite(s): None

Required Textbook(s) and Materials:

YOU DO NOT NEED TO BUY A TEXTBOOK FOR THIS COURSE IT IS PROVIDED

Foundations of American Education: A Critical Lens Melissa Wells and Courtney Clayton under a Creative Commons Attribution-NonCommercial-ShareAlike 4.0 International License

This course uses digital course materials designed using open education resources (OER), high-quality, openly licensed educational materials, rather than a traditional textbook. You can access all readings, videos, quizzes and other activities through our course site on BlackBoard. Students must have access to a computer with Internet access, word processing capabilities, and a flash drive to save documents and presentations.

Course Goals and Objectives:
EDUC Student Learning Outcomes:

Upon successful completion of this course, students will:

1. Identify current issues influencing the field of education and teacher professional development.
2. Analyze the culture of schooling and classrooms from the perspectives of language, gender, socioeconomic, ethnic, and disability-based academic diversity and equity.
3. Provide examples from classroom observations and course activities that demonstrate understanding of educational pedagogy and professional responsibilities of teachers.
4. Evaluate personal motivations, educational philosophies, and factors related to educational career decision making.
5. Recognize the various multiple intelligences/learning styles in order to be able to implement instructional practices that meet the needs of all students.

EDUC 1301 ACGM SLOs paired with TTU Core Objectives

ACGM SLO	Best-fit TTU Core Objective(s)
Identify current issues influencing the field of education and teacher professional development	Critical Thinking Skills (CT) analysis of current issues; Personal Responsibility (PR) professional development ties to ethical/professional decision-making
Analyze the culture of schooling and classrooms from the perspectives of language, gender, socioeconomic, ethnic, and disability-based academic diversity and equity	Social Responsibility (SR) intercultural competence, equity; Critical Thinking Skills (CT) analysis
Provide examples from classroom observations and course activities that demonstrate understanding of educational pedagogy and professional responsibilities of teachers	Communication Skills (COM) expressing/demonstrating understanding; Personal Responsibility (PR) professional responsibilities
Evaluate personal motivations, educational philosophies, and factors related to educational career decision making	Personal Responsibility (PR) connecting choices/actions/consequences to decision-making; Critical Thinking Skills (CT) evaluation
Recognize the various multiple intelligences/learning styles in order to implement instructional practices that meet the needs of all students	Critical Thinking Skills (CT) — applying theory to instructional practice; Social Responsibility (SR) — meeting needs of all/diverse students

Assignments mapped to Student learning outcomes.

Assignment	Outcome(s) Addressed
Self-Reflection	1,5
Why Should I Be a Teacher?	1
Philosophy of Education	1
Texas Administrative Code of Ethics	1, 4
Timeline of Education in US Education	4
Source Information	3,4
Multiple Intelligences Survey	2
Classroom Culture Learning Climate	3,5
Field Work (16-hr classroom observation)	1,2,3,4,5

Course Requirements and Evaluation:

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD) 8/30/2026. Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Course Policies:
Field Experience:

This course must include a minimum of 16 contact hours of field experience in P-12 classroom.

Students must adhere to the school districts' dress code.

***Criminal Background Check**

A criminal background check is required for this course and has been prepaid in your course fees. For students who may have a criminal background, please be advised that the background could keep you from being licensed as a teacher by the State of Texas. If you have a question about your background and licensure, please speak with your faculty member or the department chair. You also have the right to request a criminal history evaluation letter from the applicable licensing agency.

Course Requirements and Evaluation:

Grading Scale:

668-742	90%-100%	A
594-667	80%-89%	B
520-593	70%-79%	C
446-519	60%-69%	D
445 and below	Below 60%	F

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is 10/1/2026.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial intelligence (AI)

Ethical Considerations and Consequences for Misuse

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of AI or other assignment-help tools will be handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific — approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- *Example of permitted use:* Using AI to brainstorm topic ideas, check grammar, or generate a practice outline — with instructor approval and proper citation.
- *Example of prohibited use:* Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Citation Requirements

When AI use is approved, you must cite it according to the citation style required for the course (APA, MLA, or Chicago, as specified by your instructor). This typically includes naming the AI tool used, the date accessed, and a brief description of how it was used (e.g., "ChatGPT was used to generate an initial outline, which was then revised independently"). Consult your instructor or the relevant style guide for the exact citation format.

Detection and Verification

The instructor and/or the college reserve the right to use AI-detection software or other means to verify the originality of submitted work. Students may also be asked to explain, defend, or reproduce their work (e.g., in a conference or oral discussion) to confirm authorship.

When in Doubt

If you are in doubt as to whether you are using AI appropriately in this course, it is your responsibility to discuss your situation with the instructor before submitting the assignment. Remember, AI can be a tool to support your learning in this course, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved, the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Insert how the students will be notified of a change. (Blackboard, student email, etc.)

Multi-Factor Authentication (MFA) Requirement for Students

To help protect student accounts and personal information, students are required to use **Multi-Factor Authentication (MFA)** when accessing college systems and online resources. MFA adds an extra layer of security by requiring users to verify their identity through a second method, a Microsoft Authenticator mobile app notification in addition to their password.

How to Use MFA:

1. Log in to your college account using your username and password.
2. When prompted, verify your identity using the Microsoft Authenticator app.
3. Approve the sign-in request to gain access to your account.
4. Using the Microsoft Authenticator app, ensure notifications are enabled on your mobile device.

Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial intelligence (AI)

Ethical Considerations and Consequences for Misuse

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of AI or other assignment-help tools will be handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific — approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- *Example of permitted use:* Using AI to brainstorm topic ideas, check grammar, or generate a practice outline — with instructor approval and proper citation.
- *Example of prohibited use:* Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Citation Requirements

When AI use is approved, you must cite it according to the citation style required for the course (APA, MLA, or Chicago, as specified by your instructor). This typically includes naming the AI tool used, the date accessed, and a brief description of how it was used (e.g., "ChatGPT was used to generate an initial outline, which was then revised independently"). Consult your instructor or the relevant style guide for the exact citation format.

Detection and Verification

The instructor and/or the college reserve the right to use AI-detection software or other means to verify the originality of submitted work. Students may also be asked to explain, defend, or reproduce their work (e.g., in a conference or oral discussion) to confirm authorship.

When in Doubt

If you are in doubt as to whether you are using AI appropriately in this course, it is your responsibility to discuss your situation with the instructor before submitting the assignment. Remember, AI can be a tool to support your learning in this course, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved, the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the

Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Insert how the students will be notified of a change. (Blackboard, student email, etc.)

Multi-Factor Authentication (MFA) Requirement for Students

To help protect student accounts and personal information, students are required to use **Multi-Factor Authentication (MFA)** when accessing college systems and online resources. MFA adds an extra layer of security by requiring users to verify their identity through a second method, a Microsoft Authenticator mobile app notification in addition to their password.

How to Use MFA:

1. Log in to your college account using your username and password.
2. When prompted, verify your identity using the Microsoft Authenticator app.
3. Approve the sign-in request to gain access to your account.
4. Using the Microsoft Authenticator app, ensure notifications are enabled on your mobile device.
5. Never approve an authentication request that you did not initiate. Report suspicious login attempts to PJC Tech Support immediately.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help

and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC’s Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

EDUC 2301.20F0
Introduction to Special Populations
Fall 2026 Sub term B

Instructor: Ella Duren
Office: 104 B FGC Paris
Phone: 903-782-0727
Email: eduren@parisjc.edu

Meeting Location: FGC 113
Meeting Days: Online
Meeting Times: As Needed

Office Hours: *Online or other office appointments may be scheduled as needed.

Course Description:

An enriched, integrated pre-service course and content experience that provides an overview of schooling and classrooms from the perspectives of language, gender, socioeconomic status, ethnic and academic diversity, and equity with an emphasis on factors that facilitate learning. The course provides students with opportunities to participate in early field observations of P12 special populations and should be aligned as applicable with State Board for Educator Certification Pedagogy and Professional Responsibilities standards. Must include a minimum of 16 contact hours of field experience in P-12 classrooms with special populations. Prerequisite: EDUC 1301 Introduction to the Teaching Profession Credits: SCH = 3 lecture SCH = 1 lab

Required Textbook(s) and Materials:

There is NO required textbook for this class. Students must have access to a computer with Internet access, word processing capabilities, and a flash drive to save documents and presentations.

Course Goals and Objectives:

Course Learning Outcomes: Upon successful completion of this course, students will:

1. Describe the characteristics of exceptional learners (e.g. Learning Disabilities, Gifted and Talented), including legal implications.
2. Describe and analyze characteristics of diverse learners (e.g. language, gender, sexual orientation, race, and ethnicity) and how diversity impacts learning.
3. Describe the impact of socio-economic status on learning and creating equitable classrooms.
4. Demonstrate an understanding of the benefits and challenges of racial, ethnic, and other types of cultural diversity in the classroom.

EDUC 2301 ACGM SLOs paired with TTU Core Objectives

ACGM EDUC 2301 SLO	Best-fit TTU Core Objective(s)
Describe characteristics of exceptional learners, including legal implications	Critical Thinking Skills (CT); Personal Responsibility (PR)

ACGM EDUC 2301 SLO	Best-fit TTU Core Objective(s)
Describe/analyze characteristics of diverse learners and how diversity impacts learning	Critical Thinking Skills (CT); Social Responsibility (SR)
Describe impact of socio-economic status on learning; create equitable classrooms	Social Responsibility (SR); Personal Responsibility (PR)
Demonstrate understanding of benefits/challenges of racial, ethnic, cultural diversity	Social Responsibility (SR); Communication Skills (COM)

Grading Scale: When an instructor uses the “1000 Point Grading System”, students can always figure out where they stand on the grading scale at any point throughout the semester by simply adding up the points they’ve earned. If students know how much the outstanding gradable

activities are worth, they can figure out how many points they need to earn in order to get the grade they want.

Course Policies:

Letter Grade	Point Range	($\approx$ %)
A	1022 – 1135	90–100%
B	908 – 1021	80–89%
C	795 – 907	70–79%
D	681 – 794	60–69%
F	0 – 680	below 60%

*** Failure to complete the Field Experience will result in an F in this class. Additionally, universities may not accept a “D” in this course as passing.**

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on (OCT 25) the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Course Policies:

This course must include a minimum of 16 contact hours of field experience in P-12 classroom.

Students must adhere to the school districts' dress code.

***Criminal Background Check**

A criminal background check is required for this course and has been prepaid in your course fees. For students who may have a criminal background, please be advised that the background could keep you from being licensed as a teacher by the State of Texas. If you have a question about your background and licensure, please speak with your faculty member or the department chair. You also have the right to request a criminal history evaluation letter from the applicable licensing agency.

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of “W” is **November 24, 2026**.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in**. Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial intelligence (AI)**Ethical Considerations and Consequences for Misuse**

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of AI or other assignment-help tools will be handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific — approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- *Example of permitted use:* Using AI to brainstorm topic ideas, check grammar, or generate a practice outline — with instructor approval and proper citation.
- *Example of prohibited use:* Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Citation Requirements

When AI use is approved, you must cite it according to the citation style required for the course (APA, MLA, or Chicago, as specified by your instructor). This typically includes naming the AI tool used, the date accessed, and a brief description of how it was used (e.g., "ChatGPT was used to generate an initial outline, which was then revised independently"). Consult your instructor or the relevant style guide for the exact citation format.

Detection and Verification

The instructor and/or the college reserve the right to use AI-detection software or other means to verify the originality of submitted work. Students may also be asked to explain, defend, or reproduce their work (e.g., in a conference or oral discussion) to confirm authorship.

When in Doubt

If you are in doubt as to whether you are using AI appropriately in this course, it is your responsibility to discuss your situation with the instructor before submitting the assignment. Remember, AI can be a tool to support your learning in this course, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Insert how the students will be notified of a change. (Blackboard, student email, etc.)

Multi-Factor Authentication (MFA) Requirement for Students

To help protect student accounts and personal information, students are required to use **Multi-Factor Authentication (MFA)** when accessing college systems and online resources. MFA adds an extra layer of security by requiring users to verify their identity through a second method, a Microsoft Authenticator mobile app notification in addition to their password.

How to Use MFA:

1. Log in to your college account using your username and password.
2. When prompted, verify your identity using the Microsoft Authenticator app.
3. Approve the sign-in request to gain access to your account.
4. Using the Microsoft Authenticator app, ensure notifications are enabled on your mobile device.
5. Never approve an authentication request that you did not initiate. Report suspicious login attempts to PJC Tech Support immediately.

Course Schedule:

Weeks	Module/Chapter	Actions Due
Week 1	• Intro to Course • Complete EFE Paperwork • Complete the Resources folder	• Read the course syllabus and requirements. • Syllabus Quiz • Submit Observation Paperwork • IRIS Center Registration • Choice Board Assignment-Exceptionalities • IRIS Center Assignment-<i>Inclusion of students with significant cognitive disabilities supports in the general education classroom.</i> • Lesson Plan Assignment Due in Week 8

Week 2 Module 1	Complete the Resources folder	- Read the course syllabus and requirements. EFE Paperwork make sure it is all turned in. - Complete Practice Quiz
Week 3 Module 2	Complete the Resources folder	- Read the course syllabus and requirements. - IRIS Center Assignment <i>Classroom Diversity an Intro to Student Differences</i> - Quiz 1
Week 4 Module 2	Complete the Resources folder	- Read the course syllabus and requirements. - Quiz 2/Midterm - Choice Board Assignments
Week 5 Module 3	Complete the Resources folder	- Read the course syllabus and requirements. - Choice Board Assignments- Poverty Set 1 - Quiz 3
Week 6 Module 3	Complete the Resources folder	- Read the course syllabus and requirements. - Choice Board Assignments- Poverty Set 2 - IRIS Center Assignment

		<i>Differentiated Instruction: Maximizing the Learning of All Students</i>
Week 7 Module 4	• Complete the Resources folder	• Read the course syllabus and requirements. • Lesson Planning Assignment • IRIS Center Assignment <i>RTI (Part 4) Putting it All Together</i>

EDUC1300.20E0
Learning Framework
Fall 2026 Sub Term A

Instructor: Dr. Ella Duren
Office: A104B
Phone: 903-782-0727
Email: eduren@parisjc.edu
Office Hours: Online

Meeting Location: Online
Meeting Days: Online
Meeting Times: By Appt.

Course Description:

EDUC - (Education) EDUC 1100 Learning Framework (1 SCH version) A study of the research and theory in the psychology of learning, cognition, and motivation; factors that impact learning, and application of learning strategies. Theoretical models of strategic learning, cognition, and motivation serve as the conceptual basis for the introduction of college-level student academic strategies. Students use assessment instruments (e.g., learning inventories) to help them identify their own strengths and weaknesses as strategic learners. Students are ultimately expected to integrate and apply the learning skills discussed across their own academic programs and become effective and efficient learners. Students developing these skills should be able to continually draw from the theoretical models they have learned. (Cross-listed as PSYC 1300) Note: (NOTE: While traditional study skills courses include some of the same learning strategies – e.g., note-taking, reading, test preparation etc. – as learning framework courses, the focus of study skills courses is solely or primarily on skill acquisition. Study skills courses, which are not under-girded by scholarly models of the learning process, are not considered college-level, and, therefore, are distinguishable from Learning Framework courses.) Prerequisite(s): None

Required Textbook(s) and Materials:

Our textbook for this class is *College Success* by OpenStax (2020).

A copy of this book can be found under the Start Here tab in your Black Board system.

Course Goals and Objectives:

EDUC Program Student Learning Outcomes:

1. Understand the importance of goal setting and build decision-making and goal setting skills.
2. Complete an inventory to determine personality type.
3. Develop critical thinking skills.
4. Complete a learning inventory and identify your personal learning style.
5. Understand the educational degree requirements for different types of careers and occupations.
6. Complete an interest inventory to determine matches between your interests and skills and occupations and degrees.

7. Complete a degree plan in the certificate or degree area you plan to pursue.
8. Understand the causes of stress and ways to manage stress.
9. Understand how diet, nutrition, exercise and physical fitness affect your life.
10. Develop note taking skills.
11. Develop study skills.
12. Understand test taking strategies.
13. Develop time management skills.
14. Understand money, banking, and credit.
15. Understand basic saving and investing principles.
16. Understand a resume.
17. Understand basic job interview skills.
18. Understand the benefits of service learning and citizenship responsibilities.
19. Develop team building skills.
20. Develop problem solving skills.

Course Map Table: CT-Critical Thinking, COM- Communication Skills, EQS- Empirical & Quantitative Skills, TW- Teamwork, PR- Personal Responsibility, SR- Social Responsibility

Course Objective	Program Outcome (PLO)	Texas Core Objective	Assignments / Modules
1. Goal setting & decision-making	PLO 1, PLO 5	CT, PR	Module 1 – Ch. 1–2 Assignment & Quiz
2. Personality inventory	PLO 1	CT	Module 1 Assignment
3. Critical thinking skills	PLO 3	CT	All Module Quizzes; Final Project
4. Learning inventory & learning style	PLO 2, PLO 5	CT, PR	Module 2 – Ch. 3–4 Assignment
5. Degree requirements for careers	PLO 4	CT	Module 2 Assignment
6. Interest inventory for careers	PLO 4	CT	Module 3 – Ch. 5–6 Assignment
7. Complete a degree plan	PLO 4	CT, COM	Module 5 – Final Project
8. Stress & stress management	PLO 1	PR	Module 3 Assignment

9. Diet, nutrition, exercise & fitness	PLO 1	PR	Module 3 Quiz
10. Note-taking skills	PLO 2	CT	Module 2 Assignment
11. Study skills	PLO 2	CT, PR	Module 2 Assignment

79–70%	1107 – 970	C
69–60%	969 – 831	D
59–0%	830 – 0	F

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of “W” is 10/1/2026.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial intelligence (AI)**Ethical Considerations and Consequences for Misuse**

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of AI or other assignment-help tools will be handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific — approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- *Example of permitted use:* Using AI to brainstorm topic ideas, check grammar, or generate a practice outline — with instructor approval and proper citation.
- *Example of prohibited use:* Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Citation Requirements

When AI use is approved, you must cite it according to the citation style required for the course (APA, MLA, or Chicago, as specified by your instructor). This typically includes naming the AI tool used, the date accessed, and a brief description of how it was used (e.g., "ChatGPT was used to generate an initial outline, which was then revised independently"). Consult your instructor or the relevant style guide for the exact citation format.

Detection and Verification

The instructor and/or the college reserve the right to use AI-detection software or other means to verify the originality of submitted work. Students may also be asked to explain, defend, or reproduce their work (e.g., in a conference or oral discussion) to confirm authorship.

When in Doubt

If you are in doubt as to whether you are using AI appropriately in this course, it is your responsibility to discuss your situation with the instructor before submitting the assignment. Remember, AI can be a tool to support your learning in this course, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved, the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Insert how the students will be notified of a change. (Blackboard, student email, etc.)

Multi-Factor Authentication (MFA) Requirement for Students

To help protect student accounts and personal information, students are required to use **Multi-Factor Authentication (MFA)** when accessing college systems and online resources. MFA adds an extra layer of security by requiring users to verify their identity through a second method, a Microsoft Authenticator mobile app notification in addition to their password.

How to Use MFA:

1. Log in to your college account using your username and password.
2. When prompted, verify your identity using the Microsoft Authenticator app.
3. Approve the sign-in request to gain access to your account.
4. Using the Microsoft Authenticator app, ensure notifications are enabled on your mobile device.
5. Never approve an authentication request that you did not initiate. Report suspicious login attempts to PJC Tech Support immediately.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

ENGL 1301.10H0
Composition I
Fall A 2026

Instructor: Dr. Marian Ellis
Office: MS 111F, Paris Campus
Phone: 903-782-0336
E-mail: mellis@parisjc.edu

Meeting Location: MS 112
Meeting Days: MW
Meeting Times: 9:30 AM-10:45 AM

Office Hours:
MW 8:00 AM - 9:15 AM; TR 9:30 AM - Noon; 1:30 PM - 2:45 PM

Course Description:

Intensive study of and practice in writing processes, from invention and researching to drafting, revising, and editing, both individually and collaboratively. Emphasis on effective rhetorical choices, including audience, purpose, arrangement, and style. Focus on writing the academic essay as a vehicle for learning, communicating, and critical analysis.

Credits: 3 SCHs

TSI Requirement: Reading, 340 +; Writing, 4 or above

Prerequisites:

English/IRWS 0302 with a grade of C or above, or placement by department (based on admission information)

Required Textbook(s) and Materials:

Kirsznner, Laurie G. and Stephen R. Mandell. *Patterns for College Writing: A Rhetorical Reader and Guide*. 16th ed. Bedford/St. Martin's, 2024. ISBN: 9781319411817

Bradbury, Ray. *Fahrenheit 451*. Any edition - A PDF version is provided within Blackboard.

Chromebook, MacBook, Computer or Laptop with a camera

Dragon Now Course Material Information

Required Course Materials

All the required course materials for your classes are being delivered through Dragon Now the campus-wide affordable course materials program. You will be charged automatically, so you will not need to make a separate purchase.

For this course we will be using a digital eBook accessed through the My Materials link in Blackboard. You will also receive an email directly from Kortext no-reply@kortext.com, with a link to access your account. Please follow directions in the email to access your virtual bookshelf.

If you wish to opt-out of this program, please follow the steps below by:

- Fall Main & Flex 1 Term: 9/11/2026
- Flex 2 Term: 10/28/2026
 - 1) Go to <https://ACCESSPortal.follett.com:443/1836>
 - 2) Create an account using your student email account
 - 3) Select Opt-Out to opt-out of the entire program. You will have an opportunity to opt back in if you choose to do so.
 - 4) You can also Opt-Out from the student-specific link provided in the email from noreply@follett.com.

Important: If you Opt-Out, you will no longer have access to your required digital materials and will need to purchase required materials on your own. If you have required physical (print) materials that you have received from the virtual campus store, please return the physical material(s) before opting out.

If you have any questions about Dragon Now or the charge to your student account, please contact the virtual campus store by phone at (800) 381-5151 or via email at csvirtual@efollett.com.

Course Goals and Objectives:

The general course goals of 1301 are to have students improve their writing abilities and increase their proficiency in critical reading and in writing nonfiction prose, with emphasis on narration, exposition, and persuasion.

Foundational Component Area: Communication

Courses in this category focus on developing ideas and expressing them clearly, considering the effect of the message, fostering understanding, and building the skills needed to communicate persuasively. Courses involve the command of oral, aural, written, and visual literacy skills that enable people to exchange messages appropriate to the subject, occasion, and audience.

Required Core Objectives

Student Learning Outcomes (Core Curriculum-Level):

1. Demonstrate Critical Thinking Skills—to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.
2. Demonstrate Communications Skills—to include effective development, interpretation and expression of ideas through written, oral and visual communication.
3. Demonstrate Team Work—to include the ability to consider different points of view and to work effectively with others to support a shared purpose or goal.
4. Demonstrate Personal Responsibility—to include the ability to connect choices, actions, and consequences to ethical decision-making.

Associate of Arts (AA) — Program Learning Outcomes

Students who complete the Associate of Arts degree will demonstrate the following program-level competencies:

1. Communication & Expression — Demonstrate effective written and oral communication skills by articulating ideas clearly, purposefully, and with awareness of the audience across a variety of contexts.
2. Critical & Creative Thinking — Analyze, evaluate, and synthesize information and ideas from multiple perspectives, applying both logical reasoning and creative inquiry to solve problems and construct meaning.
3. Humanities & Cultural Literacy — Examine human experience through the lens of history, literature, the arts, and cultural traditions, demonstrating an appreciation for diverse perspectives and their influence on society.
4. Information Literacy — Locate, evaluate, and ethically use information from a variety of sources to support research, argumentation, and informed decision-making.
5. Personal & Civic Responsibility — Reflect on individual values and their relationship to community and society, demonstrating an understanding of civic engagement and ethical responsibility.

Student Learning Outcomes (English Program-Level):

1. Students will be able to identify, arrange and evaluate the effectiveness of a thesis statement.
2. Students will be able to identify Standard Written English (SWE) and apply correct forms of English most widely accepted as clear and proper.
3. Students will be able to identify the specific parts of an essay, distinguish appropriate modes of communicating an idea, and use transitional words and phrases effectively.

Student Learning Outcomes (ENGL 1301 Course-Level):

Upon successful completion of this course, students will:

1. Demonstrate knowledge of individual and collaborative writing processes.
2. Develop ideas with appropriate support and attribution.
3. Write in a style appropriate to the audience and purpose.
4. Read, reflect, and respond critically to a variety of texts.
5. Use Edited American English in academic essays.

Focus:

Nonfiction essays/readings, modes of writing, MLA documentation, and a fictional novel

Course Requirements and Evaluation:

Methods of Course Instruction/Delivery: Writing assignments and exercises, group work, class discussions and assignments, tests or quizzes, lecture, and reading.

Semester Grade Determination:

In class assignments, quizzes, and attendance	10%
Essays (Narration-Description, Definition-Exemplification and Cause and Effect)	40%
Argumentation Research Essay (Required)	15%
Novel Exam	10%
Blackboard English Labs (Required)	15%
Final Exam Essay/ Compare/Contrast	10%
Total:	100%

A – 100 – 90

B – 89 – 80

C – 79 – 70

D – 69 – 60

F – 59 – 0

*Both the final exam and the argumentation-research essay are **required**; failure to complete either one will result in failure for the course.*

Evaluation rubrics are posted in Blackboard for each writing assignment.

***Final exam exemptions**

- Students with 4 or fewer absences and an essay average of 80 or higher may be exempted from the final exam.
- The remaining students will write a 5th essay at the time of the final and the grade will replace the lowest essay grade of the first 3 essays.
- The 6th essay grade will also count as the final exam grade.
- Averages for exempted students will not include a final exam grade.
- The exemption is not mandatory; students may choose to write the 5th essay

ENGL 1301 Labs (Online): Online lab assignments are a required component for all ENGL 1301 students at Paris Junior College and are to be completed outside of the scheduled classroom time. The labs **MUST** be completed by the stated due dates. They will **NOT** be reopened under ANY circumstances. Plan ahead and complete them by the scheduled due dates! There are a total of fourteen lab items and two diagnostic tests. Expect to spend, on average, an hour for each of the labs for a total of sixteen hours

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Course Policies:Email Response Time

If the email was sent Monday – Thursday, expect a response within 24 hours. If the email was sent Friday – Sunday, expect an answer on Monday with the exception of holidays and closures.

Computer Skills

This course does not attempt to teach basic use of a computer. All students must be able to search the net, send e-mail, and perform other basic computer tasks. Students without these computer skills should not enroll in the course.

Expectations

This course allows students who may be unable to attend class on a regular basis an opportunity to improve writing and reading skills and earn college credit. Assignments, exams, and expectations will be similar to those found in a regular classroom setting. Students should complete assignments by their due dates. Discussion postings are a requirement of the course and will be part of the final grade.

This course requires exams and essay assessments to be taken via Respondus Monitor (**lockdown browser with camera**). Students who cannot meet these expectations, must make arrangements to take their exam via the Paris JC Testing Center.

Technical Difficulties

Computer access is available at the following PJC locations. Technical issues are not an excuse to miss deadlines. This is why assignments should not be put off until near the deadline.

Basic Computer Requirements

1. As a general rule, a computer manufactured within the last five years is adequate.
2. In addition to the basic system requirements, some courses may also require flash drive, web cam, common application software such as (Word, PowerPoint, Excel), specialized software. Tablets and smart phones may not be adequate to perform all course functions.

Course Assignments

Students should complete all assignments by their assigned dates and should participate in discussions. All exams, quizzes, lab exercises, and papers assigned to the course must be completed in a timely manner as well. Discussion postings are a required part of this course and will be part of the final grade. Please submit all papers and other requirements in a timely manner. Finish Week/Lesson #1 before the start date of Lesson/Unit #2. All work must be finished by the listed deadline.

Late Assignments

Late assignments receive a 10 point deduction for each day that it is late. It is your responsibility to make sure all attachments have gone through. **If you submit the wrong attachment, your assignment will be counted late. The final essay/exam will NOT be accepted late.**

Submitting Assignments

All essays are submitted within Blackboard Ultra. If you are operating in a program other than Word, you will need to save your file as rich text format or pdf so that I can open the attachment. Do NOT submit as a Google Doc. If you have questions about how to do this, please feel free to contact me. If you are using a MacBook, you must convert your essay to a .docx., .pdf. or .rtf. I will not be able to open a .pages, and your essay will be counted late.

Essays that do not meet the length requirement will receive a grade of zero. The Works Cited pages, outlines, etc. do not count towards the length requirement. **In addition, papers that require documentation, must be properly documented (in MLA format) to receive a score higher than zero.**

Summary of Writing

This course requires a documented research paper in MLA style with sources provided. In addition, the course requires shorter essays as described above.

Exams

All quizzes or exams must be taken in class or arranged to be taken online via Blackboard Respondus Monitoring with a camera. Some make-up work may be required at a Paris JC Testing Center.

Tutoring

Tutor.com is provided through Paris JC Blackboard tools. The link is on the left menu bar of Blackboard once you enter the course. You can submit a paper for a 12 hour review by a tutor, OR you can schedule a live tutoring session. This is a FREE service to you. Also, you may email your essays along with the directions to the Paris JC Writing Lab at writingcenter@parisjc.edu. Additionally, CircleK Tutoring is

another tutoring tool that Paris JC has provided for you to be successful in your courses. It is also located in Blackboard.

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **Thursday, October 1, 2026.**

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

A research paper submitted without a works cited page (in MLA format) and/or without parenthetical citations constitutes plagiarism and will be subject to the above consequences. The paper grade will be a zero.

In accordance with the institution's Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

Artificial intelligence (AI) tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

English AI Policy

In accordance with the institution's Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI (such as ChatGPT) to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the

Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Insert how the students will be notified of a change. (Blackboard, student email, etc.)

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

Course Schedule/Weekly Lesson Plan:

DATE	TOPIC	READINGS ASSIGNMENTS LECTURES
Week 1 M-8/24/26 W-8/26/26	Lesson One Topic: What is academic writing?	1. Read the Syllabus. 2. Class Introductions 3. Review Blackboard and Online Lab Requirements. 4. Skim pages 1-98 in the text, Kirsznier's, <i>Patterns for College Writing 16th edition</i> . 5. Complete the Academic Writing Quiz. 6. Complete the Syllabus Quiz. 7. Complete Reading Check 1 8. Complete Labs: Pretest and Essay Organization in Blackboard. <u>Due: Saturday, Aug. 29th by 11:59pm</u>
Week 2 M-8/31/26 W-9/02/26	Lesson Two Topic: Structuring a College Essay: Narration and Description	1. Read the following pages and chapters: Narration pp. 99-112 and "My Mother Never Worked" pp. 119-122 and "Thirty-Eight Who Saw Murder Didn't Call the Police" pp. 124-127. 2. Read Description pp. 147-166, "Goodbye to My Twinkie Days" pp. 169-172 and "The Storm" pp. 193-197. 3. Watch the lecture videos in Blackboard: Narration and Description. 4. Complete Class Assignment: Reading Check 2. 5. Complete Labs: Thesis Statements and Topic Sentences. 6. Complete Essay 1 and include an MLA outline. <u>Due: Saturday, Sept. 5th by 11:59pm</u>
Weeks 3 & 4 M-No School W-9/09/26 M-9/14/26 W-9/16/26	Lesson Three Topic: Exemplification and Definition	1. Read Definition pp. 491-503, and watch the lecture videos in Blackboard. 2. Read "I Want a Wife" pp. 513-516 and "Stop Calling It Vocational Training" pp 517-519. 3. Read Exemplification pp. 201-215 and "The Challenge of Being Human in the Age of AI" pp. 219-221. 4. Review the information found on the Website, What is Plagiarism? www.plagiarism.org . 5. Complete Reading Check 3. 6. Complete Labs: Clause Structure, Sentence Types, Subject Verb Agreement, Sentence Fragments, Comma Splices, and Fused Sentences <u>Due: Saturday, Sept. 12th by 11:59pm</u> 7. Complete Essay 2, Exemplification and Definition. Submit in Blackboard. Be sure to include the MLA outline as your last page. <u>Due: Wednesday, Sept. 16th by 11:59pm</u>
Week 5 M-9/21/26 W-9/23/26	Lesson Four Topic: Cause and Effect	1. Read Cause and Effect pp. 315-331. 2. Read "A Peaceful Woman Explains Why She Carries a Gun" pp. 352-357. 3. Watch the lecture videos in Blackboard. 4. Complete Reading Check 4 5. Complete Labs: Verbs, Quotation Marks, and Parallelism

		6. Submit Essay 3 and the outline in Blackboard. <u>Due: Saturday, Sept. 26th by 11:59pm</u> Homework: Complete the reading of the novel, <i>Fahrenheit 451</i>.
Week 6 M-9/28/26 W-9/30/26	Lesson Five Argumentation, Research and Novel Unit Last day to withdraw with a "W" is Thursday, October 1st.	1. Read Chapters 16-18 in <i>Patterns: Finding and Evaluating Sources, Integrating Sources and Avoiding Plagiarism, and Documenting Sources: MLA,</i> pp. 713-762. 2. Read Argumentation on pages 533-560. Take a special mental note on the format of documenting sources found on these pages. 3. Watch the lecture videos in Blackboard. 4. Choose your research topic from the suggested list provided. 5. Novel Exam: <i>Fahrenheit 451</i>. 6. Submit Research Essay Outline <u>Due: Saturday, Oct. 3rd by 11:59pm</u>
Week 7 M-10/05/26 W-10/07/26	Lesson Five Continued... Topic: Argumentation and Research - Part Two	1. Complete Lab: Post Test. 2. Complete the Argumentative Research Paper and submit it in Blackboard. <u>Due: Wednesday, Oct. 7th by 11:59pm</u>
Week 8 W-10/14/26	Finals Week	1. Read in Kirsznier's, <i>Patterns for College Writing</i>, Comparison and Contrast pp. 371-390 and watch the lecture videos in Blackboard. 2. Complete the Final Exam Essay and submit it in Blackboard. 3. Submit all research essay corrections. <u>Due: Wednesday, Oct. 14th by 11:59pm</u>

Expectations

This course allows students who may be unable to attend class on a regular basis an opportunity to improve writing and reading skills and earn college credit. Assignments, exams, and expectations will be similar to those found in a regular classroom setting. Students should complete assignments by their due dates. Discussion postings are a requirement of the course and will be part of the final grade.

This course requires exams and essay assessments to be taken via Respondus Monitor (**lockdown browser with camera**). Students who cannot meet these expectations, must make arrangements to take their exam via the Paris JC Testing Center.

Technical Difficulties

Computer access is available at the following PJC locations. Technical issues are not an excuse to miss deadlines. This is why assignments should not be put off until near the deadline.

Basic Computer Requirements

1. As a general rule, a computer manufactured within the last five years is adequate.
2. In addition to the basic system requirements, some courses may also require flash drive, web cam, common application software such as (Word, PowerPoint, Excel), specialized software. Tablets and smart phones may not be adequate to perform all course functions.

Course Assignments

Students should complete all assignments by their assigned dates and should participate in discussions. All exams, quizzes, lab exercises, and papers assigned to the course must be completed in a timely manner as well. Discussion postings are a required part of this course and will be part of the final grade. Please submit all papers and other requirements in a timely manner. Finish Week/Lesson#1 before the start date of Lesson #2. All work must be finished by the listed deadline.

Late Assignments

Late assignments receive a 10 point deduction for each day that it is late. It is your responsibility to make sure all attachments have gone through. **If you submit the wrong attachment, your assignment will be counted late. The final essay/exam will NOT be accepted late.**

Submitting Assignments

All essays are submitted within Blackboard Ultra. If you are operating in a program other than Word, you will need to save your file as rich text format or pdf so that I can open the attachment. Do NOT submit as a Google Doc. If you have questions about how to do this, please feel free to contact me. If you are using a MacBook, you must convert your essay to a .docx., .pdf. or .rtf. I will not be able to open a .pages, and your essay will be counted late.

Essays that do not meet the length requirement will receive a grade of zero. The Works Cited pages, outlines, etc. do not count towards the length requirement. **In addition, papers that require documentation, must be properly documented (in MLA format) to receive a score higher than zero.**

Summary of Writing

This course requires a documented research paper in MLA style with sources provided. In addition, the course requires shorter essays as described above.

Exams

All quizzes or exams must be taken in class or arranged to be taken online via Blackboard Respondus Monitoring with a camera. Some make-up work may be required at a Paris JC Testing Center.

Tutoring

Tutor.com is provided through Paris JC Blackboard tools. The link is on the left menu bar of Blackboard once you enter the course. You can submit a paper for a 12 hour review by a tutor, OR you can schedule a live tutoring session. This is a FREE service to you. Also, you may email your essays along with the directions to the Paris JC Writing Lab at writingcenter@parisjc.edu. Additionally, CircleK Tutoring is

another tutoring tool that Paris JC has provided for you to be successful in your courses. It is also located in Blackboard.

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **Thursday, October 1, 2026.**

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

A research paper submitted without a works cited page (in MLA format) and/or without parenthetical citations constitutes plagiarism and will be subject to the above consequences. The paper grade will be a zero.

In accordance with the institution's Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

Artificial intelligence (AI) tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

English AI Policy

In accordance with the institution's Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI (such as ChatGPT) to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the

Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Insert how the students will be notified of a change. (Blackboard, student email, etc.)

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

Course Schedule/Weekly Lesson Plan:

DATE	TOPIC	READINGS ASSIGNMENTS LECTURES
Week 1 T-8/25/26 R-8/27/26	Lesson One Topic: What is academic writing?	1. Read the Syllabus. 2. Class Introductions 3. Review Blackboard and Online Lab Requirements. 4. Skim pages 1-98 in the text, Kirsznier's, <i>Patterns for College Writing 16th edition</i> . 5. Complete the Academic Writing Quiz. 6. Complete the Syllabus Quiz. 7. Complete Reading Check Number 1 8. Complete Labs: Pretest and Essay Organization in Blackboard. <u>Due: Saturday, Aug. 29th by 11:59pm</u>
Week 2 T-9/01/26 R-9/03/26	Lesson Two Topic: Structuring a College Essay: Narration and Description ORD is Aug. 31st.	1. Read the following pages and chapters: Narration pp. 99-112 and "My Mother Never Worked" pp. 119-122 and "Thirty-Eight Who Saw Murder Didn't Call the Police" pp. 124-127. 2. Read Description pp. 147-166, "Goodbye to My Twinkie Days" pp. 169-172 and "The Storm" pp. 193-197. 3. Watch the lecture videos in Blackboard: Narration and Description. 4. Complete Class Assignment: Reading Check Number 2. 5. Complete Labs: Thesis Statements and Topic Sentences. 6. Complete Essay 1 and include an MLA outline. <u>Due: Saturday, Sept. 5th by 11:59pm</u>
Week 3 T-9/08/26 R-9/10/26	Lesson Three Topic: Exemplification and Definition	1. Read Definition pp. 491-503, and watch the lecture videos in Blackboard. 2. Read "I Want a Wife" pp. 513-516 and "Stop Calling It Vocational Training" pp 517-519. 3. Read Exemplification pp. 201-215 and "The Challenge of Being Human in the Age of AI" pp. 219-221. 4. Review the information found on the Website, What is Plagiarism? www.plagiarism.org . 5. Complete Reading Check Number 3. 6. Complete Labs: Clause Structure, Sentence Types, and Subject Verb Agreement 7. Complete Essay 2, Exemplification and Definition. Submit in Blackboard. Be sure to include the MLA outline as your last page. <u>Due: Saturday, Sept. 12th by 11:59pm</u>
Week 4 T-9/15/26 R-9/17/26	Lesson Four Topic: Cause and Effect Midterm Grades – Sept. 18th	1. Read Cause and Effect pp. 315-331. Then read "A Peaceful Woman Explains Why She Carries a Gun" pp. 352-357. Watch the lecture videos in Blackboard. 2. Complete Reading Check Number 4. 3. Complete Labs: Sentence Fragments, Comma Splices, and Fused Sentences. 4. Complete Essay 3 and submit it in Blackboard. <u>Due: Saturday, Sept. 19th by 11:59pm</u>

		*Homework: Complete the reading of the novel, <i>Fahrenheit 451</i> , before the next class meeting.
Week 5 T-9/22/26 R-9/24/26	Week 5: Lesson Five Argumentation, Research, and Novel Unit, Part One	1. Read Chapters 16-18 in <i>Patterns: Finding and Evaluating Sources, Integrating Sources and Avoiding Plagiarism, and Documenting Sources: MLA</i>, pp. 713-762 2. Reading Check Number 5. 3. Choose your research topic from the suggested list provided. 4. <u>Novel Exam: <i>Fahrenheit 451</i> in class on Thursday, Sept. 24th.</u>
Week 6 T-9/29/26 R-10/01/26	Week 6: Lesson Five Argumentation, Research, Part Two Last day to withdraw with a "W" is Thursday, October 1st.	1. Read Argumentation on pages 533-560. Take a special mental note on the format of documenting sources found on these pages. 2. Watch the lecture videos in Blackboard. 3. Submit Research Essay Outline <u>Due: Saturday, Oct. 3rd by 11:59pm</u>
Week 7 T-10/06/26 R-10/08/26	Week 7 - Lesson Five Continued... Topic: Argumentation and Research - Part Three	1. Complete Lab: Post Test. 2. Complete the Argumentative Research Paper and submit it in Blackboard. <u>Due: Thursday, Oct. 8th by 11:59pm</u>
Week 8 R-10/15/26	Week 8 - Finals Week	1. Read in Kirsznier's, <i>Patterns for College Writing</i>, Comparison and Contrast pp. 371-390 and watch the lecture videos in Blackboard. 2. Complete the Final Exam Essay and submit it in Blackboard. 3. Submit all research essay corrections. <u>Due: Thursday Oct. 15th by 11:59pm</u>

**ENGL 1301.10J0
Composition I
Fall B 2026**

Instructor: Dr. Marian Ellis
Office: MS 111F, Paris Campus
Phone: 903-782-0336
E-mail: mellis@parisjc.edu
Office Hours:
MW: 8:00 AM - 9:15 AM; TR 8:00 AM – 10:45 AM; 1:30 PM - 2:30 PM

Meeting Location: MS 112
Meeting Days: MW
Meeting Times: 9:30 AM-10:45 AM

Course Description:

Intensive study of and practice in writing processes, from invention and researching to drafting, revising, and editing, both individually and collaboratively. Emphasis on effective rhetorical choices, including audience, purpose, arrangement, and style. Focus on writing the academic essay as a vehicle for learning, communicating, and critical analysis.

Credits: 3 SCHs

TSI Requirement: Reading, 340 +; Writing, 4 or above

Prerequisites:

English/IRWS 0302 with a grade of C or above, or placement by department (based on admission information)

Required Textbook(s) and Materials:

Kirszner, Laurie G. and Stephen R. Mandell. *Patterns for College Writing: A Rhetorical Reader and Guide*. 16th ed. Bedford/St. Martin's, 2024. ISBN: 9781319411817

Bradbury, Ray. *Fahrenheit 451*. Any edition - A PDF version is provided within Blackboard.

Chromebook, MacBook, Computer or Laptop with a camera

Dragon Now Course Material Information

Required Course Materials

All the required course materials for your classes are being delivered through Dragon Now the campus-wide affordable course materials program. You will be charged automatically, so you will not need to make a separate purchase.

For this course we will be using a digital eBook accessed through the My Materials link in Blackboard. You will also receive an email directly from Kortext no-reply@kortext.com, with a link to access your account. Please follow directions in the email to access your virtual bookshelf.

If you wish to opt-out of this program, please follow the steps below by:

- Fall Main & Flex 1 Term: 9/11/2026
- Flex 2 Term: 10/28/2026
 - 1) Go to <https://ACCESSPortal.follett.com:443/1836>
 - 2) Create an account using your student email account
 - 3) Select Opt-Out to opt-out of the entire program. You will have an opportunity to opt back in if you choose to do so.
 - 4) You can also Opt-Out from the student-specific link provided in the email from noreply@follett.com.

Important: If you Opt-Out, you will no longer have access to your required digital materials and

will need to purchase required materials on your own. If you have required physical (print) materials that you have received from the virtual campus store, please return the physical material(s) before opting out.

If you have any questions about Dragon Now or the charge to your student account, please contact the virtual campus store by phone at (800) 381-5151 or via email at csvirtual@efollett.com.

Course Goals and Objectives:

The general course goals of 1301 are to have students improve their writing abilities and increase their proficiency in critical reading and in writing nonfiction prose, with emphasis on narration, exposition, and persuasion.

Foundational Component Area: Communication

Courses in this category focus on developing ideas and expressing them clearly, considering the effect of the message, fostering understanding, and building the skills needed to communicate persuasively. Courses involve the command of oral, aural, written, and visual literacy skills that enable people to exchange messages appropriate to the subject, occasion, and audience.

Required Core Objectives

Student Learning Outcomes (Core Curriculum-Level):

1. Demonstrate Critical Thinking Skills—to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.
2. Demonstrate Communications Skills—to include effective development, interpretation and expression of ideas through written, oral and visual communication.
3. Demonstrate Team Work—to include the ability to consider different points of view and to work effectively with others to support a shared purpose or goal.
4. Demonstrate Personal Responsibility—to include the ability to connect choices, actions, and consequences to ethical decision-making.

Associate of Arts (AA) — Program Learning Outcomes

Students who complete the Associate of Arts degree will demonstrate the following program-level competencies:

1. Communication & Expression — Demonstrate effective written and oral communication skills by articulating ideas clearly, purposefully, and with awareness of the audience across a variety of contexts.
2. Critical & Creative Thinking — Analyze, evaluate, and synthesize information and ideas from multiple perspectives, applying both logical reasoning and creative inquiry to solve problems and construct meaning.
3. Humanities & Cultural Literacy — Examine human experience through the lens of history, literature, the arts, and cultural traditions, demonstrating an appreciation for diverse perspectives and their influence on society.
4. Information Literacy — Locate, evaluate, and ethically use information from a variety of sources to support research, argumentation, and informed decision-making.
5. Personal & Civic Responsibility — Reflect on individual values and their relationship to community and society, demonstrating an understanding of civic engagement and ethical responsibility.

Student Learning Outcomes (English Program-Level):

1. Students will be able to identify, arrange and evaluate the effectiveness of a thesis statement.
2. Students will be able to identify Standard Written English (SWE) and apply correct forms of English most widely accepted as clear and proper.
3. Students will be able to identify the specific parts of an essay, distinguish appropriate modes of communicating an idea, and use transitional words and phrases effectively.

Student Learning Outcomes (ENGL 1301 Course-Level):

Upon successful completion of this course, students will:

1. Demonstrate knowledge of individual and collaborative writing processes.
2. Develop ideas with appropriate support and attribution.
3. Write in a style appropriate to the audience and purpose.
4. Read, reflect, and respond critically to a variety of texts.
5. Use Edited American English in academic essays.

Focus:

Nonfiction essays/readings, modes of writing, MLA documentation, and a fictional novel

Course Requirements and Evaluation:

Methods of Course Instruction/Delivery: Writing assignments and exercises, group work, class discussions and assignments, tests or quizzes, lecture, and reading.

Semester Grade Determination:

In class assignments, quizzes, and attendance	10%
Essays (Narration-Description, Definition-Exemplification and Cause and Effect)	40%
Argumentation Research Essay (Required)	15%
Novel Exam	10%
Blackboard English Labs (Required)	15%
Final Exam Essay/ Compare/Contrast	10%
Total:	100%

A – 100 – 90

B – 89 – 80

C – 79 – 70

D – 69 – 60

F – 59 – 0

*Both the final exam and the argumentation-research essay are **required**; failure to complete either one will result in failure for the course.*

Evaluation rubrics are posted in Blackboard for each writing assignment.

***Final exam exemptions**

- Students with 4 or fewer absences and an essay average of 80 or higher may be exempted from the final exam.
- The remaining students will write a 5th essay at the time of the final and the grade will replace the lowest essay grade of the first 3 essays.
- The 6th essay grade will also count as the final exam grade.
- Averages for exempted students will not include a final exam grade.
- The exemption is not mandatory; students may choose to write the 5th essay

ENGL 1301 Labs (Online): Online lab assignments are a required component for all ENGL 1301 students at Paris Junior College and are to be completed outside of the scheduled classroom time. The labs **MUST** be completed by the stated due dates. They will **NOT** be reopened under **ANY** circumstances. Plan ahead and complete them by the scheduled due dates! There are a total of fourteen lab items and two diagnostic tests. Expect to spend, on average, an hour for each of the labs for a total of sixteen hours

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Course Policies:Email Response Time

If the email was sent Monday – Thursday, expect a response within 24 hours. If the email was sent Friday – Sunday, expect an answer on Monday with the exception of holidays and closures.

Computer Skills

This course does not attempt to teach basic use of a computer. All students must be able to search the net, send e-mail, and perform other basic computer tasks. Students without these computer skills should not enroll in the course.

Expectations

This course allows students who may be unable to attend class on a regular basis an opportunity to improve writing and reading skills and earn college credit. Assignments, exams, and expectations will be similar to those found in a regular classroom setting. Students should complete assignments by their due dates. Discussion postings are a requirement of the course and will be part of the final grade.

This course requires exams and essay assessments to be taken via Respondus Monitor (**lockdown browser with camera**). Students who cannot meet these expectations, must make arrangements to take their exam via the Paris JC Testing Center.

Technical Difficulties

Computer access is available at the following PJC locations. Technical issues are not an excuse to miss deadlines. This is why assignments should not be put off until near the deadline.

Basic Computer Requirements

1. As a general rule, a computer manufactured within the last five years is adequate.
2. In addition to the basic system requirements, some courses may also require flash drive, web cam, common application software such as (Word, PowerPoint, Excel), specialized software. Tablets and smart phones may not be adequate to perform all course functions.

Course Assignments

Students should complete all assignments by their assigned dates and should participate in discussions. All exams, quizzes, lab exercises, and papers assigned to the course must be completed in a timely manner as well. Discussion postings are a required part of this course and will be part of the final grade. Please submit all papers and other requirements in a timely manner. Finish Week/Lesson #1 before the start date of Lesson/Unit #2. All work must be finished by the listed deadline.

Late Assignments

Late assignments receive a 10 point deduction for each day that it is late. It is your responsibility to make sure all attachments have gone through. **If you submit the wrong attachment, your assignment will be counted late. The final essay/exam will NOT be accepted late.**

Submitting Assignments

All essays are submitted within Blackboard Ultra. If you are operating in a program other than Word, you will need to save your file as rich text format or pdf so that I can open the attachment. Do NOT submit as a Google Doc. If you have questions about how to do this, please feel free to contact me. If you are using a MacBook, you must convert your essay to a .docx., .pdf. or .rtf. I will not be able to open a .pages, and your essay will be counted late.

Essays that do not meet the length requirement will receive a grade of zero. The Works Cited pages, outlines, etc. do not count towards the length requirement. **In addition, papers that require documentation, must be properly documented (in MLA format) to receive a score higher than zero.**

Summary of Writing

This course requires a documented research paper in MLA style with sources provided. In addition, the course requires shorter essays as described above.

Exams

All quizzes or exams must be taken in class or arranged to be taken online via Blackboard Respondus Monitoring with a camera. Some make-up work may be required at a Paris JC Testing Center.

Tutoring

Tutor.com is provided through Paris JC Blackboard tools. The link is on the left menu bar of Blackboard once you enter the course. You can submit a paper for a 12 hour review by a tutor, OR you can schedule a live tutoring session. This is a FREE service to you. Also, you may email your essays along with the directions to the Paris JC Writing Lab at writingcenter@parisjc.edu. Additionally, CircleK Tutoring is

another tutoring tool that Paris JC has provided for you to be successful in your courses. It is also located in Blackboard.

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **Tuesday, Nov 24, 2026.**

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

A research paper submitted without a works cited page (in MLA format) and/or without parenthetical citations constitutes plagiarism and will be subject to the above consequences. The paper grade will be a zero.

In accordance with the institution's Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

Artificial intelligence (AI) tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

English AI Policy

In accordance with the institution's Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI (such as ChatGPT) to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the

Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Insert how the students will be notified of a change. (Blackboard, student email, etc.)

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

Course Schedule/Weekly Lesson Plan:

DATE	TOPIC	READINGS ASSIGNMENTS LECTURES
Week 1 M-10/19/26 W-10/21/26	Lesson One Topic: What is academic writing?	1. Read the Syllabus. 2. Class Introductions 3. Review Blackboard and Online Lab Requirements. 4. Skim pages 1-98 in the text, Kirsznner's, <i>Patterns for College Writing 16th edition</i>. 5. Complete the Academic Writing Quiz. 6. Complete the Syllabus Quiz. 7. Complete Reading Check 1 8. Complete Labs: Pretest and Essay Organization in Blackboard. Due: Saturday, Oct. 24th by 11:59pm <i>Students who fail to complete Lesson One will be dropped for non-participation on Oct. 26th.</i>
Week 2 M-10/26/26 W-10/28/26	Lesson Two Topic: Structuring a College Essay: Narration and Description ORD is Oct. 26th.	1. Review the information found on the Website, What is Plagiarism? www.plagiarism.org. 5. Complete Reading Check Number 3. 6. Complete Labs: Clause Structure, Sentence Types, and Subject Verb Agreement 7. Complete Essay 2, Exemplification and Definition. Submit in Blackboard. Be sure to include the MLA outline as your last page. Due: Saturday, Nov. 7th by 11:59pm
Week 4 M-11/09/26 W-11/11/26	Lesson Four Topic: Cause and Effect Midterm Grades – Nov. 13th	1. Read Cause and Effect pp. 315-331. Then read "A Peaceful Woman Explains Why She Carries a Gun" pp. 352-357. Watch the lecture videos in Blackboard. 2. Complete Reading Check Number 4. 3. Complete Labs: Sentence Fragments, Comma Splices, and Fused Sentences. 4. Complete Essay 3 and submit it in Blackboard. Due: Saturday, Nov. 14th by 11:59pm

		*Homework: Complete the reading of the novel, <i>Fahrenheit 451</i> , before the next class meeting.
Week 5 M-11/16/26 W-11/18/26	Lesson Five Argumentation, Research and Novel Unit	1. Read Chapters 16-18 in <i>Patterns: Finding and Evaluating Sources, Integrating Sources and Avoiding Plagiarism, and Documenting Sources: MLA</i>, pp. 713-762. 2. Read Argumentation on pages 533-560. Take a special mental note on the format of documenting sources found on these pages. 3. Watch the lecture videos in Blackboard. 4. Choose your research topic from the suggested list provided. 5. Novel Exam: <i>Fahrenheit 451</i>. 6. Submit Research Essay Outline Due: Saturday, Nov. 21st by 11:59pm
Weeks 6 & 7 M-11/23/26 W-No School M-11/30/26 W-12/02/26	Lesson Five Continued... Topic: Argumentation and Research - Part Two Last day to withdraw with a "W" is Tuesday, Nov. 24th.	1. Complete Lab: Post Test. 2. Complete the Argumentative Research Paper and submit it in Blackboard. Due: Wednesday, Dec. 2nd by 11:59pm
Week 8 W-12/09/26	Finals Week	The final exam essay is for students who are NOT exempt. This is an in-class essay to be held on Wednesday, Dec. 9th. Before class - 1. Read in Kirsznner's, <i>Patterns for College Writing</i>, Comparison and Contrast pp. 371-390 and watch the lecture videos in Blackboard. 2. Complete the Final Exam Essay and submit it in Blackboard. 3. Any approved research corrections must be submitted by this date.

**ENGL 1301.10J1
Composition I
Fall B 2026**

Instructor: Dr. Marian Ellis
Office: MS 111F, Paris Campus
Phone: 903-782-0336
E-mail: mellis@parisjc.edu
Office Hours:
MW: 8:00 AM - 9:15 AM; TR 8:00 AM – 10:45 AM; 1:30 PM - 2:30 PM

Meeting Location: MS 116
Meeting Days: TR
Meeting Times: 11:00 AM-12:15 PM

Course Description:

Intensive study of and practice in writing processes, from invention and researching to drafting, revising, and editing, both individually and collaboratively. Emphasis on effective rhetorical choices, including audience, purpose, arrangement, and style. Focus on writing the academic essay as a vehicle for learning, communicating, and critical analysis.

Credits: 3 SCHs

TSI Requirement: Reading, 340 +; Writing, 4 or above

Prerequisites:

English/IRWS 0302 with a grade of C or above, or placement by department (based on admission information)

Required Textbook(s) and Materials:

Kirszner, Laurie G. and Stephen R. Mandell. *Patterns for College Writing: A Rhetorical Reader and Guide*. 16th ed. Bedford/St. Martin's, 2024. ISBN: 9781319411817

Bradbury, Ray. *Fahrenheit 451*. Any edition - A PDF version is provided within Blackboard.

Chromebook, MacBook, Computer or Laptop with a camera

Dragon Now Course Material Information

Required Course Materials

All the required course materials for your classes are being delivered through Dragon Now the campus-wide affordable course materials program. You will be charged automatically, so you will not need to make a separate purchase.

For this course we will be using a digital eBook accessed through the My Materials link in Blackboard. You will also receive an email directly from Kortext no-reply@kortext.com, with a link to access your account. Please follow directions in the email to access your virtual bookshelf.

If you wish to opt-out of this program, please follow the steps below by:

- Fall Main & Flex 1 Term: 9/11/2026
- Flex 2 Term: 10/28/2026
 - 1) Go to <https://ACCESSPortal.follett.com:443/1836>
 - 2) Create an account using your student email account
 - 3) Select Opt-Out to opt-out of the entire program. You will have an opportunity to opt back in if you choose to do so.
 - 4) You can also Opt-Out from the student-specific link provided in the email from noreply@follett.com.

Important: If you Opt-Out, you will no longer have access to your required digital materials and

will need to purchase required materials on your own. If you have required physical (print) materials that you have received from the virtual campus store, please return the physical material(s) before opting out.

If you have any questions about Dragon Now or the charge to your student account, please contact the virtual campus store by phone at (800) 381-5151 or via email at csvirtual@efollett.com.

Course Goals and Objectives:

The general course goals of 1301 are to have students improve their writing abilities and increase their proficiency in critical reading and in writing nonfiction prose, with emphasis on narration, exposition, and persuasion.

Foundational Component Area: Communication

Courses in this category focus on developing ideas and expressing them clearly, considering the effect of the message, fostering understanding, and building the skills needed to communicate persuasively. Courses involve the command of oral, aural, written, and visual literacy skills that enable people to exchange messages appropriate to the subject, occasion, and audience.

Required Core Objectives

Student Learning Outcomes (Core Curriculum-Level):

1. Demonstrate Critical Thinking Skills—to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.
2. Demonstrate Communications Skills—to include effective development, interpretation and expression of ideas through written, oral and visual communication.
3. Demonstrate Team Work—to include the ability to consider different points of view and to work effectively with others to support a shared purpose or goal.
4. Demonstrate Personal Responsibility—to include the ability to connect choices, actions, and consequences to ethical decision-making.

Associate of Arts (AA) — Program Learning Outcomes

Students who complete the Associate of Arts degree will demonstrate the following program-level competencies:

1. Communication & Expression — Demonstrate effective written and oral communication skills by articulating ideas clearly, purposefully, and with awareness of the audience across a variety of contexts.
2. Critical & Creative Thinking — Analyze, evaluate, and synthesize information and ideas from multiple perspectives, applying both logical reasoning and creative inquiry to solve problems and construct meaning.
3. Humanities & Cultural Literacy — Examine human experience through the lens of history, literature, the arts, and cultural traditions, demonstrating an appreciation for diverse perspectives and their influence on society.
4. Information Literacy — Locate, evaluate, and ethically use information from a variety of sources to support research, argumentation, and informed decision-making.
5. Personal & Civic Responsibility — Reflect on individual values and their relationship to community and society, demonstrating an understanding of civic engagement and ethical responsibility.

Student Learning Outcomes (English Program-Level):

1. Students will be able to identify, arrange and evaluate the effectiveness of a thesis statement.
2. Students will be able to identify Standard Written English (SWE) and apply correct forms of English most widely accepted as clear and proper.
3. Students will be able to identify the specific parts of an essay, distinguish appropriate modes of communicating an idea, and use transitional words and phrases effectively.

Student Learning Outcomes (ENGL 1301 Course-Level):

Upon successful completion of this course, students will:

1. Demonstrate knowledge of individual and collaborative writing processes.
2. Develop ideas with appropriate support and attribution.
3. Write in a style appropriate to the audience and purpose.
4. Read, reflect, and respond critically to a variety of texts.
5. Use Edited American English in academic essays.

Focus:

Nonfiction essays/readings, modes of writing, MLA documentation, and a fictional novel

Course Requirements and Evaluation:

Methods of Course Instruction/Delivery: Writing assignments and exercises, group work, class discussions and assignments, tests or quizzes, lecture, and reading.

Semester Grade Determination:

In class assignments, quizzes, and attendance	10%
Essays (Narration-Description, Definition-Exemplification and Cause and Effect)	40%
Argumentation Research Essay (Required)	15%
Novel Exam	10%
Blackboard English Labs (Required)	15%
Final Exam Essay/ Compare/Contrast	10%
Total:	100%

A – 100 – 90

B – 89 – 80

C – 79 – 70

D – 69 – 60

F – 59 – 0

*Both the final exam and the argumentation-research essay are **required**; failure to complete either one will result in failure for the course.*

Evaluation rubrics are posted in Blackboard for each writing assignment.

***Final exam exemptions**

- Students with 4 or fewer absences and an essay average of 80 or higher may be exempted from the final exam.
- The remaining students will write a 5th essay at the time of the final and the grade will replace the lowest essay grade of the first 3 essays.
- The 6th essay grade will also count as the final exam grade.
- Averages for exempted students will not include a final exam grade.
- The exemption is not mandatory; students may choose to write the 5th essay

ENGL 1301 Labs (Online): Online lab assignments are a required component for all ENGL 1301 students at Paris Junior College and are to be completed outside of the scheduled classroom time. The labs **MUST** be completed by the stated due dates. They will **NOT** be reopened under **ANY** circumstances. Plan ahead and complete them by the scheduled due dates! There are a total of fourteen lab items and two diagnostic tests. Expect to spend, on average, an hour for each of the labs for a total of sixteen hours

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Course Policies:Email Response Time

If the email was sent Monday – Thursday, expect a response within 24 hours. If the email was sent Friday – Sunday, expect an answer on Monday with the exception of holidays and closures.

Computer Skills

This course does not attempt to teach basic use of a computer. All students must be able to search the net, send e-mail, and perform other basic computer tasks. Students without these computer skills should not enroll in the course.

Expectations

This course allows students who may be unable to attend class on a regular basis an opportunity to improve writing and reading skills and earn college credit. Assignments, exams, and expectations will be similar to those found in a regular classroom setting. Students should complete assignments by their due dates. Discussion postings are a requirement of the course and will be part of the final grade.

This course requires exams and essay assessments to be taken via Respondus Monitor (**lockdown browser with camera**). Students who cannot meet these expectations, must make arrangements to take their exam via the Paris JC Testing Center.

Technical Difficulties

Computer access is available at the following PJC locations. Technical issues are not an excuse to miss deadlines. This is why assignments should not be put off until near the deadline.

Basic Computer Requirements

1. As a general rule, a computer manufactured within the last five years is adequate.
2. In addition to the basic system requirements, some courses may also require flash drive, web cam, common application software such as (Word, PowerPoint, Excel), specialized software. Tablets and smart phones may not be adequate to perform all course functions.

Course Assignments

Students should complete all assignments by their assigned dates and should participate in discussions. All exams, quizzes, lab exercises, and papers assigned to the course must be completed in a timely manner as well. Discussion postings are a required part of this course and will be part of the final grade. Please submit all papers and other requirements in a timely manner. Finish Week/Lesson #1 before the start date of Lesson/Unit #2. All work must be finished by the listed deadline.

Late Assignments

Late assignments receive a 10 point deduction for each day that it is late. It is your responsibility to make sure all attachments have gone through. **If you submit the wrong attachment, your assignment will be counted late. The final essay/exam will NOT be accepted late.**

Submitting Assignments

All essays are submitted within Blackboard Ultra. If you are operating in a program other than Word, you will need to save your file as rich text format or pdf so that I can open the attachment. Do NOT submit as a Google Doc. If you have questions about how to do this, please feel free to contact me. If you are using a MacBook, you must convert your essay to a .docx., .pdf. or .rtf. I will not be able to open a .pages, and your essay will be counted late.

Essays that do not meet the length requirement will receive a grade of zero. The Works Cited pages, outlines, etc. do not count towards the length requirement. **In addition, papers that require documentation, must be properly documented (in MLA format) to receive a score higher than zero.**

Summary of Writing

This course requires a documented research paper in MLA style with sources provided. In addition, the course requires shorter essays as described above.

Exams

All quizzes or exams must be taken in class or arranged to be taken online via Blackboard Respondus Monitoring with a camera. Some make-up work may be required at a Paris JC Testing Center.

Tutoring

Tutor.com is provided through Paris JC Blackboard tools. The link is on the left menu bar of Blackboard once you enter the course. You can submit a paper for a 12 hour review by a tutor, OR you can schedule a live tutoring session. This is a FREE service to you. Also, you may email your essays along with the directions to the Paris JC Writing Lab at writingcenter@parisjc.edu. Additionally, CircleK Tutoring is

another tutoring tool that Paris JC has provided for you to be successful in your courses. It is also located in Blackboard.

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **Tuesday, Nov 24, 2026.**

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

A research paper submitted without a works cited page (in MLA format) and/or without parenthetical citations constitutes plagiarism and will be subject to the above consequences. The paper grade will be a zero.

In accordance with the institution's Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

Artificial intelligence (AI) tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

English AI Policy

In accordance with the institution's Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI (such as ChatGPT) to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the

Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Insert how the students will be notified of a change. (Blackboard, student email, etc.)

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

Course Schedule/Weekly Lesson Plan:

DATE	TOPIC	READINGS ASSIGNMENTS LECTURES
Week 1 T-10/20/26 R-10/22/26	Lesson One Topic: What is academic writing?	1. Read the Syllabus. 2. Class Introductions 3. Review Blackboard and Online Lab Requirements. 4. Skim pages 1-98 in the text, Kirsznier's, <i>Patterns for College Writing 16th edition</i> . 5. Complete the Academic Writing Quiz. 6. Complete the Syllabus Quiz. 7. Complete Reading Check 1 8. Complete Labs: Pretest and Essay Organization in Blackboard. Due: Saturday, Oct. 24th by 11:59pm <i>Students who fail to complete Lesson One will be dropped for non-participation on Oct. 26th.</i>
Week 2 T-10/27/26 R-10/29/26	Lesson Two Topic: Structuring a College Essay: Narration and Description ORD is Oct. 26th.	1. Read the following pages and chapters: Narration pp. 99-112 and "My Mother Never Worked" pp. 119-122 and "Thirty-Eight Who Saw Murder Didn't Call the Police" pp. 124-127. 2. Read Description pp. 147-166, "Goodbye to My Twinkie Days" pp. 169-172 and "The Storm" pp. 193-197. 3. Watch the lecture videos in Blackboard: Narration and Description. 4. Complete Class Assignment: Reading Check 2. 5. Complete Labs: Thesis Statements and Topic Sentences. 6. Complete Essay 1 and include an MLA outline. Due: Saturday, Oct. 31st by 11:59pm
Week 3 T-11/03/26 R-11/05/26	Lesson Three Topic: Exemplification and Definition	1. Read Definition pp. 491-503, and watch the lecture videos in Blackboard. 2. Read "I Want a Wife" pp. 513-516 and "Stop Calling It Vocational Training" pp 517-519. 3. Read Exemplification pp. 201-215 and "The Challenge of Being Human in the Age of AI" pp. 219-221. 4. Review the information found on the Website, What is Plagiarism? www.plagiarism.org . 5. Complete Reading Check Number 3. 6. Complete Labs: Clause Structure, Sentence Types, and Subject Verb Agreement 7. Complete Essay 2, Exemplification and Definition. Submit in Blackboard. Be sure to include the MLA outline as your last page. Due: Saturday, Nov. 7th by 11:59pm
Week 4 T-11/10/26 R-11/12/26	Lesson Four Topic: Cause and Effect Midterm Grades – Nov. 13th	1. Read Cause and Effect pp. 315-331. Then read "A Peaceful Woman Explains Why She Carries a Gun" pp. 352-357. Watch the lecture videos in Blackboard. 2. Complete Reading Check Number 4. 3. Complete Labs: Sentence Fragments, Comma Splices, and Fused Sentences. 4. Complete Essay 3 and submit it in Blackboard. Due: Saturday, Nov. 14th by 11:59pm

		*Homework: Complete the reading of the novel, <i>Fahrenheit 451</i> , before the next class meeting.
Week 5 T-11/17/26 R-11/19/26	Lesson Five Argumentation, Research and Novel Unit	1. Read Chapters 16-18 in <i>Patterns: Finding and Evaluating Sources, Integrating Sources and Avoiding Plagiarism, and Documenting Sources: MLA</i>, pp. 713-762. 2. Read Argumentation on pages 533-560. Take a special mental note on the format of documenting sources found on these pages. 3. Watch the lecture videos in Blackboard. 4. Choose your research topic from the suggested list provided. 5. Novel Exam: <i>Fahrenheit 451</i>. 6. Submit Research Essay Outline <u>Due: Saturday, Nov. 21st by 11:59pm</u>
Weeks 6 & 7 T-11/24/26 R-No School T-12/01/26 R-12/03/26	Lesson Five Continued... Topic: Argumentation and Research - Part Two Last day to withdraw with a "W" is Tuesday, Nov. 24th.	1. Complete Lab: Post Test. 2. Complete the Argumentative Research Paper and submit it in Blackboard. <u>Due: Tuesday, Dec. 1st by 11:59pm</u> <u>3. *Review Research Essay corrections.</u>
Week 8 R-12/10/26	Finals Week	The final exam essay is for students who are NOT exempt. This is an in-class essay to be held on Wednesday, Dec. 9th. Before class - 1. Read in Kirsznner's, <i>Patterns for College Writing</i>, Comparison and Contrast pp. 371-390 and watch the lecture videos in Blackboard. 2. Complete the Final Exam Essay and submit it in Blackboard. 3. Any approved research corrections must be submitted by this date.

ENGL 1302.20E0
Composition II
Fall A 2026

Instructor: Dr. Marian Ellis
Office: MS 111F, Paris Campus
Phone: 903-782-0336
E-mail: mellis@parisjc.edu
Office Hours:
MW 8:00 AM - 9:15 AM; TR 9:30 AM - Noon; 1:30 PM - 2:45 PM

Course Goals and Objectives:

Foundational Component Area: Communication

Courses in this category focus on developing ideas and expressing them clearly, considering the effect of the message, fostering understanding, and building the skills needed to communicate

persuasively. Courses involve the command of oral, aural, written, and visual literacy skills that enable people to exchange messages appropriate to the subject, occasion, and audience.

Required Core Objectives

Student Learning Outcomes (Core Curriculum-Level):

1. Demonstrate Critical Thinking Skills—to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.
2. Demonstrate Communications Skills—to include effective development, interpretation and expression of ideas through written, oral and visual communication.
3. Demonstrate Team Work—to include the ability to consider different points of view and to work effectively with others to support a shared purpose or goal.
4. Demonstrate Personal Responsibility—to include the ability to connect choices, actions, and consequences to ethical decision-making.

Associate of Arts (AA) — Program Learning Outcomes

Students who complete the Associate of Arts degree will demonstrate the following program-level competencies:

1. Communication & Expression — Demonstrate effective written and oral communication skills by articulating ideas clearly, purposefully, and with awareness of the audience across a variety of contexts.
2. Critical & Creative Thinking — Analyze, evaluate, and synthesize information and ideas from multiple perspectives, applying both logical reasoning and creative inquiry to solve problems and construct meaning.

3. Humanities & Cultural Literacy — Examine human experience through the lens of history, literature, the arts, and cultural traditions, demonstrating an appreciation for diverse perspectives and their influence on society.
4. Information Literacy — Locate, evaluate, and ethically use information from a variety of sources to support research, argumentation, and informed decision-making.
5. Personal & Civic Responsibility — Reflect on individual values and their relationship to community and society, demonstrating an understanding of civic engagement and ethical responsibility.

Student Learning Outcomes (English Program-Level):

1. Students will be able to identify, arrange and evaluate the effectiveness of a thesis statement.
2. Students will be able to identify Standard Written English (SWE) and apply correct forms of English most widely accepted as clear and proper.
3. Students will be able to identify the specific parts of an essay, distinguish appropriate modes of communicating an idea, and use transitional words and phrases effectively.

Student Learning Outcomes (ENGL 1302 Course-Level):

Upon successful completion of this course, students will:

1. Demonstrate knowledge of individual and collaborative research processes.
2. Develop ideas and synthesize primary and secondary sources within focused academic arguments, including one or more research-based essays.
3. Analyze, interpret, and evaluate a variety of texts for the ethical and logical uses of evidence.
4. Write in a style that clearly communicates meaning, builds credibility, and inspires belief or action.
5. Apply the conventions of style manuals for specific academic disciplines (e.g., APA, CMS, MLA, etc.)

Focus

Fiction (short story, poetry, drama); literary analysis/criticism; research; MLA documentation

Course Requirements and Evaluation:

Grade Determination:

Exams=25% (Poetry, Drama, & Short Story); this course requires exams to be taken at a PJC campus testing center or via Respondus Monitoring (proctoring service through Blackboard)

Writing=45% (Short Story Critical Evaluation Essay, Poetry Explication, Drama Synthesis Essay, Research Argumentation Essay, Analytic Final Exam Essay)

*Rubrics for each writing assignment are posted with the assignment in BB.

1302 Lab Exercises=15%

Discussion=15% (Posts, both original and responses, should be at least one full paragraph of approximately 100 words each.)

A – 100 – 90
 B – 89 – 80
 C – 79 – 70
 D – 69 – 60
 F – 59 – 0

The research paper and the final exam are both requirements for the course. Failure to complete either will result in failure of the course. Quizzes and exams are timed. Reading should be completed PRIOR to opening the quiz/exam.

***Final exam exemptions**

- o Students with an essay average of 80 or higher may be exempted from the final exam.
- o The remaining students will write a 5th essay at the time of the final and the grade will replace the lowest essay grade of the first 3 essays.
- o The 4th essay grade will also count as the final exam grade.
- o Averages for exempted students will not include a final exam grade.
- o The exemption is not mandatory; students may choose to write the 4th essay.

ENGL 1302 Labs (Online)

Online lab assignments are a required component for all ENGL 1302 students at Paris Junior College and are to be completed outside of the scheduled classroom time. The labs MUST be completed by the stated due dates. They will NOT be reopened under ANY circumstances. Plan ahead and complete them by the scheduled due dates! There are a total of fourteen lab items and two diagnostic tests. Expect to spend, on average, an hour for each of the labs for a total of sixteen hours.

Discussion Postings

Discussion postings are a required part of the course. The purpose of the discussions is to help broaden your understanding of the reading assignments. You should respond to at least one other classmate's post for every discussion assignment. Both posts must be at least 100 words.

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Course Policies:

Email Response Time

If the email was sent Monday – Thursday, expect a response within 24 hours. If the email was sent Friday – Sunday, expect an answer on Monday with the exception of holidays and closures.

Computer Skills

This course does not attempt to teach basic use of a computer. All students must be able to search the net, send e-mail, and perform other basic computer tasks. Students without these computer skills should not enroll in the course.

Expectations

This course allows students who may be unable to attend class on a regular basis an opportunity to improve writing and reading skills and earn college credit. Assignments, exams, and expectations will be similar to those found in a regular classroom setting. Students should complete assignments by their due dates. Discussion postings are a requirement of the course and will be part of the final grade.

This course requires exams and essay assessments to be taken via Respondus Monitor **(lockdown browser with camera)**. Students who cannot meet these expectations, must make arrangements to take their exam via the Paris JC Testing Center.

Technical Difficulties

Computer access is available at the following PJC locations. Technical issues are not an excuse to miss deadlines. This is why assignments should not be put off until near the deadline.

Basic Computer Requirements

1. As a general rule, a computer manufactured within the last five years is adequate.
2. In addition to the basic system requirements, some courses may also require flash drive, web cam, common application software such as (Word, PowerPoint, Excel), specialized software. Tablets and smart phones may not be adequate to perform all course functions.

Course Assignments

Students should complete all assignments by their assigned dates and should participate in discussions. All exams, quizzes, lab exercises, and papers assigned to the course must be completed in a timely manner as well. Discussion postings are a required part of this course and will be part of the final grade.

Please submit all papers and other requirements in a timely manner. Finish Unit #1 before the start date of Unit #2. All work must be finished by the listed deadline.

Late Assignments

Late assignments receive a 10 point deduction for each day that it is late. It is your responsibility to make sure all attachments have gone through. **If you submit the wrong attachment, your assignment will be counted late. The final essay/exam will NOT be accepted late.**

Submitting Assignments

Submit all writing assignments to the "Essay Submissions within the Unit Folder. If you are operating in a program other than Word, you will need to save your file as rich text format or pdf so that I can open the attachment. Do NOT submit as a Google Doc. If you have questions about how to do this, please feel free to contact me. If you are using a Macbook, you must convert your essay to a .docx., .pdf. or .rtf. I will not be able to open a .pages, and your essay will be counted late.

Essays that do not meet the length requirement will receive a grade of zero. The Works Cited pages, outlines, etc. do not count towards the length requirement. **In addition, papers that require documentation, must be properly documented (in MLA format) to receive a score higher than zero.**

Summary of Writing

This course requires a documented research paper in MLA style with sources provided. In addition, the course requires shorter papers (Critical Evaluation, Synthesis, and Analysis), which will also be documented.

Exams

All exams must be taken via Respondus Monitoring. See the unit folder dates for details.

Tutoring

Tutor.com is provided through Paris JC Blackboard tools. The link is on the left menu bar of Blackboard once you enter the course. You can submit a paper for a 12 hour review by a tutor, OR you can schedule a live tutoring session. This is a FREE service to you. Also, you may email your essays along with the directions to the Paris JC Writing Lab at writingcenter@parisjc.edu. Additionally, CircleIn Tutoring is another tutoring tool that Paris JC has provided for you to be successful in your courses. It is also located in Blackboard.

Course Organization

The course is organized into four units, and within each unit are individual lessons. Follow the lessons in order, but you may also work ahead of time if you are able to do so. This is self-paced to a limited degree. Although the course has some flexibility, students **should not fall behind the scheduled due-dates.**

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of **"W" is Thursday, October 1, 2026.**

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory/discussion board. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions

at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

A research paper submitted without a works cited page (in MLA format) and/or without parenthetical citations constitutes plagiarism and will be subject to the above consequences. The paper grade will be a zero.

In accordance with the institution's Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

Artificial intelligence (AI) tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

English AI Policy

In accordance with the institution's Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI (such as ChatGPT) to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Insert how the students will be notified of a change. (Blackboard, student email, etc.)

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

Course Schedule/Weekly Lesson Plan:

DATE: Week of	TOPIC	READINGS ASSIGNMENTS LECTURES
Week 1 8/24/26	Course Introduction and the Reading and Writing Process	1. Read the Syllabus and Lab Requirements. 2. View the Reading Process and the Writing Process videos and lecture notes in Blackboard. 3. Skim Chapters 1-6, pages 1-148. (That means flip through them looking for headings, bolded words, etc.). The chapter titles are What is Argument? Writing Effective Arguments, How to Argue About Literature, The Reading Process, The Writing Process, and Writing about Literary Genres. 4. Take the Syllabus Quiz 5. Complete Discussion Assignment 1. 6. Complete the Online Lab. Pre-test. 7. Due: Sunday, Aug. 30th by 11:59 pm 8. <i>*Students who do not complete Unit One by the due date are dropped from the course on August 31st.</i>
Week 2 8/30/26	Unit One Fiction	1. Begin Unit One: Fiction. 2. View the lecture videos in the "Unit One: 3. Read the short stories: "Story of an Hour" pp. 554-556, "A Rose for Emily" pp. 445-453, and "A Good Man is Hard to Find" pp. 738-751. 4. Complete Discussion 2. 5. Work on Completing Online Labs. These lab quizzes can be found in the Content Folder labeled, "ENGL 1302 Lab." <i>All lab quizzes are due by Sunday, Sept. 20th by 11:59 PM.</i> 6. Take the Unit One Fiction Exam. This is proctored through Blackboard. You must have a computer with a webcam. 7. Read the requirements for Essay One, Critical Evaluation Essay.

		8. Submit the completed Essay One in the Essay Submission in Blackboard. 9. Due: Sunday, Sept. 6th by 11:59 pm.
Week 3 9/6/26	Unit Two Poetry	Begin Unit Two: Poetry 1. Read: pp. 144-159 2. View the lecture video: Introduction to Poetry in Blackboard. 3. View the poetry handouts in Blackboard. 4. Read the following poems: "Morning Poem," p. 463, "Because I could not stop for Death," pp. 837-838, "The Road Not Taken," pp. 876-878, "Those Winter Sundays," p. 335, "George Floyd," pp. 792-793, "Open Letter to the South," pp. 721-724, "Richard Cory," pp. 838-839, and "Do Not Go Gentle into That Good Night," pp. 835-836. 5. Complete Discussion 3. 6. Complete the Online Labs. 7. Complete the Unit Two Poetry Exam. 8. Read the requirements for Essay Two, Poetry Explication. 9. Submit the completed Essay Two in the Essay Submission in Blackboard. 10. Due: Sunday, Sept. 13th by 11:59 pm
Week 4 9/13/26	Unit Three Drama	Unit Three: 1. Read about Drama, pp.144-172. 2. View lecture videos and notes in Blackboard: Drama and Sophocles 3. Read the play, <i>Antigone</i> , pp. 381-413. 3. Read the short story, " <i>Inmates' hunger strikes take powerful stands against injustice</i> ," pp. 414-416. 4. Complete Discussion 4. 5. Complete Discussion 4. 6. Complete the Online Labs. Students who complete all of the online labs before beginning the research paper will perform better on this very important assignment. 7. Complete the Unit Three Drama Exam. 8. Read the requirements for Essay Three, Synthesis Essay. 9. Submit the completed Essay Three in Blackboard. 10. Due: Sunday, Sept. 20th by 11:59 PM

Week 5 9/20/26	Unit Four Research	Unit Four: Research 1. Read Writing Researched Arguments. pp. 175-210 2. Submit all unfinished lab quizzes, including the Post-test. 3. View Library Research Presentation in Blackboard. 4. View videos and notes in Blackboard: Writing a Research Paper on a Literary Topic 5. See the Research Topic Assignment in Blackboard. 6. Complete Discussions 5 and 6. 7. Complete the Research Essay Outline. 8. Due: Saturday, Sept. 27th by 11:59 PM
Week 6 9/27/26	Last day to withdraw with a "W" is Thursday, October 1st.	1. Complete the Unit Four Research Exam in Assignment Submissions. 2. Submit the research essay in Essay Submissions. 3. Due: Saturday, October 4th by 11:59 pm
Week 7 10/4/26		4. Research Essay corrections are due by Saturday, October 10 th by 11:59 PM
Week 8 10/11/26	Final Exam Week	Final Exam Essay is due no later than Wednesday, October 14th by 11:59 PM . This exam is for those who are not EXEMPT.

ENGL 1302.20F0
Composition II
Fall B 2026

Instructor: Dr. Marian Ellis
Office: MS 111F, Paris Campus
Phone: 903-782-0336
E-mail: mellis@parisjc.edu
Office Hours:
MW: 8:00 AM - 9:15 AM; TR 8:00 AM – 10:45 AM; 1:30 PM - 2:30 PM

Meeting Location: Online
Meeting Days: Weekly
Meeting Times: Online

Dragon Now Course Material Information

Required Course Materials

All the required course materials for your classes are being delivered through Dragon Now the campus-wide affordable course materials program. You will be charged automatically, so you will not need to make a separate purchase.

For this course we will be using a digital eBook accessed through the My Materials link in Blackboard. You will also receive an email directly from Kortext no-reply@kortext.com, with a link to access your account. Please follow directions in the email to access your virtual bookshelf.

If you wish to opt-out of this program, please follow the steps below by:

- Fall Main & Flex 1 Term: 9/11/2026
- Flex 2 Term: 10/28/2026
 - 1) Go to <https://ACCESSPortal.follett.com:443/1836>
 - 2) Create an account using your student email account
 - 3) Select Opt-Out to opt-out of the entire program. You will have an opportunity to opt back in if you choose to do so.
 - 4) You can also Opt-Out from the student-specific link provided in the email from noreply@follett.com.

Important: If you Opt-Out, you will no longer have access to your required digital materials and

will need to purchase required materials on your own. If you have required physical (print) materials that you have received from the virtual campus store, please return the physical material(s) before opting out.

If you have any questions about Dragon Now or the charge to your student account, please contact the virtual campus store by phone at (800) 381-5151 or via email at csvirtual@efollett.com.

Course Goals and Objectives:

Foundational Component Area: Communication

Courses in this category focus on developing ideas and expressing them clearly, considering the effect of the message, fostering understanding, and building the skills needed to communicate persuasively. Courses involve the command of oral, aural, written, and visual literacy skills that enable people to exchange messages appropriate to the subject, occasion, and audience.

Required Core Objectives

Student Learning Outcomes (Core Curriculum-Level):

1. Demonstrate Critical Thinking Skills—to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.
2. Demonstrate Communications Skills—to include effective development, interpretation and expression of ideas through written, oral and visual communication.
3. Demonstrate Team Work—to include the ability to consider different points of view and to work effectively with others to support a shared purpose or goal.
4. Demonstrate Personal Responsibility—to include the ability to connect choices, actions, and consequences to ethical decision-making.

Associate of Arts (AA) — Program Learning Outcomes

Students who complete the Associate of Arts degree will demonstrate the following program-level competencies:

1. Communication & Expression — Demonstrate effective written and oral communication skills by articulating ideas clearly, purposefully, and with awareness of the audience across a variety of contexts.
2. Critical & Creative Thinking — Analyze, evaluate, and synthesize information and ideas from multiple perspectives, applying both logical reasoning and creative inquiry to solve problems and construct meaning.
3. Humanities & Cultural Literacy — Examine human experience through the lens of history, literature, the arts, and cultural traditions, demonstrating an appreciation for diverse perspectives and their influence on society.
4. Information Literacy — Locate, evaluate, and ethically use information from a variety of sources to support research, argumentation, and informed decision-making.
5. Personal & Civic Responsibility — Reflect on individual values and their relationship to community and society, demonstrating an understanding of civic engagement and ethical responsibility.

Student Learning Outcomes (English Program-Level):

1. Students will be able to identify, arrange and evaluate the effectiveness of a thesis statement.
2. Students will be able to identify Standard Written English (SWE) and apply correct forms of English most widely accepted as clear and proper.
3. Students will be able to identify the specific parts of an essay, distinguish appropriate modes of communicating an idea, and use transitional words and phrases effectively.

Student Learning Outcomes (ENGL 1302 Course-Level):

Upon successful completion of this course, students will:

1. Demonstrate knowledge of individual and collaborative research processes.
2. Develop ideas and synthesize primary and secondary sources within focused academic arguments, including one or more research-based essays.
3. Analyze, interpret, and evaluate a variety of texts for the ethical and logical uses of evidence.
4. Write in a style that clearly communicates meaning, builds credibility, and inspires belief or action.
5. Apply the conventions of style manuals for specific academic disciplines (e.g., APA, CMS, MLA, etc.)

Focus

Fiction (short story, poetry, drama); literary analysis/criticism; research; MLA documentation

Course Requirements and Evaluation:

Grade Determination:

Exams=25% (Poetry, Drama, & Short Story); this course requires exams to be taken at a PJC campus testing center or via Respondus Monitoring (proctoring service through Blackboard)

Writing=45% (Short Story Critical Evaluation Essay, Poetry Explication, Drama Synthesis Essay, Research Argumentation Essay, Analytic Final Exam Essay)

*Rubrics for each writing assignment are posted with the assignment in BB.

1302 Lab Exercises=15%

Discussion=15% (Posts, both original and responses, should be at least one full paragraph of approximately 100 words each.)

A – 100 – 90

B – 89 – 80

C – 79 – 70

D – 69 – 60

F – 59 – 0

The research paper and the final exam are both requirements for the course. Failure to complete either will result in failure of the course. Quizzes and exams are timed. Reading should be completed PRIOR to opening the quiz/exam.

***Final exam exemptions**

- o Students with an essay average of 80 or higher may be exempted from the final exam.
- o The remaining students will write a 5th essay at the time of the final and the grade will replace the lowest essay grade of the first 3 essays.
- o The 4th essay grade will also count as the final exam grade.
- o Averages for exempted students will not include a final exam grade.
- o The exemption is not mandatory; students may choose to write the 4th essay.

ENGL 1302 Labs (Online)

Online lab assignments are a required component for all ENGL 1302 students at Paris Junior College and are to be completed outside of the scheduled classroom time. The labs MUST be completed by the stated due dates. They will NOT be reopened under ANY circumstances. Plan ahead and complete them by the scheduled due dates! There are a total of fourteen lab items and two diagnostic tests. Expect to spend, on average, an hour for each of the labs for a total of sixteen hours.

Discussion Postings

Discussion postings are a required part of the course. The purpose of the discussions is to help broaden your understanding of the reading assignments. You should respond to at least one other classmate's post for every discussion assignment. Both posts must be at least 100 words.

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Course Policies:**Email Response Time**

If the email was sent Monday – Thursday, expect a response within 24 hours. If the email was sent Friday – Sunday, expect an answer on Monday with the exception of holidays and closures.

Computer Skills

This course does not attempt to teach basic use of a computer. All students must be able to search the net, send e-mail, and perform other basic computer tasks. Students without these computer skills should not enroll in the course.

Expectations

This course allows students who may be unable to attend class on a regular basis an opportunity to improve writing and reading skills and earn college credit. Assignments, exams, and expectations will be similar to those found in a regular classroom setting. Students should complete assignments by their due dates. Discussion postings are a requirement of the course and will be part of the final grade.

This course requires exams and essay assessments to be taken via Respondus Monitor **(lockdown browser with camera)**. Students who cannot meet these expectations, must make arrangements to take their exam via the Paris JC Testing Center.

Technical Difficulties

Computer access is available at the following PJC locations. Technical issues are not an excuse to miss deadlines. This is why assignments should not be put off until near the deadline.

Basic Computer Requirements

1. As a general rule, a computer manufactured within the last five years is adequate.
2. In addition to the basic system requirements, some courses may also require flash drive, web cam, common application software such as (Word, PowerPoint, Excel), specialized software. Tablets and smart phones may not be adequate to perform all course functions.

Course Assignments

Students should complete all assignments by their assigned dates and should participate in discussions. All exams, quizzes, lab exercises, and papers assigned to the course must be completed in a timely manner as well. Discussion postings are a required part of this course and will be part of the final grade. Please submit all papers and other requirements in a timely manner. Finish Unit #1 before the start date of Unit #2. All work must be finished by the listed deadline.

Late Assignments

Late assignments receive a 10 point deduction for each day that it is late. It is your responsibility to make sure all attachments have gone through. **If you submit the wrong attachment, your assignment will be counted late. The final essay/exam will NOT be accepted late.**

Submitting Assignments

Submit all writing assignments to the "Essay Submissions within the Unit Folder. If you are operating in a program other than Word, you will need to save your file as rich text format or pdf so that I can open the attachment. Do NOT submit as a Google Doc. If you have questions about how to do this, please feel free to contact me. If you are using a Macbook, you must convert your essay to a .docx., .pdf. or .rtf. I will not be able to open a .pages, and your essay will be counted late.

Essays that do not meet the length requirement will receive a grade of zero. The Works Cited pages, outlines, etc. do not count towards the length requirement. **In addition, papers that require documentation, must be properly documented (in MLA format) to receive a score higher than zero.**

Summary of Writing

This course requires a documented research paper in MLA style with sources provided. In addition, the course requires shorter papers (Critical Evaluation, Synthesis, and Analysis), which will also be documented.

Exams

All exams must be taken via Respondus Monitoring. See the unit folder dates for details.

Tutoring

Tutor.com is provided through Paris JC Blackboard tools. The link is on the left menu bar of Blackboard once you enter the course. You can submit a paper for a 12 hour review by a tutor, OR you can schedule a live tutoring session. This is a FREE service to you. Week 7 11/29/26		Research Essay corrections are due by Saturday, Dec. 5th by 11:59 PM
Week 8 12/06/26	Final Exam Week	Final Exam Essay is due no later than Tuesday, Dec. 8th by 11:59 PM . This exam is for those who are not EXEMPT.

IRWS 0302.10H0
Integrated Reading/Writing
Fall A- 2026

Instructor: Dr. Marian Ellis

Office: MS 111F

Phone: (903) 782 - 0215

Email: mellis@parisjc.edu

Office Hours:

MW 8:00 AM - 9:15 AM; TR 9:30 AM - Noon; 1:30 PM - 2:45 PM

Meeting Location: MS 112

Meeting Days: MW

Meeting Times: 11:00 AM-12:15 PM

Course Description: Support Course Model

Integration of critical reading and academic writing skills. Successful completion of this intervention fulfills TSI requirements for reading and/or writing. Students are placed into the course by test scores. The course may not be used to fulfill degree requirements.

Credits: 3 Credit Hours

TSI Requirement: 339 or below or Essay 3 or below.

Prerequisite: None

Required Textbook(s) and Materials:

None

Course Goals and Objectives:

1. Locate explicit textual information, draw complex inferences, and analyze and evaluate the information within and across multiple texts of varying lengths.
2. Comprehend and use vocabulary effectively in oral communication, reading, and writing.
3. Identify and analyze the audience, purpose, and message across a variety of texts.
4. Describe and apply insights gained from reading and writing a variety of texts.
5. Compose a variety of texts that demonstrate reading comprehension, clear focus, logical development of ideas, and use of appropriate language that advance the writer's purpose.
6. Determine and use effective approaches and rhetorical strategies for given reading and writing situations.
7. Generate ideas and gather information relevant to the topic and purpose, incorporating the ideas and words of other writers in student writing using established strategies.
8. Evaluate relevance and quality of ideas and information in recognizing, formulating, and developing a claim.
9. Develop and use effective reading and revision strategies to strengthen the writer's ability to compose college-level writing assignments.
10. Recognize and apply the conventions of Standard English in reading and writing.

Course Requirements and Evaluation:

Grades will be determined by your writing, participation, online components, and reading assessments. Extra credit may be given at the instructor's discretion.

F – 59 – 0

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course

Course Policies

You are expected to be in class prior to the designated start time. Students are expected to complete course work in an honest manner, using their own intellect and resources designated as allowable by the course instructor. Students are responsible for addressing questions about allowable resources with their instructor. All essays must be typed following MLA format (12-point font, Times New Roman), and will not be accepted in any other form.

Class Attendance:

Class attendance is critical for the successful completion of this course. *For online courses, students must complete work in a timely manner and follow due dates.* Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of **"W" is Thursday, October 1st.**

Class Conduct:

Please silence all mobile devices before entering the classroom/laboratory. No obscene/vulgar language is permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will immediately receive a score of zero on the exam/assignment in. Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college. Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial Intelligence Policy

Artificial intelligence (AI) tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

English AI Policy

In accordance with the institution's Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI (such as ChatGPT) to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

Your symptoms are getting better overall, and

1. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Insert how the students will be notified of a change. (Blackboard, student email, etc.)

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

Week 2 8/30/26	Brainstorming	<i>1. Watch the lecture videos in Blackboard</i> <i>A. Focus: Brainstorming Strategies</i> <i>B. Focus: Brainstorming Steps</i> <i>2. Complete Check In Activity</i>
Week 3 9/6/26	Thesis Statements	<i>1. Watch the lecture videos in Blackboard</i> <i>A. Focus: Thesis Statements</i> <i>2. Complete Check In Activity</i>
Week 4 9/13/26	Midterm Grades are submitted on Sept. 18 th	<i>1. Watch the lecture videos in Blackboard</i> <i>A. Focus: Academic Writing Conventions</i> <i>B. Focus: Word Choice</i> <i>C. Focus: Writing Fluency</i> <i>2. Complete Check In Activity</i>
Week 5 9/20/26	Research	<i>1. Watch the lecture videos in Blackboard</i> <i>A. Focus: Academic Research</i> <i>B. Focus: Academic Databases</i> <i>C. Focus: JSTOR</i> <i>2. Complete Check In Activity</i>
Week 6 9/27/26	Last day to withdraw with a "W" is Thursday, October 1 st .	1. Complete the Final Check In Activity
Week 7 10/4/26		No assignments are required this week.
Week 8 10/11/26	Final Exam Week	No assignments are required this week.

NCBI 0004.20F1
Integrated Reading/Writing NCBO (Non Credit Based)
Fall B- 2026

Instructor: Dr. Marian Ellis

Office: MS 111F

Phone: (903) 782 -0336

Email: mellis@parisjc.edu

Office Hours:

MW: 8:00 AM - 9:15 AM; TR 8:00 AM – 10:45 AM; 1:30 PM - 2:30 PM

Meeting Location: Online via Blackboard

Meeting Days: Weekly

Meeting Times: Weekly

Course Description: Support Course Model

Integration of critical reading and academic writing skills. Successful completion of this intervention fulfills TSI requirements for reading and/or writing. Students are placed into the course by test scores. The course may not be used to fulfill degree requirements.

Credits: 3 Credit Hours

TSI Requirement: 339 or below or Essay 3 or below.

Prerequisite: None

Required Textbook(s) and Materials:

None

Course Goals and Objectives:

1. Locate explicit textual information, draw complex inferences, and describe, analyze, and evaluate the information within and across multiple texts of varying lengths.
2. Comprehend and use vocabulary effectively in oral communication, reading, and writing.
3. Identify and analyze the audience, purpose, and message across a variety of texts.
4. Describe and apply insights gained from reading and writing a variety of texts.
5. Compose a variety of texts that demonstrate reading comprehension, clear focus, logical development of ideas, and use of appropriate language that advance the writer's purpose.
6. Determine and use effective approaches and rhetorical strategies for given reading and writing situations.
7. Generate ideas and gather information relevant to the topic and purpose, incorporating the ideas and words of other writers in student writing using established strategies.
8. Evaluate relevance and quality of ideas and information in recognizing, formulating, and developing a claim.
9. Develop and use effective reading and revision strategies to strengthen the writer's ability to compose college-level writing assignments.
10. Recognize and apply the conventions of standard English in reading and writing.

Course Requirements and Evaluation:

This is an online lab-based course where no grades are issued. Course completion is a pass/fail based upon completing the online lab within Blackboard.

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course

Course Policies

You are expected to be in class prior to the designated start time. Students are expected to complete course work in an honest manner, using their own intellect and resources designated as allowable by the course instructor. Students are responsible for addressing questions about allowable resources with their instructor. All essays must be typed following MLA format (12-point font, Times New Roman), and will not be accepted in any other form.

Class Attendance:

Class attendance is critical for the successful completion of this course. *For online courses, students must complete work in a timely manner and follow due dates.* Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of **"W" is November 24th**.

Class Conduct:

Please silence all mobile devices before entering the classroom/laboratory. No obscene/vulgar language is permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will immediately receive a score of zero on the exam/assignment in. Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college. Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial Intelligence Policy

Artificial intelligence (AI) tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

English AI Policy

In accordance with the institution's Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI (such as ChatGPT) to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

Your symptoms are getting better overall, and

1. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Insert how the students will be notified of a change. (Blackboard, student email, etc.)

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

Course Schedule/Weekly Lesson Plan:

DATE	TOPIC	READINGS ASSIGNMENTS LECTURES
Week 1 10/19/26	Getting Started	<i>1. Watch the lecture videos in Blackboard</i> <i>A. Focus: Writing Organization</i> <i>B. Focus: Formal Writing</i> <i>2. Complete Check In Activity</i> <i>*Students who do not complete the first required activity/assignment by the due date are dropped from the course on August 31st</i>
Week 2 10/25/26	Brainstorming	<i>1. Watch the lecture videos in Blackboard</i> <i>A. Focus: Brainstorming Strategies</i> <i>B. Focus: Brainstorming Steps</i> <i>2. Complete Check In Activity</i>
Week 3 11/01/26	Thesis Statements	<i>1. Watch the lecture videos in Blackboard</i> <i>A. Focus: Thesis Statements</i> <i>2. Complete Check In Activity</i>
Week 4 11/08/26	Midterm Grades are submitted on Nov. 13 th .	<i>1. Watch the lecture videos in Blackboard</i> <i>A. Focus: Academic Writing Conventions</i> <i>B. Focus: Word Choice</i> <i>C. Focus: Writing Fluency</i> <i>2. Complete Check In Activity</i>
Week 5 11/15/26	Research	<i>1. Watch the lecture videos in Blackboard</i> <i>A. Focus: Academic Research</i> <i>B. Focus: Academic Databases</i> <i>C. Focus: JSTOR</i> <i>2. Complete Check In Activity</i>
Week 6 11/22/26	Last day to withdraw with a "W" is Tuesday, Nov. 24 th .	1. Complete the Final Check In Activity
Week 7 11/29/26		No assignments are required this week.
Week 8 12/06/26	Final Exam Week	No assignments are required this week.

ELMT 2333.10B1
Industrial Electronics
Fall 2026 – 1st Flex

Instructor: Jeff Frankland
Office: 1111B
Phone: 903-457-8737
Email: jfrankland@parisjc.edu

Location: Paris, Workforce Center 1111
Meeting Days: Monday & Wednesday
Meeting Times: 5:00pm – 8:30pm
Office Hours: See Door Schedule

Course Description:

A study of devices, circuits, and systems primarily used in automated manufacturing and/or process control.

Credits: 3 SCH

Prerequisite(s): CETT 1409

TSI Requirement: N/A

Required Textbook(s) and Materials:

Online Subscription to Learnamator.com required. An electronic code will be provided by Follette (the online bookstore) after registering for the class.

Course Goals and Objectives:

The student will gain the knowledge required to apply hands on skills in the following objectives:

1. Electrical Safety, Three phase power, Disconnects and protective devices, Three phase motors.
2. Manual Motor Control, Manual motor starter operation, Overload protection
3. Transformer operation, including control transformers, Control Transformers in machine control
4. Electrical control system basics, Ladder Diagram basics, Logic elements
5. Control relays, Magnetic motor starters, Two wire control, Three wire start/stop control
6. Manual Motor reversing, Reversing magnetic motor starters, Interlocking for reversing motor control, Modes of operation, HOA control
7. Limit Switches, Float switches, Pressure switches, Sequence Control
8. On Delay timers, Off Delay timers, Troubleshooting timers.

Course Requirements and Evaluation:

There will be online quizzes and practical Skill Assessments for each Module.

Course grade will be computed as follows:

Grading:

25% Online Module Quizzes

25% Exams

50%: Labs & Participation

Grading Scale:

90 –100 is an “A”

80 – 89 is a “B”

70 – 79 is a “C”

60 – 69 is a “D”

Required Activity:

Reference the IT Checklist and work through it before the next class.

<https://www.parisjc.edu/technology/pjc-it-checklist.php>

The checklist covers everything students need to be ready on day one. **Important:** PJC has now enforced multi-factor authentication (MFA) for all student accounts. If you have not set it up, you will be forced to. This is covered in the checklist above.

Please send all IT requests to techsupport@parisjc.edu

Emailing techsupport@parisjc.edu automatically creates a ticket, which lets IT track every request and prioritize appropriately.

Course Policies:

Make up labs will not be scheduled for any module(s) that are over 3 weeks past due.

Scheduling of make up labs are the responsibility of the student. Requests for make up labs will need to include more than one student if there are others that desire make ups.

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **Oct.1st.**

Class Conduct:

No open drinks, cans, bottles, or mugs in the classroom. All drinks must be in a spill proof container. Food will be permitted at the student's desk and not anywhere near mechatronics equipment. – If there is a Lunch break during your course, it is up to the instructors discretion to change or amend these rules.

Please turn off or silence and put away all cell phones, laptops, tablets, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial intelligence (AI) tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change through student email and/or Blackboard.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC’s Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

Course Schedule/Weekly Lesson Plan:

DATE	TOPIC	READINGS ASSIGNMENTS LECTURES
1. Week of 8/24	Introductions, Handouts, Policies & Procedures Intro to Electric Motor Control	Module 1 & Quiz
2. Week of 8/31	Manual Motor Control & Overload	Module 2 & Quiz
3. Week of 9/7	Control Transformers	Module 3 & Quiz
4. Week of 9/14	Control Ladder Logic	Module 4 & Quiz

	Mid-Term Exam	
5. Week of 9/21	Control Relays & Motor Starters	Module 5 & Quiz
6. Week of 9/28	Reversing Motor Control	Module 6 & Quiz November 25-27 Thanksgiving Break
7. Week of 10/5	Automatic Input Devices 1	Module 7 & Quiz
8. Week of 10/12	Basic Timer Control FINALS	Module 8 & Quiz

Course Number (ELMT 2337 10C0)
Course Title (Troubleshooting Industrial Electronics)
Fall 2026 – 2nd 8 Week Subterm

Instructor: Bobby Fields
Office: WTC 1111B
Phone: 903-782-0722
Email: bfields@parisjc.edu
Office Hours: See door schedule

Meeting Location: WTC 1111
Meeting Days: Tuesday/Thursday
Meeting Times: 8:00 – 11:30 AM

Course Description:

In-depth coverage of electronic systems, maintenance, troubleshooting, and repair. Topics include symptom identification, proper repair procedures, repair checkout, preventive maintenance. Emphasis on safety and proper use of test equipment. *Credits: SCH = 2 lecture and 4 laboratory hours, No TSI Requirements, No Prerequisite(s).*

Required Textbook(s) and Materials:

Understanding Motor Controls – Stephen L. Herman Third Edition, ISBN: 978-1-305-49812-9

Course Goals and Objectives:

The student will gain the knowledge required to apply hands-on skills in the following objectives:

1. Troubleshoot Electrical/Electronic Systems.
2. Create and use Troubleshooting Flow Charts/Thought Processes.
3. Safely use Electrical Tools and Instruments.
4. Apply Industrial Electrical Symbols, and Line Diagrams.
5. Troubleshoot Power and Distribution Systems, Transformers, Switchboards, Panel boards, Motor Control Centers and Busways.
6. Troubleshoot Solid State and Electromechanical Relays.
7. Troubleshoot Applications and Installation of Control Devices
8. Assess Variable Frequency Drives.

Course Requirements and Evaluation:

There will be online quizzes and practical Skill Assessments for each NC3 Multimeter Module.

Course grade will be computed as follows:

- 25% Homework Assignments
- 25% Chapter Exams
- 25% NC3 Online Quizzes

- 25% Hands on Skill Assessments

Grading Scale:

90 – 100 is an “A”

80 – 89 is a “B”

70 – 79 is a “C”

60 – 69 is a “D”

Course Policies:

Make up labs will not be scheduled for any module(s) that are over 3 weeks past due.

Scheduling of make-up labs are the responsibility of the student. Requests for make-up labs will need to include more than one student if there are others that desire make-ups.

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of “W” is **November 24th.**

Class Conduct:

Please turn off or silence and put away all cell phones, personal electronics, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action such as dismissal from the college. These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial intelligence (AI) tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

Course Schedule/Weekly Lesson Plan:

The primary method of instruction will be a self-paced facilitator model. The instructor will serve as a facilitator for the student’s learning, thus enabling the student to move at his/her own pace. Computer-based learning modules and practical hands-on lab activities will be incorporated throughout the course. Classroom presentations will be used at the instructor’s discretion. Self-Reviews, Skill Activities, Quiz Assessments, and Skill Assessments will be used to evaluate the student’s competency.

A recommended schedule with weekly targets is as follows. Although this is a self-paced course and all Objectives and online quizzes can be completed at any time, the weekly hands-on skill activities will be completed in class each week. Make up labs will not be scheduled for any module(s) that are over 3 weeks past due:

DATE	TOPIC	READINGS ASSIGNMENTS LECTURES
1. Week of 10/20	Introductions, Handouts, Policies & Procedures Across-the-Line Starting, Resistor and Reactor Starting for AC Motors, Autotransformer Starting	NC3 Snap-On Multimeters Chapter 23 & Review Questions Chapter 24 & Review Questions Chapter 25 & Review Questions
2. Week of 10/27	Wye-Delta Starting, Part Winding Starters.	Chapter 26 & Review Questions Chapter 27 & Review Questions Test 1; Chapters 23-27
3. Week of 11/3	Direct Current Motors, Single Phase Motors	NC3 Snap-On Multimeters Chapter 28 & Review Questions Chapter 29 & Review Questions
4. Week of 11/10	Braking, Wound Rotor Motors.	Chapter 30 & Review Questions Chapter 31 & Review Questions Test 2; Chapters 28-31
5. Week of 11/17	Synchronous Motors, Consequent Pole Motors	NC3 Snap-On Multimeters Chapter 32 & Review Questions Chapter 33 & Review Questions
6. Week of 11/24	Variable Voltage and Magnetic Clutches, Solid-State DC Motor Controls, Variable Frequency Control.	Chapter 34 & Review Questions Chapter 35 & Review Questions Chapter 36 & Review Questions Test 3; Chapters 32-36
7. Week of 12/1	Motor Installation, Programmable Logic Controllers, Programming a PLC	NC3 Snap-On Multimeters Chapter 37 & Review Questions Chapter 38 & Review Questions Chapter 39 & Review Questions
8. Week of 12/8	Analog Sensing for Programmable Logic Controllers, Developing Control Circuits, Troubleshooting	Chapter 40 & Review Questions Chapter 41 & Review Questions Chapter 42 & Review Questions FINAL EXAM; Chapters 37-42

ELMT-2333.40C0
Industrial Electronics
Fall 2026 – 2nd 8 Week Sub Term

Instructor: Lucas Arnold
Office: A115
Phone: 903-457-8737
Email: larnold@parisjc.edu

Location: Greenville, Workforce Building A113
Meeting Days: Monday & Wednesday
Meeting Times: 10:00am-1:30pm
Office Hours: See Door Schedule

Course Description:

Devices, circuits, and systems primarily used in automated manufacturing and/or process control including computer controls and interfacing between mechanical, electrical, electronic, and computer equipment.

Credits: 3 SCH

Prerequisite(s): CETT 1409

TSI Requirement: N/A

Required Textbook(s) and Materials:

Online Subscription to Learnamator.com required. An electronic code will be provided by Follette (the online bookstore) after registering for the class.

Course Goals and Objectives:

The student will gain the knowledge required to apply hands on skills in the following objectives:

1. Electrical Safety, Three phase power, Disconnects and protective devices, Three phase motors.
2. Manual Motor Control, Manual motor starter operation, Overload protection
3. Transformer operation, including control transformers, Control Transformers in machine control
4. Electrical control system basics, Ladder Diagram basics, Logic elements
5. Control relays, Magnetic motor starters, Two wire control, Three wire start/stop control
6. Manual Motor reversing, Reversing magnetic motor starters, Interlocking for reversing motor control, Modes of operation, HOA control
7. Limit Switches, Float switches, Pressure switches, Sequence Control
8. On Delay timers, Off Delay timers, Troubleshooting timers.

Course Requirements and Evaluation:

There will be online quizzes, paper packets, and practical Skill Assessments for each Module, as well as a midterm and final exam.

Course grade will be computed as follows:

Grading:

25%: Online Quizzes

25%: Exams

50%: Participation and Skill Assessments

Grading Scale:

90 – 100 is an “A”

80 – 89 is a “B”

70 – 79 is a “C”

60 – 69 is a “D”

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Course Policies:

Make up labs will not be scheduled for any module(s) that are over 1 week past due. Scheduling of make-up labs are the responsibility of the student.

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **November 24th**.

Class Conduct:

No open drinks, cans, bottles, or mugs in the classroom. All drinks must be in a spill proof container. Food will be permitted at the student's desk and not anywhere near mechatronics equipment. – If there is a Lunch break during your course, it is up to the instructors discretion to change or amend these rules.

Please turn off or silence and put away all cell phones, laptops, tablets, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial intelligence (AI) tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Insert how the students will be notified of a change. (Blackboard, student email, etc.)

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC’s Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

Course Schedule/Weekly Lesson Plan:

DATE	TOPIC	READINGS ASSIGNMENTS LECTURES
1. Week of 10/19	Introductions, Handouts, Policies & Procedures Intro to Electric Motor Control	Module 1 & Quiz
2. Week of 10/26	Manual Motor Control & Overload	Module 2 & Quiz
3. Week of 11/2	Control Transformers	Module 3 & Quiz
4. Week of 11/09	Control Ladder Logic Mid-Term Exam	Module 4 & Quiz
5. Week of 11/16	Control Relays & Motor Starters	Module 5 & Quiz
6. Week of 11/23	Reversing Motor Control	Module 6 & Quiz November 25-27 Thanksgiving Break
7. Week of 11/30	Automatic Input Devices 1	Module 7 & Quiz
8. Week of 12/7	Basic Timer Control FINALS	Module 8 & Quiz

ELMT-2333.45A0**Industrial Electronics – Dual Credit
Fall 2026 – 16 weeks**

Instructor: Mrs. Sanchez
Office: A115
Phone: 903-457-8737
Email: isanchezhaynes@parisjc.edu

Location: Greenville, Workforce Building A113
Meeting Days: M, T, W, and R
Meeting Times: 8:00am-9:00am
Office Hours: See Door Schedule

Course Description:

Devices, circuits, and systems primarily used in automated manufacturing and/or process control including computer controls and interfacing between mechanical, electrical, electronic, and computer equipment.

Credits: 3 SCH

Prerequisite(s): CETT 1409

TSI Requirement: N/A

Required Textbook(s) and Materials:

Online Subscription to Learnamator.com required. An electronic code will be provided by Follette (the online bookstore) after registering for the class.

Course Goals and Objectives:

The student will gain the knowledge required to apply hands on skills in the following objectives:

1. Electrical Safety, Three phase power, Disconnects and protective devices, Three phase motors.
2. Manual Motor Control, Manual motor starter operation, Overload protection
3. Transformer operation, including control transformers, Control Transformers in machine control
4. Electrical control system basics, Ladder Diagram basics, Logic elements
5. Control relays, Magnetic motor starters, Two wire control, Three wire start/stop control
6. Manual Motor reversing, Reversing magnetic motor starters, Interlocking for reversing motor control, Modes of operation, HOA control
7. Limit Switches, Float switches, Pressure switches, Sequence Control
8. On Delay timers, Off Delay timers, Troubleshooting timers.

Course Requirements and Evaluation:

There will be online quizzes, paper packets, and practical Skill Assessments for each Module, as well as a midterm, final exam and projects.

Course grade will be computed as follows:

Grading:

25%: Online Quizzes

25%: Exams and Projects

50%: Attendance and Skill Assessments

Grading Scale:

90 – 100 is an “A”

80 – 89 is a “B”

70 – 79 is a “C”

60 – 69 is a “D”

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Course Policies:

Make up labs will not be scheduled for any module(s) that are over 2 weeks past due. Scheduling of make-up labs are the responsibility of the student.

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **November 12th**.

Class Conduct:

No open drinks, cans, bottles, or mugs in the classroom. All drinks must be in a spill proof container. Food will be permitted at the student's desk and not anywhere near mechatronics equipment. – If there is a Lunch break during your course, it is up to the instructors discretion to change or amend these rules.

Please turn off or silence and put away all cell phones, laptops, tablets, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial intelligence (AI) tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

ELMT-2337.40B0

Troubleshooting Industrial Electronics Fall 2026 – 1st Flex

Instructor: Mrs. Sanchez
Office: A115
Phone: 903-457-8737
Email: isanchezhaynes@parisjc.edu

Location: Greenville, Workforce Building A113
Meeting Days: Tuesdays & Thursdays
Meeting Times: 1:00pm-4:30pm
Office Hours: See Door Schedule

Course Description:

In-depth coverage of electronic systems, maintenance, troubleshooting, and repair. Topics include symptom identification, proper repair procedures, repair checkout, preventive maintenance. Emphasis on safety and proper use of test equipment.

Credits: 3 SCH

Prerequisite(s): ELMT 2333

TSI Requirement: N/A

Required Textbook(s) and Materials:

Online access to NC3, which will be instructor provided.

Textbook: Understanding Motor Controls – Stephen L. Herman Third Edition, ISBN: 978-1-305-49812-9

Course Goals and Objectives:

The student will gain the knowledge required to apply hands-on skills in the following objectives:

1. Troubleshoot Electrical/Electronic Systems.
2. Create and use Troubleshooting Flow Charts/Thought Processes.
3. Safely use Electrical Tools and Instruments.
4. Apply Industrial Electrical Symbols, and Line Diagrams.
5. Troubleshoot Power and Distribution Systems, Transformers, Switchboards, Panel boards, Motor Control Centers and Busways.
6. Troubleshoot Solid State and Electromechanical Relays.
7. Troubleshoot Applications and Installation of Control Devices
8. Assess Variable Frequency Drives.

Course Requirements and Evaluation:

There will be Homework, knowledge checks, labs, and exams.

Course grade will be computed as follows:

Grading:

25%: Knowledge Checks

25%: Labs

25%: Exams and Tests

25%: Homework

Grading Scale:

90 – 100 is an “A”

80 – 89 is a “B”

70 – 79 is a “C”

60 – 69 is a “D”

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Course Policies:

Make up labs will not be scheduled for any chapters that are over 2 weeks past due. Scheduling of make-up labs are the responsibility of the student.

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **October 1st**.

Course # (ELPT-1221)
Course Title (Introduction to Electrical Safety and Tools)
Fall A 2026

Instructor: David Hartman
Office: A122
Phone: 903-457-8738
Email: dhartman@parisjc.edu
Office Hours: MTWR 7AM-8AM
MTWR 9:05-10:00

Meeting Location: A120
Meeting Days: MW
Meeting Times: 1 PM to 4 PM

Course Description:

Safety rules and regulations. Includes the selection, inspection, use, and maintenance of common tools for electricians.

Credits 2 SCH = 1 lecture and 3 laboratory hours

TSI Requirement: NA- M, NA- R, NA- W.

Prerequisite(s): High school Diploma or GED

Required Textbook(s) and Materials:

Electrical Safety a Practical Guide to OSHA and NFPA70E

James R White ISBN# 9780826935816

Course Goals and Objectives:

Explain electrical hazards and how to avoid them in the workplace; discuss safety issues concerning lockout/tagout procedures; and demonstrate safe work habits using common hand and power tools for electricians.

Course Schedule:

Week Topic

1	Chapter 1	Electrical Hazards and Basic Electrical Safety
2	Chapter 2	Multi-Employer Worksites and Electrical Safety Programs
3	Chapter 3	Training of Qualified and Unqualified Workers
4	Chapter 4	Approach Boundaries for Shock and Arc Flash Hazards
5	Chapter 5	Performing a Risk Assessment
	Chapter 6	Establishing an Electrically Safe Work Condition
6	Chapter 7	Working on Energized Conductors and Circuit Parts
	Chapter 8	Portable Electric Tools and Flexible Cords
7	Chapter 9	Selecting and Inspecting Personal Protective Equipment
		Guidelines for Common Electrical Tasks
8	Finals	

Course Requirements and Evaluation:

Testing, 50% of total grade; Attendance, 50% of total grade;

Beginning with the spring semester 2001, a grade of “D” will not be given. An average of 70 or above will be considered passing while a grade below 70 will be considered failing.

Class Attendance:

Class attendance is critical for the successful completion of this course. Withdrawals must be initiated by the student.

Students are expected to be present at each class meeting for the entire session. Points lost for tardiness or for leaving class early: 5 minutes 1 point, 6 minutes to 20 minutes 10 points, 21 minutes to 30 minutes 20 points, 31 minutes to 45 minutes 30 points, over 45 minutes 100 points. Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of “W” is *Oct 1st*.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action such as dismissal from the college. *These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.*

AI is Prohibited:

This course assumes that all work submitted by students will be generated by the students themselves, working individually or in groups. Students should not have another person/entity do the writing of any substantive portion of an assignment for them, which includes hiring a person or a company to write assignments and using artificial intelligence tools like ChatGPT.

ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change in the classroom.

Official Student Email Policy

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence—including notices of academic status, financial aid, billing, registration, and campus alerts—will be sent to the student's PJC email account. Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not responsible for missed communications due to a student's failure to check their official email account.

Course # (ELPT-1225)
Course Title (National Electrical Code I)
Fall B 2025

Instructor: David Hartman
Office: A122
Phone: 903-457-8738
Email: dhartman@parisjc.edu
Office Hours: MTWR 7AM-8AM
MTWR 9:05-10:00

Meeting Location: A120
Meeting Days: MW
Meeting Times: 10 AM to 12 PM

Course Description:

An introductory study of the National Electric Code (NEC) for those employed in fields requiring knowledge of the Code. Emphasis on wiring design, protection, methods, and materials; equipment for general use; and basic calculations.

Credits: 2 SCH = 2 lecture

TSI Requirement: NA- M, NA- R, NA- W.

Prerequisite(s): High school Diploma or GED

Required Textbook(s) and Materials:

National Electrical Code 2026 ISBN # 978-1455932207 NFPA

Course Goals and Objectives:

Locate and interpret the sections in the NEC that pertain to electrical installations; calculate the size of conductors, boxes, raceways, and overcurrent protective devices for branch circuits supplying electrical equipment; calculate conductors, overcurrent protection, and service equipment as applied to building services; and compute the size of branch circuits, feeders, and equipment for motors.

Course Schedule:

Week Topic

1	Chapter 1	General
2	Chapter 2	Wiring and Protection
3,4,5	Chapter 3	Wiring Methods and Materials
6,7	Chapter 4	Equipment for General Use
8	Final Exam	

Course Requirements and Evaluation:

Testing, 25% of total grade/Attendance, 50% of total grade/Daily Grade 25% of total grade

For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change in the classroom.

Official Student Email Policy

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence—including notices of academic status, financial aid, billing, registration, and campus alerts—will be sent to the student's PJC email account. Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not responsible for missed communications due to a student's failure to check their official email account.

Tech Support:

For computer or log in issues please contact Tech Support

<https://www.parisjc.edu/technology/pjc-it-checklist.php>

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

"For students in this course who may have a criminal background, please be advised that the background could keep you from being licensed by the State of Texas. If you have a question about your background and licensure, please speak with your faculty member or the department chair. You also have the right to request a criminal history evaluation letter from the applicable licensing agency."

SOCIAL SECURITY NUMBER – Social security number disclosure is required by Section 231.302(c)(1) of the Texas Family Code in order to obtain a license.

ELPT 1351.10C0
Electrical Machines
Fall 2026 – 1st Flex

Instructor: Jeff Frankland
Office: 1111B
Phone: 903-457-8737
Email: jfrankland@parisjc.edu

Location: Paris, Workforce Center 1111
Meeting Days: Tues & Thurs
Meeting Times: 8:00am – 11:30 am
Office Hours: See Door Schedule

Course Description:

This course is a co-requisite of ELPT 1221 and will include Module 3 – Production & Processes, and Module 4 – Maintenance Awareness within the MSSC CPT 4.0 Certification Program.

Credits: 3 SCH

Co-requisite(s): ELPT-1221 (MSSC CPT 4.0 Safety & Quality Modules)

TSI Requirement: N/A

Required Textbook(s) and Materials:

Online access at mssctraining.com will be provided. Materials related to hands-on skills and pertinent equipment will also be provided

Course Goals and Objectives:

Successfully complete and obtain certification in Modules 3 & 4 of the Manufacturing Skill Standards Council (MSSC) Certified Production Technician program

Course Requirements and Evaluation:

Grading:

50%: Quiz Average
25%: Module Assessment Average (x2)
25%: Skill Assessments

Grading Scale:

90 – 100 = “A”
80 – 89 = “B”
70 – 79 = “C”
60 – 69 = “D”

Required Activity:

Reference the IT Checklist and work through it before the next class.

<https://www.parisjc.edu/technology/pjc-it-checklist.php>

The checklist covers everything students need to be ready on day one. **Important:** PJC has now enforced multi-factor authentication (MFA) for all student accounts. If you have not set it up, you will be forced to. This is covered in the checklist above.

Please send all IT requests to techsupport@parisjc.edu

Emailing techsupport@parisjc.edu automatically creates a ticket, which lets IT track every request and prioritize appropriately.

Course Policies:

Make up labs will not be scheduled for any module(s) that are over 3 weeks past due. Scheduling of make up labs are the responsibility of the student. Requests for make up labs will need to include more than one student if there are others that desire make ups.

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **Nov.24th**.

Class Conduct:

No open drinks, cans, bottles, or mugs in the classroom. All drinks must be in a spill proof container. Food will be permitted at the student's desk and not anywhere near mechatronics equipment. – If there is a Lunch break during your course, it is up to the instructors discretion to change or amend these rules.

Please turn off or silence and put away all cell phones, laptops, tablets, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial intelligence (AI) tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog &

Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change through student email and/or Blackboard.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC’s Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

Course Schedule/Weekly Lesson Plan:

The primary method of instruction will be a self-paced facilitator model. The instructor will serve as a facilitator for the student’s learning thus enabling the student to move at his/her own pace. Computer-based learning modules and practical hands-on lab activities will be incorporated throughout the course. Classroom presentations will be used at the instructor’s discretion. Self-Reviews, Skill Activities, Quiz Assessments, and Skill Assessments will be used to evaluate the student’s competency.

A recommended schedule with weekly targets is as follows. Although this is a self-paced course and all Objectives and online quizzes can be completed at any time, the weekly hands-on skill activities will need to be completed in class each week. There will be scheduled Certification Exams for Module 3 on Week 4 and Module 4 on Week 8.

Mod#			Mod#		
Week 1	1	Princ of Manf Automation	Week 5	1	Total Productive Maint (TPM)
	2	Industry 4.0 Technologies		2	Mech Power Transmission

Course # (ELPT-1411)
Course Title (Basic Electrical Theory)
Fall A 2026

Instructor: David Hartman
Office: A122
Phone: 903-457-8738
Email: dhartman@parisjc.edu
Office Hours: MTWR 7AM-8AM
MTWR 9:05-10:00

Meeting Location: A120
Meeting Days: TR
Meeting Times: 1 PM to 5:30 PM

Course Description:

Basic theory and practice of electrical circuits. Includes calculations as applied to alternating and direct current.

Credits: 4 SCH = 3 lecture and 3 laboratory

TSI Requirement: NA- M, NA- R, NA- W.

Prerequisite(s): High school Diploma or GED

Required Textbook(s) and Materials:

Electrical Principles and Practices 4th edition ISBN # 978-0-8269-1811-6
Glen A. Mazur, Peter A. Zurlis

UGLY'S Electrical References ISBN # 9781284315752

Jones & Bartlett

Tool Kit as provided with course

Course Goals and Objectives:

Explain atomic structure and basic values such as voltage, current, resistance, and power; determine electrical values for combination circuits in direct current (DC) and alternating current (AC) containing resistance, inductance, and capacitance; summarize the principles of magnetism; calculate voltage drop based on conductor length, type of material, and size; and utilize electrical measuring instruments. Basic theory and practice of electrical circuits. Includes calculations as applied to alternating and direct current.

Course Schedule:**Week Topic**

1	Ch 1&2	Electrical Principles, Basic Quantities
2	Ch 3&4	Ohm's Law, Safety
3	Ch 5,6,8	Math Principles, Applications, Meter Abbreviations & Display
4	Ch 9,10,11	Taking Standard Measurement's, Symbols and Printreading Circuit Conductors, Connections & Protection
5	Ch 12,13,14	Series Circuits, Parallel Circuits, Series/Parallel Circuits
6	Ch 15,16,17	Transformers and Smart Grid Technology, Electric Motors Resistance, Inductance and Capacitance
7	Ch18,19,20,21	Circuit Requirements, Residential, Commercial, Industrial
8	Finals	

Course Requirements and Evaluation:

Testing, 25% of total grade/Attendance, 50% of total grade/Daily Grade 25% of total grade

Beginning with the spring semester 2001, a grade of "D" will not be given. An average of 70 or above will be considered passing while a grade below 70 will be considered failing.

Class Attendance:

Class attendance is critical for the successful completion of this course. *For online courses, students must complete work in a timely manner and follow due dates.* Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is Thursday, November 14th. Students are expected to be present at each class meeting for the entire session. Points lost for tardiness or for leaving class early: 5 minutes 1 point, 6 minutes to 20 minutes 10 points, 21 minutes to 30 minutes 20 points, 31 minutes to 45 minutes 30 points, over 90 minutes 100 points. Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is *Oct 1st*.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action such as dismissal from the college. *These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.*

AI is Prohibited:

This course assumes that all work submitted by students will be generated by the students themselves, working individually or in groups. Students should not have another person/entity do the writing of any substantive portion of an assignment for them, which includes hiring a person or a company to write assignments and using artificial intelligence tools like ChatGPT.

ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change in the classroom.

Official Student Email Policy

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence—including notices of academic status, financial aid, billing, registration, and campus alerts—will be sent to the student's PJC email account. Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not responsible for missed communications due to a student's failure to check their official email account.

Course Title (Residential Wiring)
Fall B 2026

Instructor: David Hartman
Office: A122
Phone: 903-457-8738
Email: dhartman@parisjc.edu
Office Hours: MTWR 7AM-8AM
MTWR 9:05-10:00

Meeting Location: A120
Meeting Days: MTWR
Meeting Times: 1 PM to 4:20 PM

Course Description:

Wiring methods for single family and multi-family dwellings. Includes load calculations, service entrance sizing, proper grounding techniques, and associated safety procedures.

Credits: 4 SCH = 2 lecture and 6 laboratory
TSI Requirement: NA- M, NA- R, NA- W.
Prerequisite(s): High school Diploma or GED

Required Textbook(s) and Materials:

Residential Wiring and Smart Home Technology ISBN # 978-0-8269-1833-8

Gary J Rockis

Course Goals and Objectives:

Compute the circuit sizes needed for the installation of branch circuits, feeders, and service entrance conductors; explain the proper installation of wiring devices according to electrical codes; demonstrate grounding methods; install ground fault circuits; identify residential wiring methods; and demonstrate proper safety procedures.

Course Schedule:

Week Topic

1	Ch.1,2,3,4	Power Generation, Distribution, and Smart Grid Systems, Electrical Quantities, Voltage Sources, and Generators Service Entrances and Smart Meter Installation Electrical Grounding and Overcurrent Protection
2	Chapter 5,6,7	Electrical Safety, Tools, and Test Instruments Electrical Prints and Diagrams Electrical Connections
3	Chapter 8,9,10	Nonmetallic-Sheathed Cable Metallic- Sheathed Cable Conduit
4	Chapter 11,12	Receptacles Switches and Branch Circuit Installation
5	Chapter 13,14	Smart Home Infrastructure

6	Chapter 15,16	Security Systems and Smart Home Applications Fire Alarm Systems and Smart Home Applications Home Energy Management and Smart Home App.
7	Chapter 17	Lifestyle Applications of the Smart Home
8	Finals

ELPT 2319.10B0
Programable Logic Controllers I
Fall 2026 – 1st Wk Subterm

Instructor: Jeff Frankland
Office: WTC 1111B
Phone: 903-782-0726
Email: jfrankland@parisjc.edu
Office Hours: See Door Schedule

Meeting Location: Paris, WTC 1111
Meeting Days: Tues & Thurs
Meeting Times: 8 am – 11:30 am

Course Description:

A continuing study in programmable controllers. Topics include HMI terminal connection, communication, & operation; PLC hardware troubleshooting; HMI application and editing; Analog I/O; and variable output operations. Students will utilize industry leading automation software suites.

Credits: SCH = 3
Prerequisite(s): RBTC 1301
TSI Requirement: N/A

Required Textbook(s) and Materials:

Online Subscription to Learnamator.com required. An electronic code will be provided after registering for class.

Course Goals and Objectives:

Students who pass the course will be able to program and troubleshoot the AB CompactLogix PLC platform and PanelView HMI's. They will gain understanding of control software by utilizing the Rockwell suite of programming software. This includes RSlinx, Studio5000, RSLogix5000, FactoryTalk, and Connected Components Workbench

Course Requirements and Evaluation:

There will be online quizzes and practical Skill Assessments for each Module.

Course grade will be computed as follows:

Grading:

50%: Quizzes
50%: Labs

Grading Scale:

90 – 100 is an "A"
80 – 89 is a "B"
70 – 79 is a "C"
60 – 69 is a "D"

Required Activity:

Reference the IT Checklist and work through it before the next class.

<https://www.parisjc.edu/technology/pjc-it-checklist.php>

The checklist covers everything students need to be ready on day one. **Important:** PJC has now enforced multi-factor authentication (MFA) for all student accounts. If you have not set it up, you will be forced to. This is covered in the checklist above.

known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change through student email and/or Blackboard.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC’s Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

Course Schedule/Weekly Lesson Plan:

The primary method of instruction will be a self-paced facilitator model. The instructor will serve as a facilitator for the student’s learning, thus enabling the student to move at his/her own pace. Computer-based learning modules and practical hands-on lab activities will be incorporated throughout the course. Classroom presentations will be used at the instructor’s discretion. Self-Reviews, Skill Activities, Quiz Assessments, and Skill Assessments will be used to evaluate the student’s competency.

A recommended schedule with weekly targets is as follows. Although this is a self-paced course and all Objectives and online quizzes can be completed at any time, the weekly hands-on skill activities will need to be completed in class each week utilizing the training equipment in the PLC lab.

DATE	TOPIC	READINGS ASSIGNMENTS LECTURES
1. Week of 8/24 <i>(use 990-CL1F trainers)</i>	Introductions, Handouts, Policies & Procedures Paint Mixer Assignment	Lab Exercises

3. Week of 9/7	Component Troubleshooting	Module 2 & Quiz
4. Week of 9/14	Systems Troubleshooting	Module 3 & Quiz
5. Week of 9/21	Midterm Special Topic	To be assigned
6. Week of 9/28 <i>(use 990-PAB53 trainers)</i>	Basic PanelView Plus Terminal Operation	Module 4 & Quiz
7. Week of 10/5	PanelView Plus Application Editing 1 & 2	Module 5 & 6, and Quizzes
8. Week of 10/12	Analog Inputs Analog Outputs FINALS WEEK	Module 7 & Quiz Module 8 & Quiz

ELPT-1351.40C0
Electrical Machines
Fall 2026 – 2nd Flex

Instructor: Mrs. Sanchez
Office: A115
Phone: 903-457-8737
Email: isanchezhaynes@parisjc.edu

Location: Greenville, Workforce Building A113
Meeting Days: Mondays & Wednesdays
Meeting Times: 2:00pm-5:30pm
Office Hours: See Door Schedule

Course Description:

This course is a co-requisite of INMT 2345 and will include Module 3 – Production & Processes, and Module 4 – Maintenance Awareness within the MSSC CPT 4.0 Certification Program.

Credits: 3 SCH

Co-requisite(s): INMT 2345 (MSSC CPT 4.0 Safety & Quality Modules)

TSI Requirement: N/A

Required Textbook(s) and Materials:

Online access at mssctraining.com will be provided. Materials related to hands-on skills and pertinent equipment will also be provided

Course Goals and Objectives:

Successfully complete and obtain certification in Modules 3 & 4 of the Manufacturing Skill Standards Council (MSSC) Certified Production Technician program.

Course Requirements and Evaluation:

There will be online quizzes, module assessments, skill assessments, and 2 exams.

Course grade will be computed as follows:

Grading:

50%: Online Quizzes

25%: Module Assessments

25%: Skill Assessments

Grading Scale:

90 – 100 is an "A"

80 – 89 is a "B"

70 – 79 is a "C"

60 – 69 is a "D"

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Course Policies:

Make up labs will not be scheduled for any module(s) that are over 2 weeks past due. Scheduling of make-up labs are the responsibility of the student.

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **November 24th**.

Class Conduct:

No open drinks, cans, bottles, or mugs in the classroom. All drinks must be in a spill proof container. Food will be permitted at the student's desk and not anywhere near mechatronics equipment. – If there is a Lunch break during your course, it is up to the instructors discretion to change or amend these rules.

Please turn off or silence and put away all cell phones, laptops, tablets, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial intelligence (AI) tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. Location: Greenville, Workforce Building A113
Meeting Days: Mondays & Wednesdays
Meeting Times: 2:00pm-5:30pm
Office Hours: See Door Schedule

Course Description:

A continuing study in programmable controllers. Topics include HMI terminal connection, communication, & operation; PLC hardware troubleshooting; HMI application and editing; Analog I/O; and variable output operations. Students will utilize industry leading automation software suites.

Credits: 3 SCH
Prerequisite(s): RBTC 1301
TSI Requirement: N/A

Required Textbook(s) and Materials:

Online Subscription to Learnamator.com required. An electronic code will be provided after registering for class.

Course Goals and Objectives:

Students who pass the course will be able to program and troubleshoot the AB CompactLogix PLC platform and PanelView HMI's. They will gain understanding of control software by utilizing the Rockwell suite of programming software. This includes RSlinx, Studio5000, RSLogix5000, FactoryTalk, and Connected Components Workbench

Course Requirements and Evaluation:

There will be online quizzes, paper packets, and practical Skill Assessments for each Module, as well as a midterm and final exam.

Course grade will be computed as follows:

Grading:	Grading Scale:
25%: Online Quizzes	90 – 100 is an "A"
25%: Exams	80 – 89 is a "B"
50%: Participation and Skill Assessments	70 – 79 is a "C"
	60 – 69 is a "D"

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Paris Junior College

EMSP 1160.10A0 EMT-BASIC Fall 2026

Instructor: James Smith Meeting Location: Clinical and Field Sites
Office: WTC 1014 Meeting Days: TBD
Phone: 903-782-0750 Meeting Times: TBD
Email: james.smith@parisjc.edu
Office Hours: As posted and by appointment as needed.

Course Description

Course Number: EMSP 1160.10A0
Course Title: EMT-Basic
Course Length: 16 Weeks
Clinical Hours: 64 hours EMS (MICU) with 8 emergency runs
24 hours ER
8 hours labor and delivery (may be simulated)
* At least 8 total patient encounters must be documented.

Required Course Material

The student will be granted access to the Platinum Planner online product to schedule and document clinical/field shifts. Instructions will be posted on the PJC Blackboard course.

Clinical Uniform: A green polo shirt (purchased through program approved vendor), navy or black pants (EMS pants are acceptable); black belt and shoes/boots; student clinical ID; stethoscope; pen light; scissors; any deviation from clinical uniform is unacceptable.

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Important Due Dates

The PJC Health Occupations medical physical form, all required immunizations and a notarized waiver form must be completed and uploaded to the designated PJC website location during the first two weeks of class. Any pre-clinical requirements not done by this date could result in the student being unable to attend certain clinical locations and/or successfully complete the EMSP 1160 course on time. An American Heart Association Health Care Provider CPR card must be obtained before starting clinicals; more instructions and options for obtaining this credential will be available on the PJC Blackboard course. Withdrawals must be initiated by the student. **The last day for a student to withdraw from this course with a grade of "W" is November 12, 2026.**

Official Student Email Policy

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence, including notices of academic status, financial aid, billing, registration, and campus alerts, will be sent to the student's PJC email account. Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not responsible for missed communications due to a student's failure to check their official email account.

Catalog Description: EMSP 1160 – one (1) credit hour. A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Clinical experiences are unpaid external learning experiences. Courses may be repeated if topics and learning outcomes vary. A total of ninety-six (96) clinical and field hours shall be completed in the emergency department, labor and delivery, and mobile intensive care unit.

Learning Outcomes:

Upon completion of the program, the graduate will:

- Demonstrate competency and the knowledge to recognize and care for a medical emergency.
- Demonstrate competency and the knowledge to recognize and care for a trauma emergency.
- Demonstrate competency to function as an entry-level pre-hospital provider at the EMT level.

Program Objectives:

1. Upon completion of the program, the graduate will recognize the nature and seriousness of a patient's condition or extent of injuries to assess requirements for emergency medical care.
2. Upon completion of the program, the graduate will administer appropriate emergency medical care based on assessment findings of a patient's condition.
3. Upon completion of the program, the graduate will lift, move, position and otherwise handle the patient to minimize discomfort and prevent further injury.
4. Upon completion of the program, the graduate will perform safely and effectively the expectations of the job description.
5. Upon completion of the program, the graduate will demonstrate appropriate documentation of all required aspects of an EMS run.
6. Upon completion of the program, the graduate will demonstrate personal behavior and attitudes consistent with employer expectations and professional standards.
7. Upon completion of the program, the graduate will demonstrate familiarity with all certifications, licensing and governing agencies of the EMS profession.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action such as dismissal from the college. These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.

Scholastic Dishonesty:

“Scholastic dishonesty” shall include, but not be limited to, cheating, plagiarism, and collusion. “Cheating” shall include, but not be limited to:

1. Copying from another student’s test or class work.
2. Using test materials not authorized by the person administering the test.
3. Collaborating with or seeking aid from another student during a test without permission from the test administrator.
4. Knowingly using, buying, selling, stealing, or soliciting, in whole or in part, the contents of an un-administered test, paper, or another assignment.
5. The unauthorized transporting or removal, in whole or in part, of the contents of the un-administered test.
6. Substituting for another student, or permitting another student to substitute for oneself, to take a test.
7. Bribing another person to obtain an un-administered test or information about an un-administered test.
8. Manipulating a test, assignment, or final course grade.

“Plagiarism” shall be defined as the appropriating, buying, receiving as a gift, or obtaining by any means another’s work and the unacknowledged submission or incorporation of it in one’s own written work.

“Collusion” shall be defined as the unauthorized collaboration with another person in preparing written work for fulfillment of course requirements. Students are required to adhere to all Paris Junior College’s policies and procedures. Policies and procedures are in the Student Handbook which is available in both paper and electronic format. Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

Use of Artificial Intelligence (AI) for Course Work

EMSP Courses will not restrict the use of Artificial Intelligence software or programs for assistance with course work. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty. AI programs will not be allowed during testing at any point in all EMSP classes.

Conduct of Course

I. Teaching Methods:

- A. Skills demonstrations, practice and evaluations will be conducted in the Lab settings during the EMSP 1501 class sessions under the direct supervision of EMSP Faculty and/or Adjunct Skills Lab Instructors.
- B. Skills can only be performed in the Clinical and/or Field settings after the student has previously demonstrated the ability to safely and proficiently perform them in the Lab setting.

II. Determination of Course Grade: The overall grade for this course is based on evaluation and feedback from preceptors and patient documentation reviewed by the instructor. The preceptor will be evaluating the student's psychomotor and affective behavior domains according to the following rankings:

- "Good" – exceeds all expectations & works independently = 2
- "Fair" – meets minimum expectations, but requires some assistance = 1
- "Needs Improvement" – fails to meet the minimum expectations = 0

Evaluations will be scored based on an average of the total points available, and at least 75% overall is required to be considered passing. Any category marked as "Needs Improvement" will require remediation and ongoing faculty support and monitoring to ensure the student meets program minimal competency requirements.

Grade Ranges for Mid-Term, all pre-clinical requirements must be completed, and the grade will be calculated using the following rubric:

- "A" All requirements are completed on time.
- "B" 1 – 3 requirements are not met.
- "C" 3 – 5 requirements are not met.
- "D" More than 5 requirements are not met.
- "F" See #1 - 3 listed above.

Didactic or practical reasons for not being released for the National Registry exam are listed below:

- **Overall grade average below 75%.**
- Repeated failure of skills or unsafe practice.
- Failure to complete all the required clinical hours and/or patient encounters.

III. Behavior in class: See the EMSP Policies and Procedures for clinical rotation.

Illness Policy

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4° F or higher). You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
 2. You have not had a fever (and are not using fever-reducing medication).
- When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Certain uncontrollable factors may limit student access to specific areas and/or patient populations in the hospital and/or EMS settings. When sufficient numbers of “live” patient encounters are not possible; these will be simulated in a laboratory environment by utilizing case studies and/or instructor directed scenarios. Other delivery models could be deployed, including virtual sessions conducted via an online learning management system. The use of these various educational modalities will help to ensure student engagement and their ability to meet all core course objectives.

ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodation for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student’s responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook. Here are the steps for students to request accommodation. **Note:** The student must be enrolled in classes before they submit their request.

1. Have the student log-in to **MyPJC**.
2. Click on the **Student** tab at the top of the page.
3. On left side, click on **Reports and Forms**.
4. Find **Request for Accommodations Form** under Forms.
5. The student should complete the form and attach documentation (or the student may email their documentation to ahoskins@parisjc.edu).
6. The student should select (check mark) each class for which they want an accommodation letter to be sent to the instructor.

Once the PJC Accommodations office receives the student’s request and documentation, we will review and either approve the request or contact the student about their request. When the request is approved, an accommodation letter will automatically be sent out to each instructor (as instructed by the student in their request) via email as well as to PJC’s Testing Center.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023. If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC’s Counseling Center or by email (advising@parisjc.edu) and in the community.

Other Requirements

All students enrolled in EMSP 1160 must be concurrently registered in EMSP 1501. **For students to attend off-campus clinical and field experiences, they must maintain a passing average of 75% in the EMSP 1501 course.** To receive a course completion and be eligible for the National Registry Examination, all requirements for both courses must be met. **Read this syllabus carefully** and print a copy for future reference. **This syllabus is considered the ruling document when questions arise.** The syllabus, schedule, policies, procedures, and assignments in this course are subject to change in the event of extenuating circumstances. Any changes to the course syllabus, class outline or schedule will be communicated to the students via PJC Blackboard course notifications and student Dragon Mail. If you have questions or need assistance, please contact any of the following:

- James Smith, EMT Instructor, 903-782-0750
- Heath Thomas, EMSP Coordinator, 903-782-0735

Paris Junior College

EMSP 1160.40A0 EMT-BASIC Fall 2026

Instructor: James Smith Meeting Location: Clinical and Field Sites
Office: WTC 1014 Meeting Days: TBD
Phone: 903-782-0750 Meeting Times: TBD
Email: james.smith@parisjc.edu
Office Hours: As posted and by appointment as needed.

Course Description

Course Number: EMSP 1160.40A0
Course Title: EMT-Basic
Course Length: 16 Weeks
Clinical Hours: 64 hours EMS (MICU) with 8 emergency runs
24 hours ER
8 hours labor and delivery (may be simulated)
* At least 8 total patient encounters must be documented.

Required Course Material

The student will be granted access to the Platinum Planner online product to schedule and document clinical/field shifts. Instructions will be posted on the PJC Blackboard course.

Clinical Uniform: A green polo shirt (purchased through program approved vendor), navy or black pants (EMS pants are acceptable); black belt and shoes/boots; student clinical ID; stethoscope; pen light; scissors; any deviation from clinical uniform is unacceptable.

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Important Due Dates

The PJC Health Occupations medical physical form, all required immunizations and a notarized waiver form must be completed and uploaded to the designated PJC website location during the first two weeks of class. Any pre-clinical requirements not done by this date could result in the student being unable to attend certain clinical locations and/or successfully complete the EMSP 1160 course on time. An American Heart Association Health Care Provider CPR card must be obtained before starting clinicals; more instructions and options for obtaining this credential will be available on the PJC Blackboard course. Withdrawals must be initiated by the student. **The last day for a student to withdraw from this course with a grade of "W" is November 12, 2026.**

Official Student Email Policy

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence, including notices of academic status, financial aid, billing, registration, and campus alerts, will be sent to the student's PJC email account. Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not responsible for missed communications due to a student's failure to check their official email account.

Catalog Description: EMSP 1160 – one (1) credit hour. A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Clinical experiences are unpaid external learning experiences. Courses may be repeated if topics and learning outcomes vary. A total of ninety-six (96) clinical and field hours shall be completed in the emergency department, labor and delivery, and mobile intensive care unit.

Learning Outcomes:

Upon completion of the program, the graduate will:

- Demonstrate competency and the knowledge to recognize and care for a medical emergency.
- Demonstrate competency and the knowledge to recognize and care for a trauma emergency.
- Demonstrate competency to function as an entry-level pre-hospital provider at the EMT level.

Program Objectives:

1. Upon completion of the program, the graduate will recognize the nature and seriousness of a patient's condition or extent of injuries to assess requirements for emergency medical care.
2. Upon completion of the program, the graduate will administer appropriate emergency medical care based on assessment findings of a patient's condition.
3. Upon completion of the program, the graduate will lift, move, position and otherwise handle the patient to minimize discomfort and prevent further injury.
4. Upon completion of the program, the graduate will perform safely and effectively the expectations of the job description.
5. Upon completion of the program, the graduate will demonstrate appropriate documentation of all required aspects of an EMS run.
6. Upon completion of the program, the graduate will demonstrate personal behavior and attitudes consistent with employer expectations and professional standards.
7. Upon completion of the program, the graduate will demonstrate familiarity with all certifications, licensing and governing agencies of the EMS profession.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action such as dismissal from the college. These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.

Scholastic Dishonesty:

“Scholastic dishonesty” shall include, but not be limited to, cheating, plagiarism, and collusion. “Cheating” shall include, but not be limited to:

1. Copying from another student’s test or class work.
2. Using test materials not authorized by the person administering the test.
3. Collaborating with or seeking aid from another student during a test without permission from the test administrator.
4. Knowingly using, buying, selling, stealing, or soliciting, in whole or in part, the contents of an un-administered test, paper, or another assignment.
5. The unauthorized transporting or removal, in whole or in part, of the contents of the un-administered test.
6. Substituting for another student, or permitting another student to substitute for oneself, to take a test.
7. Bribing another person to obtain an un-administered test or information about an un-administered test.
8. Manipulating a test, assignment, or final course grade.

“Plagiarism” shall be defined as the appropriating, buying, receiving as a gift, or obtaining by any means another’s work and the unacknowledged submission or incorporation of it in one’s own written work.

“Collusion” shall be defined as the unauthorized collaboration with another person in preparing written work for fulfillment of course requirements. Students are required to adhere to all Paris Junior College’s policies and procedures. Policies and procedures are in the Student Handbook which is available in both paper and electronic format. Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

Use of Artificial Intelligence (AI) for Course Work

EMSP Courses will not restrict the use of Artificial Intelligence software or programs for assistance with course work. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty. AI programs will not be allowed during testing at any point in all EMSP classes.

Conduct of Course

I. Teaching Methods:

- A. Skills demonstrations, practice and evaluations will be conducted in the Lab settings during the EMSP 1501 class sessions under the direct supervision of EMSP Faculty and/or Adjunct Skills Lab Instructors.
- B. Skills can only be performed in the Clinical and/or Field settings after the student has previously demonstrated the ability to safely and proficiently perform them in the Lab setting.

II. Determination of Course Grade: The overall grade for this course is based on evaluation and feedback from preceptors and patient documentation reviewed by the instructor. The preceptor will be evaluating the student's psychomotor and affective behavior domains according to the following rankings:

- "Good" – exceeds all expectations & works independently = 2
- "Fair" – meets minimum expectations, but requires some assistance = 1
- "Needs Improvement" – fails to meet the minimum expectations = 0

Evaluations will be scored based on an average of the total points available, and at least 75% overall is required to be considered passing. Any category marked as "Needs Improvement" will require remediation and ongoing faculty support and monitoring to ensure the student meets program minimal competency requirements.

Grade Ranges for Mid-Term, all pre-clinical requirements must be completed, and the grade will be calculated using the following rubric:

- "A" All requirements are completed on time.
- "B" 1 – 3 requirements are not met.
- "C" 3 – 5 requirements are not met.
- "D" More than 5 requirements are not met.
- "F" See #1 - 3 listed above.

Didactic or practical reasons for not being released for the National Registry exam are listed below:

- **Overall grade average below 75%.**
- Repeated failure of skills or unsafe practice.
- Failure to complete all the required clinical hours and/or patient encounters.

III. Behavior in class: See the EMSP Policies and Procedures for clinical rotation.

Illness Policy

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4° F or higher). You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
 2. You have not had a fever (and are not using fever-reducing medication).
- When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Certain uncontrollable factors may limit student access to specific areas and/or patient populations in the hospital and/or EMS settings. When sufficient numbers of “live” patient encounters are not possible; these will be simulated in a laboratory environment by utilizing case studies and/or instructor directed scenarios. Other delivery models could be deployed, including virtual sessions conducted via an online learning management system. The use of these various educational modalities will help to ensure student engagement and their ability to meet all core course objectives.

ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodation for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student’s responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook. Here are the steps for students to request accommodation. **Note:** The student must be enrolled in classes before they submit their request.

1. Have the student log-in to **MyPJC**.
2. Click on the **Student** tab at the top of the page.
3. On left side, click on **Reports and Forms**.
4. Find **Request for Accommodations Form** under Forms.
5. The student should complete the form and attach documentation (or the student may email their documentation to ahoskins@parisjc.edu).
6. The student should select (check mark) each class for which they want an accommodation letter to be sent to the instructor.

Once the PJC Accommodations office receives the student’s request and documentation, we will review and either approve the request or contact the student about their request. When the request is approved, an accommodation letter will automatically be sent out to each instructor (as instructed by the student in their request) via email as well as to PJC’s Testing Center.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023. If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC’s Counseling Center or by email (advising@parisjc.edu) and in the community.

Other Requirements

All students enrolled in EMSP 1160 must be concurrently registered in EMSP 1501. **For students to attend off-campus clinical and field experiences, they must maintain a passing average of 75% in the EMSP 1501 course.** To receive a course completion and be eligible for the National Registry Examination, all requirements for both courses must be met. **Read this syllabus carefully** and print a copy for future reference. **This syllabus is considered the ruling document when questions arise.** The syllabus, schedule, policies, procedures, and assignments in this course are subject to change in the event of extenuating circumstances. Any changes to the course syllabus, class outline or schedule will be communicated to the students via PJC Blackboard course notifications and student Dragon Mail. If you have questions or need assistance, please contact any of the following:

- James Smith, EMT Instructor, 903-782-0750
- Heath Thomas, EMSP Coordinator, 903-782-0735

EMSP 1161.10C0
Clinical – Emergency Medical Technology/Technician
Flex B Fall 2026

Instructor:	Heath Thomas	Meeting Location:	Clinical Sites
Office:	WTC 1012	Meeting Days	Variable
Phone:	903.782.0735	Meeting Times:	As scheduled
Email:	hthomas@parisjc.edu		
Office Hours:	Lab/and by Appointment		

Course Description:

A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

Credits: SCH = 1.0.5

TSI Requirement: NONE

Prerequisite(s): EMSP 1501, EMSP 1160, EMSP 1438, EMSP 1356

Required Textbook(s) and Materials:

- Platinum Planner Access

You should have a tablet with a keyboard or a small laptop for this program. These devices will be used to enter your skills and clinical experiences and record your lab practice and requirements. Phones can be used, but they should be used with prudence. Refer to the policies section for cellphone usage policies.

- Program Pulsara Access

Clinical Uniform

- Green PJC EMS Polo Shirt
- Official PJC EMS T-Shirt
- Dark Blue or Black EMS Pants (BDUs are acceptable DENIM IS NOT)
- Black Belt
- Black polishable closed-toe shoes/boots
- PJC Student Name Badge (Must be worn at all times while at clinical sites)
 - Must be secured between the shoulder and belly button with visible name.

Recommended Materials

- Stethoscope
- Penlight
- Manual BP Cuff

Course Goals and Objectives:

- Apply the theory, concepts, and skills involving specialized materials, tools, equipment, procedures, regulations, laws, and interactions within and around political, economic, environmental, social, and legal systems associated with the occupation and the business/industry.
- Demonstrate legal and ethical behavior, safety practices, interpersonal and teamwork skills, and appropriate written and verbal communication skills using the terminology of the occupation and the business/industry.

Course Schedule:

Students will be released to schedule clinical rotations after they have completed the following Peer-to-Peer and Instructor skills evaluations and completed the clinical site orientations:

Refer to the program handbook for details on scheduling clinical hours.

Basic Skills Verification

All students must complete an AHA BLS renewal course during the program's first week. Successful completion of this renewal course will verify the following essential skills:

Students who receive their EMT-Basic Certification within one (1) year of starting the paramedic program will have the opportunity to verify their remaining basic skills, including five basic skills, through a single simulation.

Students who received their EMT-basic Certification more than (1) year before the start of the paramedic program or those who are unsuccessful in the verification as defined above will be required to complete a successful instructor evaluation on all EMT-basic skills.

Advanced Skills for Clinical Release

Students will have completed at minimum the following skills during EMSP 1338/1438 and/or EMSP 1356:

- ☐ Direct orotracheal Intubation of the adult and pediatric patient
- ☐ Nasotracheal Intubation of the adult patient
- ☐ Supraglottic Airway Device Adult and pediatric patient
- ☐ CPAP and PEEP
- ☐ Trauma Endotracheal Intubation
- ☐ Pleural Decompression
- ☐ Adult Trauma physical Assessment
- ☐ Adult and Child Comprehensive Physical Assessment Techniques
- ☐ Intravenous Therapy
- ☐ IV Bolus Medication Administration
- ☐ IV Piggyback Infusions
- ☐ Interosseous Infusions
- ☐ Intramuscular, Subcutaneous, and Intranasal Medication Administration
- ☐ Glucometer
- ☐ Needle and Surgical Cricothyrotomy
- ☐ Nasogastric Decompression
- ☐ Finger Thoracotomy

Minimum Required Course Clinical and Field Hours

Students will be required to complete at minimum the following clinical hours by the end of the semester once released.

- ❖ Fall is a good time to look for pediatric age patients.

Clinical Experience Skills Goals

25	• Establish IV Access
2	• Administer IV Infusion Medication
2	• Administer IV Bolus Medication
2	• Administer IM Injection
10	• Perform PPV with BVM
10	• Oraltracheal Intubation
2	• Endotracheal suctioning
2	• Establish IO Access
10	• Insert Supraglottic Airway

Course Requirements and Evaluation:

Students must maintain a minimum grade of “C” or better in all co-requisite courses to remain eligible to attend clinical rotations.

All Students will be expected to fully participate in all laboratory and clinical requirements for successful completion of the course. Course grade will be based on successful attendance and completion of requirements for both Clinical and Laboratory skills, and requirements.

Good behavior is always expected in the classroom. Unprofessional behavior will not be tolerated (Ex. talking, excessive cursing, sexual remarks.) Students or instructors will not tolerate sexual harassment. Racial and ethnic slurs will not be tolerated.

REQUIRED ACTIVITY:

All students must complete the FIrts Assignment located in the “Course Content” section of blackboard by 11:59 P.M. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

COURSE GRADING RUBRIC

Grade for this clinical course will be determined by the following:

Grade	Required Conditions to Meet or complete	Clarification
C	40 hours Emergency Department Hours	
	8 hours Operating Room Hours	Must have a minimum of 10 Live intubations
	48 hours Ambulance (Field) Rotations	
	Less than 10% shifts with late documentation	Shifts submitted more than 24 hours after shift completion
	No Missed Evaluations	- Preceptor - Site
B	40 hours Emergency Department Hours	
	8 hours Operating Room Hours	Minimum of 10 Live Intubations
	48 hours Ambulance (Field) Rotations	
	Less than 5% shifts with late documentation	Shifts locked less than 24 hours after shift completion
	No Missed Evaluations	- Preceptor - Site (by Dept./Base)
	Preceptor Evaluations of Student 80% or greater average	- Platinum clinical evaluation - Platinum Affective Behavior evaluation
A	40 hours Emergency Department Hours	All Subcutaneous and IM objectives completed
	8 hours Operating Room Hours	Minimum of 10 Live Intubations
	48 hours Ambulance (Field) Rotations	
	No shifts with late documentation	
	No Missed Evaluations	- Preceptor - Site (by Dept./Base) - Preceptor evaluation of the student - Behavioral Evaluation of Student
	Preceptor evaluations of Student 90% or greater average	

- If the minimum requirements for a grade of C are not met by the end of the scheduled semester, the student will receive a grade of F.
- Students not completing clinical hours on time will receive a full letter grade deduction in their overall course grade.

Course Policies

ATTENDANCE POLICY

Students will attend all scheduled clinical, field, and laboratory hours. Failure to attend scheduled hours without notification and permission from the course instructor or clinical coordinator will result in failure of the course.

PENALTIES FOR LATE WORK

Students' clinical documentation submitted 24 hours or more after the clinical shift will not receive credit for those hours and skills unless approved by the Instructor or Program director.

LEAVING CLINICAL SITES

Students must remain at the clinical site for the duration of their shift. Leaving for lunch or breaks is not permitted.

DOCUMENTATION REVISION REQUESTS

Students who find errors in their clinical, field, or laboratory documentation can request a revision. If this request is made after the preceptor has reviewed the documentation, it will require scheduling an appointment with the clinical coordinator or course instructor.

SOCIAL MEDIA POLICY

Students should review the social media policy listed in course documents on Blackboard.

TATOO POLICY

This is for students with visible tattoos when wearing the standard clinical uniform. A long-sleeved undershirt that covers all upper extremity tattoos should be worn. This is to meet the requirements of many of your clinical site policies. NO exceptions will be made to this policy. Failure to comply with this policy will result in probationary program status and up to expulsion and failure of the course.

JEWELRY POLICY

Limited jewelry will be allowed during clinical rotations. Acceptable jewelry includes wedding bands and stud earrings. No dangling earrings, nose, tongue, or other facial piercings will be permitted at clinical sites. There is NO EXCEPTION TO THIS Policy due to safety concerns.

CLINICAL AND FIELD SKILLS PERFORMANCE

Students can practice any skill or competency for which they have received clearance through instructor evaluation or clinical coordinator clearance. Students should not perform **ANY** skill for which he/she has not been cleared for live patient contact by the clinical coordinator or course instructor unless under the direct supervision of a physician.

CLINICAL EXTENSIONS

Students seeking coursework extensions can do so by scheduling a meeting with the program director and course instructor. The student is responsible for presenting compelling evidence as to the need for the extension. Extensions will be granted on a case-by-case basis and at the sole discretion of the program director and course instructor.

An extension will only be granted for 15 days after the official close of the semester. If the minimum hours from the previous semester have not been completed by this time, an “F” will be issued for the course.

Artificial intelligence (AI) tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Exception to AI tool usage, students will not be permitted to utilize AI for narrative construction of real-world patients during clinical and field rotations unless such tool can be verified to meet the legal and ethical requirements for HIPPA.

FACIAL HAIR POLICY

Based on the requirements of our clinical affiliations, facial hair must comply with the current CDC guidelines for facial hair and healthcare providers.

Official Student Email Policy

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence—including notices of academic status, financial aid, billing, registration, and campus alerts—will be sent to the student’s PJC email account. Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not responsible for missed communications due to a student’s failure to check their official email account.

Class Attendance:

Class attendance is critical for the successful completion of this course. *For online courses, students must complete work in a timely manner and follow due dates.* Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of “W” is October 1st.

Students will attend all scheduled clinical, field and laboratory hours. Failure to attend scheduled hours without notification and permission from the course instructor or clinical coordinator will result in failure of the course.

Students will use the clock-in and clock-out feature provided by Platinum planner to identify when they arrive at and depart clinical sites.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Laptops and tablets are permitted and encouraged for note-taking, and they will be required for completing clinical documentation.

Cell phone can be utilized for this process. There is a mobile app for Platinum Planner that makes the clinical and field experience a little smoother. Phones are not to be used in patient care area, and students will follow clinical and field site policies on their use while on shift.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavors to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.**

Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination, may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Insert how the students will be notified of a change. (Blackboard, student email, etc.)

Course Description:

Discussion, Demonstration, and driving range practice. Addresses the operation of vehicles in emergency and non-emergency modes.

Credits: SCH = 2

TSI Requirement: None

Prerequisite(s): None

Required Textbook(s) and Materials:

- *EVOS: EMS Vehicle Operator Safety eBook: 9781284291797*

Course Goals and Objectives:

- Identify factors that affect the driving task,
- Utilize navigational aids to select routes,
- Demonstrate safe operations and recovery of the emergency vehicle.
- Demonstrate safe operations on emergency scenes.
- Demonstrate standard vehicle maintenance and check-offs.

National EMS Education Standards

Course Requirements and Evaluation:**General Course Requirements and Evaluation**

<u>Course Grade</u>	<u>Requirements</u>
<u>A</u>	<u>Weighted Average of 90% or greater</u>
<u>B</u>	<u>Weighted Average of 85-90%</u>
<u>C*</u>	<u>Weighted Average of 80-85%</u>
<u>D</u>	<u>Weighted Average of 70-79%</u>

<u>F</u>	<u>Weighted Average of 69% or less</u>
-----------------	---

***A minimum grade of “C” is required to advance to the advanced level of the PJC EMS Education Programs.**

Course Work Weighted Percentages

Golden Nuggets (Discussion Post) Grading Rubric

Grade	Requirements
100	- Primary Post – Minimum of 25 words discussing something you learned, was made more clear or that you found interesting
	- Reply to another students post – 25 words in agreement or disagreement on another students post
0	- Failure to meet any of above criteria

EXAM Grades

All Exams will be graded based on a cut score of 75.

Cut Score Formulas:

- Raw Score below Cut Score : (Raw Score X Passing Grade) / Cut Score
- Raw score above Cut Score: ((Raw Score – Cut Score) divided by (1 minus Cut Score) multiplied by (1 minus Passing Grade)) plus the Passing Percentage

NAEMT EVOS CARD COURSE COMPLETION

This course offers the option for students to obtain their NAEMT EVOS Card. Students must complete any additional course work as provided in the course for EVOS, and successfully complete a one-day driving course. Date and time of driving course will be determined during the semester.

Course Policies

- **Student-Instructor Communications:**
 - o All official and primary communication should be made through your PJC dragon mail or college phone system.
- **Re-Takes:**
 - o If a student unsuccessfully meets the minimum passing grade requirement of an assignment or exam, they may attempt a second evaluation. Students must show proof of remediation before the retake. At a minimum, remediation will be a hand-written corrections sheet of all items missed and the location where the corrections were found. Failure to achieve the required 70% on the retake exam will fail in the course.
- **Artificial intelligence (AI)** tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.
-
- **Official Student Email Policy**
 - o Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence—including notices of academic status, financial aid, billing, registration, and campus alerts—will be sent to the student's PJC email account.
 - o Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not responsible for missed communications due to a student's failure to check their official email account.

Class Attendance:

Participation requirement: All students must complete the Syllabus assignment before the semester's official reporting date or they will be dropped from the course for non-participation.

Class attendance is critical for the successful completion of this course. *For online courses, students must complete their work on time and adhere to due dates.* The student must initiate withdrawals. The last day for a student to withdraw from a course with a grade of "W" is October 1st, 2026.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavors to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through activities such as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action, including dismissal from the college. *These students will immediately receive a score of zero on the exam/assignment in question, with no possibility of makeup work, and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.*

ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals with disabilities who are students. This College will adhere to all applicable federal, State, and local laws, regulations, and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have symptoms of a respiratory virus that cannot be explained by another cause. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC’s Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

EMSP 1271.20E0 FAF1
EMS Documentation
Fall 2026

Instructor(s):	James Smith	Meeting Location:	Online
Office:	WTC 1014	Meeting Days:	08/24/2026 – 10/15/2026
Office Phone:	903.782.0750	Meeting Times:	Online
Email:	jamesmith@parisjc.edu	Refer to the Blackboard Course on the PJC website for assignment deadlines.	
Office Hours:	By Appointment		

Course Description:

This course is designed to describe and demonstrate what minimum content should be included in all types of emergency medical service patient care reports, including patient care reports, patient refusal reports and no contact reports; the legal and financial requirements of documentation as well as information needed for quality improvement processes.

Prerequisite(s): None

Required Materials:

- Computer & Internet access
- Microsoft Word & Adobe Reader
- Either of the following are **optional resources** for this course:
 - Standalone Virtual Patient Cases (ISBN9781284237344)
 - JB Learning access for EMSP 1501 or EMSP 1438

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Course Goals and Objectives:

By the end of this course students should be able to:

1. Demonstrate proper procedures to record patient findings.
2. Apply comprehensive knowledge of the principles of medical documentation and report writing.
3. Demonstrate skill in preparing patient care documents to support medical necessity.
4. Communicate effectively with other healthcare professionals in team environments including cohesive and organized patient hand-offs.
5. Demonstrate basic knowledge and skill using telemetric monitoring devices and transmission of clinical data including video data.
6. Demonstrate fundamental understanding of grammar through proper use of sentence structure, punctuation, and abbreviation usage.

You will be required to access your course through a web browser and download and upload assignments in Microsoft Word and Adobe formats.

For helpful links and information about Free Microsoft Office for Student use this link or enter <https://www.parisjc.edu/technology/pjc-it-checklist.php-2022-2027-qep/> into your preferred web browser.

Course Schedule:

This is an online course provided in an 8-week flex term. Each week, there will be assignments and/or tasks with posted deadlines.

Week	Subject	Primary Assignments
1	The EMS Documentation Framework	Activities & Discussion Board Posts
2	Medical Terminology - Part 1	Activities & Discussion Board Posts
3	Medical Terminology - Part 2	Activities & Discussion Board Posts
4	Clinical Narratives - Part 1	Activities & Discussion Board Posts Mid-Term due 9/16/2026 @ 2359
5	Clinical Narratives - Part 2	Activities & Discussion Board Posts
6	Consent, Refusals, and Special Situations	Activities & Discussion Board Posts
7	Clinical Reimbursement & Documenting Medical Necessity	Activities & Discussion Board Posts
8	Signatures and Final Evaluations	Activities & Discussion Board Posts Final Exam due 10/14/2026 @ 2359

Course Requirements and Evaluation:

Course Grade

A

B

C*

D

F

Requirements

Weighted Average of 90% or greater

Weighted Average of 85-90%

Weighted Average of 80-85%

Weighted Average of 70-79%

Weighted Average of 69% or less

****A grade of "C" or higher is required to show success in this course and move onto the next portions of the program.***

GRADING FORMULA

- Written assignments will be scored according to the required content and the use of proper grammar, punctuation and spelling.
- All Exams will be graded based on a cut score of 75%.
- Grade distributions:

Course Policies:

- **Official Student Email Policy:** Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence, including notices of academic status, financial aid, billing, registration, and campus alerts, will be sent to the student's PJC email account. Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not responsible for missed communications due to a student's failure to check their official email account.
- **Weekly Assignment Deadlines** - Any assignments not completed by the posted deadline will result in a ZERO (0) recorded in the grade book.
- **Late Work Submission or Make-Up Exams** - Will only be allowed after consultation with your instructor and will result in a 10-point, late-grade penalty.

Class Attendance:

Class attendance is critical for the successful completion of this course. *For online courses, students must complete work in a timely manner and follow due dates.* Withdrawals must be initiated by the student. **The last day for a student to withdraw from this course with a grade of "W" is October 1, 2026.**

Class Conduct:

You must complete written assignments and post comments with other class members on a Discussion board. No unprofessional or obscene/vulgar language will be permitted in the online classroom environment. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

Use of Artificial Intelligence (AI) for Course Work:

EMSP Courses will not restrict the use of Artificial Intelligence software or programs for assistance with course work. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty. AI programs will not be allowed during testing at any point in all EMSP classes.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodation for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook. Here are the steps for students to request accommodation. **Note:** The student must be enrolled in classes before they submit their request.

1. Have the student log-in to **MyPJC**.
2. Click on the **Student** tab at the top of the page.
3. On left side, click on **Reports and Forms**.
4. Find **Request for Accommodations Form** under Forms.
5. The student should complete the form and attach documentation (or the student may

email their documentation to ahoskins@parisjc.edu).

6. The student should select (check mark) each class for which they want an accommodation letter to be sent to the instructor.

Once the PJC Accommodations office receives the student's request and documentation, we will review and either approve the request or contact the student about their request. When the request is approved, an accommodation letter will automatically be sent out to each instructor (as instructed by the student in their request) via email as well as to PJC's Testing Center.

EMSP 1338.10B0
Introduction to Advanced Practice
Fall Flex A 2026

Instructor:	Heath Thomas	Meeting Location:	WTC 1000
Office:	WTC 1012	Meeting Days:	MR
Phone:	903.782.0735	Meeting Times:	0830-1730
Email:	hthomas@parisjc.edu		
Office Hours:	By Appointment		

Course Description:

Fundamental elements associated with emergency medical services include preparatory practices, pathophysiology, medication administration, and related topics.

Credits: SCH = 3 lectures and 2 laboratory hours per week, from the approved course list.

TSI requirement: Required

Prerequisites: EMSP 1501, EMSP 1160, EMSP 1280, EMSP 1271

Required Textbook(s) and Materials:

Nancy Caroline's Emergency Care in the Streets 9e Digital Access Only; ISBN 9781284256833

Access to Platinum Planner and Platinum Testing (provided through student fees)

Class Uniform:

- Official PJC EMS t-shirts or official green PJC EMS polo shirt
- Dark blue or black EMS pants (BTUs are acceptable; Denim Is Not)
- Black belt
- Black Polishable closed-toe boots/shoes
- PJC student name badge
- Students coming off shift may wear their agency uniform in lieu of the class uniform on those days if they choose.

Recommended Materials:

- Stethoscope
- Penlight
- Manual BP Cuff

Course Goals and Objectives:

Upon completion of the course, the graduate will:

- Describe the roles and responsibilities of advanced EMS personnel within the EMS System.
- Apply Concepts of pathophysiology and pharmacology to the assessment and management of emergency patients.
- Administer medications, employ effective communication, interpret medical/legal issues, demonstrate ethical behaviors, and discuss the wellbeing of the paramedic.

Course Schedule

- Week 1: EMS Systems, Roles, Responsibilities, and Workforce Safety.
- Week 2: Ethics, Medical-Legal Issues, Communication
- Week 3: Anatomy/Physiology/Pathophysiology
- Week 4: Anatomy/Physiology/Pathophysiology
- Week 5: Anatomy/Physiology/Pathophysiology
- Week 6: Anatomy/Physiology/Pathophysiology
- Week 7: Simulation Lab
- Week 8: Final Exam

Course Requirements and Evaluation

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Lab Skill Requirements

Basic Skill Verification—Students who received their EMT Basic certification within the year before the start of the program will be verified based on certification. Students who were certified more than one year before the start of the Paramedic program will be required to complete a selected set of 5 BLS Skills to verify competency. Failure of any one skill will require evaluation of all BLS skills.

For successful completion, the following chart provides the minimum peer-to-peer and instructor-evaluated skills for this course:

<u>Skill/Scenario</u>	Peer	Instructor
Intravenous Therapy	2	1
Intravenous Bolus Medication Administration	2	1
Intravenous Piggyback Medication	2	1
Intramuscular Medication Administration	2	1
Subcutaneous Medication Administration	2	1
Intraosseous Access	2	2

Table 1 This table represents the minimum number of successful evaluations for each skill in each category. Students may have higher numbers due to needed practice prior to evaluations.

Course Grade Cut Offs

<u>Course Grade</u>	<u>Requirements</u>
<u>A</u>	<u>Weighted Average of 90% or greater</u>

<u>B</u>	<u>Weighted Average of 85-90%</u>
<u>C*</u>	<u>Weighted Average of 80-85%</u>
<u>D</u>	<u>Weighted Average of 70-79%</u>
<u>F</u>	<u>Weighted Average of 69% or less</u>

- A grade of “C” or higher is required to show success in this course and move onto the next portions of the program

Weighted Percentages

Exams

Students will have a maximum of two (2) attempts on each major (high stakes) exam. Second attempts will only be offered to students who have not been successful on the first attempt.

Second attempt exams will receive a maximum grade of 75% recorded in the student's record.

Exam Grade Calculations

All exams will be graded based on cut score calculations. Exam grades must be 75% or greater to be considered passing.

Cut Score Formulas:

- Raw Score below Cut Score : (Raw Score – Cut Score) divided by (1 minus Cut Score)

EMSP 1338.10B0 2026FlexA

- Raw Score above Cut Score: (Raw Score – Cut Score) divided by (1 minus Cut Score) multiplied by (1 minus Passing Grade)) plus the Passing Percentage

Passing Score will be equal to 70% on all exams

Cut Score will be equal to 75% on all exams.

Release for National Registry Testing

Course reasons for not being released for the National Registry exam are:

1. Overall course grade below “C” requirements
2. Repeated failure of skills with or without remediation
3. Failure of any retest
4. Not meeting attendance requirements.

Course Policies:

1. 80% Policy
 - a. In order for students to be allowed at a clinical site they must maintain all grade “C” requirements for all paramedic, co-requisite courses.
2. Attendance Policy:
 - a. Students should attend all scheduled course days.
 - b. Attendance will be maintained by the student clocking into class using a provided daily QR code.
 - c. Class days are scheduled from 8:30 am to 5 pm. Be prepared to be present for the entirety of the class. **DO NOT** schedule things during class time without prior permission.
 - d. There are no excused or unexcused absences for this course. You are allowed to miss up to 15% (9.6 hours) of the total scheduled hours for this course. Missing more than 15% of the planned hours will result in disciplinary action up to and including not being released for the national registry exam and/or course failure.

- i. Missed time beyond 15% can be appealed to the EMS Program director by providing evidence of why an exception should be made.
 - ii. The evidence will be reviewed, and a decision will be made. If the extension is approved, the student will enter probationary status.
- e. Social Media Policy:
 - i. Students should review the social media policy listed in course documents on Blackboard.
- f. Sexual Harassment:
 - i. This is a NO TOLLERANCE policy. Any student engaging in or participating in any form of sexual harassment will be removed from the program.
- g. Foul Language Policy:
 - i. Students will refrain from excessive or explicit forms of foul or inappropriate language while representing Paris Junior College and/or this program.
- h. Instructor Respect Policy:
 - i. All students will address all instructors, professors, adjunct instructors and other staff by their appropriate title (i.e. Mr., Ms., Mrs., Dr.) and last name when representing Paris Junior College or the PJC EMS program.
- i. Communications Policy:
 - i. Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence—including notices of academic status, financial aid, billing, registration, and campus alerts—will be sent to the student's PJC email account.
 - ii. Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College cannot be responsible for missed

communications due to a student's failure to check their official email account.

Artificial intelligence (AI) tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Exemption to AI usage, students will not utilize AI for creation or editing of patient information; this includes narratives unless such AI program can be verified to exceed local, state, and federal standards to protect patient information.

College Class Attendance/Withdrawal:

Class attendance is critical for the successful completion of this course. For online courses students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is October 1st.

College Class Conduct:

Please turn off and put away all cell phones, pagers, iPods, headphones, except for a period before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the student conduct policy as listed in the student handbook.

Exceptions will be given when phones are used for live quizzes. When the quizzes are completed for the day, this exception will be removed.

Good behavior is expected at all times in the classroom (we're all adults). Unprofessional behavior will not be tolerated (i.e. Talking, excessive cursing, sexual remarks) sexual harassment will not be tolerated by students or instructors. Racial and ethnic slurs will not be tolerated. You respect the instructors of this class and they will respect you.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4 F or higher).

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wear a mask, and physical distancing comma if possible, when you will be around other people indoors.

College Academic Honesty"

In pursuit of learning, his expected as students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty for such activities as cheating on exams, plagiarism, or collusion with others will be referred to the vice president student access and success for disciplinary action such as dismissal from the college. *These students will immediately receive a score to zero on the exam/assignment in question with no*

possibility of makeup work and will forego the right receiving any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.

Students found guilty of academic dishonesty will not be released to test the national registry exam.

College ADA Statement:

It is the policy of Paris junior college to provide reasonable accommodations for qualified individuals who were students with disabilities. The college will adhere to all applicable Federal, state and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with the college's success coach in the advising and counseling center to obtain a request for accommodations form. Please refer to the Paris Junior College catalog or student handbook for more information.

Syllabus Subject to Change:

This syllabus is subject to change during the semester. Students will be notified through the course's blackboard announcements, and the PJC student's email should a change become necessary.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC’s Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

EMSP 1355.165
Trauma Management
Fall 2nd 8-Week Flex 2026

Instructor: Heath Thomas
Office: WTC 1012
Phone: 903.782.0735
Email: hthomas@parisjc.edu
Office Hours: By Appointment

Meeting Location: WTC 1000/1022
Meeting Days: MR
Meeting Times: 08:30-1700

Course Description:

Knowledge and skills in the assessment and management of patients with traumatic injuries.

Credits: SCH 3.2.3

TSI Requirement: Required

Prerequisite(s): EMSP 1338

Required Textbook(s) and Materials:

- Nancy Caroline's Emergency Care in the Streets 9th Edition;
- NAEMT Prehospital Trauma Life Support, 9th Edition; eBook ISBN 9781284171426
- Platinum Planner Access

Course Goals and Objectives:

CAAHEP Standard II.C. Minimum Expectation

“To prepare competent entry-level Paramedics in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains with or without exit points at the Advanced Emergency Medical Technician and/or Emergency Medical Technician, and/or Emergency Medical Responder levels.”

National EMS Education Standard Competencies

Paramedic	
Trauma	Integrates knowledge of causes and pathophysiology into the management of cardiac arrest and peri-arrest states.
Trauma Overview (Include psychosocial aspects of age-related assessment and treatment modifications for the major or common diseases and/or emergencies associated with pediatric and geriatric patients)	• Trauma scoring (C,C) • Transport and destination issues (C,C) • Transport mode (F,F)

Abdominal and Genitourinary Trauma (Include psychosocial aspects of age-related assessment and treatment modifications for the major or common diseases and/or emergencies associated with pediatric and geriatric patients)	• Blunt versus penetrating mechanisms (F,F) • Evisceration (S,S) • Impaled object (S,S) • Solid and hollow organ injuries (F,F) • Injuries to the internal or external genitalia (F,F) • Vascular injury (F,F) • Retroperitoneal injuries (F,F)
Bleeding (Include psychosocial aspects of age-related assessment and treatment modifications for the major or common diseases and/or emergencies associated with pediatric and geriatric patients)	• Bleeding (F,F) • Fluid resuscitation (C,C)
Chest Trauma (Include psychosocial aspects of age-related assessment and treatment modifications for the major or common diseases and/or emergencies associated with pediatric and geriatric patients)	• Blunt versus penetrating mechanisms (F,S) • Open chest wound (S,S) • Impaled object (S,S) • Hemothorax (C,C) • Pneumothorax (C,C) • Cardiac tamponade (C,C) • Rib fractures (C,C) • Flail chest (C,C) • Commotio cordis (F,S) • Traumatic aortic disruption (C,C) • Pulmonary contusion (C,C) • Blunt cardiac injury (C,C) • Traumatic asphyxia (C,C) • Tracheobronchial disruption (C,C) • Diaphragmatic rupture (C,C)
Environmental Emergencies (Include psychosocial aspects of age-related assessment and treatment modifications for the major or common diseases and/or emergencies associated with pediatric and geriatric patients)	• Drowning (C,C) • Temperature-related illness (C,C) • Bites and envenomation's (C,C) • Lightning injury (C,C) • Other environmental emergencies to be determined locally (S,S)

Head, Facial, Neck, and Spine Trauma (Include psychosocial aspects of age-related assessment and treatment modifications for the major or common diseases and/or emergencies associated with pediatric and geriatric patients)	• Life threats (S,S) • Spine trauma (C,C) • Penetrating neck trauma (C,C) • Laryngotracheal injuries (C,C) • Shaken Baby Syndrome (F,F) • Facial fractures (C,F) • Skull fractures (C,C) • Foreign bodies in the eyes (S,S) • Globe rupture (S,S) • Dental trauma (S,S) • Severe epistaxis (S,S) • Unstable facial fractures (F,F) • Orbital fractures (F,F) • Perforated tympanic membrane (F,F) • Mandibular fractures (C,C)
Multi-System Trauma (Include psychosocial aspects of age-related assessment and treatment modifications for the major or common diseases and/or emergencies associated with pediatric and geriatric patients)	• Multi-system trauma (C,C) • Blast injuries (C,C)
Nervous System Trauma (Include psychosocial aspects of age-related assessment and treatment modifications for the major or common diseases and/or emergencies associated with pediatric and geriatric patients)	• Traumatic brain injury (C,C) • Spinal cord injury (C,C) • Spinal shock (C,C) • Cauda equina syndrome (F,F) • Nerve root injury (F,F) • Peripheral nerve injury (F,F)

Orthopedic Trauma (Include psychosocial aspects of age-related assessment and treatment modifications for the major or common diseases and/or emergencies associated with pediatric and geriatric patients)	• Open fractures (C,C) • Closed fractures (C,C) • Dislocations (C,C) • Amputations/replantation (C,F) • Upper and lower extremity orthopedic trauma (C,C) • Sprains/strains (F,F) • Pelvic fractures (C,F) • Pediatric fractures (F,F) • Tendon laceration/ transection/ rupture (Achilles and patellar) (F,F)
Soft Tissue Trauma (Include psychosocial aspects of age-related assessment and treatment modifications for the major or common diseases and/or emergencies associated with pediatric and geriatric patients)	• Wounds (avulsion, bite, laceration, puncture, incision) (C,C) • Burns (electrical, chemical, thermal, radiation) including inhalation injury (C,C) • Chemicals in the eye and on the skin (S,S) • Crush/compartment syndrome (C,C) • High-pressure injection injury (S,S)
Special Considerations in Trauma	• Pregnant patient (C,C) • Pediatric patient (C,C) • Geriatric patient (C,C) • Cognitively impaired patient (C,C)

Course Schedule:

Week	Topic	Review	Due
1	Trauma Systems and Mechanism of Injury	Chapter 30 E-Lecture –	Saturday, Midnight
		Chapter 30 E-Quiz –	Saturday, Midnight
		Chapter 30 – Chapter Review	Saturday, Midnight
			Saturday, Midnight
2	Bleeding	Chapter 31 E-Lecture	Prior to Class Time
		Chapter 31 E-Quiz	Prior to Class Time
		Weekly Quiz	In-Class
		Chapter 31 -Chapter Review	Saturday, Midnight
3	Chest, , Face, and Neck Trauma	Chapter 34, 35, & 36 E-Lectures	Prior to Class
		Chapter 34, 35,& 36 E-Quizzes	Prior to Class
		Weekly Quiz	Prior to Class
		Chapter 34, 35, & 36 Reviews	Saturday, Midnight
4		Chapter 37 & 38 E-Lecture	Prior to Class

EMSP 1355.10C0 2025 Flex A

	Abdominal, Orthopedic Trauma,	Chapter 37 & 38 E-Quiz	Prior to Class
		Chapter 37 & 38 Reviews	Saturday, Midnight
		MIDTERM EXAM	In-Class
5	Burns and Soft-Tissue Trauma	Chapter 32 & 33 E-Lectures	Prior to Class
		Chapter 32 & 33 E-Quizzes	Prior to Class
		Weekly quiz	In Class
		Chapter 32 & 33 Reviews	Saturday, Midnight
6	Environmental Emergencies	Chapter 39 E-Lecture	Prior to Class
		Chapter 39 E-Quiz	Prior to Class
		Weekly Quiz	In Class
		Chapter 39 Review	Saturday, Midnight
7	Simulation	Summative Trauma Scenarios	
8	Final Exams	Final Exams	Wednesday by 5 pm

- Golden Nugget Discussion threads are required each week. These are graded based on completion and will count in Tier 1 grading.

Course Requirements and Evaluation:

Students will attend class in program class uniform:

- EMS Pants
- Program T-shirt
- Black Polish able closed toe footwear
- Black Belt
- Student ID

Student coming to class directly off shift will be allowed to wear their work uniform in lieu of the program class uniform.

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Grading Rubric

Grade Cut-Offs

<u>Course Grade</u>	<u>Requirements</u>
<u>A</u>	<u>Weighted Average of 90% or greater</u>
<u>B</u>	<u>Weighted Average of 85-90%</u>
<u>C*</u>	<u>Weighted Average of 80-85%</u>

EMSP 1355.10C0 2025 Flex A

*A grade of "C" or higher is required to show success in this course and move onto the next portions of the program.

Classroom reasons for not being released for the National Registry exam are listed below:

1. Overall grade average falling below "C" requirements.
2. Repeated failure of skills
3. Failure of any retest
4. Not meeting attendance requirements

Weighted Percentages

Exams

Students will have a maximum of two (2) attempts on each major (high stakes) exam. Second attempts will only be offered to students who have not been successful on the first attempt. Second attempt exams will receive a maximum grade of 75% recorded in the student's record.

Exam Grade Calculations

All exams will be graded based on cut score calculations. Exam grades must be 75% or greater to be considered passing.

EMSP 1355.10C0 2025 Flex A

Cut Score Formulas:

- Raw Score below Cut Score : (Raw Score – Cut Score) divided by (1 minus Cut Score)
- Raw Score above Cut Score: (Raw Score – Cut Score) divided by (1 minus Cut Score) multiplied by (1 minus Passing Grade)) plus the Passing Percentage

Passing Score will be equal to 70% on all exams

Cut Score will be equal to 75% on all exams.

Release for National Registry Testing

Course reasons for not being released for the National Registry exam are:

1. Overall course grade below “C” requirements
2. Repeated failure of skills with or without remediation
3. Failure of any retest
4. Not meeting attendance requirements.

Course Policies:

1. 80% Policy
 - a. In order for students to be allowed at a clinical site they must maintain all grade “C” requirements for all paramedic, co-requisite courses.
2. Attendance Policy:
 - a. Students should attend all scheduled course days.
 - b. Attendance will be maintained by the student clocking in to class using a provided daily QR code.
 - c. Class days are scheduled from 8:30 am to 5 pm. Be prepared to be present for the entirety of the class. DO NOT schedule things during class time without prior permission.
 - d. There are no excused or unexcused absences for this course. You are allowed to miss up to 15% (9.6 hours) of the total scheduled hours for this course. Missing more than 15% of the total scheduled hours will result in disciplinary action up to and including not being released for national registry exam, and/or failure of the course.
 - i. Missed time beyond 15% can be appealed to the EMS Program director by providing evidence as to why an exception should be made.
 - ii. Evidence will be reviewed and a decision made. Student will enter a probationary status if extension is approved.
 - e. Tardiness will be added to the total time missed.
 - i. Exception to tardiness will be evaluated on a case-by-case basis.
 - f. Missed time reduction
 - i. Option 1 – Written review of material missed, a minimum of 500 words per hour missed. Must be in APA format, with proper citations

EMSP 1355.10C0 2025 Flex A

- ii. Option 2 – Complete 2 hours of community service representing the EMS Education program at Paris Junior College for every 1 hour of missed class. Community service must be approved before attendance and cannot be counted if attending on behalf of any other organization or agency.
- 3. SOCIAL MEDIA POLICY
 - a. Students should review the social media policy listed in course documents on Blackboard.
- 4. SEXUAL HARRASMENT
 - a. This is a NO TOLLERANCE policy. Any student engaging in or participating in any form of sexual harassment will be removed from the program.
- 5. FOUL LANGUAGE POLICY
 - a. Students will refrain from excessive or explicit forms of foul or inappropriate language while representing Paris Junior College and/or this program.
- 6. INSTRUCTOR RESPECT POLICY
 - a. All students will address all instructor, professors, adjunct instructors and other staff by their appropriate title (i.e. Mr., Ms, Mrs., Dr.) and Last Name when representing Paris Junior College or the PJC EMS Program.
- 7. COMMUNICATIONS POLICY
 - a. Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence—including notices of academic status, financial aid, billing, registration, and campus alerts—will be sent to the student's PJC email account.
 - b. Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not responsible for missed communications due to a student's failure to check their official email account.

College Class Withdrawal:

Class attendance is critical for the successful completion of this course. *For online courses, students must complete work in a timely manner and follow due dates.* Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is November 24th.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4 F or higher).

You can return to your normal activities when, for at least 24 hours, both are true:

EMSP 1355.10C0 2025 Flex A

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days comma, such as taking additional steps for hygiene comma, where a mass comma and physical distancing comma, if possible, when you will be around other people indoors.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial intelligence (AI) tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Exception to AI Usage : usage of chatbots for clinical and field narratives is prohibited unless the service used can be verified to be compliant with all local, state, and federal laws related to patient information protection.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

College ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a

EMSP 1355.10C0 2025 Flex A

College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Syllabus Subject to Change

This syllabus is subject to change throughout a course. Students will receive notice of such changes through the courses blackboard announcements and PJC student email.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

**EMSP 1356.10B0
Patient Assessment and Airway Management
Fall Flex A 2026**

Instructor: Heath Thomas
Office: WTC 1012
Phone: 903.782.0735
Email: hthomas@parisjc.edu
Office Hours: By Appointment

Meeting Location: WTC 1000
Meeting Days: R
Meeting Times: 0830-1730

Course Description:

Knowledge and skills required to perform patient assessment, airway management, and artificial ventilation

Credits: SCH = 2 lecture and 2 laboratory hours per week, from approved course list.

TSI requirement: Required

Prerequisites: EMSP 1501, EMSP 1160

Required Textbook(s) and Materials:

- Nancy Caroline's Emergency Care in the Streets 9e Digital Access Only; ISBN 9781284256833
- Access to Platinum Planner and Platinum Testing (Provided through Student Fees)

Class Uniform:

- Official PJC EMS t-shirts or official green PJC EMS polo shirt
- Dark blue or black EMS pants (BTUs are acceptable; Denim Is Not)
- Black belt
- PJC student name badge
- Students coming off shift can wear their company uniform in lieu of the class uniform if they choose.

Recommended Materials:

- Stethoscope
- Penlight
- Manual BP Cuff

Course Goals and Objectives:

CAAHEP Standard II.C. Minimum Expectation: "To prepare competent entry-level

Paramedics in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning

domains with or without exit points at the Advanced Emergency Medical Technician and/or Emergency Medical Technician, and/or Emergency Medical Responder Levels”

National EMS Education Standard Competencies

Airway Management, Respiration and Ventilation	Integrates knowledge of anatomy, physiology and pathophysiology into the assessment to develop and implement a treatment plan with the goal of assuring a patent airway, adequate mechanical ventilation and respiration for patients of all ages.
Airway Management (Include age-related variations in pediatric and geriatric patients)	• Airway anatomy (C,C) • Airway assessment (C,C) • Techniques of assuring a patent airway (C,C)
Respiration (Include age-related variations in pediatric and geriatric patients)	• Anatomy of the respiratory system (C,C) • Physiology and pathophysiology of respiration (C,C) - Pulmonary ventilation - Oxygenation - Respiration • External • Internal • Cellular • Assessment and management of adequate and inadequate respiration (C,C) • Supplemental oxygen therapy (C,C)
Ventilation (Include age-related variations in pediatric and geriatric patients)	• Assessment and management of adequate and inadequate ventilation (C,C) • Effect of ventilation on cardiac output (C,C)

Assessment	Integrate scene and patient assessment findings with knowledge of epidemiology and pathophysiology to form a field impression. This includes developing a list of differential diagnoses through clinical reasoning to modify the assessment and formulate a treatment plan.
Scene Assessment	• Scene safety/situational awareness (C,C) • Scene management (C,C) • Impact of the environment on patient care (C,C) • Addressing hazards (C,C) • Violence (C,C) • Need for additional or specialized resources (F,F) • Standard precautions (F,F) • Multiple patient situations(C,C)
Primary Assessment (Include age-related variations in pediatric and geriatric patients)	• Primary assessment (C,C) • Integration of treatment/ procedures needed to preserve life (C,C)
History Taking (Include age-related variations in pediatric and geriatric patients)	• Investigation of the chief complaint (C,C) • Mechanism of injury/nature of illness (C,C) • Associated signs and symptoms (C,C) • Past medical history(C,C) • Pertinent negatives (C,C) • Interviewing techniques(C,C) • Therapeutic communication and adaptive interview techniques (C,C)
Secondary Assessment (Include age-related variations in pediatric and geriatric patients)	• Assessment of vital signs (C,C) • Assessment of pain(C,C) • Techniques of physical examination (C,C) – Respiratory system including breath sound quality - Cardiovascular system – Neurological system – Musculoskeletal system – Major anatomical regions

Monitoring Devices	• Pulse oximetry (S,S) • Non-invasive blood pressure (S,S) • Cardiac monitoring – 12lead ECG acquisition and transmission (F,F) • Blood glucose determination (S,S) • End tidalCO₂monitoringand interpretation of waveform capnography (F,F) • Venous blood sampling(S,S) • 12-lead ECG interpretation (F,F) • Blood chemistry analysis (F,F)
Reassessment (Include age-related variations in pediatric and geriatric patients)	• How and when to reassess patients (C,C)

Course Schedule

- Week 1: American Heart Association BLS Renewal
- Week 2: Patient Assessment
- Week 3: Patient Assessment
- Week 4: Airway Anatomy and Basic: Airway Skills
- Week 5: Airway, Ventilation, and respiratory Emergencies
- Week 6: Advanced Airway Skills
- Week 7: Summative Scenarios
- Week 8: Summative Scenarios/Final Exams

Skills Evaluation

The following skills will be completed in this course. All skills will be entered into Platinum Planner Labs or Simulations as assigned.

All Skills require at minimum two Peer to Peer evaluations minimum prior to instructor evaluation. In the event the instructor evaluation is unsuccessful the attempt student and peer reviewing will be required to complete all aspects of the skill again.

<u>Skill/Scenario</u>	<u>Peer</u>	<u>Formative Simulation</u>
Direct Orotracheal Intubation Adult	2	2*
Direct Orotracheal Intubation Pediatric	2	2*
Endotracheal Suctioning	2	2*

EMSP 1356.10B0 2025 Flex A

Nasotracheal Intubation Adult	2	
Supraglottic Airway Device Adult	2	2*
CPAP and PEEP	2	
Trauma Endotracheal Intubation Adult	2	
Pleural Decompression	2	2*
Trauma Adult Physical Assessment	2	
Nasogastric Decompression	2	
Surgical Cricothyrotomy	2	1*
Needle Cricothyrotomy	2	1*
Comprehensive Normal Adult Physical Assessment Techniques	2	1*
Comprehensive Normal Pediatric Physical Assessment Techniques	2	1*

Table 1 Numbers in this table indicate minimum successful evaluations. Students may have more attempts in the peer-to-peer category.

Course Requirements and Evaluation

Required Activity:

All students must complete the First Assignment located in the “Course Content” section of Blackboard by 11:59 p.m. on the day prior tot the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported aws non-attending and will be dropped from the course.

Grading Rubric

Grade Cut-Offs

<u>Course Grade</u>	<u>Requirements</u>
<u>A</u>	<u>Weighted Average of 90% or greater</u>
<u>B</u>	<u>Weighted Average of 85-90%</u>
<u>C*</u>	<u>Weighted Average of 80-85%</u>
<u>D</u>	<u>Weighted Average of 70-79%</u>
<u>F</u>	<u>Weighted Average of 69% or less</u>

*A grade of “C” or higher is required to show success in this course and move onto the next portions of the program.

Weighted Percentages

Exams

Students will have a maximum of two (2) attempts on each major (high stakes) exam. Second attempts will only be offered to students who have not been successful on the first attempt. Second attempt exams will receive a maximum grade of 75% recorded in the student's record.

Exam Grade Calculations

All exams will be graded based on cut score calculations. Exam grades must be 75% or greater to be considered passing.

Cut Score Formulas:

- Raw Score below Cut Score : (Raw Score – Cut Score) divided by (1 minus Cut Score)
- Raw Score above Cut Score: (Raw Score – Cut Score) divided b (1 minus Cut Score) multiplied by (1 minus Passing Grade)) plus the Passing Percentage
- Passing Score will be equal to 70% on all exams
- Cut Score will be equal to 75% on all exams.

Release for National Registry Testing

Classroom reasons for not being released for the National Registry exam are listed below:

1. Overall grade average falling below tier 1 requirements.
2. Repeated failure of skills
3. Failure of any retest
4. Not meeting attendance requirements

Course Policies:

1. 80% Policy
 - a. In order for students to be allowed at a clinical site they must maintain all grade "C" requirements for all paramedic, co-requisite courses.
2. Attendance Policy:
 - a. Students should attend all scheduled course days.
 - b. Attendance will be maintained by the student clocking in to class using a provided daily QR code.
 - c. Class days are scheduled from 8:30 am to 5 pm. Be prepared to be present for the entirety of the class. DO NOT schedule things during class time without prior permission.
 - d. There are no excused or unexcused absences for this course. You are allowed to miss up to 15% (8 hours) of the total scheduled hours for this course. Missing more than 15% of the total scheduled hours will result in disciplinary action up to and including not being released for national registry exam, and/or failure of the course.
 - i. Missed time beyond 15% can be appealed to the EMS Program director by providing evidence as to why an exception should be made.
 - ii. Evidence will be reviewed and a decision made. Student will enter a probationary status if extension is approved.
 - e. Tardiness will be added to the total time missed.
 - i. Exception to tardiness will be evaluated on a case-by-case basis.
 - f. Missed time reduction
 - i. Option 1 – Written review of material missed, minimum of 500 words per hour missed. Must be in APA format, with proper citations
 - ii. Option 2 – Complete 2 hours of community service representing The EMS program at Paris Junior College for every 1 hour of missed class. Community service must be approved prior to attendance, and can not be counted if attending on behalf of any other organization or agency.
 - g. Social Media Policy:
 - i. Student should review the social media policy listed in course documents on blackboard.
 - h. Sexual Harassment:
 - i. This is a NO TOLLERANCE policy. Any student engaging and our protest padding in any form of sexual harassment will be removed from the program.
 - i. Foul Language Policy:
 - i. Students will refrain from excessive or explicit forms of foul or inappropriate language while representing Paris Junior College and/or this program.
 - j. Instructor Respect Policy:

- i. All students will address all instructors, professors, adjunct instructors and other staff by their appropriate title (i.e. Mr., Ms., Mrs., Dr.) and last name when representing Paris Junior College or the PJC EMS program.
- k. Communications Policy:
 - i. Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence—including notices of academic status, financial aid, billing, registration, and campus alerts—will be sent to the student's PJC email account.
 - ii. Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not responsible for missed communications due to a student's failure to check their official email account.

College Class Withdrawal:

Class attendance is critical for the successful completion of this course. For online courses students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is October 1st.

College Class Conduct:

Please turn off a solid to put away all cell phones, pagers, iPods, headphones, except for a period before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the student conduct policy as listed in the student handbook.

Exceptions will be given when phones are used for live quizzes. When the quizzes are completed for the day this exception will be removed.

Good behavior is expected at all times in the classroom (where all adults). Unprofessional behavior will not be tolerated (i.e. Talking, excessive cursing, sexual remarks) sexual harassment will not be tolerated by students were instructors. Racial and ethnic slurs will not be tolerated. You respect the instructors of this class and they will respect you.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4 F or higher).

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, where a mask and physical distancing, if possible, when you will be around other people indoors.

College Academic Honesty”

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial intelligence (AI) tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Exception to AI Usage: Students are not permitted to utilize chatbots or other forms of AI to complete real-world patient narratives unless the service or system can be verified to exceed all current local, state, and federal rules and regulations governing protection of patient information.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

College ADA Statement:

It is the policy of Paris junior college to provide reasonable accommodations for qualified individuals who were students with disabilities. The college will adhere to all applicable Federal, state and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student responsibility to arrange an appointment with the college success coach in the advising and counseling center to obtain a request for accommodations form. For more information, please refer to the Paris junior college catalog or student handbook.

Syllabus Subject to Change

This syllabus is subject to change. Notification will be given to students through the courses blackboard announcements and PJC student email.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

Paris Junior College

EMSP 1501.10G0 EMT-BASIC

Instructor: James Smith

Office: WTC 1014

Phone: 903-782-0750

Email: jamesmith@parisjc.edu

Office Hours: Monday & Wednesday 1:30-6:00 pm (or by appointment as needed)

Meeting Location: WTC 1000

Meeting Days: Monday/Wednesday

Meeting Times: 6:00-10:00 PM

Course Description

Course Number: EMSP 1501.10G0

Course Title: EMT

Course Length: 16 Weeks

Lecture Hours: 4 Lecture / 4 lab

Course Format: Guided learning via an Internet (Blackboard) classroom and Navigate 2 learning management system. **An in-person class meeting schedule will be made available on the PJC Blackboard Course.**

Required Material

EMERGENCY CARE & TRANSPORTATION OF THE SICK AND INJURED, 13 Ed.,
W/Premier LMS Access, Jones & Bartlett

ISBN# 9781284325256 has premier access with digital text.

Students will receive an access code for the online material (part of course registration fees).

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Instructor Availability/Contact

I am online several times per day Monday through Friday to respond to emails, review assignments, and answer questions. You too should check your course email and monitor class announcements frequently (daily is preferred) for important information. When you cannot gain access to messages via Blackboard, please send a message to my PJC email (jamesmith@parisjc.edu) or call my office at 903.782.0750.

Official Student Email Policy

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence, including notices of academic status, financial aid, billing, registration, and campus alerts, will be sent to the student's PJC email account. Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not responsible for missed communications due to a student's failure to check their official email account.

Important Information

This course does not attempt to teach basic use of a computer. All students must be able to search the internet, send emails, and perform other basic computer skills. Students without these computer skills are unlikely to succeed in an online course. Late assignments in this course will **NOT** be accepted. Do not procrastinate; remember unexpected events can/do occur and they can be very costly to your grade if they prevent you from meeting deadlines. Students who do not access the course by the Official Reporting Day will be dropped from the course. Class attendance is critical for the successful completion of this course. ***For online courses, students must complete work in a timely manner and follow due dates.*** Withdrawals must be initiated by the student. The last day for a student to withdraw from this course with a grade of "W" is **November 12, 2026.**

Grading Formula

The grades for this course are calculated on a weighted system and are based on a possible 100%. The following is the percentage to letter grade conversion for the course: 90-100% = A, 80-89 = B, **75-79 = C**, 65-74 = D, below 65 = F. The final letter grade will be entered on your official college transcript.

The following table shows the graded assessment types contained within this course and the assigned weighting to determine the final course grade.

Graded Assessment Types	Weights (%)
Unit Exams	75%
Quizzes	12.5%
Assignments	12.5%
Total:	100%

An overall average grade of at least 75% must be maintained in the class. If the student fails to maintain a 75% average, then the student will not be allowed to attend the clinical and field rotations and will not receive a course completion to take the National Registry Exam. Any Unit Exam grade below **75%** is considered a failing grade. You are allowed one (1) retake per exam, on which a grade of **75%** or higher must be achieved; however, if you do not make at least a **75%** on the retest, then you will risk failing the EMT course. Exam retakes must be attempted within two (2) weeks after the initial exam deadline and only with EMT faculty approval. All exams will have a due date, and it is up to the student to schedule his or her exam

for at least one (1) week in advance. **A detailed class schedule will be provided for all students on the first day of class with testing times and due dates.** Please call one of the following Testing Center locations to schedule your exam(s):

- Paris Campus: 903-782-0446
- Greenville Campus: 903-454-9333
- Sulphur Springs Campus: 903-885-1232

Exams will be taken on a computer at your chosen site, and you must present a picture ID to test at any of the campuses. **Check your class schedule on the PJC Blackboard course for the exam availability times and due dates.** The test dates are subject to change, and every exam will be timed. If you miss an exam deadline, you will only be allowed one attempt that will be rescheduled after consultation with the EMT faculty. There will be **a 10-point late penalty** subtracted from your exam grade and that exam is not eligible for another attempt.

Psychomotor Evaluations

Skills proficiency demonstration, practice and testing are integral parts of the evaluation process required of EMS responders. The skills taught during this EMT course are based on the National EMS Education Standards and have been approved by the PJC EMS Program Course Coordinator, Education Program Medical Director, and the advisory committee to ensure Texas DSHS compliance. Each skill will be properly demonstrated by the instructor and reinforced with the associated didactic material and repeated simulation practice during the progress of the course. It has been proven that competency in psychomotor skills is not possessed after one successful demonstration; rather it requires repetitive student practice until the activity can be automatically delivered during realistic situations for patients with various complaints and conditions. This is best accomplished by guiding the students through a three-phase approach that includes the Introductory, Application, and Comprehensive stages to ensure psychomotor skills competency.

All skills demonstrations, practice and evaluations will be conducted in the Lab settings during the in-person class sessions under the direct supervision of EMSP Faculty and/or Adjunct Skills Lab Instructors. These hands-on activities will be evaluated and documented by utilizing the Platinum Skills Tracker online product. All skills will be graded on a “Pass” or “Fail” rubric, and the student will be allowed adequate practice and remediation as needed. A passing evaluation of the skills component of the course is required for successful completion. Skills can only be performed in the Clinical and/or Field settings after the student has previously demonstrated the ability to safely and proficiently perform them in the Lab setting.

At the end of the course students will take a predictability exam. **Students must score at least 75% on the exam to be released for their National Registry test.** Students are allowed a maximum of three (3) attempts to reach the benchmark; however, all attempts must be made during the semester or within 30 days following the last class date. Exceptions to the 30-day extension will only be allowed on a case-by-case basis at the discretion of the EMT faculty. Students must complete the course with an average of 75% or higher to be able to take the predictability exam.

Upon successful completion of all course requirements, an EMT Basic Terminal Competency Form will be completed and signed by the Lead Instructor, the EMS Program Director, and the EMS Program Medical Director and the student will then receive an EMT Program Course Completion Certificate. Additionally, the EMS Program Director or their designee will verify course completion on the student's National Registry online application.

Didactic or practical reasons for not being released for the National Registry exam are listed below:

1. Overall grade average trending below 75%
2. Repeated failure of skills or unsafe practices
3. Any unacceptable affective behavior
4. Not scoring at or above 75% on the predictability exam

Classroom Behavior and Dress Code

Appropriate behavior is always expected in the classroom. Unprofessional behavior will not be tolerated and may be subject to dismissal from the program. Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. The PJC EMS Program approved t-shirt, and uniform pants will be the appropriate dress in the classroom and skills lab. The appearance of the student in the clinical and field internship setting is of the utmost importance. More details of these guidelines can be referenced in the most current revision of the EMSP Policy and Procedures handbook that is available in the EMSP courses on the PJC Blackboard website. Faculty reserves the right to immediately remove a student from the classroom/laboratory; and possibly dismiss a student for violations of the Student Conduct Policy as listed in the PJC Student Handbook.

Online Etiquette

The objective in an online discussion is to be collaborative, **not** combative. Please, proof-read your responses carefully before you post them to make sure that they will not be offensive to others. Use discussions to develop your skills in collaboration and teamwork. Treat the discussion areas as a creative environment where you and your classmates can ask questions, express opinions, revise opinions, and take positions just as you would in a more traditional classroom setting. You should never post any rumors or other personal information on any online or social media platform.

Academic Honesty

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action such as dismissal from the college. These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.

Scholastic Dishonesty

“Scholastic dishonesty” shall include, but not be limited to, cheating, plagiarism, and collusion.

“Cheating” shall include, but not be limited to:

1. Copying from another student’s test or class work.
2. Using test materials not authorized by the person administering the test.
3. Collaborating with or seeking aid from another student during a test without permission from the test administrator.
4. Knowingly using, buying, selling, stealing, or soliciting, in whole or in part, the contents of an unadministered test, paper, or another assignment.
5. The unauthorized transporting or removal, in whole or in part, of the contents of the unadministered test.
6. Substituting for another student, or permitting another student to substitute for oneself, to take a test.
7. Bribing another person to obtain an unadministered test or information about an unadministered test.
8. Manipulating a test, assignment, or final course grade.

“Plagiarism” shall be defined as the appropriating, buying, receiving as a gift, or obtaining by any means another’s work and the unacknowledged submission or incorporation of it in one’s own written work.

“Collusion” shall be defined as the unauthorized collaboration with another person in preparing written work for fulfillment of course requirements.

Students are required to adhere to all Paris Junior College’s policies and procedures. Policies and procedures are in the Student Handbook which is available in both paper and electronic format. Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

Use of Artificial Intelligence (AI) for Course Work

EMSP Courses will not restrict the use of Artificial Intelligence software or programs for assistance with course work. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty. AI programs will not be allowed during testing at any point in all EMSP classes.

Catalog Description

- EMSP 1501 – five (5) credit hours.
- Introduction to the level of emergency medical technician (EMT)-Basic.
- Includes all the skills necessary to provide emergency medical care at a basic life support level with an ambulance service or other specialized services.

Learning Outcomes

Upon completion of the course, the graduate will be able to:

1. Describe the roles and responsibilities of basic EMS personnel within the EMS system.
2. Employ effective communication.
3. Interpret medical/legal issues.
4. Demonstrate ethical behavior.
5. Perform a history and comprehensive physical exam on various patient populations.
6. Safely implement the correct patient care interventions.

Program Outcomes

Upon completion of the program, the graduate will be able to:

1. Examine and assess the complexity and condition level of the patient as well as the extent of injuries to determine the need for and provide the appropriate basic emergency medical care based on the findings.
2. Ability to conduct oneself in an ethical and professional manner demonstrating proficiency in interpersonal relations and communications.
3. Demonstrate competency as an entry-level EMT-Basic in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains.

ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodation for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook. Here are the steps for students to request accommodation. **Note:** The student must be enrolled in classes before they submit their request.

1. Have the student log-in to **MyPJC**.
2. Click on the **Student** tab at the top of the page.
3. On left side, click on **Reports and Forms**.
4. Find **Request for Accommodations Form** under Forms.
5. The student should complete the form and attach documentation (or the student may email their documentation to ahoskins@parisjc.edu).
6. The student should select (check mark) each class for which they want an accommodation letter to be sent to the instructor.

Once the PJC Accommodations office receives the student's request and documentation, we will review and either approve the request or contact the student about their request. Once the request is approved, an accommodation letter will automatically be sent out to each instructor (as instructed by the student in their request) via email as well as to PJC's Testing Center.

Ansley Hoskins, M.Ed, Academic Advisor/ADA Coordinator

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023. If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center or by email (advising@parisjc.edu) and in the community.

Illness Policy

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4° F or higher). You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
 2. You have not had a fever (and are not using fever-reducing medication).
- When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Other Requirements

All students enrolled in EMSP 1501 must be concurrently registered in EMSP 1160. **For students to attend off-campus clinical and field experiences, they must maintain a passing average of 75% in the EMSP 1501 course.** To receive a course completion and be eligible for the National Registry Examination, all requirements for both courses must be met. These specific details will be provided to each student during orientation and will be covered in the EMSP 1160 syllabus.

Read this syllabus carefully and print a copy for future reference. **This syllabus is considered the ruling document when questions arise.** The syllabus, schedule, policies, procedures, and assignments in this course are subject to change in the event of extenuating circumstances. Any changes to the course syllabus, class outline or schedule will be communicated to the students via in-class verbal announcements, and/or PJC Blackboard course notifications and student Dragon Mail. If you have questions or need assistance, please contact any of the following:

- James Smith, EMT Instructor, 903-782-0750
- Heath Thomas, EMSP Coordinator, 903-782-0735

DATE	TOPIC	READINGS ASSIGNMENTS LECTURES

Paris Junior College

EMSP 1501.40G0 EMT-BASIC

Instructor: James Smith
Office: WTC 1014 (Paris Campus)
Phone: 903-782-0750
Email: jamesmith@parisjc.edu

Meeting Location: GRNV1 224
Meeting Days: Tuesday/Thursday
Meeting Times: 6:00-10:00 PM

Office Hours: Tuesday & Thursday 5:00-6:00 pm. We can schedule an appointment to meet early on a regular class day in Greenville or at another time via a video conference (i.e. Teams).

Course Description

Course Number: EMSP 1501.40G0

Course Title: EMT
Course Length: 16 Weeks
Lecture Hours: 4 Lecture / 4 lab
Course Format: Guided learning via an Internet (Blackboard) classroom and Navigate 2 learning management system. **An in-person class meeting schedule will be made available on the PJC Blackboard Course.**

Required Material

EMERGENCY CARE & TRANSPORTATION OF THE SICK AND INJURED, 13 Ed.,
W/Premier LMS Access, Jones & Bartlett

ISBN# 9781284325256 has premier access with digital text.

Students will receive an access code for the online material (part of course registration fees).

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Instructor Availability/Contact

I am online several times per day Monday through Friday to respond to emails, review assignments, and answer questions. You too should check your course email and monitor class announcements frequently (daily is preferred) for important information. When you cannot gain access to messages via Blackboard, please send a message to my PJC email (jamesmith@parisjc.edu) or call my office at 903.782.0750.

Official Student Email Policy

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence, including notices of academic status, financial aid, billing, registration, and campus alerts, will be sent to the student's PJC email account. Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not responsible for missed communications due to a student's failure to check their official email account.

Important Information

This course does not attempt to teach basic use of a computer. All students must be able to search the internet, send emails, and perform other basic computer skills. Students without these computer skills are unlikely to succeed in an online course. Late assignments in this course will **NOT** be accepted. Do not procrastinate; remember unexpected events can/do occur and they can be very costly to your grade if they prevent you from meeting deadlines. Students who do not access the course by the Official Reporting Day will be dropped from the course. Class attendance is critical for the successful completion of this course. ***For online courses, students must complete work in a timely manner and follow due dates.*** Withdrawals must be initiated by the student. The last day for a student to withdraw from this course with a grade of "W" is **November 12, 2026.**

Grading Formula

The grades for this course are calculated on a weighted system and are based on a possible 100%. The following is the percentage to letter grade conversion for the course: 90-100% = A, 80-89 = B, **75-79 = C**, 65-74 = D, below 65 = F. The final letter grade will be entered on your official college transcript.

The following table shows the graded assessment types contained within this course and the assigned weighting to determine the final course grade.

Graded Assessment Types	Weights (%)
Unit Exams	75%
Quizzes	12.5%
Assignments	12.5%
Total:	100%

An overall average grade of at least 75% must be maintained in the class. If the student fails to maintain a 75% average, then the student will not be allowed to attend the clinical and field rotations and will not receive a course completion to take the National Registry Exam. Any Unit Exam grade below **75%** is considered a failing grade. You are allowed one (1) retake per exam, on which a grade of **75%** or higher must be achieved; however, if you do not make at least a **75%** on the retest, then you will risk failing the EMT course. Exam retakes must be attempted within two (2) weeks after the initial exam deadline and only with EMT faculty approval. All exams will have a due date, and it is up to the student to schedule his or her exam

for at least one (1) week in advance. **A detailed class schedule will be provided for all students on the first day of class with testing times and due dates.** Please call one of the following Testing Center locations to schedule your exam(s):

- Paris Campus: 903-782-0446
- Greenville Campus: 903-454-9333
- Sulphur Springs Campus: 903-885-1232

Exams will be taken on a computer at your chosen site, and you must present a picture ID to test at any of the campuses. **Check your class schedule on the PJC Blackboard course for the exam availability times and due dates.** The test dates are subject to change, and every exam will be timed. If you miss an exam deadline, you will only be allowed one attempt that will be rescheduled after consultation with the EMT faculty. There will be **a 10-point late penalty** subtracted from your exam grade and that exam is not eligible for another attempt.

Psychomotor Evaluations

Skills proficiency demonstration, practice and testing are integral parts of the evaluation process required of EMS responders. The skills taught during this EMT course are based on the National EMS Education Standards and have been approved by the PJC EMS Program Course Coordinator, Education Program Medical Director, and the advisory committee to ensure Texas DSHS compliance. Each skill will be properly demonstrated by the instructor and reinforced with the associated didactic material and repeated simulation practice during the progress of the course. It has been proven that competency in psychomotor skills is not possessed after one successful demonstration; rather it requires repetitive student practice until the activity can be automatically delivered during realistic situations for patients with various complaints and conditions. This is best accomplished by guiding the students through a three-phase approach that includes the Introductory, Application, and Comprehensive stages to ensure psychomotor skills competency.

All skills demonstrations, practice and evaluations will be conducted in the Lab settings during the in-person class sessions under the direct supervision of EMSP Faculty and/or Adjunct Skills Lab Instructors. These hands-on activities will be evaluated and documented by utilizing the Platinum Skills Tracker online product. All skills will be graded on a “Pass” or “Fail” rubric, and the student will be allowed adequate practice and remediation as needed. A passing evaluation of the skills component of the course is required for successful completion. Skills can only be performed in the Clinical and/or Field settings after the student has previously demonstrated the ability to safely and proficiently perform them in the Lab setting.

At the end of the course students will take a predictability exam. **Students must score at least 75% on the exam to be released for their National Registry test.** Students are allowed a maximum of three (3) attempts to reach the benchmark; however, all attempts must be made during the semester or within 30 days following the last class date. Exceptions to the 30-day extension will only be allowed on a case-by-case basis at the discretion of the EMT faculty. Students must complete the course with an average of 75% or higher to be able to take the predictability exam.

Upon successful completion of all course requirements, an EMT Basic Terminal Competency Form will be completed and signed by the Lead Instructor, the EMS Program Director, and the EMS Program Medical Director and the student will then receive an EMT Program Course Completion Certificate. Additionally, the EMS Program Director or their designee will verify course completion on the student's National Registry online application.

Didactic or practical reasons for not being released for the National Registry exam are listed below:

1. Overall grade average trending below 75%
2. Repeated failure of skills or unsafe practices
3. Any unacceptable affective behavior
4. Not scoring at or above 75% on the predictability exam

Classroom Behavior and Dress Code

Appropriate behavior is always expected in the classroom. Unprofessional behavior will not be tolerated and may be subject to dismissal from the program. Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. The PJC EMS Program approved t-shirt, and uniform pants will be the appropriate dress in the classroom and skills lab. The appearance of the student in the clinical and field internship setting is of the utmost importance. More details of these guidelines can be referenced in the most current revision of the EMSP Policy and Procedures handbook that is available in the EMSP courses on the PJC Blackboard website. Faculty reserves the right to immediately remove a student from the classroom/laboratory; and possibly dismiss a student for violations of the Student Conduct Policy as listed in the PJC Student Handbook.

Online Etiquette

The objective in an online discussion is to be collaborative, ***not*** combative. Please, proof-read your responses carefully before you post them to make sure that they will not be offensive to others. Use discussions to develop your skills in collaboration and teamwork. Treat the discussion areas as a creative environment where you and your classmates can ask questions, express opinions, revise opinions, and take positions just as you would in a more traditional classroom setting. You should never post any rumors or other personal information on any online or social media platform.

Academic Honesty

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action such as dismissal from the college. These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.

Scholastic Dishonesty

“Scholastic dishonesty” shall include, but not be limited to, cheating, plagiarism, and collusion.

“Cheating” shall include, but not be limited to:

1. Copying from another student’s test or class work.
2. Using test materials not authorized by the person administering the test.
3. Collaborating with or seeking aid from another student during a test without permission from the test administrator.
4. Knowingly using, buying, selling, stealing, or soliciting, in whole or in part, the contents of an unadministered test, paper, or another assignment.
5. The unauthorized transporting or removal, in whole or in part, of the contents of the unadministered test.
6. Substituting for another student, or permitting another student to substitute for oneself, to take a test.
7. Bribing another person to obtain an unadministered test or information about an unadministered test.
8. Manipulating a test, assignment, or final course grade.

“Plagiarism” shall be defined as the appropriating, buying, receiving as a gift, or obtaining by any means another’s work and the unacknowledged submission or incorporation of it in one’s own written work.

“Collusion” shall be defined as the unauthorized collaboration with another person in preparing written work for fulfillment of course requirements.

Students are required to adhere to all Paris Junior College’s policies and procedures. Policies and procedures are in the Student Handbook which is available in both paper and electronic format. Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

Use of Artificial Intelligence (AI) for Course Work

EMSP Courses will not restrict the use of Artificial Intelligence software or programs for assistance with course work. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty. AI programs will not be allowed during testing at any point in all EMSP classes.

Catalog Description

- EMSP 1501 – five (5) credit hours.
- Introduction to the level of emergency medical technician (EMT)-Basic.
- Includes all the skills necessary to provide emergency medical care at a basic life support level with an ambulance service or other specialized services.

Learning Outcomes

Upon completion of the course, the graduate will be able to:

1. Describe the roles and responsibilities of basic EMS personnel within the EMS system.
2. Employ effective communication.
3. Interpret medical/legal issues.
4. Demonstrate ethical behavior.
5. Perform a history and comprehensive physical exam on various patient populations.
6. Safely implement the correct patient care interventions.

Program Outcomes

Upon completion of the program, the graduate will be able to:

1. Examine and assess the complexity and condition level of the patient as well as the extent of injuries to determine the need for and provide the appropriate basic emergency medical care based on the findings.
2. Ability to conduct oneself in an ethical and professional manner demonstrating proficiency in interpersonal relations and communications.
3. Demonstrate competency as an entry-level EMT-Basic in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains.

ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodation for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook. Here are the steps for students to request accommodation. **Note:** The student must be enrolled in classes before they submit their request.

1. Have the student log-in to **MyPJC**.
2. Click on the **Student** tab at the top of the page.
3. On left side, click on **Reports and Forms**.
4. Find **Request for Accommodations Form** under Forms.
5. The student should complete the form and attach documentation (or the student may email their documentation to ahoskins@parisjc.edu).
6. The student should select (check mark) each class for which they want an accommodation letter to be sent to the instructor.

Once the PJC Accommodations office receives the student's request and documentation, we will review and either approve the request or contact the student about their request. Once the request is approved, an accommodation letter will automatically be sent out to each instructor (as instructed by the student in their request) via email as well as to PJC's Testing Center.

Ansley Hoskins, M.Ed, Academic Advisor/ADA Coordinator

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023. If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center or by email (advising@parisjc.edu) and in the community.

Illness Policy

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4° F or higher). You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
 2. You have not had a fever (and are not using fever-reducing medication).
- When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Other Requirements

All students enrolled in EMSP 1501 must be concurrently registered in EMSP 1160. **For students to attend off-campus clinical and field experiences, they must maintain a passing average of 75% in the EMSP 1501 course.** To receive a course completion and be eligible for the National Registry Examination, all requirements for both courses must be met. These specific details will be provided to each student during orientation and will be covered in the EMSP 1160 syllabus.

Read this syllabus carefully and print a copy for future reference. **This syllabus is considered the ruling document when questions arise.** The syllabus, schedule, policies, procedures, and assignments in this course are subject to change in the event of extenuating circumstances. Any changes to the course syllabus, class outline or schedule will be communicated to the students via in-class verbal announcements, and/or PJC Blackboard course notifications and student Dragon Mail. If you have questions or need assistance, please contact any of the following:

- James Smith, EMT Instructor, 903-782-0750
- Heath Thomas, EMSP Coordinator, 903-782-0735

DATE	TOPIC	READINGS ASSIGNMENTS LECTURES
Week 1	Orientation	In class review of syllabus & Blackboard
Week 2	Preparatory	Chapters 1-4
Week 3	A&P, Terminology	Chapters 5-9
Week 4	Patient Assessment	Chapter 10
Week 5	Airway Management	Chapter 11
Week 6	Pharmacology	Chapter 12
Week 7	Shock & Resusc.	Chapter 13 & 14
Weeks 8-9	Medical Emergencies	Chapters 15-23
Weeks 10-11	Trauma	Chapters 24-32
Week 12	Special Patients	Chapters 33-35
Week 13	EMS Operations	Chapters 36-39

EMSP 2306.265
Emergency Pharmacology
2026 Spring Flex A

Instructor:	Heath Thomas	Meeting Location:	Online
Office:	WTC 1012	Meeting Days:	01/12/2026- 03/04/2026
Phone:	903.782.0735	Meeting Times:	Online
Email:	hthomas@parisjc.edu		
Office Hours:	By Appointment		

Course Description:

A study of drug classifications, actions, therapeutic uses, adverse effects, routes of administration, and calculation of dosages.

Credits: SCH = 2 lecture and 3 laboratory hours per week, from approved course list

Prerequisite(s): None

Required Textbook(s) and Materials:

Course materials will be provided. Students should utilize accurate and reliable research materials as needed for the course.

Class Uniform:

If a face-to-face session is required, the following class uniform should be worn.

- Official PJC EMS t-shirts or official red PJC EMS polo shirt
- Dark blue or black EMS pants (BTUs are acceptable; Denim Is Not)
- Black belt
- PJC student name badge (must be worn at all times while at clinical sites)
-

Recommended Materials:

- Quality internet connection
- Access to Blackboard LMS
- Microsoft Word

If you need access to Microsoft Word, use the following QR code to access Paris Junior College's Microsoft Student Advantage program.

Course Goals and Objectives:

Upon completion of the course, the graduate will:

- Categorizing classification of drugs.
- Calculation of medication dosages.
- Identify the therapeutic use, routes of administration, indications, and adverse effects.

Course Schedule:

- Week 1: Introduction to Emergency Pharmacology
- Week 2: Drug Calculations and Practice

- Week 3: Drug Calculations /Pharmacodynamics, Medication responses, Routes of Administration
- Week 4: Drug Calculations Exam/Medication Errors, Airway and Respiratory Management Medications
- Week 5: Cardiovascular System
- Week 6: Neurologic Conditions and Miscellaneous Medications.
- Week 7: IV Fluids
- Week 8: Final Exam

Course Requirements and Evaluation:

General Course Requirements and Evaluation

Course Grade	Requirements
A	Weighted Average of 90% or greater
B	Weighted Average of 85-90%
C*	Weighted Average of 80-85%
D	Weighted Average of 70-79%
F	Weighted Average of 69% or less

*A minimum grade of "C" is required to advance to the advanced level of the PJC EMS Education Programs.

Course Work Weighted Percentages

Golden Nuggets (Discussion Post) Grading Rubric

Grade	Requirements
100	• Primary Post – Minimum of 25 words discussing something you learned, was made more clear or that you found interesting
	• Reply to another students post – 25 words in agreement or disagreement on another students post •
0	• Failure to meet any of above criteria

EXAM Grades

All Exams will be graded based on a cut score of 75.

Cut Score Formulas:

- Raw Score below Cut Score: $(\text{Raw Score} \times \text{Passing Grade}) / \text{Cut Score}$
- Raw score above Cut Score: $((\text{Raw Score} - \text{Cut Score}) \text{ divided by } (1 \text{ minus Cut Score}) \text{ multiplied by } (1 \text{ minus Passing Grade})) \text{ plus the Passing Percentage}$

Course Policies:

- **Student-Instructor Communications:**
 - All official and primary communication should be made through your PJC Dragon Mail or college phone system.
- **Re-Takes:**
 - If a student unsuccessfully meets the minimum passing grade requirement of an assignment or exam, they may attempt a second evaluation. Students must provide proof of remediation before retaking the exam. At a minimum, remediation will include a handwritten corrections sheet listing all missed items and the location where the corrections were found. Failure to achieve a score of 75% or higher on the retake exam will result in failure in the course.
- **Official Student Email Policy**
 - Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence, including notices of academic status, financial aid, billing, registration, and campus alerts, will be sent to the student's PJC email account.
 - Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered

delivered. The College is not responsible for missed communications due to a student's failure to check their official email account.

Class Attendance:

Participation requirement: All students must complete the Syllabus assignment before the semester's official reporting date or they will be dropped from the course for non-participation.

Class attendance is critical for the successful completion of this course. *For online courses, students must complete their work on time and adhere to due dates.* The student must initiate withdrawals. The last day for a student to withdraw from a course with a grade of "W" is October 1st, 2026.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavors to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through activities such as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action, including dismissal from the college. *These students will immediately receive a score of zero on the exam/assignment in question, with no possibility of makeup work, and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.*

Artificial intelligence (AI) tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure to verify the accuracy of any AI-generated content, as it is known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

ADA Statement

Miller Grove High School
Dual Credit Class Meets Every Day
0:50 a.m. - 11:47 a.m.
Office Hours: 11:49-12:46 or by appointment

Course Description:

Intensive study of and practice in writing processes, from invention and researching to drafting, revising, and editing, both individually and collaboratively. Emphasis on effective rhetorical choices, including audience, purpose, arrangement, and style. Focus on writing the academic essay as a vehicle for learning, communicating, and critical analysis.

Textbooks:

Kirsznner, Laurie G., and Stephen R. Mandell. *Patterns for College Writing: A Rhetorical Reader and Guide*. 16th ed. Bedford/St. Martin's, 2021. Combined with *Launchpad*.
Simon, Neil. *Lost in Yonkers*.
Guzman, Monica. *I Never Thought of It That Way*

Associate of Arts (AA) — Program Learning Outcomes

Students who complete the Associate of Arts degree will demonstrate the following program-level competencies:

1. Communication & Expression — Demonstrate effective written and oral communication skills by articulating ideas clearly, purposefully, and with awareness of audience across a variety of contexts.
2. Critical & Creative Thinking — Analyze, evaluate, and synthesize information and ideas from multiple perspectives, applying both logical reasoning and creative inquiry to solve problems and construct meaning.
3. Humanities & Cultural Literacy — Examine human experience through the lens of history, literature, the arts, and cultural traditions, demonstrating an appreciation for diverse perspectives and their influence on society.
4. Information Literacy — Locate, evaluate, and ethically use information from a variety of sources to support research, argumentation, and informed decision-making.
5. Personal & Civic Responsibility — Reflect on individual values and their relationship to community and society, demonstrating an understanding of civic engagement and ethical responsibility.

Students who complete the Associate of Arts degree will demonstrate the following program-level competencies:

1. Communication & Expression — Demonstrate effective written and oral communication skills by articulating ideas clearly, purposefully, and with awareness of audience across a variety of contexts.
2. Critical & Creative Thinking — Analyze, evaluate, and synthesize information and ideas from multiple perspectives, applying both logical reasoning and creative inquiry to solve problems and construct meaning.
3. Humanities & Cultural Literacy — Examine human experience through the lens of history, literature, the arts, and cultural traditions, demonstrating an appreciation for diverse perspectives and their influence on society.
4. Information Literacy — Locate, evaluate, and ethically use information from a variety of sources to support research, argumentation, and informed decision-making.
5. Personal & Civic Responsibility — Reflect on individual values and their relationship to community and society, demonstrating an understanding of civic engagement and ethical responsibility.

Course Goals and Objectives

Foundational Component Area: Communication

Courses in this category focus on developing ideas and expressing them clearly, considering the effect of the message, fostering understanding, and building the skills needed to communicate persuasively. Courses involve the command of oral, aural, written, and visual literacy skills that enable people to exchange messages appropriate to the subject, occasion, and audience.

Required Core Objectives:

Student Learning Outcomes (Core Curriculum-Level):

1. Demonstrate *Critical Thinking Skills*—to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.

2. Demonstrate *Communications Skills*—to include effective development, interpretation, and expression of ideas through written, oral and visual communication.
3. Demonstrate *Team Work*—to include the ability to consider different points of view and to work effectively with others to support a shared purpose or goal.
4. Demonstrate *Personal Responsibility*—to include the ability to connect choices, actions, and consequences to ethical decision-making.

Student Learning Outcomes (English Program-Level):

1. Students will be able to identify, arrange, and evaluate the effectiveness of a thesis statement.
2. Students will be able to identify Standard Written English (SWE) and apply correct forms of English most widely accepted as clear and proper.
3. Students will be able to identify the specific parts of an essay, distinguish appropriate modes of communicating an idea, and use transitional words and phrases effectively.

Student Learning Outcomes (ENGL 1301 Course-Level):

Upon successful completion of this course, students will:

1. Demonstrate knowledge of individual and collaborative writing processes.
2. Develop ideas with appropriate support and attribution.
3. Write in a style appropriate to audience and purpose.
4. Read, reflect, and respond critically to a variety of texts.
5. Use Edited American English in academic essays.

Reader Response: Reader responses are an integral part of our course of study for this class. They will give you the opportunity to explore your reaction to what you are reading for class, and will allow you the space to explore your ideas. For these responses, I will be looking for both your intellectual and personal reflections. David Joliffe suggests three techniques for Reader Response:

- You can read a text *affectively*, addressing the questions: “How does this text make me feel? Why does it make me feel this way?”
 - You can read a text *paraphrastically*, taking the organization of an entire text, portions of it, even individual paragraphs and sentences, as a pattern for your own thoughts and ideas.
 - You can read a text *dialectically* by asking yourself what questions the text raises, looking for how the text answers those questions, and then considering how closely the text’s answers match the way *you* would answer the questions on the basis of your own thinking and experience. **The process for Reader Responses this semester is as follows:**
1. They will be handwritten this year. You will need two sheets of paper. The first page will have your name, the title of the work that you are responding to, the author, and your response. Your response should be no less than 350 words. The second page is for our in class ‘discussion’ of our responses to the writing and will be titled Writing Workshop.
 2. When writing your response, remember a couple of things: refer directly back to the text using in text citations and quotes from the work, and that you will be reading your response out loud to the class.
 3. On the day that the response is due, we will read our responses out loud to the class and then begin our writing workshop, where we will pass the papers around the room and respond to the Reader Responses. We will respond to every response that was prepared for class that day and even students who did not have a Reader Response will participate in the Writing Workshop.
 4. In your responses to others’ writings you are responsible for giving constructive feedback, adding to the comments of others, writing no less than nine lines, and offering suggestions.

ACT Practice Questions: Complete practice sections as assigned on the syllabus.

<https://www.act.org/content/act/en/products-and-services/the-act/test-preparation/english-practice-test-questions.html?page=0&chapter=0>

ENGL 1301 Labs (Online): Online lab assignments are a required component for all ENGL 1301 students at Paris Junior College and are to be completed outside of the scheduled classroom time. The labs **MUST** be completed by the stated due dates. They will **NOT** be reopened under ANY circumstances. Plan ahead and complete them by the scheduled due dates! There are a total of fourteen lab items and two diagnostic tests. Expect to spend, on average, an hour for each of the labs for a total of sixteen hours.

Essays: The process: (Follow this guide when writing all five papers) ***No essay will be accepted if it is not composed first by hand and then submitted to me for editing in Google Docs prior to the final due date.

1. Compose a rough draft (minimum: 1 1/2 pages) that expresses your story/idea from beginning to end. A rough draft completely attempts to explore a topic or an idea. **All rough drafts will be composed by hand in class.**

2. Have two others respond to your paper. Your respondents need to be people willing to suggest improvements, not just people who will tell you how good your paper is. One of your responders can be someone not in this English class.
3. Compose a second draft based on your first two responders' comments and any teacher suggestions. Make sure that you include more detail and begin focusing on spelling/punctuation on the second draft (minimum: 2 pages).
4. I will do one edit of your paper, and I will only do this on your second draft after you have had two people proofread your first draft and made the appropriate revisions.
5. Write a third and polished draft of your paper that is as perfect as you can make it. This polished draft must be submitted in electronic format (.doc and be composed in Google Docs) through Blackboard and attached to the appropriate writing assignment.

Group Presentation: This semester you will participate in a group presentation regarding one of the novels we read in class. The groups will be assigned specific topics to explore and will be given individual roles to complete within the group.

Individual Presentation: You will also be asked to complete individual presentations this semester. For this assignment, you will be responsible for leading an in-class discussion about one of the assigned texts. Assignments for the text you will be responsible for will be made at the beginning of the semester. Things to be considered for your presentation include: a general response to the text, themes that are presented, literary devices that the author uses, and application of themes to your world.

Online Component: In addition to classroom participation, there will be an online component to this class. We will be using Blackboard to supplement the learning environment. All essays will be submitted through this system, there will be lab exercises to practice grammar topics, we will participate in group discussion boards, and you will also be able to access any links to videos or handouts through this system.

Technical Difficulties: Computer access is available at the following PJC locations. Technical issues are not an excuse to miss deadlines. This is why assignments should not be put off until near the deadline.

- a. Paris
 1. The Learning Center
 2. AS150
- b. Greenville Center Library
- c. Sulphur Springs Center Library
- d. Miller Grove High School: Lab, Mrs. Hayden's room. Please make arrangements with me to be here outside of school hours.

Mid-Term Grades: Paris Junior College instructors are required to enter midterm grades during the ninth week of the semester. Once entered, each student's mid-term grade may be viewed by College personnel with the need to monitor such information, such as student records, student financial aid, academic advising and counseling, and administrative staff.

Class Attendance: Class attendance is critical for the successful completion of this course. *For online courses, students must complete work in a timely manner and follow due dates.* Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is Thursday, **November 12th**.

Class Conduct: Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty: In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. **Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will immediately receive a score of zero on the exam/assignment.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forgo the right to receive a passing grade in this class. A score of 50 will be recorded for the semester grade. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.

Artificial Intelligence Policy: In accordance with the institution's Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI (such as ChatGPT) to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship. If AI is suspected, it is incumbent upon the student to prove innocence. Students may be asked to hand-produce essays under proctored monitoring. Failure to do so will result in a 0 score.

Complaint Procedures: Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement: It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, state, and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Illness Policy: Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true: 1. Your symptoms are getting better overall, and 2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Official Student Email Policy Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence—including notices of academic status, financial aid, billing, registration, and campus alerts—will be sent to the student's PJC email account.

Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not responsible for missed communications due to a student's failure to check their official email account.

Syllabus Subject to Change: This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Student Email

Evaluation Methods: Essays, Presentations, Lab Quizzes, Formal Exams. See below for breakdown of grades and course expectations.

Grading:

A=90-100 B=80-89 C=70-79 D=60-69 F=0-59
 Essay Scores: A+ = 98 B+ = 88 C+ = 78 D+ = 68
 A = 95 B = 85 C = 78 D = 65 F = 50
 A- = 92 B- = 82 C- = 72 D- = 62 0 for no essay

Final Grade: Essays 30%
 LabEx 15%
 Quiz/Res 15%
 Pres 10%
 MidT Ex 15%
 Fin.Ex 15%
 Partic. 5%
Total: 105%

Note: All Essays are required. Failure to take the midterm or final without an exemption or to complete an essay will result in a failure for the course.

ENGL 2322.760
British Literature I
Fall 2026

Marcella Hayden
Room 310
Office Phone: 903/459-3288 ext 2817
Email: mhayden@parisjc.edu

Miller Grove High School
Dual Credit Class Meets Every Day
8:52-9:49 a.m.
Office Hours: 11:49-12:46 or by appointment

Course Description: A survey of the development of British literature from the Anglo-Saxon period to the Eighteenth century. Students will study works of prose, poetry, drama, and fiction in relation to their historical, linguistic, and cultural contexts. Texts will be selected from a diverse group of authors and traditions. **Required**

Textbooks and Materials:

Greenblatt, Stephen, eds. et al. *The Norton Anthology of English Literature: Shorter Eleventh Edition, Volume I*. New York: Norton, 2024. ISBN#: 978-1-324-06292-9

Chaucer. *The Canterbury Tales*

Course Goals and Objectives:

Foundational Component Area: Language, Philosophy, and Culture

Courses in this category focus on how ideas, values, beliefs, and other aspects of culture express and affect human experience. Courses involve the exploration of ideas that foster aesthetic and intellectual creation in order to understand the human condition across cultures.

Required Core Objectives

Student Learning Outcomes (Core Curriculum-Level):

1. Demonstrate Critical Thinking Skills—to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.
2. Demonstrate Communications Skills—to include effective development, interpretation and expression of ideas through written, oral and visual communication.
3. Demonstrate Social Responsibility—to include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities.
4. Demonstrate Personal Responsibility—to include the ability to connect choices, actions, and consequences to ethical decision-making.

Student Learning Outcomes (English Program-Level):

1. Students will be able to identify, arrange and evaluate the effectiveness of a thesis statement.
2. Students will be able to identify Standard Written English (SWE) and apply correct forms of English most widely accepted as clear and proper.
3. Students will be able to identify the specific parts of an essay, distinguish appropriate modes of communicating an idea, and use transitional words and phrases effectively.

Student Learning Outcomes (ENGL 2322 Course-Level):

This course is designed to prepare students with skills for lifelong learning—

1. Identify key ideas, representative authors and works, significant historical or cultural events, and characteristic perspectives or attitudes expressed in the literature of different periods or regions.
2. Analyze literary works as expressions of individual or communal values within the social, political, cultural, or religious contexts of different literary periods.
3. Demonstrate knowledge of the development of characteristic forms or styles of expression during different historical periods or in different regions.
4. Articulate the aesthetic principles that guide the scope and variety of works in the arts and humanities.
5. Write research-based critical papers about the assigned readings in clear and grammatically correct prose, using various critical approaches to literature.

A=90-100 B=80-89 C=70-79 D=60-69 F=0-59
 Essay Scores: A+ = 98 B+ = 88 C+ = 78 D+ = 68
 A = 95 B = 85 C = 78 D = 65 F = 50
 A- = 92 B- = 82 C- = 72 D- = 62 0 for no essay

 Quiz/Res 15%
 Ind Pres 10%
 MidTerm 20%
 Final 20%
 Res Paper 25%

Note: All assignments are required. Failure to complete any assignment will result in failure for the course.

Total: 105%

Please Note: Students will not receive Six Weeks Grades, but a final semester grade. At the mid-term or final drop date, I will give students a grade for their progress at that point. Students are responsible for keeping track of their progress in class based on grades that they receive as work is returned to them. I will keep all student work throughout the semester.

Reading Responses: During the semester, I will require you to write reading responses to specific texts. These responses can be created in any format you desire as long as the completed project reflects knowledge of, understanding of, and a connection to the assigned work. If you choose writing as an avenue for expressing these things, it will be 350-500 words in length. Other options include poetry, drawing, short story, cartoon, etc. This will allow you practice in analyzing texts as well as give you the chance to develop ideas about this material in preparation for class discussion. You do not need to respond to the whole text, the idea is to address a part of the text that reminded you of something, made you have an “aha” moment, or inspired a different perspective on any given topic.

Annotations: You will further be required, when asked, to provide evidence of annotations that you made to the text as you were reading. The goal of this is to show that you are attempting to have a ‘conversation’ with the text as you are reading, both listening to what the text is saying as well as responding in an appropriate manner. I will ask for these randomly and will be included as a quiz grade.

Term Paper: You will be responsible for writing one full length analysis this semester over one or more of the works that we will be reading. This will be a well-researched literary analysis that demonstrates an original response to the literature. More information about this assignment will be provided on the first day of class.

Individual Presentation: You will also be asked to complete one individual presentation this semester. For this assignment, you will be responsible for leading an in-class discussion about one of the assigned texts.

Assignments for the text you will be responsible for will be made at the beginning of the semester. Things to be considered for your presentation include: a general response to the text, themes that are presented, literary devices that the author uses, and application of themes to your world.

Class Attendance: Class attendance is critical for the successful completion of this course. *For online courses, students must complete work in a timely manner and follow due dates.* Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of “W” is Thursday, **November 12th**.

Class Conduct: Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty: In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. **Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will immediately receive a score of zero on the exam/assignment.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forgo the right to receive a passing grade in this class. A score of 50 will be recorded for the semester grade. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.

Artificial Intelligence Policy: In accordance with the institution’s Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI

(such as ChatGPT) to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

If AI is suspected, it is incumbent upon the student to prove innocence. Students may be asked to hand-produce essays under proctored monitoring. Failure to do so will result in a 0 score.

Complaint Procedures: Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement: It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, state, and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Illness Policy: Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true: 1. Your symptoms are getting better overall, and 2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Official Student Email Policy Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence—including notices of academic status, financial aid, billing, registration, and campus alerts—will be sent to the student's PJC email account.

Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not responsible for missed communications due to a student's failure to check their official email account.

Syllabus Subject to Change: This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Student Email

JC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

*English 1301
Composition 1
Fall - 2026*

Instructor: Melissa Cox
Office: LC 18 (Royse City HS)
Phone:
Email: mcox2@parisjc.edu

Meeting Location: LC 18 (RCHS)
Meeting Days: Monday - Friday
Meeting Times: 2, 4, 5, 6, 7, 8

Office Hours:

M/F: M 7:30-8:00, F 3:45-4:30

Course Description:

Intensive study of and practice in writing processes, from invention and researching to drafting, revising, and editing, both individually and collaboratively. Emphasis on effective rhetorical choices, including audience, purpose, arrangement, and style. Focus on writing the academic essay as a vehicle for learning, communicating, and critical analysis.

Focus: Nonfiction essays/readings, modes of writing, MLA documentation, and fictional novel

Required Textbook(s) and Materials:

Materials are online within the course. No purchase is needed.

Course Goals and Objectives:

The course aims to prepare students for college-level discourse by emphasizing rhetorical choices, argument structures, and research methodologies.

Required Core Objectives

Student Learning Outcomes (Core Curriculum-Level):

1. Demonstrate Critical Thinking Skills—to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.
2. Demonstrate Communications Skills—to include effective development, interpretation and expression of ideas through written, oral and visual communication.
3. Demonstrate Social Responsibility—to include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities.
4. Demonstrate Personal Responsibility—to include the ability to connect choices, actions, and consequences to ethical decision-making.

Student Learning Outcomes (English Program-Level):

1. Students will be able to identify, arrange and evaluate the effectiveness of a thesis statement.

2. Students will be able to identify Standard Written English (SWE) and apply correct forms of English most widely accepted as clear and proper.
3. Students will be able to identify the specific parts of an essay, distinguish appropriate modes of communicating an idea, and use transitional words and phrases effectively.

Student Learning Outcomes (ENGL 1301 Course-Level):

Upon successful completion of this course, students will:

1. Demonstrate knowledge of individual and collaborative writing processes.
2. Develop ideas with appropriate support and attribution.
3. Write in a style appropriate to audience and purpose.
4. Read, reflect, and respond critically to a variety of texts.
5. Use Edited American English in academic essays.

Course Schedule:

Week 1 - Introduction to the Course
Week 2 - Setting the Stage (Narration/Description)
Week 3 - Drafting and Peer Review
Week 4 - Exemplification and Novel Analysis
Week 5 - Process Analysis and The Rhetorical Choice
Week 6 - Cause and Effect
Week 7 - Comparison and Contrast
Week 8 - Classification and Division
Week 9 - Drafting
Week 10 - Definition and Introduction to Research
Week 11 - Argumentation and MLA Guidelines
Week 12 - Developing the Documented Essay
Week 13 - Drafting the Research Paper
Week 14 - Editing the Research Paper
Week 15 - Reflection, Course Synthesis, and Post-Assessment
Week 16 - Finals Week

Course Requirements and Evaluation

The course requires one documented essay, quizzes, discussion postings, and major exams over each module.

Discussions/Seminars: 20%

Grading Rubric:

Grading Rubric: Letter Grade Description For Written Papers and Essay Exams: The "A" Essay: An "A" essay is error free or nearly so in grammar. It addresses the topic directly and in detail. It provides very good, clear examples and illustrations. It provides enough elaboration to cover the topic and does so in an easy-to-read manner without straying from the topic. It uses proper MLA documentation and a Works Cited if required.

Grading Rubric: Letter Grade Description The "B" Essay: The "B" essay response is well written and contains few grammar problems. It addresses the topic adequately and provides some illustrations or examples. It provides a good level of detail, but not as much as the "A" paper. It may stray a little from the topic, but is generally on track. It provides MLA documentation and a Works Cited if required, but it may need some minor amendment.

Grading Rubric: Letter Grade Description The "C" Essay: The "C" essay likely contains some substantial grammar problems, and it does not have the level of detail desired for an essay response. It may provide something in the way of illustration or example, but not as much as needed or the examples used may not be so good. It may stray from the topic or not address it as directly as desired. MLA documentation and a Works Cited may be present if required, but the documentation and bibliography may be in need of substantial revision.

Grading Rubric: Letter Grade Description The "D" Essay: The "D" essay likely has substantial grammar problems or it is simply inadequate in length or detail. It lacks substance and often strays from the topic or does not address it very well. It may contain some information that is on track, but it is marred by grammar problems or suffers from a lack of development. Inadequate documentation appears if required, and the Works Cited needs substantial work.

Grading Rubric: Letter Grade Description The "F" Essay: The "F" essay likely does not address the topic or is severely hampered by grammar problems. It lacks development and simply does not provide an adequate response at the college level. It lacks adequate documentation and the bibliography, if present, does not follow MLA style.

Grading Rubric: Letter Grade Description The "0" Essay: The "0" essay is a copy and paste essay or one that is otherwise plagiarized or not original to the student enrolled in the course. Don't even think about it. You will not only get a "0" for this essay, but you may fail the course as well. No revisions.

Course Policies

Submit assignments by due dates. Late work may be penalized or not accepted. The due date for each assignment is the due date. Do not wait until near the due date to work on assignments. Create your own schedule and work on the assignments on a regular basis. Plagiarized work will receive a zero, and the student involved may fail the course. Missing work will receive a zero.

Class Attendance:

Class attendance is critical for the successful completion of this course. *In the event of an absence, you MUST email the professor.* Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of “W” is 24 April.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action such as dismissal from the college. *These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.*

Official Student Email Policy

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence—including notices of academic status, financial aid, billing, registration, and campus alerts—will be sent to the student’s PJC email account.

Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not responsible for missed communications due to a student’s failure to check their official email account.

Artificial Intelligence Policy

In accordance with the institution's Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI (such as ChatGPT) to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

Please note that it is incumbent upon the student to prove no AI influence. If AI is suspected, students may be asked to write essays while under proctor.

ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Non-Discrimination Clause

Paris Junior College is an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, color, national origin, sex, religion, age, disability, or any other basis prohibited by law.

Paris Junior College prohibits discrimination, including harassment, against any student on the basis of sex or gender, race, color, national origin, disability, religion, age, or any other basis prohibited by law. A lack of English language skills will not be a barrier to admission and participation in the career and technical education programs of Paris Junior College.

Retaliation against anyone involved in a complaint process is a violation of PJC policy and is prohibited.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

ENGL 1301.45A0
Composition and Rhetoric and Reading
Fall 2026 –16 weeks– In-person

Instructor: Mylissa Bailey
Office: SS Center Front Offices
Phone: 903-885-1232
Email: mbailey@parisjc.edu

Meeting Location: Room 223
Meeting Days: Tues/Thurs
Meeting Times: 8:00-9:15

Office Hours: M/W 8:00-9:30; 1:30-3:00 T/R 7:30-8:00; 9:30-10:00; 1:30-3:00

Course Description

“Intensive study of and practice in writing processes, from invention and researching to drafting, revising, and editing, both individually and collaboratively. Emphasis on effective rhetorical choices, including audience, purpose, arrangement, and style. Focus on writing the academic essay as a vehicle for learning, communicating, and critical analysis,” (Catalog).

Credits: 3 Credit Hours, 3 Hours of class each week

TSI Requirement: 340 or below; Essay 4 or higher.

Prerequisite: None

Required Textbook(s) and Materials

1. Kirsznner, Laurie G. and Stephen R. Mandell. *Patterns for College Writing: A Rhetorical Reader and Guide*. 16th ed. Publisher MPS ISBN-9781319532345
(This book will be embedded in your Blackboard class, so you will not need to buy it.)
2. *Of Mice and Men* by John Steinbeck
ISBN 13: 9781405855365

Dragon Now Course Material Information:

All the required course materials for your classes are being delivered through Dragon Now, the campus-wide affordable course materials program. You will be charged automatically, so you will not need to make a separate purchase.

For this course, we will be using a digital eBook accessed through the My Materials link in Blackboard. You will also receive an email directly from Kortext no-reply@kortext.com, with a link to access your account. Please follow the directions in the email to access your virtual bookshelf.

If you wish to opt-out of this program, please follow the steps below by:

- Fall Main & Flex 1 Term: 9/11/2026
- Flex 2 Term: 10/28/2026

- 1) Go to <https://ACCESSPortal.follett.com:443/1836>
- 2) Create an account using your student email account
- 3) Select Opt-Out to opt-out of the entire program. You will have an opportunity to opt back in if you choose to do so.
- 4) You can also Opt-Out from the student-specific link provided in the email from noreply@follett.com.

Important: If you Opt-Out, you will no longer have access to your required digital materials and will need to purchase required materials on your own. If you have required physical (print) materials that you have received from the virtual campus store, please return the physical

material(s) before opting out. If you have any questions about Dragon Now or the charge to your student account, please contact the virtual campus store by phone at (800) 381-5151 or via email at csvirtual@efollett.com.

Course Goals and Objectives

The general course goals of 1301 are to have students improve their writing abilities and increase their proficiency in critical reading and in writing nonfiction prose, with emphasis on narration, exposition, and persuasion.

Foundational Component Area:

Communication Courses in this category focus on developing ideas and expressing them clearly, considering the effect of the message, fostering understanding, and building the skills needed to communicate persuasively. Courses involve the command of oral, aural, written, and visual literacy skills that enable people to exchange messages appropriate to the subject, occasion, and audience.

Required Core Objectives

Associate of Arts (AA) — Program Learning Outcomes

Students who complete the Associate of Arts degree will demonstrate the following program-level competencies:

1. Communication & Expression — Demonstrate effective written and oral communication skills by articulating ideas clearly, purposefully, and with awareness of audience across a variety of contexts.
2. Critical & Creative Thinking — Analyze, evaluate, and synthesize information and ideas from multiple perspectives, applying both logical reasoning and creative inquiry to solve problems and construct meaning.
3. Humanities & Cultural Literacy — Examine human experience through the lens of history, literature, the arts, and cultural traditions, demonstrating an appreciation for diverse perspectives and their influence on society.
4. Information Literacy — Locate, evaluate, and ethically use information from a variety of sources to support research, argumentation, and informed decision-making.
5. Personal & Civic Responsibility — Reflect on individual values and their relationship to community and society, demonstrating an understanding of civic engagement and ethical responsibility.

Student Learning Outcomes (ENGL 1301 Course-Level):

Upon successful completion of this course, students will:

1. Demonstrate knowledge of individual and collaborative writing processes.
2. Develop ideas with appropriate support and attribution.
3. Write in a style appropriate to audience and purpose.
4. Read, reflect, and respond critically to a variety of texts.
5. Use Edited American English in academic essays.

Course Requirements and Evaluation

This course will consist of five (5) core essays. These are essential to this course and must be completed. You may revise your essays throughout the semester. Please follow the revision rules. Remember that writing is a process. There are several quizzes, discussions, and lab assignments that also figure into your total score. Also, if you meet certain guidelines, you can be exempt from the final exam. (See below)

Essays : This category MAY be revised (revision policy below) 60%

Description Essay
Narrative Essay

Description Practice
Narrative Reading Questions
King Arthur Quiz
Definition Outline
Logic and Fallacies Quiz
Research Outline
Research Works Cited
Analysis Outline
Novel Quiz

Lab Component 20%

Total 100%

Revision Policy:

Essays: Test Grades: (60% of the grade)

You may revise each essay up to three times to improve your grade. When submitting a revision, please highlight all changes in yellow before resubmitting your essay. Revisions that are not highlighted will not be graded. The only exception is the final exam essay, which cannot be revised after the due date. However, if you submit the final essay before the deadline, you may revise it before that cutoff.

All essays must be typed and formatted in MLA style using 12-point Times New Roman font. Essays submitted in any other format will not be accepted or graded.

If an essay is turned in late, it is subject to a 10-point deduction per day. No assignments will be accepted after they are three days late. This policy applies only to essays/test grades. (*Remember: The final exam essay can be exempt. See below*)

Grading Codes:

To provide timely feedback and help you grow as a writer, all essays will be graded using the following color-coded system:

- Yellow – Grammar mistakes
- Red – Point of view issues
- Green – Use of forbidden words (see the Week 1 folder for the list)
- Blue – Tense change issues

- RO – Run-on sentences and comma splices

This system is designed to make it easier for you to identify areas for improvement and strengthen your writing skills with each assignment.

Quiz and Discussion Grades: (20%)

Quiz grades are final and cannot be revised or retaken. Once a quiz closes, it will not be reopened, so please make sure to complete each quiz before the deadline.

I encourage you to start quizzes early and check your internet connection before beginning. Quizzes are meant to help you keep up with the course material and prepare for major assignments, so staying on schedule will make your success much easier.

English 1301 Labs (20% of the grade)

Online lab assignments are a required component for all ENGL 1301 students at Paris Junior College and must be completed outside of scheduled class time. Labs must be completed by the stated due dates. There are a total of 16 lab activities. You should expect to spend about one hour per lab, for a total of approximately sixteen hours of lab work.

While the labs are not technically due until the end of the session, I've scheduled them weekly to help you stay on track. If you have a particularly busy week and miss one, you can catch up the following week without penalty. My goal is to help you avoid the stress of trying to complete all the labs at once at the end of the semester. Breaking them up week by week will make the workload much more manageable.

Lab grades are final and cannot be retaken, so please make sure to complete them before the deadline.

Exemption Rules for Final:

To be exempt from the final, a student must meet the following criteria:

- Any student who
- a.) submits all prior essays
 - b.) earns an **80 essay average**, and
 - c.) has 4 or fewer class absences

Students who do **NOT** qualify for exemption:

- Any student who
- a.) does not submit all prior essays **and/or**
 - b.) earns **an essay average less than 80** and/or
 - c.) has more than 4 absences

Non-exempt students are required to complete the final exam essay. The grade earned on this essay will replace the student's lowest essay grade, with one exception: the grade for the research paper cannot be replaced. A zero will not be dropped or replaced by the final exam essay grade. If a student qualifies for exemption but still wishes to write an essay for the final to improve their overall course average, he/she may do so. However, the final exam essay cannot be used to replace a zero.

Course Policies:

Students are expected to complete all coursework honestly and independently, using only their own knowledge and the resources permitted by the instructor. Academic integrity is essential to your success in this course and to your growth as a writer and critical thinker. For guidance on MLA formatting and citation, students are encouraged to consult the Purdue Online Writing Lab

(OWL), a trusted and comprehensive resource, and the information provided in the course materials.

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of “W” is *Nov 12th*.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will immediately receive a score of zero on the exam/assignment. Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial Intelligence Policy:

In accordance with the institution’s Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI (such as ChatGPT) to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved, the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State, and local laws, regulations, and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student’s responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made, students will be informed of the change by an announcement in Blackboard.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

Course Schedule: Tentative (Subject to change at instructor's discretion)
All assignments are due at 11:59 pm on the assigned due dates.

Week 1: Aug 24--28 (Let's Get Started)

Syllabus, Course Instructions, Labs
Lesson 1 – Academic Writing, Thesis, Intro, and Conclusion
Lesson 2 – MLA Formatting

Due Sunday: Syllabus Quiz
August 30th Formatting Quiz
Forbidden Word Practice (in class)

Week 2: August 31 – Sept 4 (Description)

Lesson 3 – Pre-Writing and Grammar
Lesson 4 – Descriptive Writing
Dominate Impressions

Due Sunday: Labs: Pretest
Sept 6th Descriptive Essay
Reading Novel: Needs to be finished by the start of week 12

Week 3: Sept 7 - 11 (Narrative Essay)

Lesson 5 – Narrative Writing, Establishing a story arc
Read Narrative Essay Example #1 and #2

Due Sunday: Narrative Reading Questions
Sept 13th Labs: Writing Process
Reading Novel: Needs to be finished by the start of week 12

Week 4: Sept 14 -18 (Narrative Essay)

Read Narrative Essay Example #3 and #4

Due Sunday: Narrative Essay
Sept 20th No Labs this week
Reading Novel: Need to be finished by the start of week 12

Week 5: Sept 21--25 (King Arthur Legends)

Lesson 6 – Background information on King Arthur
Read: King Arthur Background, Sir Gawain and the Green Knight

Due Sunday: Arthur Legends Reading Quiz
Sept 27th Labs: Thesis Statements, Parallelism
Reading Novel: Needs to be finished by the start of week 12

Week 6: Sept 28—Oct 2

Lesson 7 – Definition Essay
Read: Morte D' Arthur
Read: Examples Definition Essays #1, #2, and #3

Due Sunday: Definition Essay Outline
Oct 4th Labs: Topic Sentence, Clause Structure
Reading Novel: Needs to be finished by the start of week 12

Week 7: Oct 5--9 (Definition and Research)

Lesson 8 – Logic and Fallacies, Argumentation

Due Sunday: Definition Essay
Oct 11th No Labs this week

Week 8: Oct 12-16 (Research)

Lesson 9 – Research/Argument

Read: Non-Fiction Essays #1, #2, #3

Due Sunday: Logic and Fallacy Quiz
Oct 18th Discussion #1
Labs: Sentence Types, Combining Sentences
Reading Novel: Needs to be finished by the start of week 12

Week 9: Oct 19-23 (Introduction to Research)

Read: Non-Fiction Essays #4, and #5

Due Sunday: Discussion #2
Oct 25th Labs: Subject/Verb, Italics and Quotation Marks
Reading Novel: Needs to be finished by the start of week 12

Week 10: Oct 26-30 (Research/Argument)

Lesson 10 – MLA Citation Methods

Due Sunday: Research Outline
Nov 1st Works Cited
Labs: Comma Placement, Use of Capitals
Reading Novel: Needs to be finished by the start of week 12

Week 11: Nov 2-6 (Research/Argument)

Due Sunday: Research Paper
Nov 8th No Labs this week
Reading Novel: Needs to be finished by the start of week 12

Week 12: Nov 9-13 (Novel Study/Analysis)

Lesson 11 – Novel Information

Due Sunday: Novel Quiz
Nov 15th Labs: Audience

Week 13: Nov 16-21 (Novel Study/Analysis)

Lesson 12 – Analysis Essay over Novel

Due Sunday: Analysis Essay (Timed Writing Online)

Nov 22nd Labs: Responding Critically, Verbs

Week 14: Nov 23-27

No Class This Week

Week 15: Nov 30 – Dec 4 (Labs and Revisions)

Due Sunday: Finish Revisions and Labs This Week

Dec 6th Labs: Final Grammar Quiz

Week 16: Dec 7-10 (Reflection)

Lesson 13: Synthesis Essay (Reflection)

Due Sunday: Final Exam Due Dec 8th by 11:59 pm

Dec 8th

Final Exam is due TUESDAY, Dec 8th by 11:59 pm

*****See Above for Final Exemption Policy*****

ENGL 1301.50B0
Composition and Rhetoric and Reading
Fall 2026 – In-Person Sulphur Springs

Instructor: Mylissa Bailey
Office: SS Center Front Offices
Phone: 903-885-1232

Email: mbailey@parisjc.edu

Office Hours: M/W 8:00-9:30; 1:30-3:00 T/R 7:30-8:00; 9:30-10:00; 1:30-3:00

Meeting Location: Room 104

Meeting Days: M/W

Meeting Times: 9:30-10:45

Course Description

“Intensive study of and practice in writing processes, from invention and researching to drafting, revising, and editing, both individually and collaboratively. Emphasis on effective rhetorical choices, including audience, purpose, arrangement, and style. Focus on writing the academic essay as a vehicle for learning, communicating, and critical analysis,” (Catalog).

Credits: 3 Credit Hours, 3 Hours of class each week

TSI Requirement: 340 or below; Essay 4 or higher.

Prerequisite: None

Required Textbook(s) and Materials

1. Kirszner, Laurie G. and Stephen R. Mandell. *Patterns for College Writing: A Rhetorical Reader and Guide*. 16th ed. Publisher MPS ISBN-9781319532345
(This book will be embedded in your Blackboard class, so you will not need to buy it.)
2. *Of Mice and Men* by John Steinbeck
ISBN 13: 9781405855365

Dragon Now Course Material Information:

All the required course materials for your classes are being delivered through Dragon Now, the campus-wide affordable course materials program. You will be charged automatically, so you will not need to make a separate purchase.

For this course, we will be using a digital eBook accessed through the My Materials link in Blackboard. You will also receive an email directly from Kortext no-reply@kortext.com, with a link to access your account. Please follow the directions in the email to access your virtual bookshelf.

If you wish to opt-out of this program, please follow the steps below by:

- Fall Main & Flex 1 Term: 9/11/2026
- Flex 2 Term: 10/28/2026

- 1) Go to <https://ACCESSPortal.follett.com:443/1836>
- 2) Create an account using your student email account
- 3) Select Opt-Out to opt-out of the entire program. You will have an opportunity to opt back in if you choose to do so.

- 4) You can also Opt-Out from the student-specific link provided in the email from noreply@follett.com.

Important: If you Opt-Out, you will no longer have access to your required digital materials and will need to purchase required materials on your own. If you have required physical (print) materials that you have received from the virtual campus store, please return the physical material(s) before opting out. If you have any questions about Dragon Now or the charge to your student account, please contact the virtual campus store by phone at (800) 381-5151 or via email at csvirtual@efollett.com.

Course Goals and Objectives

The general course goals of 1301 are to have students improve their writing abilities and increase their proficiency in critical reading and in writing nonfiction prose, with emphasis on narration, exposition, and persuasion.

Foundational Component Area:

Communication Courses in this category focus on developing ideas and expressing them clearly, considering the effect of the message, fostering understanding, and building the skills needed to communicate persuasively. Courses involve the command of oral, aural, written, and visual literacy skills that enable people to exchange messages appropriate to the subject, occasion, and audience.

Required Core Objectives

Associate of Arts (AA) — Program Learning Outcomes

Students who complete the Associate of Arts degree will demonstrate the following program-level competencies:

1. Communication & Expression — Demonstrate effective written and oral communication skills by articulating ideas clearly, purposefully, and with awareness of audience across a variety of contexts.
2. Critical & Creative Thinking — Analyze, evaluate, and synthesize information and ideas from multiple perspectives, applying both logical reasoning and creative inquiry to solve problems and construct meaning.
3. Humanities & Cultural Literacy — Examine human experience through the lens of history, literature, the arts, and cultural traditions, demonstrating an appreciation for diverse perspectives and their influence on society.
4. Information Literacy — Locate, evaluate, and ethically use information from a variety of sources to support research, argumentation, and informed decision-making.
5. Personal & Civic Responsibility — Reflect on individual values and their relationship to community and society, demonstrating an understanding of civic engagement and ethical responsibility.

Student Learning Outcomes (ENGL 1301 Course-Level):

Upon successful completion of this course, students will:

1. Demonstrate knowledge of individual and collaborative writing processes.
2. Develop ideas with appropriate support and attribution.
3. Write in a style appropriate to audience and purpose.

4. Read, reflect, and respond critically to a variety of texts.
5. Use Edited American English in academic essays.

Course Requirements and Evaluation

This course will consist of five (5) core essays. These are essential to this course and must be completed. You may revise your essays throughout the semester. Please follow the revision rules. Remember that writing is a process. There are several quizzes, discussions, and lab assignments that also figure into your total score. Also, if you meet certain guidelines, you can be exempt from the final exam. (See below)

Blackboard Announcements:

Students are responsible for all information posted in the Blackboard course announcements. This is my primary way of communicating with you in real-time and making any necessary updates or adjustments. Announcements may include important reminders, whole-class feedback, and suggestions to help you improve your writing assignments and overall grades. Be sure to read them carefully.

Revision Policy:

Essays: Test Grades: (60% of the grade)

You may revise each essay up to three times to improve your grade. When submitting a revision, please highlight all changes in yellow before resubmitting your essay. Revisions that are not highlighted will not be graded. The only exception is the final exam essay, which cannot be revised after the due date. However, if you submit the final essay before the deadline, you may revise it before that cutoff.

All essays must be typed and formatted in MLA style using 12-point Times New Roman font. Essays submitted in any other format will not be accepted or graded.

If an essay is turned in late, it is subject to a 10-point deduction per day. No assignments will be accepted after they are three days late. This policy applies only to essays/test grades.

(Remember: The final exam essay can be exempt. See below)

Grading Codes:

To provide timely feedback and help you grow as a writer, all essays will be graded using the following color-coded system:

- Yellow – Grammar mistakes
- Red – Point of view issues
- Green – Use of forbidden words (see the Week 1 folder for the list)
- Blue – Tense change issues
- RO – Run-on sentences and comma splices

This system is designed to make it easier for you to identify areas for improvement and strengthen your writing skills with each assignment.

Quiz and Discussion Grades: (20%)

Quiz grades are final and cannot be revised or retaken. Once a quiz closes, it will not be reopened, so please make sure to complete each quiz before the deadline.

I encourage you to start quizzes early and check your internet connection before beginning. Quizzes are meant to help you keep up with the course material and prepare for major assignments, so staying on schedule will make your success much easier.

English 1301 Labs (20% of the grade)

Online lab assignments are a required component for all ENGL 1301 students at Paris Junior College and must be completed outside of scheduled class time. Labs must be completed by the stated due dates. There are a total of 16 labs activities. You should expect to spend about one hour per lab, for a total of approximately sixteen hours of lab work.

While the labs are not technically due until the end of the 8-week session, I've scheduled them weekly to help you stay on track. If you have a particularly busy week and miss one, you can catch up the following week without penalty. My goal is to help you avoid the stress of trying to complete all the labs at once at the end of the semester. Breaking them up week by week will make the workload much more manageable.

Lab grades are final and cannot be retaken, so please make sure to complete them before the deadline.

Submitting Assignments:

All assignments must be submitted as a Word document or Google Doc and attached to the assignment. I am unable to read or grade assignments submitted in any other format: links or references written directly in the assignment box. No major essay in the test grade category will be graded unless it is formatted this way.

How to submit: Make sure the assignment is saved on your computer, then attach it to the assignment when submitting.

Important: Incorrectly submitted assignments will count as one of your five attempts to revise.

Exemption Rules for Final:

To be exempt from the final, a student must meet the following criteria:

Any student who

- a.) submits all prior essays,
- b.) earns an **80 essay average**, and
- c.) has 4 or fewer class absences

Students who do **NOT** qualify for exemption:

Any student who

- a.) does not submit all prior essays **and/or**
- b.) earns **an essay average less than 80** and/or
- c.) has more than 4 absences

Non-exempt students are required to complete the final exam essay. The grade earned on this essay will replace the student's lowest essay grade, with one exception: the grade for the research paper cannot be replaced. A zero will not be dropped or replaced by the final exam essay grade. If a student qualifies for exemption but still wishes to write an essay for the final to improve their overall course average, he/she may do so. However, the final exam essay cannot be used to replace a zero.

Course Policies:

Students are expected to complete all coursework honestly and independently, using only their own knowledge and the resources permitted by the instructor. Academic integrity is essential to your success in this course and to your growth as a writer and critical thinker. For guidance on MLA formatting and citation, students are encouraged to consult the Purdue Online Writing Lab (OWL), a trusted and comprehensive resource, and the information provided in the course materials.

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is *Oct 1st*.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the

classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will immediately receive a score of zero on the exam/assignment. Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial Intelligence Policy:

In accordance with the institution's Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI (such as ChatGPT) to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved, the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State, and local laws, regulations, and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made, students will be informed of the change by an announcement in Blackboard.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

Course Schedule: Tentative (Subject to change at instructor's discretion).

Week 1: Aug 24 - 28 (Let's Get Started)

Syllabus, Course Instructions, Labs
Lesson 1 – Academic Writing, Thesis, Intro, and Conclusion
Lesson 2 – MLA Formatting
Lesson 3 – Descriptive Writing

Due FRIDAY, Aug 28: Syllabus Quiz (Online)

Due Tuesday: Descriptive Writing Practice
Sept 1 Formatting Quiz
Labs: Pretest
Reading Novel: Needs to be finished by the start of week 6

Week 2: Aug 31-Sept 4 (Narrative Essay)

Lesson 4 – Pre-Writing and Grammar
Lesson 5 – Narrative Writing, Establishing a Story Arc
Read Narrative Essay Example #1 and #2

Due Tuesday: Narrative Essay
Sept 8th Labs: Writing Process, Thesis Statements, Parallelism
Reading Novel: Needs to be finished by the start of week 6

Week 3: Sept 7-11 (Compare and Contrast)

Lesson 6 – Comparison and Contrast Writing
Read Compare/Contrast Essay Example #1 and #2

Due Tuesday: Comparison and Contrast Essay
Sept 15 Labs: Topic Sentence, Clause Structure, Combining Sentences
Reading Novel: Needs to be finished by the start of week 6

Week 4: Sept 14-18 (Introduction to Research)

Lesson 7 – MLA Citation Methods
Lesson 8 – Logic and Fallacies, Argumentation

Due Tuesday: Logic and Fallacy Quiz
Sept 22 Labs: Sentence Types, Subject/Verb, Italics and Quotation Marks
Reading Novel: Needs to be finished by the start of week 6

Week 5: Sept 21-25 (Research/Argument)

Lesson 9 – Research/Argument
Non-Fiction Essays #1, #2, #3, #4 (they can be found in Week 5 – Lesson #9)

Due Tuesday: Research Essay
Sept 29 Finish Reading the Novel

Labs: Comma Placement, Use of Capitals, and Audience
Reading Novel: Needs to be finished by the start of week 6

Week 6: Sept 28-Oct 2 (Novel Study/Analysis)

Lesson 10 – Of Mice and Men – Novel Lecture
Lesson 11 – Analysis Essay over Novel

Due Tuesday: Analysis Essay (Timed Writing Online)

Oct 6 Of Mice and Men Quiz
Labs: Verbs, Responding Critically, and Final Grammar Quiz

Week 7: Oct 5-9 (Definition Essay)

Lesson 12 – Final Exam: Definition Essay

Due FRIDAY: All Revisions and Labs

Oct 9

Week 8: Oct 12-15 Finals Week

Final Exam is due TUESDAY, Oct 13th by 11:59 pm
*****See Above for Final Exemption Policy*****

All Labs and All Revisions Due Oct 6th by 11:59 pm
Final Exam Due Oct 13th by 11:59 pm

ENGL 2322.690
British Literature I
Fall 2026

Instructor: Rita Petty
Office: Room 307, Cumby H.S.
Phone: (903)994-2260
Email: rpetty@parisjc.edu
Office Hours: 7:20-7:50 a.m.

Meeting Location: Room 307, Cumby H.S.
Meeting Days: MTuWThF
Meeting Times: 11:07-11:54 a.m.

Course Description:

A survey of the development of British literature from the Anglo-Saxon period to the Eighteenth Century. Students will study works of prose, poetry, drama, and fiction in relation to their historical, linguistic, and cultural contexts. Texts will be selected from a diverse group of authors and traditions.

Credits: 3 credit hours

Prerequisite(s): Students must have successfully completed English 1301 or approved equivalents.

Textbooks:

Greenblatt, Stephen, eds. et al. *The Norton Anthology of English Literature: Shorter Eleventh Edition*, Volume I. New York: Norton, 2024. ISBN#: 978-1-324-06292-9

Instructor will provide copies of any other readings needed. and/or may provide links to free copies from open sources.

Any MLA style book or online source, like Purdue Owl MLA site:

https://owl.purdue.edu/owl/research_and_citation/mla_style/mla_formatting_and_style_guide/mla_formatting_and_style_guide.html

Required Assignment:

Research paper, utilizing MLA documentation and applying the assessment rubric

Foundational Component Area: Language, Philosophy, and Culture

Courses in this category focus on how ideas, values, beliefs, and other aspects of culture express and affect human experience. Courses involve the exploration of ideas that foster aesthetic and intellectual creation in order to understand the human condition across cultures.

Required Core Objectives

Student Learning Outcomes (Core Curriculum-Level):

1. Demonstrate Critical Thinking Skills—to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.
2. Demonstrate Communications Skills—to include effective development, interpretation and expression of ideas through written, oral and visual communication.

3. Demonstrate Social Responsibility—to include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities.
4. Demonstrate Personal Responsibility—to include the ability to connect choices, actions, and consequences to ethical decision-making.

Student Learning Outcomes (English Program-Level):

1. Students will be able to identify, arrange and evaluate the effectiveness of a thesis statement.
2. Students will be able to identify Standard Written English (SWE) and apply correct forms of English most widely accepted as clear and proper.
3. Students will be able to identify the specific parts of an essay, distinguish appropriate modes of communicating an idea, and use transitional words and phrases effectively.

Student Learning Outcomes (ENGL 2322 Course-Level):

This course is designed to prepare students with skills for lifelong learning—

1. Identify key ideas, representative authors and works, significant historical or cultural events, and characteristic perspectives or attitudes expressed in the literature of different periods or regions.
2. Analyze literary works as expressions of individual or communal values within the social, political, cultural, or religious contexts of different literary periods.
3. Demonstrate knowledge of the development of characteristic forms or styles of expression during different historical periods or in different regions.
4. Articulate the aesthetic principles that guide the scope and variety of works in the arts and humanities.
5. Write research-based critical papers about the assigned readings in clear and grammatically correct prose, using various critical approaches to literature.

Program Learning Outcomes

1. **Communication & Expression** — Demonstrate effective written and oral communication skills by articulating ideas clearly, purposefully, and with awareness of audience across a variety of contexts.
2. **Critical & Creative Thinking** — Analyze, evaluate, and synthesize information and ideas from multiple perspectives, applying both logical reasoning and creative inquiry to solve problems and construct meaning.
3. **Humanities & Cultural Literacy** — Examine human experience through the lens of history, literature, the arts, and cultural traditions, demonstrating an appreciation for diverse perspectives and their influence on society.
4. **Information Literacy** — Locate, evaluate, and ethically use information from a variety of sources to support research, argumentation, and informed decision-making.
5. **Personal & Civic Responsibility** — Reflect on individual values and their relationship to community and society, demonstrating an understanding of civic engagement and ethical responsibility.

Course Requirements and Evaluation:

The course schedule will consist of discussion/lecture, assigned readings, in-class notes and writing assignments, quizzes, tests, presentations, compositions, and a research essay. The course will be face-to-face. A comprehensive schedule is at the end of this syllabus.

Week 1: The Anglo-Saxon Literary Period and Early Middle Ages

Week 2: *Beowulf*

Week 3: Anglo-Saxon Culture

Week 4: *Sir Gawain and The Green Knight*

Week 5: Middle English Literature & Research Essay

Week 6: Chaucer and *The Canterbury Tales*

Week 7: Marlowe & “The Tragical History of Doctor Faustus”

Week 8: Sixteenth Century Literature and The Renaissance

Week 9: Shakespeare

Week 10: *Hamlet*

Week 11: Group Research Projects

Week 12: 17th Century and Milton

Week 13: The Restoration Literature

Week 14: 18th Century and Swift

Week 15: Research Projects Presentation

Week 16- Review and Final Exam

Course Requirements and Evaluation:

Grading - Letter Grades/Numeric Grades

A=90-100	B=80-89	C=70-79	D=60-69	F=0-59
Four Major Exams (Required-10% each)				40%
Reading quizzes/compositions				15%
Research Paper (Required)				20%
Research and Group Presentations				15%
Daily work, Notes, Participation, and Discussion				10%
Total:				100%

Note: The research essay and exams are required. Failure to take the period exams or the final or to complete the research essay will result in failure for the course. Rubrics for response compositions and the research paper will be handed out in class.

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Course Policies:

Major Exams: An exam over each literary period is required, plus a final exam.

Readings and Quizzes: Absent students are responsible for notes and assignments missed. On required readings quizzes may be given. If a novel or lengthy reading is assigned, a few chapters will be read cooperatively, then the material will be read outside of class, and regular quizzes will be given, as well as a final test on the whole reading. All essays will be written in the class journal in handwriting and will be the first draft grade.

Research Paper and Essays: All essays will be written in the class journal in handwriting and will be the first draft grade.

Research Paper: A late paper will receive a five-point deduction per day (including non-class days) and will not be accepted more than one week late. To be graded, the essay must be minimum length, or the paper will be declined until the minimum is met (two days to complete). Essays will be turned in electronically to Safe Assign in Blackboard and in printed form in a folder in class. If sources are demanded for the assignment, printed copies with the quotations used and highlighted may also be required. The research paper must have the sources used, a Works Cited or References page, and parenthetical (in-text) citations, in order to be graded. , Plagiarized papers will receive a grade of zero.

Group Project: Groups will be assigned specific topics to explore and each group member will be given individual roles to complete within the group. The presentations will link to one of the major readings in the class.

Technology: Computer problems or school activities do not excuse when an assignment is due. This is the reason that assignments should not be put off until right before it is due.

Participation: Students should participate in class discussion and projects in a collegial manner. Class participation is graded and is included in the category with daily work and required notes.

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **November 12, 2026**.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in**. Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Course Specific AI Policy

Students in ENGL 1301.690 will be required to sign a commitment form stating that the content of their work is original and they will follow the policies stated in this syllabus.

English Department AI Policy:

In accordance with the institution's Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI (such as ChatGPT) to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Students will be emailed information about syllabus changes and face-to-face classes will be informed about changes verbally.

ENGL 1301 78A0
Composition and Rhetoric and Reading
Fall 2026

Instructor: Janis Thomas
Office: North Hopkins 9046
Phone: (903) 348-0158
Email: jthomas@nhisd.net
Office Hours: 8:40-9:10 and by appointment after 11:42 M-F

Meeting Location: North Hopkins, Rm 9046
Meeting Days: M-F
Meeting Times: 10:57-11:42

Course Description:

Intensive study of and practice in writing processes, from invention and researching to drafting, revising, and editing, both individually and collaboratively. Emphasis is on effective rhetorical choices, including audience, purpose, arrangement, and style. Focus on writing the academic essay as a vehicle for learning, communicating, and critical analysis.

Required Textbook(s) and Materials:

Kirszner, Laurie G., and Stephen R. Mandell. *Patterns for College Writing: A Rhetorical Reader and Guide*. 16th ed. Bedford/St. Martin's, 2024. ISBN: 9781319532345.

A 2021 MLA Guide, such as *Purdue Owl*

Novel: *All Systems Red* by Martha Wells

***All the required course materials for your classes are being delivered through Dragon Now the campus-wide affordable course materials program. You will be charged automatically, so you will not need to make a separate purchase.

For this course we will be using a digital eBook accessed through the My Materials link in Blackboard. You will also receive an email directly from Kortext no-reply@kortext.com, with a link to access your account. Please follow directions in the email to access your virtual bookshelf.

If you wish to opt-out of this program, please follow the steps below by:

· Fall Main & Flex 1 Term: 9/11/2026

· Flex 2 Term: 10/28/2026

1) Go to <https://ACCESSPortal.follett.com:443/1836>

2) Create an account using your student email account

3) Select Opt-Out to opt-out of the entire program. You will have an opportunity to opt back in if you choose to do so.

4) You can also Opt-Out from the student-specific link provided in the email from noreply@follett.com.

***Important: If you Opt-Out, you will no longer have access to your required digital materials and will need to purchase required materials on your own. If you have required physical (print) materials that you have received from the virtual campus store, please return the physical material(s) before opting out.

If you have any questions about Dragon Now or the charge to your student account, please contact the virtual campus store by phone at (800) 381-5151 or via email at csvirtual@efollett.com.

Course Goals and Objectives:

Program Learning Outcomes:

1. Communication & Expression — Demonstrate effective written and oral communication skills by articulating ideas clearly, purposefully, and with awareness of audience across a variety of contexts.
2. Critical & Creative Thinking — Analyze, evaluate, and synthesize information and ideas from multiple perspectives, applying both logical reasoning and creative inquiry to solve problems and construct meaning.
3. Humanities & Cultural Literacy — Examine human experience through the lens of history, literature, the arts, and cultural traditions, demonstrating an appreciation for diverse perspectives and their influence on society.
4. Information Literacy — Locate, evaluate, and ethically use information from a variety of sources to support research, argumentation, and informed decision-making.
5. Personal & Civic Responsibility — Reflect on individual values and their relationship to community and society, demonstrating an understanding of civic engagement and ethical responsibility.

Student Learning Outcomes (Core Curriculum-Level):

1. Demonstrate Critical Thinking Skills—to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.
2. Demonstrate Communications Skills—to include effective development, interpretation and expression of ideas through written, oral and visual communication.
3. Demonstrate Team Work—to include the ability to consider different points of view and to work effectively with others to support a shared purpose or goal.
4. Demonstrate Personal Responsibility—to include the ability to connect choices, actions, and consequences to ethical decision-making.

Student Learning Outcomes (English Program-Level):

1. Students will be able to identify, arrange and evaluate the effectiveness of a thesis statement.
2. Students will be able to identify Standard Written English (SWE) and apply correct forms of English most widely accepted as clear and proper.

3. Students will be able to identify the specific parts of an essay, distinguish appropriate modes of communicating an idea, and use transitional words and phrases effectively.

Student Learning Outcomes (ENGL 1301 Course-Level):

1. Demonstrate knowledge of individual and collaborative writing processes.
2. Develop ideas with appropriate support and attribution.
3. Write in a style appropriate to audience and purpose.
4. Read, reflect, and respond critically to a variety of texts.
5. Use Edited American English in academic essays.

 American Lit Friday: Sarah Orne Jewett
- Dec. 7-11:** Review
 Play in Dallas: *A Christmas Carol*
 American Authors Quiz
 Lab Final
5th Essay Final

Course Requirements and Evaluation:

Semester Grade Determination:

Daily Grades (including classroom participation, discussion, journal, essays [count twice], documented research essay [counts three times], etc.)	60% qt. grade
Quizzes and Tests	40% qt. grade

**1301 Lab Average counts as 20% of each quarter grade, in accordance with PJC’s policies.

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

PJC Required Lab Statement:

Online lab assignments are a required component for all ENGL 1301 students at Paris Junior College and are to be completed outside of the scheduled classroom time. The labs **MUST** be completed by the stated due dates. They will **NOT** be reopened under **ANY** circumstances. Plan ahead and complete them by the scheduled due dates! There are a total of fourteen lab items and two diagnostic tests. Expect to spend, on average, an hour for each of the labs for a total of sixteen hours.

PJC Required Essay Assignments:

*Minimum of 5 full essays, various modes

*Documented essay (using 2021 MLA and applying the assessment rubric)—at least 1 of the 5 essays

*Final exam exemptions

- o students with 4 or fewer absences and an essay average of 80 or higher **may** be exempted from the final exam;
- o remaining students will write a 5th essay at the time of the final and the grade will replace the lowest essay grade (**not a zero or the research essay**) of the first 4 essays (essay grades count twice);
- o the 5th essay grade will also count as the final exam grade;
- o averages for exempted students will not include a final exam grade;
- o the exemption is not mandatory; students **may** choose to write the 5th essay.

Course Policies:

***Students may always revise essays to improve their grades. Turn in the original with the revision by a week before the end of a quarter . You may improve your grade by as much as 10% on the essay (and more on the research essay), if you make all the corrections.**

***Five points per class day will be deducted for assignments that are turned in late.**

Technical Difficulties: Computer access is available at the following PJC locations. Technical issues are **not** an excuse to miss deadlines. This is why assignments should not be put off until near the deadline. Paris Campus (The Learning Center and AS150), Greenville Center Library, and Sulphur Springs Center Library

Class Attendance:

Class attendance is critical for the successful completion of this course. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of “W” is Thursday, November 12.

Class Conduct (PJC Policies):

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will immediately receive a score of zero on the exam/assignment in. Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

AI Statement:

In accordance with the institution’s Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI (such as ChatGPT) to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4 degrees F or higher).

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change:

This syllabus is subject to change at any time. When changes are made students will be informed by the instructor in class and in Google Classroom.

English 2322.78A0
British Literature, Part I
Fall 2026

Instructor: Janis Thomas

Office: North Hopkins Room 9046

Phone: 903-348-0158

Email: jthomas@nhisd.net

Office Hours: 8:40-9:10 and by appointment after 11:42 M-F

Meeting Location: 9046

Meeting Days: M-F

Meeting Times: 9:14-10:04

Course Description:

A survey of the development of British literature from the Anglo-Saxon period to the Eighteenth Century. Students will study works of prose, poetry, drama, and fiction in relation to their historical, linguistic, and cultural contexts. Texts will be selected from a diverse group of authors and traditions. Prerequisites: English 1301 and 1302.

Required Texts:

Greenblatt, Stephen, eds. et al. *The Norton Anthology of English Literature: Shorter Eleventh Edition*, Volume I. New York: Norton, 2024. ISBN#: 978-1-324-06292-9

Any MLA style book or online source, like Purdue Owl MLA site.

Play: *A Midsummer Night's Dream* by William Shakespeare

***All the required course materials for your classes are being delivered through Dragon Now the campus-wide affordable course materials program. You will be charged automatically, so you will not need to make a separate purchase.

For this course we will be using a digital eBook accessed through the My Materials link in Blackboard. You will also receive an email directly from Kortext no-reply@kortext.com, with a link to access your account. Please follow directions in the email to access your virtual bookshelf.

If you wish to opt-out of this program, please follow the steps below by:

· Fall Main & Flex 1 Term: 9/11/2026

· Flex 2 Term: 10/28/2026

1) Go to <https://ACCESSPortal.follett.com:443/1836>

2) Create an account using your student email account

3) Select Opt-Out to opt-out of the entire program. You will have an opportunity to opt back in if you choose to do so.

4) You can also Opt-Out from the student-specific link provided in the email from noreply@follett.com.

***Important: If you Opt-Out, you will no longer have access to your required digital materials and will need to purchase required materials on your own. If you have required physical (print) materials that you have received from the virtual campus store, please return the physical material(s) before opting out.

If you have any questions about Dragon Now or the charge to your student account, please contact the virtual campus store by phone at (800) 381-5151 or via email at csvirtual@efollett.com.

Course Goals and Objectives:

Program Learning Outcomes:

1. Communication & Expression — Demonstrate effective written and oral communication skills by articulating ideas clearly, purposefully, and with awareness of audience across a variety of contexts.
2. Critical & Creative Thinking — Analyze, evaluate, and synthesize information and ideas from multiple perspectives, applying both logical reasoning and creative inquiry to solve problems and construct meaning.
3. Humanities & Cultural Literacy — Examine human experience through the lens of history, literature, the arts, and cultural traditions, demonstrating an appreciation for diverse perspectives and their influence on society.
4. Information Literacy — Locate, evaluate, and ethically use information from a variety of sources to support research, argumentation, and informed decision-making.
5. Personal & Civic Responsibility — Reflect on individual values and their relationship to community and society, demonstrating an understanding of civic engagement and ethical responsibility.

Student Learning Outcomes (Core Curriculum-Level):

1. Demonstrate Critical Thinking Skills—to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.
2. Demonstrate Communications Skills—to include effective development, interpretation and expression of ideas through written, oral and visual communication.
3. Demonstrate Social Responsibility—to include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities.

4. Demonstrate Personal Responsibility—to include the ability to connect choices, actions, and consequences to ethical decision-making.

Student Learning Outcomes (English Program-Level):

1. Students will be able to identify, arrange and evaluate the effectiveness of a thesis statement.
2. Students will be able to identify Standard Written English (SWE) and apply correct forms of English most widely accepted as clear and proper.
3. Students will be able to identify the specific parts of an essay, distinguish appropriate modes of communicating an idea, and use transitional words and phrases effectively.

Student Learning Outcomes (ENGL 2322 Course-Level):

This course is designed to prepare students with skills for lifelong learning—

1. Identify key ideas, representative authors and works, significant historical or cultural events, and characteristic perspectives or attitudes expressed in the literature of different periods or regions.
2. Analyze literary works as expressions of individual or communal values within the social, political, cultural, or religious contexts of different literary periods.
3. Demonstrate knowledge of the development of characteristic forms or styles of expression during different historical periods or in different regions.
4. Articulate the aesthetic principles that guide the scope and variety of works in the arts and humanities.
1. Write research-based critical papers about the assigned readings in clear and grammatically correct prose, using various critical approaches to literature.

Course Schedule:

Aug. 24-28

Go over syllabus
On-line syllabus quiz in Blackboard
Schools of Literary Criticism: Beatles' songs
Lecture: Old English
Selections from *Beowulf*, p. 36-106

Aug. 31-Sept. 4

Continue selections from *Beowulf*
Pre-draft **I Am the Hero in My Own Epic: Essay (due Sept. 15)**
Assign "Sir Gawain and the Green Knight" from Roger Green's King Arthur book

Sept. 7-11

Old English Riddles Escape Room
Lecture: Middle English and King Arthur

Sept. 14-18

Assign two tales from Roger Green's King Arthur book

Assign **Modern Knight Podcast (due Oct. 2)**

Film: *A Knight's Tale*

Selections from John Donne, p. 750-778
Selections from Herbert and Marvell, p. 820-824; 835-840
Use Several Schools of Literary Criticism to Analyze a Poem

Nov. 23-27

Thanksgiving Break

Nov. 30-Dec. 4

In-class Essay: Review
Peer edit
Review for final

Dec. 7-11

To Dallas to see play *A Christmas Carol*
Film: *The Duchess*
Comprehensive Final (from all lecture notes)

Evaluation:

Semester Grade Determination (matches North Hopkins grading policies):

Daily Grades (including classroom participation, discussion, journal, essays [count twice], documented research essay [counts three times], etc.)	60% qt. grade
Quizzes and Tests	40% qt. grade

**The Semester Exam (Final) will be comprehensive and will count for 20% of the semester grade.

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Course Policies:

***Students may always revise essays to improve their grades. Turn in the original with the revision within a reasonable time after receiving the graded original essay. You may improve your grade by as much as 10% on the essay (and more on the research essay), if you make all the corrections.**

***Five points per class day will be deducted for assignments that are turned in late.**

Technical Difficulties: Computer access is available at the following PJC locations. (Technical issues are **not** an excuse to miss deadlines. This is why assignments should not be put off until near the deadline.) Paris Campus (The Learning Center and AS150), Greenville Center Library, and Sulphur Springs Center Library

Attendance:

Class attendance is critical for the successful completion of this course. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of “W” is November 12.

Class Conduct (PJC Policies):

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will immediately receive a score of zero on the exam/assignment in. Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

AI Statement:

In accordance with the institution's Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI (such as ChatGPT) to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4 degrees F or higher).

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

Dragon Now Course Material Information

Required Course Materials

All the required course materials for your classes are being delivered through Dragon Now the campus-wide affordable course materials program. You will be charged automatically, so you will not need to make a separate purchase.

For this course we will be using a physical (print) book. You will receive an email confirming your materials have been shipped. **Note:** If you drop this course on, or before, the last day of the DROP/ADD period, you will need to return any physical materials back to the virtual bookstore.

If you wish to opt-out of this program, please follow the steps below **by:**

- **Fall Main & Flex 1 Term: 9/11/2026**
 - **Flex 2 Term: 10/28/2026**
1. Go to <https://ACCESSPortal.follett.com:443/1836>.
 2. Create an account using your student email account.
 3. Select Opt-Out to opt-out of the entire program. You will have an opportunity to opt back in if you choose to do so.
 4. You can also Opt-Out from the student-specific link provided in the email from noreply@follett.com.

Important: If you Opt-Out, you will no longer have access to your required digital materials and will need to purchase required materials on your own. If you have required physical (print) materials that you have received from the virtual campus store, please return the physical material(s) before opting out.

If you have any questions about Dragon Now or the charge to your student account, please contact the virtual campus store by phone at (800) 381-5151 or via email at csvirtual@efollett.com.

Course Goals and Objectives:

Foundational Component Area: Language, Philosophy, and Culture

Courses in this category focus on how ideas, values, beliefs, and other aspects of culture express and affect human experience. Courses involve the exploration of ideas that foster aesthetic and intellectual creation in order to understand the human condition across cultures.

Required Core Objectives:

Student Learning Outcomes (Core Curriculum-Level):

1. Demonstrate Critical Thinking Skills—to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.
2. Demonstrate Communications Skills—to include effective development, interpretation and expression of ideas through written, oral and visual communication.
3. Demonstrate Social Responsibility—to include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities.

4. Demonstrate Personal Responsibility—to include the ability to connect choices, actions, and consequences to ethical decision-making.

Student Learning Outcomes (ENGL 2322 Course-Level):

This course is designed to prepare students with skills for lifelong learning—

1. Identify key ideas, representative authors and works, significant historical or cultural events, and characteristic perspectives or attitudes expressed in the literature of different periods or regions.
2. Analyze literary works as expressions of individual or communal values within the social, political, cultural, or religious contexts of different literary periods.
3. Demonstrate knowledge of the development of characteristic forms or styles of expression during different historical periods or in different regions.
4. Articulate the aesthetic principles that guide the scope and variety of works in the arts and humanities.
5. Write research-based critical papers about the assigned readings in clear and grammatically correct prose, using various critical approaches to literature.

Course Requirements and Evaluation:

The student will be required to complete reading assignments, participate in class and group discussions, write a research paper over an assigned topic, present a video research project, and perform satisfactorily on examinations and quizzes. Students will take four unit exams concerned with ideas presented by literature, techniques discovered in the literature, biographical information on authors, and historical perspective. The student may also be given announced/unannounced reading quizzes.

Evaluation Methods:

Syllabus Quiz=2% MUST be completed to remain enrolled in the course! Please note that all of Lesson 1 is due on the same day as well.

Discussion forums-=10%

Exams= 60% (15% each) This course contains exams that must be completed via Respondus Lockdown Browser & Monitor. Arrangements can also be made to test at the PJC Testing Center if a computer with web camera and microphone are unavailable). Notes and/or text books are NOT allowed during exams. Cell phones should also be put away during testing.

Power Point Research Video Presentation=13%

Essay Exam: Research Argumentation= 7.5% (Must be written in Respondus Lockdown Browser & Monitor)

Essay Exam Revision=7.5%

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Course Policies:

Submitting Assignments:

Assignments should be submitted by 11:59 pm on the date the assignment is due. Assignments are considered late if they are not submitted by the deadline.

The essay exam must meet the minimum length requirement before I will grade it. Assignments that do not meet the length requirement are not considered as valid submissions and will likely receive a grade of zero. A minimum of 15 points will be deducted for assignments that do not meet the length requirement.

Proctored Exam:

ALL Exams must be completed using Respondus Lockdown Browser & Monitor.

Late Work:

Students are responsible for notes and assignments missed. The Essay Exam is the only assignment that may be submitted late. A five point per day penalty will be applied and submissions will not be accepted beyond one week. Exam submissions are considered late if they are not submitted by the specified date and time.

Writing Tutoring: Tutor.com is available on the course menu bar. You can virtually "drop off" an essay for a tutor to review or schedule a live virtual session with a tutor. This service is free of charge to you.

Class Attendance:

Class attendance is critical for the successful completion of this course. Withdrawals must be initiated by the student. This is a fully online class, so we will not meet as a group. **Class attendance is expected, which means that you should log in daily to check course announcements, e-mails, and to participate in group discussions..** The last day a student can withdraw from a course with a grade of "W" is November 12th.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Official Student Email Policy:

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence—including notices of academic status, financial aid, billing, registration, and campus alerts—will be sent to the student's PJC email account.

Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not responsible for missed communications due to a student's failure to check their official email account.

Non-discrimination Clause:

Paris Junior College is an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, color, national origin, sex, religion, age, disability, or any other basis prohibited by law.

Paris Junior College prohibits discrimination, including harassment, against any student on the basis of sex or gender, race, color, national origin, disability, religion, age, or any other basis prohibited by law. A lack of English language skills will not be a barrier to admission and participation in the career and technical education programs of Paris Junior College.

Retaliation against anyone involved in a complaint process is a violation of PJC policy and is prohibited.

Class Conduct:

No obscene/vulgar language will be permitted in the online discussion board or in e-mails. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic

dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action, such as dismissal from the college. These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activity may be required to prove their innocence.

Essay Exam: Research Argumentation and Research Power Point Presentation MUST utilize correct, current MLA guidelines for documentation. Documents submitted without documentation (MLA citations and Works Cited page) will receive a score of ZERO.

In accordance with the institution's Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This college will adhere to all the applicable federal, state and local laws, regulations, and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising and Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Technology Readiness Statement:

To help ensure a successful start to the semester, students are strongly encouraged to review and complete the PJC IT Checklist the first day of class. The checklist provides important information and step-by-step guidance for accessing your PJC email, Blackboard, Multi-Factor Authentication (Step 3), and other essential online resources. Completing these tasks in advance can help prevent technical issues and ensure you are prepared to fully participate from the first day of the course.

The PJC IT Checklist is available at: <https://www.parisjc.edu/technology/pjc-it-checklist.php>

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC’s Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

Note: The contents of this syllabus and schedule are subject to change.

Course Schedule:

You must click on Content, the unit folder, and finally the lesson folder to access all of the lesson instructions and activities/assignments.

Unit I (supports SLOs core curriculum-level, 1-4, English program-level, 1-3, and course level, 1-5)

Lesson 1: August 31st (this also includes the syllabus quiz)

Lesson 2: September 7th

Lesson 3: September 14th

Lesson 4: September 21st

Unit II (supports SLOs core curriculum-level, 1-4, English program-level, 1-3, and course level, 1-5)

Lesson 5: September 28th

Lesson 6: October 5th (includes the Essay Exam)

Lesson 7: October 12th

Lesson 8: October 19th

Unit III (supports SLOs core curriculum-level, 1-4, English program-level, 2, and course level, 1-4)

Lesson 9: October 26th

Lesson 10: November 2nd

Lesson 11: November 9th

Unit IV (supports SLOs core curriculum-level, 1-4, English program-level, 2, and course level, 1-4)

Power Point Research Presentation: November 16th

Unit V (supports SLOs core curriculum-level, 1-4, English program-level, 2, and course level, 1-4)

Lesson 12: November 23rd

Lesson 13: November 30th

Lesson 14: December 8th

 2. Create an account using your student email account.
 3. Select Opt-Out to opt-out of the entire program. You will have an opportunity to opt back in if you choose to do so.
 4. You can also Opt-Out from the student-specific link provided in the email from noreply@follett.com.

Important: If you Opt-Out, you will no longer have access to your required digital materials and will need to purchase required materials on your own. If you have required physical (print) materials that you have received from the virtual campus store, please return the physical material(s) before opting out.

If you have any questions about Dragon Now or the charge to your student account, please contact the virtual campus store by phone at (800) 381-5151 or via email at csvirtual@efollett.com.

Course Goals and Objectives:

Foundational Component Area: Language, Philosophy, and Culture

Courses in this category focus on how ideas, values, beliefs, and other aspects of culture express and affect human experience. Courses involve the exploration of ideas that foster aesthetic and intellectual creation in order to understand the human condition across cultures.

Required Core Objectives:

Student Learning Outcomes (Core Curriculum-Level):

1. Demonstrate Critical Thinking Skills—to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.
2. Demonstrate Communications Skills—to include effective development, interpretation and expression of ideas through written, oral and visual communication.
3. Demonstrate Social Responsibility—to include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities.

4. Demonstrate Personal Responsibility—to include the ability to connect choices, actions, and consequences to ethical decision-making.

Student Learning Outcomes (ENGL 2322 Course-Level):

This course is designed to prepare students with skills for lifelong learning—

1. Identify key ideas, representative authors and works, significant historical or cultural events, and characteristic perspectives or attitudes expressed in the literature of different periods or regions.
2. Analyze literary works as expressions of individual or communal values within the social, political, cultural, or religious contexts of different literary periods.
3. Demonstrate knowledge of the development of characteristic forms or styles of expression during different historical periods or in different regions.
4. Articulate the aesthetic principles that guide the scope and variety of works in the arts and humanities.
5. Write research-based critical papers about the assigned readings in clear and grammatically correct prose, using various critical approaches to literature.

Course Requirements and Evaluation:

The student will be required to complete reading assignments, participate in class and group discussions, write a research paper over an assigned topic, present a video research project, and perform satisfactorily on examinations and quizzes. Students will take four unit exams concerned with ideas presented by literature, techniques discovered in the literature, biographical information on authors, and historical perspective. The student may also be given announced/unannounced reading quizzes.

Evaluation Methods:

Syllabus Quiz=2% MUST be completed to remain enrolled in the course! Please note that all of Lesson 1 is due on the same day as well.

Discussion forums-=10%

Exams= 60% (15% each) This course contains exams that must be completed via Respondus Lockdown Browser & Monitor. Arrangements can also be made to test at the PJC Testing Center if a computer with web camera and microphone are unavailable). Notes and/or text books are NOT allowed during exams. Cell phones should also be put away during testing.

Power Point Research Video Presentation=13%

Essay Exam: Research Argumentation= 7.5% (Must be written in Respondus Lockdown Browser & Monitor)

Essay Exam Revision=7.5%

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Course Policies:

Submitting Assignments:

Assignments should be submitted by 11:59 pm on the date the assignment is due. Assignments are considered late if they are not submitted by the deadline.

The essay exam must meet the minimum length requirement before I will grade it. Assignments that do not meet the length requirement are not considered as valid submissions and will likely receive a grade of zero. A minimum of 15 points will be deducted for assignments that do not meet the length requirement.

Proctored Exam:

ALL Exams must be completed using Respondus Lockdown Browser & Monitor.

Late Work:

Students are responsible for notes and assignments missed. The Essay Exam is the only assignment that may be submitted late. A five point per day penalty will be applied and submissions will not be accepted beyond one week. Exam submissions are considered late if they are not submitted by the specified date and time.

Writing Tutoring: Tutor.com is available on the course menu bar. You can virtually "drop off" an essay for a tutor to review or schedule a live virtual session with a tutor. This service is free of charge to you.

Class Attendance:

Class attendance is critical for the successful completion of this course. Withdrawals must be initiated by the student. This is a fully online class, so we will not meet as a group. **Class attendance is expected, which means that you should log in daily to check course announcements, e-mails, and to participate in group discussions..** The last day a student can withdraw from a course with a grade of "W" is November 12th.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Official Student Email Policy:

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence—including notices of academic status, financial aid, billing, registration, and campus alerts—will be sent to the student's PJC email account.

Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not responsible for missed communications due to a student's failure to check their official email account.

Non-discrimination Clause:

Paris Junior College is an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, color, national origin, sex, religion, age, disability, or any other basis prohibited by law.

Paris Junior College prohibits discrimination, including harassment, against any student on the basis of sex or gender, race, color, national origin, disability, religion, age, or any other basis prohibited by law. A lack of English language skills will not be a barrier to admission and participation in the career and technical education programs of Paris Junior College.

Retaliation against anyone involved in a complaint process is a violation of PJC policy and is prohibited.

Class Conduct:

No obscene/vulgar language will be permitted in the online discussion board or in e-mails. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic

dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action, such as dismissal from the college. These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activity may be required to prove their innocence.

Essay Exam: Research Argumentation and Research Power Point Presentation MUST utilize correct, current MLA guidelines for documentation. Documents submitted without documentation (MLA citations and Works Cited page) will receive a score of ZERO.

In accordance with the institution's Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This college will adhere to all the applicable federal, state and local laws, regulations, and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising and Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Technology Readiness Statement:

To help ensure a successful start to the semester, students are strongly encouraged to review and complete the PJC IT Checklist the first day of class. The checklist provides important information and step-by-step guidance for accessing your PJC email, Blackboard, Multi-Factor Authentication (Step 3), and other essential online resources. Completing these tasks in advance can help prevent technical issues and ensure you are prepared to fully participate from the first day of the course.

The PJC IT Checklist is available at: <https://www.parisjc.edu/technology/pjc-it-checklist.php>

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC’s Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

Note: The contents of this syllabus and schedule are subject to change.

Course Schedule:

You must click on Content, the unit folder, and finally the lesson folder to access all of the lesson instructions and activities/assignments.

Unit I (supports SLOs core curriculum-level, 1-4, English program-level, 1-3, and course level, 1-5)

Lesson 1: August 31st (this also includes the syllabus quiz)

Lesson 2: September 7th

Lesson 3: September 14th

Lesson 4: September 21st

Unit II (supports SLOs core curriculum-level, 1-4, English program-level, 1-3, and course level, 1-5)

Lesson 5: September 28th

Lesson 6: October 5th (includes the Essay Exam)

Lesson 7: October 12th

Lesson 8: October 19th

Unit III (supports SLOs core curriculum-level, 1-4, English program-level, 2, and course level, 1-4)

Lesson 9: October 26th

Lesson 10: November 2nd

Lesson 11: November 9th

Unit IV (supports SLOs core curriculum-level, 1-4, English program-level, 2, and course level, 1-4)

Power Point Research Presentation: November 16th

Unit V (supports SLOs core curriculum-level, 1-4, English program-level, 2, and course level, 1-4)

Lesson 12: November 23rd

Lesson 13: November 30th

Lesson 14: December 8th

English 1301.84A0
Composition I
Fall 2026

Instructor: Dr. Melisa Ward
Office: 1305
Phone: 903-356-1600
E-mail: mward@parisjc.edu
Office Hours: By Appointment

Meeting Location: 1305
Meeting Days: T-Tr
Meeting Times: 7:30-8:24, 10:26-11:21; 3:06-4:00

Course Description:

Intensive study of and practice in writing processes, from invention and researching to drafting, revising, and editing, both individually and collaboratively. Emphasis on effective rhetorical choices, including audience, purpose, arrangement, and style. Focus on writing the academic essay as a vehicle for learning, communicating, and critical analysis.

Textbooks:

Kirszner, Laurie G. and Stephen R. Mandell. *Patterns for College Writing: A Rhetorical Reader and Guide*. 16th ed. Bedford/St. Martin's, 2024, ISBN: 9781319532345.

Required Course Materials

All the required course materials for your classes are being delivered through Dragon Now the campus-wide affordable course materials program. You will be charged automatically, so you will not need to make a separate purchase.

If you wish to opt-out of this program, please follow the steps below by:

- Fall Main & Flex 1 Term: 9/11/2026
 - Flex 2 Term: 10/28/2026
- 1) Go to <https://ACCESSPortal.follett.com:443/1836>
 - 2) Create an account using your student email account
 - 3) Select Opt-Out to opt-out of the entire program. You will have an opportunity to opt back in if you choose to do so.
 - 4) You can also Opt-Out from the student-specific link provided in the email from noreply@follett.com.
- Important: If you Opt-Out, you will no longer have access to your required digital materials and will need to purchase required materials on your own. If you have required physical (print) materials that you have received from the virtual campus store, please return the physical material(s) before opting out. If you have any questions about Dragon Now or the charge to your student account, please contact the virtual campus store by phone at (800) 381-5151 or via email at csvirtual@efollett.com.

Course Goals and Objectives

Associate of Arts (AA) — Program Learning Outcomes

Students who complete the Associate of Arts degree will demonstrate the following program-level competencies:

1. Communication & Expression — Demonstrate effective written and oral communication skills by articulating ideas clearly, purposefully, and with awareness of audience across a variety of contexts.

2. Critical & Creative Thinking — Analyze, evaluate, and synthesize information and ideas from multiple perspectives, applying both logical reasoning and creative inquiry to solve problems and construct meaning.
3. Humanities & Cultural Literacy — Examine human experience through the lens of history, literature, the arts, and cultural traditions, demonstrating an appreciation for diverse perspectives and their influence on society.
4. Information Literacy — Locate, evaluate, and ethically use information from a variety of sources to support research, argumentation, and informed decision-making.
5. Personal & Civic Responsibility — Reflect on individual values and their relationship to community and society, demonstrating an understanding of civic engagement and ethical responsibility.

Required Core Objectives

Student Learning Outcomes (Core Curriculum-Level):

1. Demonstrate Critical Thinking Skills—to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.
2. Demonstrate Communications Skills—to include effective development, interpretation and expression of ideas through written, oral and visual communication.
3. Demonstrate Teamwork—to include the ability to consider different points of view and to work effectively with others to support a shared purpose or goal.
4. Demonstrate Personal Responsibility—to include the ability to connect choices, actions, and consequences to ethical decision-making.

Student Learning Outcomes (English Program-Level):

1. Students will be able to identify, arrange and evaluate the effectiveness of a thesis statement.
2. Students will be able to identify Standard Written English (SWE) and apply correct forms of English most widely accepted as clear and proper.
3. Students will be able to identify the specific parts of an essay, distinguish appropriate modes of communicating an idea, and use transitional words and phrases effectively.

Student Learning Outcomes (ENGL 1301 Course-Level):

Upon successful completion of this course, students will:

1. Demonstrate knowledge of individual and collaborative writing processes.
2. Develop ideas with appropriate support and attribution.
3. Write in a style appropriate to audience and purpose.
4. Read, reflect, and respond critically to a variety of texts.
5. Use Edited American English in academic essays.

Course Requirements and Evaluation

This course will consist of five (5) core essays. These are essential to this course and must be completed. There are several quizzes, discussions, and lab assignments that also figure into your total score. Also, if you meet certain guidelines, you can be exempt from the final exam. (See below)

Essays: 20%

Quiz: 20%

Assignments: 20%

Presentation: 20%

Lab Component: 20%

Total 100%

ENGL 1301 Labs (Online)

Online lab assignments are a required component for all ENGL 1301 students at Paris Junior College and are to be completed outside of the scheduled classroom time. The labs **MUST** be completed by the stated due date. They will **NOT** be reopened under **ANY** circumstances. Plan ahead and complete them by the scheduled due dates! There are a total of fourteen lab items and two diagnostic tests. Expect to spend, on average, an hour for each of the labs for a total of sixteen hours.

Course Policies

All essays/writing assignments should be submitted by the beginning of the class in which the assignment is due. Submit as a **Word Document through Blackboard**. Do not submit as a PDF or Google Doc. Do not submit essays via e-mail.

An essay/writing assignment must meet the minimum length requirement before I will grade it (a score of zero will be assigned). Assignments that do not meet the length requirement are not considered as valid submissions and will likely receive a grade of zero. A minimum of 15 points will be deducted for an essay that is close to the required length yet does not quite meet it.

Attendance and Make-up Work:

Class attendance is critical for the successful completion of this course. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is *Thursday, November 12th*.

Class attendance is expected.

Students are responsible for notes and assignments missed. No more than one late paper shall be allowed. A paper will receive a ten- point deduction per day (including non-class days) and will not be accepted more than one week late. Papers are considered late if they are not turned in at the **BEGINNING** of the class in which the assignment is due.

Quizzes may not be made up; no exceptions. If a student is late to class, he/she will not be allowed to take the quiz if it has already been collected. If an absence is pre-arranged (i.e. Extracurricular), quizzes and tests **must** be taken in advance.

Please keep in mind that these make-up policies apply to extracurricular absences, as well. You are not penalized for an extra-curricular absence, but you must turn in any assignments due before the absence.

A research paper submitted without a works cited page (in MLA format) and/or without parenthetical citations constitutes plagiarism and will be subject to the above consequences. The paper grade will be a zero.

Peer Review Assignments

There will be an in-class peer review exercise for your final essay. This scheduled peer review exercise counts as a quiz grade (20% of overall average), and attendance is expected on these days. It is especially important that you are not tardy on these class days. If you are absent on a Peer Review Day, your grade will be affected. Please be on time.

Class Conduct

Please turn off or silence and put away all cell phones, headphones, etc. before entering the classroom. No obscene/vulgar language will be permitted in the classroom. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action such as dismissal from the college. These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.

Artificial Intelligence Policy

In accordance with the institution's Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI (such as ChatGPT) to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved, the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Illness Policy

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made, students will be informed of the change by an announcement in Blackboard.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

Scoring Rubric for Compare/Contrast, Narrative, Cause/Effect, Argument, & Final Essay-6 pt. scale
 1=50, 2=60, 3=70, 4=80, 5=90, 6=100

Focus	Criteria				Pts.
	Good-Excellent: 16 -20	Fair: 11 - 15	Poor: 6 - 10	Unsatisfactory: 1 - 5	
Thesis Statement and Main Points	The thesis statement and main points are clearly stated and are appropriately placed.	The thesis statement and/or main points are not as clear as expected but are satisfactorily placed.	The thesis statement and main points are not clear and/or are poorly placed in the essay.	The thesis statement and main points do not appear in the essay or are so poorly placed or written as to be of no value.	
Elaboration and Explanation of Reasons with Supporting Research Organization (Transitions/Topic Sentences)	Good support is provided for each of the main ideas. Research used is relevant. Ideas are well organized.	Support is provided for each main idea but is not as clear, complete, or relevant as expected. Ideas are organized but could use improvement.	Some support appears but needs clarity, much more elaboration, or better use of research. Ideas are somewhat organized but could use much improvement.	Little or no support appears in the paper, or research used is irrelevant. Ideas are not clearly organized.	
Use of Standard Written English: Sentence Structure, Punctuation, Spelling, other	The essay is free or nearly free of grammatical errors.	The essay has some grammatical errors but not many.	The essay has too many grammatical errors, and these are distracting.	The paper is littered with grammatical errors, and the meaning is seriously impacted.	
Word Choice Tone (formal, academic)	Exceptional word choice; appropriate tone used throughout essay	Satisfactory word choice; appropriate tone used throughout most of the essay.	Word choice and tone could use much improvement.	Word choice is unclear, weak, and/or inappropriate; tone is also inappropriate for academic essay.	

MLA Parenthetical Documentation and Plagiarism MLA Guidelines/Formatting	In-text citations and works cited page are free or nearly free of errors. The paper is not plagiarized. MLA guidelines are followed.	In-text citations and works cited are mostly clear/free of errors. The paper is not plagiarized. Most MLA guidelines are followed.	In-text citations and works cited contain frequent errors. The paper is not plagiarized. There are several MLA formatting errors.	In-text citations and works cited are incorrect or absent. The paper is plagiarized. There are many MLA formatting errors.

Course Goals and Objectives

The general course goals of 1301 are to have students improve their writing abilities and increase their proficiency in critical reading and in writing nonfiction prose, with emphasis on narration, exposition, and persuasion.

Foundational Component Area:

Communication Courses in this category focus on developing ideas and expressing them clearly, considering the effect of the message, fostering understanding, and building the skills needed to communicate persuasively. Courses involve the command of oral, aural, written, and visual literacy skills that enable people to exchange messages appropriate to the subject, occasion, and audience.

Required Core Objectives

Associate of Arts (AA) — Program Learning Outcomes

Students who complete the Associate of Arts degree will demonstrate the following program-level competencies:

1. Communication & Expression — Demonstrate effective written and oral communication skills by articulating ideas clearly, purposefully, and with awareness of audience across a variety of contexts.
2. Critical & Creative Thinking — Analyze, evaluate, and synthesize information and ideas from multiple perspectives, applying both logical reasoning and creative inquiry to solve problems and construct meaning.
3. Humanities & Cultural Literacy — Examine human experience through the lens of history, literature, the arts, and cultural traditions, demonstrating an appreciation for diverse perspectives and their influence on society.
4. Information Literacy — Locate, evaluate, and ethically use information from a variety of sources to support research, argumentation, and informed decision-making.
5. Personal & Civic Responsibility — Reflect on individual values and their relationship to community and society, demonstrating an understanding of civic engagement and ethical responsibility.

Student Learning Outcomes (ENGL 1301 Course-Level):

Upon successful completion of this course, students will:

1. Demonstrate knowledge of individual and collaborative writing processes.
2. Develop ideas with appropriate support and attribution.
3. Write in a style appropriate to audience and purpose.
4. Read, reflect, and respond critically to a variety of texts.
5. Use Edited American English in academic essays.

Course Requirements and Evaluation

This course will consist of five (5) core essays. These are essential to this course and must be completed. You may revise your essays throughout the semester. Please follow the revision rules. Remember that writing is a process. There are several quizzes, discussions, and lab assignments that also figure into your total score. Also, if you meet certain guidelines, you can be exempt from the final exam. (See below)

Essays: Test Grades: (60% of the grade)

You may revise each essay up to three times to improve your grade. When submitting a revision, please highlight all changes in yellow before resubmitting your essay. Revisions that are not highlighted will not be graded. The only exception is the final exam essay, which cannot be revised after the due date. However, if you submit the final essay before the deadline, you may revise it before that cutoff.

All essays must be typed and formatted in MLA style using 12-point Times New Roman font. Essays submitted in any other format will not be accepted or graded.

If an essay is turned in late, it is subject to a 10-point deduction per day. No assignments will be accepted after they are three days late. This policy applies only to essays/test grades. *(Remember: The final exam essay can be exempt. See below)*

Grading Codes:

To provide timely feedback and help you grow as a writer, all essays will be graded using the following color-coded system:

- Yellow – Grammar mistakes
- Red – Point of view issues
- Green – Use of forbidden words (see the Week 1 folder for the list)
- Blue – Tense change issues
- RO – Run-on sentences and comma splices

This system is designed to make it easier for you to identify areas for improvement and strengthen your writing skills with each assignment.

Quiz and Discussion Grades: (20%)

Quiz grades are final and cannot be revised or retaken. Once a quiz closes, it will not be reopened, so please make sure to complete each quiz before the deadline.

I encourage you to start quizzes early and check your internet connection before beginning. Quizzes are meant to help you keep up with the course material and prepare for major assignments, so staying on schedule will make your success much easier.

English 1301 Labs (20% of the grade)

Online lab assignments are a required component for all ENGL 1301 students at Paris Junior College and must be completed outside of scheduled class time. Labs must be completed by the stated due dates. There are a total of 16 lab activities. You should expect to spend about one hour per lab, for a total of approximately sixteen hours of lab work.

While the labs are not technically due until the end of the session, I've scheduled them weekly to help you stay on track. If you have a particularly busy week and miss one, you can catch up the following week without penalty. My goal is to help you avoid the stress of trying to complete all the labs at once at the end of the semester. Breaking them up week by week will make the workload much more manageable.

Lab grades are final and cannot be retaken, so please make sure to complete them before the deadline.

Exemption Rules for Final:

To be exempt from the final, a student must meet the following criteria:

- Any student who
- a.) submits all prior essays
 - b.) earns an **80 essay average**, and
 - c.) has 4 or fewer class absences

Students who do **NOT** qualify for exemption:

- Any student who
- a.) does not submit all prior essays **and/or**
 - b.) earns **an essay average less than 80** and/or
 - c.) has more than 4 absences

Non-exempt students are required to complete the final exam essay. The grade earned on this essay will replace the student's lowest essay grade, with one exception: the grade for the research paper cannot be replaced. A zero will not be dropped or replaced by the final exam essay grade. If a student qualifies for exemption but still wishes to write an essay for the final to improve their overall course average, he/she may do so. However, the final exam essay cannot be used to replace a zero.

Course Policies:

Students are expected to complete all coursework honestly and independently, using only their own knowledge and the resources permitted by the instructor. Academic integrity is essential to your success in this course and to your growth as a writer and critical thinker. For guidance on MLA formatting and citation, students are encouraged to consult the Purdue Online Writing Lab (OWL), a trusted and comprehensive resource, and the information provided in the course materials.

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of “W” is *Nov 12th*.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will immediately receive a score of zero on the exam/assignment. Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial Intelligence Policy:

In accordance with the institution’s Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI (such as ChatGPT) to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved, the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State, and local laws, regulations, and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student’s responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made, students will be informed of the change by an announcement in Blackboard.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

Course Schedule: Tentative (Subject to change at instructor's discretion)

All assignments are due at 11:59 pm on the assigned due dates.

Week 1: Aug 24--28 (Let's Get Started)

Syllabus, Course Instructions, Labs

Lesson 1 – Academic Writing, Thesis, Intro, and Conclusion

Lesson 2 – MLA Formatting

Due Sunday: Syllabus Quiz

August 30th Formatting Quiz

Week 2: August 31 – Sept 4 (Description)

Lesson 3 – Pre-Writing and Grammar

Lesson 4 – Descriptive Writing

Read: Description Examples

Due Sunday: Labs: Pretest

Sept 6th Discussion #1

Reading Novel: Needs to be finished by the start of week 12

Week 3: Sept 7 - 11 (Description)

Due Sunday: Descriptive Essay

Sept 13th Labs: Writing Process

Reading Novel: Need to be finished by the start of week 12

Week 4: Sept 14 -18 (Narrative Essay)

Lesson 5 – Narrative Writing, Establishing a story arc

Read Narrative Essay Example #1 and #2

Due Sunday: Narrative Reading Questions

Sept 20th Labs: Thesis Statements, Parallelism

Reading Novel: Need to be finished by the start of week 12

Week 5: Sept 21--25 (Narrative Essay)

Due Sunday: Narrative Essay

Sept 27th No Labs this week

Reading Novel: Needs to be finished by the start of week 12

Week 6: Sept 28—Oct 2 (King Arthur Legends)

Lesson 6 – Background information on King Arthur

Due Sunday: Arthur Legends Reading Quiz

Oct 4th Discussion #2

Labs: Topic Sentence, Clause Structure

Reading Novel: Needs to be finished by the start of week 12

Week 7: Oct 5--9 (King Arthur Legends)

Lesson 7 – Definition Essay

Dragon Now Course Material Information:

All the required course materials for your classes are being delivered through Dragon Now, the campus-wide affordable course materials program. You will be charged automatically, so you will not need to make a separate purchase.

For this course, we will be using a digital eBook accessed through the My Materials link in Blackboard. You will also receive an email directly from Kortext no-reply@kortext.com, with a link to access your account. Please follow the directions in the email to access your virtual bookshelf.

If you wish to opt-out of this program, please follow the steps below by:

- Fall Main & Flex 1 Term: 9/11/2026
- Flex 2 Term: 10/28/2026

- 1) Go to <https://ACCESSPortal.follett.com:443/1836>
- 2) Create an account using your student email account
- 3) Select Opt-Out to opt-out of the entire program. You will have an opportunity to opt back in if you choose to do so.
- 4) You can also Opt-Out from the student-specific link provided in the email from noreply@follett.com.

Important: If you Opt-Out, you will no longer have access to your required digital materials and will need to purchase required materials on your own. If you have required physical (print)

materials that you have received from the virtual campus store, please return the physical material(s) before opting out. If you have any questions about Dragon Now or the charge to your student account, please contact the virtual campus store by phone at (800) 381-5151 or via email at csvirtual@efollett.com.

Course Goals and Objectives

The general course goals of 1301 are to have students improve their writing abilities and increase their proficiency in critical reading and in writing nonfiction prose, with emphasis on narration, exposition, and persuasion.

Foundational Component Area:

Communication Courses in this category focus on developing ideas and expressing them clearly, considering the effect of the message, fostering understanding, and building the skills needed to communicate persuasively. Courses involve the command of oral, aural, written, and visual literacy skills that enable people to exchange messages appropriate to the subject, occasion, and audience.

Required Core Objectives

Associate of Arts (AA) — Program Learning Outcomes

Students who complete the Associate of Arts degree will demonstrate the following program-level competencies:

1. Communication & Expression — Demonstrate effective written and oral communication skills by articulating ideas clearly, purposefully, and with awareness of audience across a variety of contexts.
2. Critical & Creative Thinking — Analyze, evaluate, and synthesize information and ideas from multiple perspectives, applying both logical reasoning and creative inquiry to solve problems and construct meaning.
3. Humanities & Cultural Literacy — Examine human experience through the lens of history, literature, the arts, and cultural traditions, demonstrating an appreciation for diverse perspectives and their influence on society.
4. Information Literacy — Locate, evaluate, and ethically use information from a variety of sources to support research, argumentation, and informed decision-making.
5. Personal & Civic Responsibility — Reflect on individual values and their relationship to community and society, demonstrating an understanding of civic engagement and ethical responsibility.

Student Learning Outcomes (ENGL 1301 Course-Level):

Upon successful completion of this course, students will:

1. Demonstrate knowledge of individual and collaborative writing processes.
2. Develop ideas with appropriate support and attribution.
3. Write in a style appropriate to audience and purpose.
4. Read, reflect, and respond critically to a variety of texts.
5. Use Edited American English in academic essays.

Course Requirements and Evaluation

This course will consist of five (5) core essays. These are essential to this course and must be completed. You may revise your essays throughout the semester. Please follow the revision rules. Remember that writing is a process. There are several quizzes, discussions, and lab assignments that also figure into your total score. Also, if you meet certain guidelines, you can be exempt from the final exam. (See below)

Essays: This category MAY be revised (revision policy below) 60%

Total 100%

Revision Policy:

Essays: Test Grades: (60% of the grade)

You may revise each essay up to three times to improve your grade. When submitting a revision, please highlight all changes in yellow before resubmitting your essay. Revisions that are not highlighted will not be graded. The only exception is the final exam essay, which cannot be revised after the due date. However, if you submit the final essay before the deadline, you may revise it before that cutoff.

All essays must be typed and formatted in MLA style using 12-point Times New Roman font. Essays submitted in any other format will not be accepted or graded.

If an essay is turned in late, it is subject to a 10-point deduction per day. No assignments will be accepted after they are three days late. This policy applies only to essays/test grades. *(Remember: The final exam essay can be exempt. See below)*

Grading Codes:

To provide timely feedback and help you grow as a writer, all essays will be graded using the following color-coded system:

- Yellow – Grammar mistakes
- Red – Point of view issues
- Green – Use of forbidden words (see the Week 1 folder for the list)
- Blue – Tense change issues
- RO – Run-on sentences and comma splices

This system is designed to make it easier for you to identify areas for improvement and strengthen your writing skills with each assignment.

Quiz and Discussion Grades: (20%)

Quiz grades are final and cannot be revised or retaken. Once a quiz closes, it will not be reopened, so please make sure to complete each quiz before the deadline.

I encourage you to start quizzes early and check your internet connection before beginning. Quizzes are meant to help you keep up with the course material and prepare for major assignments, so staying on schedule will make your success much easier.

English 1301 Labs (20% of the grade)

Online lab assignments are a required component for all ENGL 1301 students at Paris Junior College and must be completed outside of scheduled class time. Labs must be completed by the stated due dates. There are a total of 16 lab activities. You should expect to spend about one hour per lab, for a total of approximately sixteen hours of lab work.

While the labs are not technically due until the end of the session, I've scheduled them weekly to help you stay on track. If you have a particularly busy week and miss one, you can catch up the following week without penalty. My goal is to help you avoid the stress of trying to complete all the labs at once at the end of the semester. Breaking them up week by week will make the workload much more manageable.

Lab grades are final and cannot be retaken, so please make sure to complete them before the deadline.

Exemption Rules for Final:

To be exempt from the final, a student must meet the following criteria:

- Any student who
- a.) submits all prior essays
 - b.) earns an **80 essay average**, and
 - c.) has 4 or fewer class absences

Students who do **NOT** qualify for exemption:

- Any student who
- a.) does not submit all prior essays **and/or**
 - b.) earns **an essay average less than 80** and/or
 - c.) has more than 4 absences

Non-exempt students are required to complete the final exam essay. The grade earned on this essay will replace the student's lowest essay grade, with one exception: the grade for the research paper cannot be replaced. A zero will not be dropped or replaced by the final exam essay grade. If a student qualifies for exemption but still wishes to write an essay for the final to improve their overall course average, he/she may do so. However, the final exam essay cannot be used to replace a zero.

Course Policies:

Students are expected to complete all coursework honestly and independently, using only their own knowledge and the resources permitted by the instructor. Academic integrity is essential to your success in this course and to your growth as a writer and critical thinker. For guidance on MLA formatting and citation, students are encouraged to consult the Purdue Online Writing Lab (OWL), a trusted and comprehensive resource, and the information provided in the course materials.

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of “W” is *Nov 12th*.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will immediately receive a score of zero on the exam/assignment. Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial Intelligence Policy:

In accordance with the institution’s Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI (such as ChatGPT) to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved, the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State, and local laws, regulations, and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student’s responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made, students will be informed of the change by an announcement in Blackboard.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

Dragon Now Course Material Information:

All the required course materials for your classes are being delivered through Dragon Now, the campus-wide affordable course materials program. You will be charged automatically, so you will not need to make a separate purchase.

For this course, we will be using a digital eBook accessed through the My Materials link in Blackboard. You will also receive an email directly from Kortext no-reply@kortext.com, with a link to access your account. Please follow the directions in the email to access your virtual bookshelf.

If you wish to opt-out of this program, please follow the steps below by:

- Fall Main & Flex 1 Term: 9/11/2026
- Flex 2 Term: 10/28/2026

- 1) Go to <https://ACCESSPortal.follett.com:443/1836>
- 2) Create an account using your student email account
- 3) Select Opt-Out to opt-out of the entire program. You will have an opportunity to opt back in if you choose to do so.
- 4) You can also Opt-Out from the student-specific link provided in the email from noreply@follett.com.

Important: If you Opt-Out, you will no longer have access to your required digital materials and will need to purchase required materials on your own. If you have required physical (print)

materials that you have received from the virtual campus store, please return the physical material(s) before opting out. If you have any questions about Dragon Now or the charge to your student account, please contact the virtual campus store by phone at (800) 381-5151 or via email at csvirtual@efollett.com.

Course Goals and Objectives

The general course goals of 1301 are to have students improve their writing abilities and increase their proficiency in critical reading and in writing nonfiction prose, with emphasis on narration, exposition, and persuasion.

Foundational Component Area:

Communication Courses in this category focus on developing ideas and expressing them clearly, considering the effect of the message, fostering understanding, and building the skills needed to communicate persuasively. Courses involve the command of oral, aural, written, and visual literacy skills that enable people to exchange messages appropriate to the subject, occasion, and audience.

Required Core Objectives

Associate of Arts (AA) — Program Learning Outcomes

Students who complete the Associate of Arts degree will demonstrate the following program-level competencies:

1. Communication & Expression — Demonstrate effective written and oral communication skills by articulating ideas clearly, purposefully, and with awareness of audience across a variety of contexts.
2. Critical & Creative Thinking — Analyze, evaluate, and synthesize information and ideas from multiple perspectives, applying both logical reasoning and creative inquiry to solve problems and construct meaning.
3. Humanities & Cultural Literacy — Examine human experience through the lens of history, literature, the arts, and cultural traditions, demonstrating an appreciation for diverse perspectives and their influence on society.
4. Information Literacy — Locate, evaluate, and ethically use information from a variety of sources to support research, argumentation, and informed decision-making.
5. Personal & Civic Responsibility — Reflect on individual values and their relationship to community and society, demonstrating an understanding of civic engagement and ethical responsibility.

Student Learning Outcomes (ENGL 1301 Course-Level):

Upon successful completion of this course, students will:

1. Demonstrate knowledge of individual and collaborative writing processes.
2. Develop ideas with appropriate support and attribution.
3. Write in a style appropriate to audience and purpose.
4. Read, reflect, and respond critically to a variety of texts.
5. Use Edited American English in academic essays.

Course Requirements and Evaluation

This course will consist of five (5) core essays. These are essential to this course and must be completed. You may revise your essays throughout the semester. Please follow the revision rules. Remember that writing is a process. There are several quizzes, discussions, and lab assignments that also figure into your total score. Also, if you meet certain guidelines, you can be exempt from the final exam. (See below)

Essays: This category MAY be revised (revision policy below) 60%

Description Essay
Narrative Essay
Definition Essay
Research Essay
Literary Analysis Essay
Synthesis Essay (Final Exam)

A – 100 – 90
B – 89 – 80
C – 79 – 70
D – 69 – 60
F – 59 – 0

Quiz: Revision is NOT allowed in this category. 20%

Formatting and MLA Quiz
Discussions #1-4
Description Practice
Narrative Reading Questions
King Arthur Quiz
Definition Outline
Logic and Fallacies Quiz
Research Outline
Research Works Cited
Analysis Outline
Novel Quiz

Lab Component 20%

Total 100%

Revision Policy:

Essays: Test Grades: (60% of the grade)

You may revise each essay up to three times to improve your grade. When submitting a revision, please highlight all changes in yellow before resubmitting your essay. Revisions that are not highlighted will not be graded. The only exception is the final exam essay, which cannot be revised after the due date. However, if you submit the final essay before the deadline, you may revise it before that cutoff.

All essays must be typed and formatted in MLA style using 12-point Times New Roman font. Essays submitted in any other format will not be accepted or graded.

If an essay is turned in late, it is subject to a 10-point deduction per day. No assignments will be accepted after they are three days late. This policy applies only to essays/test grades. *(Remember: The final exam essay can be exempt. See below)*

Grading Codes:

To provide timely feedback and help you grow as a writer, all essays will be graded using the following color-coded system:

- Yellow – Grammar mistakes
- Red – Point of view issues
- Green – Use of forbidden words (see the Week 1 folder for the list)
- Blue – Tense change issues
- RO – Run-on sentences and comma splices

This system is designed to make it easier for you to identify areas for improvement and strengthen your writing skills with each assignment.

Quiz and Discussion Grades: (20%)

Quiz grades are final and cannot be revised or retaken. Once a quiz closes, it will not be reopened, so please make sure to complete each quiz before the deadline.

I encourage you to start quizzes early and check your internet connection before beginning. Quizzes are meant to help you keep up with the course material and prepare for major assignments, so staying on schedule will make your success much easier.

English 1301 Labs (20% of the grade)

Online lab assignments are a required component for all ENGL 1301 students at Paris Junior College and must be completed outside of scheduled class time. Labs must be completed by the stated due dates. There are a total of 16 lab activities. You should expect to spend about one hour per lab, for a total of approximately sixteen hours of lab work.

While the labs are not technically due until the end of the session, I've scheduled them weekly to help you stay on track. If you have a particularly busy week and miss one, you can catch up the following week without penalty. My goal is to help you avoid the stress of trying to complete all the labs at once at the end of the semester. Breaking them up week by week will make the workload much more manageable.

Lab grades are final and cannot be retaken, so please make sure to complete them before the deadline.

Exemption Rules for Final:

To be exempt from the final, a student must meet the following criteria:

- Any student who
- a.) submits all prior essays
 - b.) earns an **80 essay average**, and
 - c.) has 4 or fewer class absences

Students who do **NOT** qualify for exemption:

- Any student who
- a.) does not submit all prior essays **and/or**
 - b.) earns **an essay average less than 80** and/or
 - c.) has more than 4 absences

Non-exempt students are required to complete the final exam essay. The grade earned on this essay will replace the student's lowest essay grade, with one exception: the grade for the research paper cannot be replaced. A zero will not be dropped or replaced by the final exam essay grade. If a student qualifies for exemption but still wishes to write an essay for the final to improve their overall course average, he/she may do so. However, the final exam essay cannot be used to replace a zero.

Course Policies:

Students are expected to complete all coursework honestly and independently, using only their own knowledge and the resources permitted by the instructor. Academic integrity is essential to your success in this course and to your growth as a writer and critical thinker. For guidance on MLA formatting and citation, students are encouraged to consult the Purdue Online Writing Lab (OWL), a trusted and comprehensive resource, and the information provided in the course materials.

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of “W” is *Nov 12th*.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will immediately receive a score of zero on the exam/assignment. Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial Intelligence Policy:

In accordance with the institution’s Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI (such as ChatGPT) to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved, the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State, and local laws, regulations, and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student’s responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made, students will be informed of the change by an announcement in Blackboard.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

Course Schedule: Tentative (Subject to change at instructor's discretion)

All assignments are due at 11:59 pm on the assigned due dates.

Week 1: Aug 24--28 (Let's Get Started)

Syllabus, Course Instructions, Labs

Lesson 1 – Academic Writing, Thesis, Intro, and Conclusion

Lesson 2 – MLA Formatting

Due Sunday: Syllabus Quiz

August 30th Formatting Quiz

Week 2: August 31 – Sept 4 (Description)

Lesson 3 – Pre-Writing and Grammar

Lesson 4 – Descriptive Writing

Read: Description Examples

Due Sunday: Labs: Pretest

Sept 6th Discussion #1

Reading Novel: Needs to be finished by the start of week 12

Week 3: Sept 7 - 11 (Description)

Due Sunday: Descriptive Essay

Sept 13th Labs: Writing Process

Reading Novel: Need to be finished by the start of week 12

Week 4: Sept 14 -18 (Narrative Essay)

Lesson 5 – Narrative Writing, Establishing a story arc

Read Narrative Essay Example #1 and #2

Due Sunday: Narrative Reading Questions

Sept 20th Labs: Thesis Statements, Parallelism

Reading Novel: Need to be finished by the start of week 12

Week 5: Sept 21--25 (Narrative Essay)

Due Sunday: Narrative Essay

Sept 27th No Labs this week

Reading Novel: Needs to be finished by the start of week 12

Week 6: Sept 28—Oct 2 (King Arthur Legends)

Lesson 6 – Background information on King Arthur

Due Sunday: Arthur Legends Reading Quiz

Oct 4th Discussion #2

Labs: Topic Sentence, Clause Structure

Reading Novel: Needs to be finished by the start of week 12

Week 7: Oct 5--9 (King Arthur Legends)

Lesson 7 – Definition Essay

Due Sunday: Definition Essay Outline

Oct 11th Labs: Sentence Types, Combining Sentences

Week 8: Oct 12-16 (Definition Essay)

Due Sunday: Definition Essay
Oct 18th No Labs this week

Week 9: Oct 19-23 (Introduction to Research)

Lesson 8 – Research/Argument
Lesson 9 – Logic and Fallacies, Argumentation
Read: Non-Fiction Essays #1, #2, #3, #4

Due Sunday: Logic and Fallacy Quiz
Oct 25th Discussion #3 and #4
Labs: Subject/Verb, Italics and Quotation Marks

Week 10: Oct 26-30 (Research/Argument)

Lesson 10 – MLA Citation Methods

Due Sunday: Research Outline
Nov 1st Works Cited
Labs: Comma Placement, Use of Capitals

Week 11: Nov 2-6 (Research/Argument)

Due Sunday: Research Essay
Nov 8th No Labs this week

Week 12: Nov 9-13 (Novel Study/Analysis)

Lesson 11 – “Night” by Eli Wiesel - Novel Lecture

Due Sunday: Novel Quiz
Nov 15th Labs: Audience

Week 13: Nov 16-21 (Novel Study/Analysis)

Due Sunday: Lesson 21 – Analysis Essay over Novel
Nov 22nd Analysis Outline
Labs: Responding Critically, Verbs

Week 14: Nov 23-27 (Novel Study/Analysis)

Due Sunday: Analysis Essay (Timed Writing Online)
Nov 29th Labs: Final Grammar Quiz

Week 15: Nov 30 – Dec 4 (Labs and Revisions)

Due Sunday: Finish Revisions and Labs This Week
Dec 6th

Week 16: Dec 7-10 (Reflection)

Lesson 13: Synthesis Essay (Reflection)

Due Sunday: Final Exam Due Dec 8th by 11:59 pm
Dec 8th

Final Exam is due TUESDAY, Dec 8th by 11:59 pm

English 1301.690
Composition & Rhetoric I
Fall 2026

Instructor: Rita Petty
Office: Room 307, Cumby H.S.
Phone: 903-994-2260
Email: rpetty@parisjc.edu
Office Hours: 7:30-7:50 a.m.

Meeting Location: Room 307, Cumby H.S.
Meeting Days: MTuWThF
Meeting Times: 9:25-10:12 a.m.

Course Description:

Intensive study of and practice in writing processes, from invention and researching to drafting, revising, and editing, both individually and collaboratively. Emphasis on effective rhetorical choices, including audience, purpose, arrangement, and style. Focus on writing the academic essay as a vehicle for learning, communicating, and critical analysis.

Credits: Three credit hours

TSI Requirement: Reading, 340+; Writing, 4 or above

Prerequisite(s): Based on admission information

Required Textbook(s) and Materials:

Kirsznner, Laurie G. and Stephen R. Mandell. *Patterns for College Writing: A Rhetorical Reader and Guide*. 16th ed. Bedford/St. Martin's, 2024, ISBN: 9781319411817

Fiction Novel, *Lord of the Flies* by George Orwell, Provided by Cumby Collegiate High School

Course Goals and Objectives:

Foundational Component Area: Communication

Courses in this category focus on developing ideas and expressing them clearly, considering the effect of the message, fostering understanding, and building the skills needed to communicate persuasively. Courses involve the command of oral, aural, written, and visual literacy skills that enable people to exchange messages appropriate to the subject, occasion, and audience.

Required Core Objectives

Student Learning Outcomes (Core Curriculum-Level):

1. Demonstrate Critical Thinking Skills—to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.
2. Demonstrate Communications Skills—to include effective development, interpretation and expression of ideas through written, oral and visual communication.
3. Demonstrate Team Work—to include the ability to consider different points of view and to work effectively with others to support a shared purpose or goal.
4. Demonstrate Personal Responsibility—to include the ability to connect choices, actions, and consequences to ethical decision-making.

Student Learning Outcomes (English Program-Level):

1. Students will be able to identify, arrange and evaluate the effectiveness of a thesis statement.

2. Students will be able to identify Standard Written English (SWE) and apply correct forms of English most widely accepted as clear and proper.
3. Students will be able to identify the specific parts of an essay, distinguish appropriate modes of communicating an idea, and use transitional words and phrases effectively.

Student Learning Outcomes (ENGL 1301 Course-Level):

Upon successful completion of this course, students will:

1. Demonstrate knowledge of individual and collaborative writing processes.
2. Develop ideas with appropriate support and attribution.
3. Write in a style appropriate to audience and purpose.
4. Read, reflect, and respond critically to a variety of texts.
5. Use Edited American English in academic essays.

Course Schedule: The course schedule will include lectures, assigned readings, lab exercises, in-class notes and assignments, quizzes, tests, presentations, reading responses, major compositions, discussions, and research essays. Lab exercises are due each week, until completed. The course format will be face-to-face. A comprehensive schedule is at the end of this syllabus.

- Week 1: **The Writing Process**
- Week 2: **Narration and Description**
- Week 3: **Cause and Effect Writing**
- Week 4: **MLA Style & Documentation**
- Week 5: **Effective Paragraph and Essay Development**
- Week 6: **Reading and Analyzing a Novel**
- Week 7: **Writing Definition**
- Week 8: **Critical Reading to Write**
- Week 9: **Writing Argument**
- Week 10: **Research and Documentation**
- Week 11: **Writers' Workshop**
- Week 12: **Avoiding Plagiarism**
- Week 13: **Writing and Research**
- Week 14: **Compare and Contrast**
- Week 15: **Presenting Group Projects and Course Reflection**
- Week 16: **Review and Final Exam**

Course Requirements and Evaluation:

Grading - Letter Grades/Numeric Grades

A=90-100 B=80-89 C=70-79 D=60-69 F=0-59

Essays (3 essays)	30%
Documented Research Essay (required to pass)	15%
Lab Exercises	15%
Quizzes	10%
Daily work, Discussion, & Participation	5%
Mid-semester Exam	5%
Group Project on novel	10%
Final Exam (exam and 5 th essay)	10%

Total:

100%

Grading Notes: The final exam and the documented argumentation essay are required; failure to complete either one will result in failure for the course. Grading rubrics for the essays will be provided in class

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Course Policies: Course Policies:

- All essays and writing assignments will be due in printed form in class on the due date. Final drafts for major essays must be submitted electronically in Blackboard by 11:59 p.m. on the due date.
- All essays will be written in the class journal in handwriting and will be the first draft grade.
- A late paper will receive a five point deduction per day (including non-class days) and will not be accepted more than one week late. Do not take a tardy or absence to finish a paper for peer review or to turn in a major assignment.
- Essays must be written in Word and submitted to Safe Assign. No links to an essay or PDFs will be accepted.
- Assignments that do not meet minimum length are not considered valid submissions. To be graded, essays must be minimum length or the paper will be declined. A declined essay must be completed and resubmitted within a day to avoid more penalties.
- If sources are required for the assignment, printed copies with the quotations highlighted may also be required.
- The Documented Argument Research paper is required to pass the course.
- Some essays may require an outline, which will be graded.
- If absent from class, email the paper to the instructor to avoid being late; then, submit the completed essay in Blackboard.
- A paper with required research that is submitted without a Works Cited page (MLA), and/or without parenthetical (in-text) citations will not be accepted until the requirement is met. The correction must be made in one day.
- Quotations without correct documentation constitute plagiarism.
- **Technology:** Computer problems or school activities do not excuse when an assignment is due. This is why assignments should not be put off until near the deadline.

Peer Reviews: At least two peers must proofread and offer suggestions to the rough drafts of papers. The two reviewers must sign the essay, and grades may be taken on

the quality of the peer reviewing. Grades will be taken by having the essay ready for peer reviews and will be counted with reading quizzes.

Readings and Quizzes: On required readings, announced or unannounced quizzes may be given. After reading a few chapters in class, the chosen novel will be read outside of class and regular quizzes will be given, as well as a final test on the whole book.

Group Project: Groups will be assigned specific topics to explore and will be given individual roles to complete within the group. The presentation will link to the major novel read by the class.

Daily work and participation: Written responses to reading will be required to prepare for class discussion. Notes may be required as a daily activity, as well as analysis questions to answer. During class, participation in discussions is required as a part of the daily grade.

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is November 12, 2026.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Course Specific AI Policy

Students in ENGL 1301.690 will be required to sign a commitment form stating that the content of their work is original and they will follow the policies stated in this syllabus.

PJC English Courses AI Policy

In accordance with the institution's Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI (such as ChatGPT) to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below. Students will be emailed with changes and face-to-face courses will be informed in class.

English 1302. 50J0
Composition II (Sulphur Springs Campus)
Fall B - 2026

Instructor: Mylissa Bailey
Office: SS Center Front Offices
Phone: 903-885-1232
Email: mbailey@parisjc.edu

Meeting Location: Room 223
Meeting Days: Tues/Thurs
Meeting Times: 8:00-9:15

Office Hours: M/W 8:00-9:30; 1:30-3:00 T/R 7:30-8:00; 9:30-10:00; 1:30-3:00

Course Description:

Intensive study of and practice in the strategies and techniques for developing research-based expository and persuasive texts. Emphasis on effective and ethical rhetorical inquiry, including primary and secondary research methods; critical reading of verbal, visual, and multimedia texts; systematic evaluation, synthesis, and documentation of information sources; and critical thinking about evidence and conclusions.

Required Course Materials

Schilb, John and John Clifford. Arguing about Literature: A Guide and Reader, 4th ed. Bedford/St. Martin's, 2020. ISBN: 9781319532048

All the required course materials for your classes are being delivered through Dragon Now, the campus-wide affordable course materials program. You will be charged automatically, so you will not need to make a separate purchase.

For this course, we will be using a digital eBook accessed through the My Materials link in Blackboard. You will also receive an email directly from Kortext noreply@kortext.com, with a link to access your account. Please follow the directions in the email to access your virtual bookshelf.

If you wish to opt-out of this program, please follow the steps below by:

- Fall Main & Flex 1 Term: 9/11/2026
- Flex 2 Term: 10/28/2026
- 1) Go to <https://ACCESSPortal.follett.com:443/1836>
- 2) Create an account using your student email account
- 3) Select Opt-Out to opt-out of the entire program. You will have an opportunity to opt back in if you choose to do so.
- 4) You can also Opt-Out from the student-specific link provided in the email from noreply@follett.com.

Important: If you Opt-Out, you will no longer have access to your required digital materials and will need to purchase required materials on your own. If you have required physical (print) materials that you have received from the virtual campus store, please return the physical material(s) before opting out.

If you have any questions about Dragon Now or the charge to your student account, please contact the virtual campus store by phone at (800) 381-5151 or via email at csvirtual@efollett.com.

Course Goals and Objectives:

Foundational Component Area: Communication

Courses in this category focus on developing ideas and expressing them clearly, considering the effect of the message, fostering understanding, and building the skills needed to communicate persuasively. Courses involve the command of oral, aural, written, and visual literacy skills that enable people to exchange messages appropriate to the subject, occasion, and audience.

Required Core Objectives

Associate of Arts (AA) — Program Learning Outcomes

Students who complete the Associate of Arts degree will demonstrate the following program-level competencies:

1. Communication & Expression — Demonstrate effective written and oral communication skills by articulating ideas clearly, purposefully, and with awareness of audience across a variety of contexts.
2. Critical & Creative Thinking — Analyze, evaluate, and synthesize information and ideas from multiple perspectives, applying both logical reasoning and creative inquiry to solve problems and construct meaning.
3. Humanities & Cultural Literacy — Examine human experience through the lens of history, literature, the arts, and cultural traditions, demonstrating an appreciation for diverse perspectives and their influence on society.
4. Information Literacy — Locate, evaluate, and ethically use information from a variety of sources to support research, argumentation, and informed decision-making.
5. Personal & Civic Responsibility — Reflect on individual values and their relationship to community and society, demonstrating an understanding of civic engagement and ethical responsibility.

Student Learning Outcomes (ENGL 1302 Course-Level):

Upon successful completion of this course, students will:

1. Demonstrate knowledge of individual and collaborative research processes.
2. Develop ideas and synthesize primary and secondary sources within focused academic arguments, including one or more research-based essays.
3. Analyze, interpret, and evaluate a variety of texts for the ethical and logical uses of evidence.
4. Write in a style that clearly communicates meaning, builds credibility, and inspires belief or action.
5. Apply the conventions of style manuals for specific academic disciplines (e.g., APA, CMS, MLA, etc.)

Course Requirements and Evaluation:

The focus of this course is on fiction (short story, poetry, drama); literary analysis/criticism; research; MLA documentation. Four (4) essays, labs, and assignments.

Essays (4)	60%	A – 100 – 90 B – 89 – 80 C – 79 – 70 D – 69 – 60 F – 59 – 0
Literary Analysis		
Research Argument		
Critical Evaluation		
Synthesis (Final)		
Grammar/Writing Labs	20%	
Quiz and Assignments	20%	

Total	100%	

Blackboard Announcements:

Students are responsible for all information posted in the Blackboard course announcements. This is my primary way of communicating with you in real-time and making any necessary updates or adjustments. Announcements may include important reminders, whole-class feedback, and suggestions to help you improve your writing assignments and overall grades. Be sure to read them carefully.

Revision Policy:

Essays: Test Grades: (60% of the grade)

You may revise each essay TWICE to improve your grade. When submitting a revision, please highlight all changes in yellow before resubmitting your essay. Revisions that are not highlighted will not be graded. The only exception is the final exam essay, which cannot be revised after the due date. However, if you submit the final essay before the deadline, you may revise it before that cutoff.

All essays must be typed and formatted in MLA style using 12-point Times New Roman font. Essays submitted in any other format will not be graded.

If an essay is turned in late, it is subject to a 10-point deduction per day. No assignments will be accepted after they are three days late. This policy applies only to essays/test grades.

(Remember: The final exam essay can be exempt. See below)

Grading Codes:

To provide timely feedback and help you grow as a writer, all essays will be graded using the following color-coded system:

- Yellow – Grammar mistakes
- Red – Point of view issues
- Green – Use of forbidden words (see the Week 1 folder for the list)
- Blue – Tense change issues
- RO – Run-on Sentence and Comma Splice

This system is designed to make it easier for you to identify areas for improvement and strengthen your writing skills with each assignment.

Quiz Grades: (20%)

Quiz grades are final and cannot be revised or retaken. Once a quiz closes, it will not be reopened, so please make sure to complete each quiz before the deadline.

I encourage you to start quizzes early and check your internet connection before beginning.

Quizzes are meant to help you keep up with the course material and prepare for major assignments, so staying on schedule will make your success much easier.

English 1301 Labs (20% of the grade)

Online lab assignments are a required component for all ENGL 1302 students at Paris Junior College and must be completed outside of scheduled class time. Labs must be completed by the required due dates. There are a total of 15 lab activities and two diagnostic tests. You should plan to spend about one hour per lab, approximately sixteen hours of lab work.

While the labs are not technically due until the end of the session, I've scheduled them weekly to help you stay on track. If you have a busy week and miss one, you can catch up the following week without penalty. My goal is to help you avoid the stress of trying to complete all the labs at once at the end of the semester. Breaking them up week by week will make the workload much more manageable.

Lab grades are final and cannot be retaken, so please complete them before the deadline.

Submitting Assignments:

All assignments must be submitted as a Word document or Google Doc and attached to the assignment. I am unable to read or grade assignments submitted in any other format: links or references written directly in the assignment box. No major essay in the test grade category will be graded unless it is formatted this way.

How to submit: Make sure the assignment is saved on your computer, then attach it to the assignment when submitting.

Important: Incorrectly submitted assignments will count as one of your five attempts to revise.

Exemption Rules for Final:

To be exempt from the final, a student must meet the following criteria:

Any student who a.) submits all prior essays,
b.) earns an **80 essay average**, and

Students who do **NOT** qualify for exemption:

Any student who a.) does not submit all prior essays **and/or**
b.) earns **an essay average less than 80 and/or**

Non-exempt students are required to complete the final exam essay. The grade earned on this essay will replace the student's lowest essay grade, with one exception: the grade for the research paper cannot be replaced. If a student qualifies for exemption but still wishes to write an essay for the final to improve overall course average, he/she may do so.

Course Policies

Students are expected to complete all coursework honestly and independently, using only their own knowledge and the resources permitted by the instructor. Academic integrity is essential to your success in this course and to your growth as a writer and critical thinker. For guidance on MLA formatting and citation, students are encouraged to consult the **Purdue Online Writing Lab (OWL)**, a trusted and comprehensive resource, and the information provided in the course materials.

Class Attendance

Class attendance is critical for the successful completion of this course. For online courses, students must complete work promptly and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "**W**" is **Nov 24th**.

Class Conduct

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will immediately receive a score of zero on the exam/assignment in. Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial Intelligence Policy:

In accordance with the institution's Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI (such as ChatGPT) to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved, the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.ph>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodation for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State, and local laws, regulations, and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Official Student Email Policy:

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence, including notices of academic status, financial aid, billing, registration, and campus alerts will be sent to the student's PJC email account. Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The college is not responsible for missing communications due to a student's failure to check their official email account.

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made, students will be informed of the change in a Blackboard announcement.

PJC Cares about our students! Please help us help you by completing our basic needs assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community

*****All Assignments are due at 11:59 on their assigned due date*****

Week 1: Oct 19-23

Review syllabus, Revisions Policy. Attendance Policy, Exemption Policy
Lesson 1 – Academic Writing and MLA Formatting
Lesson 2 – Poetry and Poetics Notes
Textbook Reading: Poetry pages 148-150

Due Oct 27 Syllabus Quiz
Lab - Pre-Test

Week 2: Oct 26-30 (Poetry)

Read Before Class: “Stopping by Woods on a Snowy Evening”
Read Before Class: “To My Dear and Loving Husband”
Read Before Class: “Upon the Burning of my House”

Lesson 3 – Poetry in Pop Culture
Lesson 4 – Critical Evaluation Essay

Due Nov 3 Critical Evaluation Essay: Poetry
Poetry Quiz
Lab – Academic Writing
Lab – Essay Organization
Lab – Thesis Statement
Lab – Sentence Structure

Week 3: Nov 2-6 (Research and Argument)

Lesson 5 – Research and Argumentation Essay
Lesson 6 – Research Outline
Textbook Reading: Writing about Research pages 175-198; 265-268

Due Nov 10 Research Outline

- Lab – Transitions
- Lab – Parallelism
- Lab – Evaluating Source
- Lab – Outline

Week 4: Nov 9-13 (Research and Argument)

Lesson 7 - Works Cited
Research Workshop
Textbook Reading: MLA Format Page 185-194

Due Nov17 Research and Argumentation Essay
 Lab – Library Access
 Lab – Plagiarism and Documentation

Week 5: Nov 16-20 (Short Stories and Literary Analysis)

Lesson 8 – Introduction to Short Stories

Textbook Reading: Short Story information pages 72-93; 123-137

Read Before Class: “A Rose for Emily” and “A&P” (In the “Short Story” Folder)

Read Before Class: “Killings” and “Warn Path” (In the “Short Story” Folder)

Due Nov 24 Discussion Board #1
Discussion Board #2
Short Story Quiz
Lab – MLA Format
Lab – MLA Documentation
Lab – Paragraph Unity and Cohesion
Lab – Editing and Proofing

Week 6: Nov 23-27 (Short Stories and Literary Analysis)

Lesson 9 – Literary Analysis Essay

Read In Class: “Trifles” Page 732 in the textbook (In the “Drama” Folder)

Due Dec 1 Literary Analysis Essay: Short Stories
Lab – Post-Test
ALL Labs are Due SUNDAY Dec 6th at 11:59 pm

Week 7: Nov 30-Dec 4 Drama and Revisions

Lesson 10 – Encountering Drama

Lesson 11 – Synthesis Essay - Final

Textbook Reading Drama: Pages 165-172; 145-147

Read/Discussion: “Trifles” Page 732 in the textbook (In the Drama Folder)

Writer’s/Revision Workshop

Due Feb 27th “Trifles” Reading Quiz
Last Day to Turn in Revisions: Dec 6th at 11:59 pm
ALL Labs are Due SUNDAY Dec 6th at 11:59 pm

Week 8: Dec 7-10

Discuss Final Exam: Synthesis Essay

Due Dec 8th: Final Exam - Personal Synthesis Essay

******All Assignments are due at 11:59 on their assigned due date.******

**English 2322.84A0
British Literature
Fall 2026**

Instructor: Dr. Melisa Ward
Office: By appointment
Phone: 903-356-1600
E-mail: mward@parisjc.edu

Meeting Location: 1305
Meeting Days: M-Thurs.
Meeting Times: 8:28-9:23

Course Description: A survey of the development of British literature from the Anglo-Saxon period to the Eighteenth Century. Students will study works of prose, poetry, drama, and fiction in relation to their historical, linguistic, and cultural contexts. Texts will be selected from a diverse group of authors and traditions.

Credits: 3 SCHs

TSI Requirement: Reading, 340 +; Writing, 4 or above Prerequisite(s): Students must have successfully completed English 1301 or approved equivalents.

Required Textbook(s) and Materials:

Textbooks:

Greenblatt, Stephen, eds. et al. *The Norton Anthology of English Literature: Major Authors*, 9th ed. New York: Norton, 2013. ISBN#: 978-0-393-91963-9.

Defoe, Daniel. *The Adventures of Robinson Crusoe*. 1719. Sovereign, 2012. [Link to book.](#)

Your textbook can be found under the “My Materials” tab in the course shell.

Any MLA style book or online source, like Purdue Owl MLA site:

https://owl.purdue.edu/owl/research_and_citation/mla_style/mla_formatting_and_style_guide/mla_formatting_and_style_guide.html

All the required course materials for your classes are being delivered through Dragon Now the campus-wide affordable course materials program. You will be charged automatically, so you will not need to make a separate purchase.

For this course we will be using a digital **eBook accessed through the My Materials link in Blackboard**. You will also receive an email directly from Kortext no-reply@kortext.com, with a link to access your account. Please follow directions in the email to access your virtual bookshelf.

If you wish to opt-out of this program, please follow the steps below **by:**

- **Fall Main & Flex 1 Term: 9/11/2026**
- **Flex 2 Term: 10/28/2026**

- 1) Go to <https://ACCESSPortal.follett.com:443/1836>
- 2) Create an account using your student email account
- 3) Select Opt-Out to opt-out of the entire program. You will have an opportunity to opt back in if you choose to do so.

4) You can also Opt-Out from the student-specific link provided in the email from noreply@follett.com.

Important: If you Opt-Out, you will no longer have access to your required digital materials and will need to purchase required materials on your own. If you have required physical (print) materials that you have received from the virtual campus store, please return the physical material(s) before opting out.

If you have any questions about Dragon Now or the charge to your student account, please contact the virtual campus store by phone at (800) 381-5151 or via email at csvirtual@efollett.com.

Required Assignment:

A research paper following MLA guidelines. Ensure your work aligns with the criteria outlined in the assessment rubric. Submit via Blackboard and save your paper as a Word document. Do not save as a pdf. Do not email it to me. Do not submit through Google or as a Google doc. I cannot access them via Blackboard or through PJC's LMS.

Course Goals and Objectives:

Foundational Component Area: Language, Philosophy, and Culture Courses in this category focus on how ideas, values, beliefs, and other aspects of culture express and affect human experience. Courses involve the exploration of ideas that foster aesthetic and intellectual creation to understand the human condition across cultures.

Required Core Objectives Student Learning Outcomes (Core Curriculum-Level):

1. Demonstrate Critical Thinking Skills—to include creative thinking, innovation, inquiry, and analysis, evaluation, and synthesis of information.
2. Demonstrate Communications Skills—to include effective development, interpretation and expression of ideas through written, oral and visual communication.
3. Demonstrate Social Responsibility—to include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities.
4. Demonstrate Personal Responsibility—to include the ability to connect choices, actions, and consequences to ethical decision-making.

Student Learning Outcomes: This course is designed to prepare students with skills for lifelong learning—

1. Identify key ideas, representative authors and works, significant historical or cultural events, and characteristic perspectives or attitudes expressed in the literature of different periods or regions.
2. Analyze literary works as expressions of individual or communal values within the social, political, cultural, or religious contexts of different literary periods.
3. Demonstrate knowledge of the development of characteristic forms or styles of expression during different historical periods or in different regions.
4. Articulate the aesthetic principles that guide the scope and variety of works in the arts and humanities.
5. Write research-based critical papers about the assigned readings in clear and grammatically correct prose, using various critical approaches to literature.

Associate of Arts (AA) — Program Learning Outcomes

Students who complete the Associate of Arts degree will demonstrate the following program-level competencies:

1. **Communication & Expression**— Demonstrate effective written and oral communication skills by articulating ideas clearly, purposefully, and with awareness of audience across a variety of contexts.

2. **Critical & Creative Thinking**— Analyze, evaluate, and synthesize information and ideas from multiple perspectives, applying both logical reasoning and creative inquiry to solve problems and construct meaning.
3. **Humanities & Cultural Literacy**— Examine human experience through the lens of history, literature, the arts, and cultural traditions, demonstrating an appreciation for diverse perspectives and their influence on society.
4. **Information Literacy**— Locate, evaluate, and ethically use information from a variety of sources to support research, argumentation, and informed decision-making.
5. **Personal & Civic Responsibility**— Reflect on individual values and their relationship to community and society, demonstrating an understanding of civic engagement and ethical responsibility.

Course Requirements and Evaluation:

Course Requirements and Evaluation: The student will be required to complete reading assignments, participate in class and group discussions, write a research paper over an assigned topic, present an oral research project as part of an assigned group, and perform satisfactorily on examinations and quizzes. They will take four unit exams concerned with ideas presented by literature, techniques discovered in the literature, biographical information on authors, and historical perspective. The student may also be given announced/ unannounced reading quizzes.

Semester Grade Determination:

Tests	20%
Presentation	20%
Assignments	20%
Quizzes	20%
Research Paper	20% (Rubric is posted in BB)
Total:	100%* The <u>documented literary argument essay</u> is required ; failure to complete it will result in failure for the course. *

Evaluation rubrics are posted in BB for each writing assignment & at the end of this document.

The final exam (exam four) is required; failure to complete it will result in a failing grade for the course.

A research paper submitted without a works cited page (in MLA format) and/or without parenthetical citations constitutes plagiarism and will be subject to the above consequences. The paper grade will be a zero.

Course Policies

Assignments should be submitted the due date and time listed in Blackboard. Assignments are considered late if they are not submitted by that time (usually 11:59). Submit via Blackboard and save your paper as a Word document. Do not save as a pdf. Do not email it to me. Do not submit through Google or as a Google doc. I cannot access them via Blackboard or through PJC's LMS.

An essay/writing assignment must meet the minimum length requirement before I will grade it. Assignments that do not meet the length requirement are not considered as valid submissions and will likely receive a grade of zero. A minimum of 15 points will be deducted for assignments that do not meet the length requirement.

Attendance and Make-up Work

Students are responsible for notes and assignments missed. A paper will receive a ten- point deduction per day (including non-class days) and will not be accepted more than one week late. Papers are considered late if they are not submitted prior to the **due date**.

Quizzes and tests may not be made up or retaken; no exceptions.

Peer Review Assignments

There will be a peer review exercise for each assigned essay. These scheduled peer review exercises count as quiz grades (20% of overall average).

Class Attendance

Class attendance is critical for the successful completion of this course. Withdrawals must be initiated by the student. The last day a student can withdraw from a course with a grade of **"W" is November 12, 2026.**

Academic Honesty

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action, such as dismissal from the college. These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activity may be required to prove their innocence.

Artificial Intelligence Policy

In accordance with the institution's Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI (such as ChatGPT) to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

If AI is suspected, it is incumbent upon the student to prove innocence. Students may be asked to hand-produce essays under proctored monitoring. Failure to do so will result in a 0 score.

ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This college will adhere to all the applicable federal, state and local laws, regulations, and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising and Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Week 16-Dec. 7-10	FINAL EXAM	Work on Group Project	Presentations

Assessment Rubric

Student Name: _____ Class: _____ Date Submitted: _____

Focus	Criteria	Pts.
--------------	-----------------	-------------

	Excellent: 16 - 20	Good: 11 - 15	Fair: 6 - 10	Poor: 1 - 5	
1. Thesis Statement and Main Points	The thesis statement and main points are clearly stated and are appropriately placed.	The thesis statement and/or main points are not as clear as expected but are satisfactorily placed.	The thesis statement and main points are not clear and/or are poorly placed in the essay.	The thesis statement and main points do not appear in the essay or are so poorly placed or written as to be of no value.	
2. Elaboration and Explanation of Reasons with Supporting Research Organization (Transitions/Topic Sentences)	Good support is provided for each of the main ideas. Research used is relevant. Ideas are well organized.	Support is provided for each main idea but is not as clear, complete, or relevant as expected. Ideas are organized but could use improvement.	Some support appears but needs clarity, much more elaboration, or better use of research. Ideas are somewhat organized but could use much improvement.	Little or no support appears in the paper, or research used is irrelevant. Ideas are not clearly organized.	
3. Use of Standard Written English: sentence structure, punctuation, spelling, etc.; word choice/tone is appropriate & academic	The essay is free or nearly free of grammatical errors & exceptional word choice/tone are used.	The essay has some grammatical errors but not many; satisfactory word choice; appropriate tone	The essay has too many grammatical errors, and these are distracting; word choice and tone could use much improvement.	The paper is littered with grammatical errors, and the meaning is seriously impacted; Word choice is unclear, weak, and/or inappropriate; tone is also inappropriate for academic essay.	
4. Recognition and evaluation of different ethical perspectives and/or concepts	In-text citations and works cited page are free or nearly free of errors. The paper is not plagiarized. MLA guidelines are followed.	In-text citations and works cited are mostly clear/ free of errors. The paper is not plagiarized. Most MLA guidelines are followed.	In-text citations and works cited contain frequent errors. The paper is not plagiarized. There are several MLA formatting errors.	In-text citations and works cited are incorrect or absent. The paper is plagiarized. There are many MLA formatting errors.	
5. Contributes to peer review sessions and to facilitation of assignment completion	Constructively and/or frequently contributes to group discussions and/or workshops.	Satisfactorily and/or regularly contributes to group discussions and/or workshops.	Ineffectively and/or infrequently contributes to group discussions and/or workshops.	Ineffectively and/or rarely or never contributes to group discussions and/or workshops.

Meeting Days: Online

Meeting Times: Online

Course Description:

Fundamental business principles including structure, functions, resources, and operational processes. The student will identify business functions of accounting, management, marketing, and economics; and describe the relationships of social responsibility, ethics, and law; and describe the scope of global business enterprise.

3 Credit Hours 3 Lecture Hours 0 Lab Hours

Prerequisite(s): It is highly recommended that the student has computer and/or keyboarding skills or be concurrently enrolled in a computer and/or keyboarding class to successfully complete this course. This course does not attempt to teach basic computer skills.

Required Textbook(s) and Materials:

Foundations of Business 8th Edition

William Pride, Rober Hughes, and Jack Kapoor

ISBN: 979-8-214-05201-4

Inclusive Access is being used for this course which means the cost of course materials are included in the tuition (includes ebook and access to homework assignments).

You do **not** have to purchase anything from the PJC Bookstore.

Access to the Internet, e-mail, and Microsoft Office 365 (includes Word, Excel, Access, and PowerPoint) must be installed on your home computer if you work on your assignments at home. If you work on your assignments on campus, the software is already installed on those computers.

Please see BlackBoard "Announcements" for a downloadable link for Microsoft Office 365. If you have trouble downloading the software, please reach out to the IT Help Desk at helpdesk@parisjc.edu.

If you are the only user of your computer, you may store your documents on your hard drive. If you cannot, it is recommended that you buy a USB Flash Memory Drive (jump drive). Try to buy one with at least 1TB of memory which will store all of your documents which can be used for other courses too. You can get the flash drives at WalMart or any

other store that sells flash drives. The PJC Bookstore also has them for sale. You can use grant money to buy one at the bookstore.

Basic computer Requirements: Generally, a computer manufactured within the last five years is adequate.

Course Goals and Objectives:

Upon successful completion of this course, the student will have:

1. Identified business functions relating to accounting, management, marketing, and economics
2. Described the relationships of social responsibility, ethics, and law
3. Described the scope of global business enterprise

Student Learning Outcomes:

1. Evaluated the business functions including structure, functions, resources, and operational processes
2. Demonstrated proficiency using industry application software
3. Applied business concepts, practices, and/or techniques or ethical principles to effectively manage an organization

Course Schedule:

:

Week 1:	IceBreaker Discussion Board, Syllabus Quiz, Register for MindTap Chapter 1: Exploring the World of Business and Economics Chapter 2: Ethics and Social Responsibility in Business
Week 2:	Chapter 3: Global Business Chapter 4: Choosing a Form of Business Ownership Part 1 You Make the Decision Quiz Chapters 1-4
Week 3:	Chapter 5: Small Business, Entrepreneurship, and Franchises Part 2 You Make the Decision Chapter 6: Understanding the Management Process Discussion Board Post
Week 4:	Chapter 7: Creating a Flexible Organization Chapter 8: Producing Quality Goods and Services Part 3 You Make the Decision Quiz- Chapter 5-8
Week 5:	Discussion Board Post Chapter 9: Attracting and Retaining the Best Employees Chapter 10: Motivating and Satisfying employees Part 4- You Make the Decision

Week 6:	Chapter 11: Building Customer Relationships Through Effective Marketing Chapter 12: Creating and Pricing Products That Satisfy Customers Quiz- Chapters 9-12 AI in Action
Week 7:	Discussion Board Post Chapter 13: Distributing and Promoting Products Chapter 14: Exploring Social Media and e-Business Part 5 You Make the Decision
Week 8:	Complete any missing assignments

Course Requirements and Evaluation:

The first assignment is a Syllabus Quiz and an IceBreaker Discussion Board Forum which the student must complete before the Official Reporting Day (**August 31**) to avoid being dropped.

This is an **8-week** course that runs from **August 24** to **October 15**.

This course does not attempt to teach basic use of a computer. All students must be able to search the Internet, send e-mail, and perform other basic computer tasks. Students without these computer skills should not enroll in the course.

Course will be presented via **BlackBoard** and **MindTap**. The student will use the access code (purchased with the textbook) to access course documents, assessments, and exams. Students are expected to access this course a minimum of three times a week to keep current with course activities.

Student is responsible for the following:

- Access to necessary computer resources
- Read assigned material as on schedule
- Complete all homework assignments on time
- Prepare diligently for homework assignments
- **Inquire** if you do not comprehend the material
- Follow the policies set forth in this syllabus and as specified by the college

Due to the type of material that must be covered within this course, students will be required to accomplish an extensive amount of reading, studying and solving homework problems. It is vital for students not to fall behind as it will be quite challenging to catch up. Students are to be held responsible for learning all the material in the textbook, the information provided in each chapters PowerPoint, and homework problems. Students are encouraged to study with classmates to assist in mastery of the course content.

There is **NO** Final Exam for this course but there are 3 quizzes. You will be allowed three attempts but the quiz will close at the due date and there will be no making it up.

Chapter Assessments: All chapter assessments will be completed through BlackBoard where all assessments are linked to **MindTap**. There is no time limit. NO makeup or extra credit will be given. Students should be familiar with the subject matter before attempting the exams. The due date of each chapter and exams are listed in the schedule which can be accessed from the Homepage of your BlackBoard course. Assignments that are submitted more than 14 days late will have 10% deduction.

For each assessment you will have **three (3) attempts**. Please read and follow the assessment instructions carefully.

Orientation: Students are expected to read and become familiar with the Syllabus and the course calendar. Students should also become familiar with the content and location of all items in the course.

If a student needs to discuss an assessment or needs help completing assessments, the student should e-mail the Instructor and/or come to the PJC Paris campus for individual instruction with the Instructor. The Instructor is always willing to tutor and/or help in successfully completing the course.

Grades:

Grades are based on a point system for completion of assessments which include assessments, learn Its, case activities, Parts 1 - 3 Video Projects, three BlackBoard Discussion Forum, three tests, and a BlackBoard Syllabus Quiz.

All work will be graded for completeness, accuracy, and punctuality. All work must be submitted by the due date schedule. A grade of zero (0) will be recorded for any assessment which is not submitted. No late assignments accepted. No make-up or extra credit is awarded.

Successful online learners are good at scheduling their time in an organized manner. Remember that your work can be done from anywhere on any computer that has Internet access and Microsoft Office 365.

Letter grades will be assigned based on the following point scale:

751 – 835 = A	90 - 100 = A
668 – 750 = B	80 - 89 = B
584 – 667 = C	70 - 79 = C
501 – 583 = D	60 - 69 = D
0 – 500 = F	0 - 59 = F

The assessments are broken-down as follows:
Syllabus Quiz = 1 assessment

BlackBoard Discussion Board Forum = 4 assessment

Assessments = 14 assessments

Case Activities = 14 assessments

5 You Make the Decision

2 Connect it (Part 2 and 3)

AI in Action

3 Quizzes

Checking your Grade:

To check your grades, click the “Grades” tab. BlackBoard may show only the total number completed .

Course Procedures:

- **Microsoft Office 365** and **MindTap** are required for this course.
- A student is expected to be regular and punctual in submitting assignments. Failure to complete required assignments will negatively affect the student’s final grade. Deadlines are established at the beginning of the semester.
- Contact your Instructor immediately if an emergency arises and you are unable to submit your work or attend class as required.
- If you find that you cannot complete the course for any reason, contact your Instructor and refer to your college catalog for withdrawal procedures.
- Students must check the course frequently for announcements, and students must actively participate in class discussions.
- Minimum of **10 hours per week** of computer time is required for students to complete assessments. More computer time may be required, depending on your typing speed and computer knowledge.
- See the course schedule for when assignments are due.

Course Policies:

Insert faculty procedures for class management

Class Attendance:

Class attendance is critical for the successful completion of this course. *For online courses, students must complete work in a timely manner and follow due dates.* Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of “W” is **October 1**.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to

engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action such as dismissal from the college. *These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.*

Artificial intelligence (AI) tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Official Student Email Policy

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence—including notices of academic

status, financial aid, billing, registration, and campus alerts—will be sent to the student's PJC email account.

Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not responsible for missed communications due to a student's failure to check their official email account.

Non-discrimination clause

Paris Junior College is an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, color, national origin, sex, religion, age, disability, or any other basis prohibited by law.

Paris Junior College prohibits discrimination, including harassment, against any student on the basis of sex or gender, race, color, national origin, disability, religion, age, or any other basis prohibited by law. A lack of English language skills will not be a barrier to admission and participation in the career and technical education programs of Paris Junior College.

Retaliation against anyone involved in a complaint process is a violation of PJC policy and is prohibited.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

MATH 0400.20D0
Foundations of Math Reasoning
Online Support Course
Fall 2026 (16 week course)

Instructor: Chastity Woodson
Office: MS ROOM 111 G
Phone: 903.782.0234
Email: cwoodson@parisjc.edu

Meeting Location: Online
Meeting Days: 8/24-12/10
Meeting Times: Online

Office Hours:

Monday	Tuesday	Wednesday	Thursday
8:30-9:30 AM	10:45-11:45 AM	8:30-9:30 AM	10:45-11:45 AM
1:00-3:00 PM	1:00-2:00 PM	1:00-3:00 PM	1:00-2:00 PM

Course Description:

This course surveys a variety of mathematical topics needed to prepare students for college level statistics or quantitative reasoning. Topics include numeracy with an emphasis on estimation and fluency with large numbers; evaluating equations; linear models; data interpretations including graphs and tables; verbal, algebraic and graphical representations of functions; exponential models. This course is not for college-level credit.

Credits: SCH = 3 lecture hours per week

TSI Requirement: xxx M

Prerequisite(s): placement in course based on placement test score

Required Textbook(s) and Materials:

Students will work on **homework assigned in their credit course** MATH 1342 or MATH 1332. **Pearson** is integrated directly into your Blackboard credit course (MATH 1332 or MATH 1342) which includes an **e-text**. I will check your homework progress in the credit course each week.

MATH 0400 online support course will offer you the following tools:

- **Discussion Board-** You may use the discussion board on the blackboard to ask homework questions. I will monitor the discussion board and will assist with answering homework questions.
- **Attend face to face tutoring available at all 3 campuses (Paris, Greenville, Sulphur Springs)** (see link in blackboard for more information)
- **Tutor.com** -This free virtual tutoring tool is available 24/7 in blackboard
- **Zoom Sessions-** You may join me on zoom to ask questions on the following days and times:
Monday 1 – 3 PM (except Labor Day Holiday Sept 7th)
Thursday 11:30 AM -1:30 PM (except Thanksgiving Nov 26th)
Please see blackboard for zoom link.

Students may use a calculator on assignments. **If you are enrolled in MATH 1342, a TI-83 or TI-84 graphing calculator is required.**

Course Goals and Objectives:

This course is designed to assist students with the following objectives:

To develop conceptual understanding mathematics with a focus on underlying structures

Development of ideas and problem solving

Student Learning Outcomes:

The student will interpret and evaluate basic information verbally, numerically, graphically, and symbolically in the solution problems in the Real number system.

The student will construct and interpret graphs, apply measures of central tendency, and demonstrate proficiency in determining probability for single and multi-stage data sets.

Course Schedule:. Students will work on homework daily in Pearson assigned in their credit course MATH 1342 or MATH 1332. All required homework will be embedded in your credit course.

Course Requirements and Evaluation:

Grading: *Students will receive the same grade in this MATH 0400 course as in their MATH 1342 or MATH 1332 course.*

Grade Scale:

90-100	A
80-89	B
70-79	C
60-69	D
Below 60	F

Course Policies:

Students in college courses are expected to conduct themselves as adults. Any student who is disruptive will be asked to leave the class. This is an online course, **to keep up please work in your credit course (MATH 1314 or MATH 1324) daily.**

Class Attendance:

Class attendance is critical for the successful completion of this course. *For online courses, students must complete work in a timely manner and follow due dates.* Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **Thursday, November 12th.**

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action such as dismissal from the college. *These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.*

Artificial intelligence (AI) tools like Photomath can be useful when used to help understand the solutions in the homework; but since AI tools are not allowed on tests, students should rework any homework problem where AI was used without the help of AI. Cell phones are not permitted during any test; therefore, cell phone calculators and AI tools are not allowed for any test.

ADA Statement

1:00-3:00 PM	1:00-2:00 PM	1:00-3:00 PM	1:00-2:00 PM

Course Description:

Topics in mathematics including study of relations and functions, inequalities, algebraic expressions and equations (absolute value, polynomial, radical, rational), with a special emphasis on linear and quadratic expressions and equations Recommended for STEM-majors who are not college ready in mathematics.

Credits: SCH = 3 lecture hours per week

Prerequisite(s): Satisfactory placement test score. This course is not for college-level credit and may not be used to satisfy degree requirements.

Required Textbook(s) and Materials:

Students will work on **homework assigned in their credit course** MATH 1314 or MATH 1324. **Pearson** is integrated directly into your Blackboard credit course (MATH 1314 or MATH 1324) which includes an **e-text**. **I will check your homework progress in the credit course each week.**

MATH 0401 online support course will offer you the following tools:

- **Discussion Board-** You may use the discussion board on the blackboard to ask homework questions. I will monitor the discussion board and will assist with answering homework questions.
- **Attend face-to-face tutoring available at all 3 campuses (Paris, Greenville, Sulphur Springs)** (see link in blackboard for more information)
- **Tutor.com** -This free virtual tutoring tool is available 24/7 in blackboard
- **Zoom Sessions-** You may join me on zoom to ask questions on the following days and times:
Monday 1 – 3 PM (except Labor Day Holiday Sept 7th)
Thursday 11:30 AM -1:30 PM (except Thanksgiving Nov 26th)
Please see blackboard for zoom link.

Students may use a scientific calculator or TI calculator on all homework assignments.

Course Goals and Objectives:

1. Student will graph various equations.
2. Student will solve equations, word problems, and solve formulas for a given variable.
3. Student will evaluate functions and obtain the domain and the range of a function.
4. Student will apply operations with polynomials.
5. The student will factor completely using several factoring techniques.
6. The student will solve quadratic equations by using several techniques.
7. Student will simplify and perform indicated operations on rational expressions and solve equations involving rational expressions.
8. Student will simplify and perform operations with radicals and solve equations containing radicals.
9. Student will simplify a complex number and perform operations with complex numbers.
10. Students will graph and write linear functions.
11. Student will simplify expressions using the rule of exponents.

Student Learning Outcomes:

1. The student is expected to interpret and evaluate basic mathematical information verbally, numerically, graphically, and symbolically.
2. The student is expected to demonstrate proficiency with polynomials and rational expressions in evaluating, simplifying, and factoring.
3. The student is expected to apply basic operations with polynomials and rational expressions.

Course Schedule: Students will work on homework daily in Pearson assigned in their credit course MATH 1314 or MATH 1324. All required homework will be embedded in your credit course.

Course Requirements and Evaluation:

Grading: Students will receive the same grade in this MATH 0401 course as in their MATH 1314 or MATH 1324 course.

Grade Scale:

90-100	A
80-89	B
70-79	C
60-69	D
Below 60	F

Course Policies:

Students in college courses are expected to conduct themselves as adults. Any student who is disruptive will be asked to leave the class. This is an online course, **to keep up please work in your credit course (MATH 1314 or MATH 1324) daily.**

MATH 0300.10A0
Elementary Algebra (16 week course)
FALL 2026

Instructor: Chastity Woodson
Office: MS ROOM 111 G
Phone: 903.782.0234
Email: cwoodson@parisjc.edu

Meeting Location: Paris MS 115
Meeting Days: MW (8/24–12/7)
Meeting Times: 11:00-12:15 PM

Office Hours:

Monday	Tuesday	Wednesday	Thursday
8:30-9:30 AM	10:45-11:45 AM	8:30-9:30 AM	10:45-11:45 AM
1:00-3:00 PM	1:00-2:00 PM	1:00-3:00 PM	1:00-2:00 PM

Course Description:

The course supports students in developing skills, strategies, and reasoning needed to succeed in mathematics, including communication and appropriate use of technology. Topics include the study of numeracy and the real number system; algebraic concepts, notation, and reasoning; quantitative relationships; mathematical models; and problem solving. This course is not for college-level credit.

Credits: SCH = 3 lecture hours per week

TSI Requirement: Prerequisite(s): placement in this course based on placement test scores

Required Textbook(s) and Materials:

Dragon Now takes the hassle out of getting course materials by providing students with convenient access to their required materials for the lowest price available.

Follett – PJC's campus store provider – works on behalf of the campus to negotiate required material prices with publishers down to the lowest possible price. Follett then works with the campus store to ensure all required digital materials appear in the student's Blackboard and all required physical materials are prepared to be shipped to the student by the first day of class, as applicable.

All students are automatically enrolled in the program, and students who are not interested in the material savings can opt out of the program each term with no penalty. Students who opt-out of the program are responsible for finding and purchasing their own required materials.

This course has Pearson/MyLab integrated directly into Blackboard which includes an **e-text**.

A hard copy of the textbook is **optional** and will be an additional expense: Developmental Mathematics, 4th edition, ISBN 978-0-13-453981-2, Lial, Pearson Education.

After Exam 1, students may use a **basic four function** calculator.

Course Goals and Objectives:

This course is designed to assist students in the following objectives:

To develop conceptual understanding mathematics with a focus on underlying structures

Development of ideas and problem solving

Course Schedule:

<i>Class Date</i>	<i>Assignment</i>
<i>M 8/24</i>	<i>Syllabus, Pearson MyLab (Blackboard)</i>
<i>W 8/26</i>	Section 1.1
<i>M 8/31</i>	Sections 1.2 & 1.3
<i>W 9/2</i>	Section 1.4
<i>M 9/7</i>	NO CLASS- LABOR DAY HOLIDAY
<i>W 9/9</i>	Section 1.5
<i>M 9/14</i>	Section 1.6

<i>M 11/23</i>	Section 9.8
<i>W 11/25</i>	NO CLASS-Thanksgiving Holiday
<i>M 11/30</i>	Exam 4 (Chapter 9)
<i>W 12/2</i>	Review for Final Exam
<i>M 12/7</i>	Take Comprehensive Final Exam

Course Requirements and Evaluation:

Grading: Your grade in this course will be calculated as follows:

Exams (4 Exams)	50%
Final Exam	10%
Daily Work (Quiz in Pearson)	15%
Homework (in Pearson)	25%

Grade Scale:

90-100	A
80-89	B
70-79	C
60-69	D
Below 60	F

Course Policies:

Please keep in mind you may miss out on important information if you are late for class. Do not expect me and other students in the classroom to inform you about what you missed.

Students in college courses are expected to conduct themselves as adults. Any student who is

disruptive will be asked to leave the class. Students may not make up exams unless prior arrangements have been made and approved by the instructor.

Class Attendance:

Class attendance is critical for the successful completion of this course. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **Thursday, November 12th**.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action such as dismissal from the college. *These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.* **Artificial intelligence (AI) tools like Photomath can be useful when used to help understand the solutions in the homework; but since AI tools are not allowed on tests, students should rework any homework problem where AI was used without the help of AI. Cell phones are not permitted during any test, therefore cell phone calculators and AI tools are not allowed for any test.**

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

**Official Student Email Policy:**

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence—including notices of academic status, financial aid, billing, registration, and campus alerts—will be sent to the student's PJC email account. Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not responsible for missed communications due to a student's failure to check their official email account.

Non-discrimination clause:

Paris Junior College is an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, color, national origin, sex, religion, age, disability, or any other basis prohibited by law.

Paris Junior College prohibits discrimination, including harassment, against any student on the basis of sex or gender, race, color, national origin, disability, religion, age, or any other basis prohibited by law. A lack of English language skills will not be a barrier to admission and participation in the career and technical education programs of Paris Junior College.

Retaliation against anyone involved in a complaint process is a violation of PJC policy and is prohibited.

MATH 0300.10N0/50N0
Elementary Algebra (16 week course)
FALL 2026

Instructor: Chastity Woodson
Office: MS ROOM 111 G
Phone: 903.782.0234
Email: cwoodson@parisjc.edu

Meeting Location: Paris MS 115/SSC 105
Meeting Days: TR (8/24–12/10)
Meeting Times: 9:30-10:45 AM

Office Hours:

Monday	Tuesday	Wednesday	Thursday
8:30-9:30 AM	10:45-11:45 AM	8:30-9:30 AM	10:45-11:45 AM
1:00-3:00 PM	1:00-2:00 PM	1:00-3:00 PM	1:00-2:00 PM

Course Description:

The course supports students in developing skills, strategies, and reasoning needed to succeed in mathematics, including communication and appropriate use of technology. Topics include the study of numeracy and the real number system; algebraic concepts, notation, and reasoning; quantitative relationships; mathematical models; and problem solving. This course is not for college-level credit.

Credits: SCH = 3 lecture hours per week

TSI Requirement: Prerequisite(s): placement in this course based on placement test scores

Required Textbook(s) and Materials:

Dragon Now takes the hassle out of getting course materials by providing students with convenient access to their required materials for the lowest price available.

Follett – PJC’s campus store provider – works on behalf of the campus to negotiate required material prices with publishers down to the lowest possible price. Follett then works with the campus store to ensure all required digital materials appear in the student’s Blackboard and all required physical materials are prepared to be shipped to the student by the first day of class, as applicable.

All students are automatically enrolled in the program, and students who are not interested in the material savings can opt out of the program each term with no penalty. Students who opt-out of the program are responsible for finding and purchasing their own required materials.

This course has Pearson/MyLab integrated directly into Blackboard which includes an **e-text**.

A hard copy of the textbook is **optional** and will be an additional expense: Developmental Mathematics, 4th edition, ISBN 978-0-13-453981-2, Lial, Pearson Education.

After Exam 1, students may use a **basic four function** calculator.

Course Goals and Objectives:

This course is designed to assist students in the following objectives:

To develop conceptual understanding mathematics with a focus on underlying structures

Development of ideas and problem solving

Course Schedule:

<i>Class Date</i>	<i>Assignment</i>
<i>T 8/25</i>	<i>Syllabus, Pearson MyLab (Blackboard)</i>
<i>R 8/27</i>	Section 1.1
<i>T 9/1</i>	Sections 1.2 & 1.3

8:30-9:30 AM	10:45-11:45 AM	8:30-9:30 AM	10:45-11:45 AM
1:00-3:00 PM	1:00-2:00 PM	1:00-3:00 PM	1:00-2:00 PM

Course Description:

This course surveys a variety of mathematical topics needed to prepare students for college level statistics or quantitative reasoning. Topics include numeracy with an emphasis on estimation and fluency with large numbers; evaluating equations; linear models; data interpretations including graphs and tables; verbal, algebraic and graphical representations of functions; exponential models. This course is not for college-level credit.

Credits: SCH = 3 lecture hours per week

TSI Requirement: xxx M

Prerequisite(s): placement in course based on placement test score

Required Textbook(s) and Materials:

This course has **Pearson** integrated directly into Blackboard credit course which includes an **e-text**. Students will work on assignments in **Pearson** daily.

Students may use a calculator on assignments. **If you are enrolled in MATH 1342, a TI-83 or TI-84 graphing calculator is required.**

Course Goals and Objectives:

This course is designed to assist students with the following objectives:

To develop conceptual understanding mathematics with a focus on underlying structures

Development of ideas and problem solving

Student Learning Outcomes:

The student will interpret and evaluate basic information verbally, numerically, graphically, and symbolically in the solution problems in the Real number system.

The student will construct and interpret graphs, apply measures of central tendency, and demonstrate proficiency in determining probability for single and multi-stage data sets.

Course Schedule:. Students will work on homework daily in Pearson assigned in their credit course MATH 1342 or MATH 1332.

Course Requirements and Evaluation:

Grading: *Students will receive the same grade in this MATH 0400 course as in their MATH 1342 or MATH 1332 course.*

Grade Scale:

90-100	A
80-89	B
70-79	C
60-69	D
Below 60	F

Course Policies:

Please keep in mind you may miss out on important information if you are late for class. Do not expect me and other students in the classroom to inform you about what you missed. Students in college courses are expected to conduct themselves as adults. Any student who is disruptive will be asked to leave the class.

Class Attendance:

Class attendance is critical for the successful completion of this course. *For online courses, students must complete work in a timely manner and follow due dates.* Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **Thursday, November 12th.**

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. 1:00-3:00 PM	1:00-2:00 PM	1:00-3:00 PM	1:00-2:00 PM

Course Description:

Topics in mathematics including study of relations and functions, inequalities, algebraic expressions and equations (absolute value, polynomial, radical, rational), with a special emphasis on linear and quadratic expressions and equations Recommended for STEM-majors who are not college ready in mathematics.

Credits: SCH = 3 lecture hours per week

Prerequisite(s): Satisfactory placement test score. This course is not for college-level credit and may not be used to satisfy degree requirements.

Required Textbook(s) and Materials:

This course has **Pearson** integrated directly into Blackboard credit course which includes an **e-text**. Students will work on assignments in **Pearson** daily.

Students may use a four function, scientific calculator, and approved TI calculator on all homework assignments.

Course Goals and Objectives:

1. Student will graph various equations.
2. Student will solve equations, word problems, and solve formulas for a given variable.
3. Student will evaluate functions and obtain the domain and the range of a function.
4. Student will apply operations with polynomials.
5. The student will factor completely using several factoring techniques.
6. The student will solve quadratic equations by using several techniques.
7. Student will simplify and perform indicated operations on rational expressions and solve equations involving rational expressions.
8. Student will simplify and perform operations with radicals and solve equations containing radicals.
9. Student will simplify a complex number and perform operations with complex numbers.
10. Students will graph and write linear functions.
11. Student will simplify expressions using the rule of exponents.

Student Learning Outcomes:

1. The student is expected to interpret and evaluate basic mathematical information verbally, numerically, graphically, and symbolically.
2. The student is expected to demonstrate proficiency with polynomials and rational expressions in evaluating, simplifying, and factoring.
3. The student is expected to apply basic operations with polynomials and rational expressions.

Course Schedule: Students will work on homework daily in Pearson (MyLab).

Course Requirements and Evaluation:

Grading: Students will receive the same grade in this MATH 0401 course as in their MATH 1314 course.

Grade Scale:

90-100	A
80-89	B
70-79	C

*NURA 1301.17A0
Nurse Aide for Health Care
Fall 2026*

Instructor: Kristi Shultz, RN
Office: WTC 1209
Phone: 903-782-0439
Email: kshultz@parisjc.edu
Office Hours: email to schedule appt.

Meeting Location: PJC WTC 1208
Meeting Days: M/W
Meeting Times: 8-9:15am

Course Description:

Knowledge, skills, and abilities essential to provide basic care to residents of long-term care facilities. Topics include resident's rights, communication, safety, observation, reporting and assisting residents in maintaining basic comfort and safety. Emphasis on effective interaction with members of the health care team, restorative services, mental health, and social service's needs.

Credits: 3.3.0

Prerequisite(s): none

Required Textbook(s) and Materials:

Mosbey's Textbook for Long-Term Care Nursing Assistants 9th Edition
ISBN: 978-0-323-53073-6

Course Goals and Objectives:

At the completion of the course, the student will be able to discuss basic care of residents in a long-term care facility, communicate and interact effectively with residents and their families based on sensitivity to the psychosocial needs, discuss the rights of the residents, discuss safety and preventive measures in the care of residents, and demonstrate skills in observing and reporting, and function effectively as a member of the health care team.

Course Schedule:

Subject to change at the discretion of the instructor

Week 1-4- Chapter 1, 2,3,4,5,6,7,10,&46, Week 5-9 Chapter 11,12,14,15,16,17,24,31,32 and 44

Week 10-16 Chapters 18, 18,20, 22, 23,29, 39 and 40, Chapters 13, 27, 30, 42, 45 and final exam

All exams will be taken through blackboard on your own.

Course Requirements and Evaluation: *Homework assignments, quizzes, final exam and lab skills*

Grading Criteria

In order to pass MDCA 1309.200, the student must achieve a final average grade of 70 or higher. The average of the quizzes will be 70% of the final grade and the final exam will be 30%.

Course Policies

The certified nurse aide training consists of three sections 1. Classroom/skills, 2. Clinical, 3. State exam. The student must successfully complete each section in order to progress to the next section. The classroom/lab experience must be completed with a satisfactory grade of 70 or higher prior to advancing to the clinical experience.

Class Attendance:

Class attendance is critical for the successful completion of this course. *For online courses, students must complete work in a timely manner and follow due dates.* Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is Nov. 12, 2026

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action such as dismissal from the college. *These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.*

ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Official Student Email Policy

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence—including notices of academic status, financial aid, billing, registration, and campus alerts—will be sent to the student's PJC email account.

Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not responsible for missed communications due to a student's failure to check their official email account.

Syllabus Subject to Change

Students will be updated of any change to syllabus or class schedule by email or blackboard announcement.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

Course schedule:

Week 1-4- Chapter 1, 2,3,4,5,6,7,10,&46, Week 5-9 Chapter 11,12,14,15,16,17,24,31,32 and 44

Week 10-16 Chapters 18, 18,20, 22, 23,29, 39 and 40, Chapters 13, 27, 30, 42, 45 and final exam

HPRS 2300.20D0
Pharmacology for Health Professions
Fall 2026

Instructor: Kristi Shultz, RN
Office: WTC #1209
Phone: 903-782-0439
Email: kshultz@parisjc.edu
Office Hours: by appt

Meeting Location: online
Meeting Days: online
Meeting Times: online

Course Description:

A study of drug classifications, actions, therapeutic uses, adverse effects, routes of administration, and calculation of dosages.

Required Textbook(s) and Materials:

Book Title: Pharmacology Clear & Simple , Author: Cynthia J. Watkins, Publisher: F.A.Davis
Edition/Year: 4th edition, 2018, ISBN: 978-1-7196-4474-7

Course Goals and Objectives:

See Course Objectives in the Course Materials section accessible from the homepage.

At course completion, the student will be able to:

1. Apply knowledge of pharmacology to the health care field
2. Apply general terminology to medication usage
3. Identify drug classifications and list examples of common drugs in each classification
4. Identify the therapeutic use of individual drugs including indications, contraindications, and routes, of administration and adverse effects
5. Calculate medication conversions and dosages
6. Recognize the safe management of medications and solutions

Course Requirements and Evaluation:

This course consists of reading assignments, quizzes, critical thinking or problem-solving activities, discussions, a pharmacology project and exams. Weekly PowerPoint lectures are available from the homepage (click on the icons titled Week...).

The grades in this course are calculated on a percentage system and are based on a possible 100%. The following is the percentage to letter grade conversion for the course: 90-100% = A, 80-89 = B, 70-79 = C, 60-69 = D, Below 60 = F.

Value/Weight of Course Assignments

Activity and maximum possible percentage of final grade:

Weekly Assignments = 15%

Chapter Activities = 17%

Pharmacology Project (2 parts – PowerPoint and Quiz) = 17%

Exams = 51% (17% each)

Optional Extra Credit Final = 5%

Pharmacology Project (2 Parts-PowerPoint & Quiz – both due by 12-09-2026)

Medication errors are a major problem in healthcare and they often result in devastating consequences for all involved. This course requires a project to help you discover the scope of medication errors in healthcare and strategies to prevent them. This project includes two sections. Section one (Medication Error Prevention Quiz) is worth **60%** of your total project grade and section two (Research/PowerPoint Presentation) is worth **40%** of your total project grade. The total project grade accounts for 17% of your final course grade so it should be taken seriously and started early. **(Due: 12-09-2026)**

Section One Instructions:

1. Go back to Blackboard course & complete the Medication Error Prevention Quiz.

WARNING: Do NOT access the Medication Error Prevention Quiz until you are ready to take it; you only have one attempt. You will have 60 minutes to complete the quiz when you access it.

The quiz consists of 50 questions taken directly from the 60 question self-test on the Davis plus site.

Section Two Instructions:

Research multiple reliable sources such as healthcare journals and books regarding types of medication errors and ways to prevent them (Hint: Take advantage of PJC's online librarian assistance and databases to help you with your research); use of a minimum of four resources is required. Your research may identify as many as 11 different types. **WARNING:** Do not confuse types of medication errors with examples. For instance, Type = Administration Errors and Example = Nurse Ann gave the wrong dose of medication to Mr. Smith. You must be able to identify and describe five different types of medication errors and three strategies to prevent medication errors for this project's PowerPoint. You may **NOT** use "Administration Errors" because I already identified that type. You will need to identify the sources of your information using American Psychological Association (APA) format in your PowerPoint so keep track of your reference information as you do your research. See <http://www.apa.org/> to help you format your references.

2. Create a 10-slide PowerPoint presentation as follows: Be creative, use ClipArt and wording that illustrates your research findings.

Slide 1: Include the title of your presentation, your name, instructor's name, and school's name.

Slides 2-6: Identify five different types (not examples) of medication errors and their descriptions (one per slide). Example: Administration Errors. Administration errors are medication errors that occur during the patient delivery process. They may involve delivery of the wrong medication, administration of the wrong dose, administration of medication to the wrong patient, administration at the wrong time, delivery to the wrong patient, or administration via the wrong route such as oral rather than injectable (Taylor, Lillis, LeMone, & Lynn, 2008).

Slides 7-9: Describe three ways (one per slide) to prevent medication errors. You may not use the 5-6 rights (i.e., right patient, right time, right documentation, etc.).

Slide 10: This is your reference slide; include citation information (in APA format) for each of the sources used in your slides (Hint: PJC Writing Center staff is a great resource & Online Son of Citation Machine will help you cite APA format correctly.). Attach the PowerPoint to a Blackboard email and send it to me.

Grading Criteria for PowerPoint Presentation:

Introduction slide (slide 1) content complete and accurate (5%)
Spelling, grammar, and punctuation (5% = 0-1 errors, 3% = 2-4 errors, more than 4 errors = 0%)
Five types of medication errors (25%)
Detailed description of each of the five identified medication error types (25%)
Detailed description of three medication error prevention strategies (30%)
Reference slide includes citation information, correctly formatted using APA style, for a minimum of 4 resources cited in the slides (10%)

I will deduct **10 points** if you do not follow the 10-Slide PowerPoint presentation instructions or do not post by deadline.

Optional Extra Credit Final

You have the option of completing an extra credit proctored final at the end of the course. The extra credit final is a multiple choice exam covering the classifications on pages 443 to 462. This extra credit final is the only opportunity for extra credit. You have nothing to lose by opting to take the final; your course grade can only go up. You have the chance to earn a maximum extra 5% on your course grade. Here's how it works. Your course grade is listed in your "My Grades" area on the homepage. If you opt to take the extra credit final, you will see a score appear, as with other assignments, on that same screen in the extra credit final area. I will take the score you earn and multiply it by 0.05 to identify how many of the 5% points you've earned and will then add that percent to your course grade before I submit it. The course grade you see in Blackboard will not reflect the extra points you've earned because I have to calculate and add them manually but you can figure it out for yourself as soon as you get your score on the final.

Example: My course grade is 78.38 (C) after all my assignments are completed. I take the extra credit final and only earn 34 out of a possible 100 points (clearly I should have read/studied more). I multiply my 34 by 0.05 and now know I've earned an extra 1.7 percent toward my course grade. I add 1.7 to 78.38 and have an end of course grade of 80.08 (B).

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course. 9-9-2026

Course Policies:

All assignments must be completed by deadline given by instructor with no exceptions.

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **11-12-2026**.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial intelligence (AI) tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising &

Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below, blackboard messages or PJC email.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

Course Schedule/Weekly Lesson Plan:

Week 1- Orientation, History of Pharmacology, Basics of Pharmacology; Pharmacology Project Opens
Week 2- Patient Safety in Medication Administration, Regulations
Week 3- Prescriptions and Labels, Basic Review of Mathematics
Week 4- Exam 1
Week 5- Enteral Medications and Administration, Parenteral Medications and Administration
Week 6- Integumentary Systems Medications, Musculoskeletal Systems Medications
Week 7- Nervous System Medications, Eye and Ear Medications
Week 8- Endocrine System Medications
Week 9- Exam 2, Digital Poster/Advertisement
Week 10-Cardiovascular System Medications, Immunological Systems Medications
Week 11-Measurement Systems, Dosage Calculations, Parenteral Medications/Administration
Week 12- Pulmonary System Medications, Gastrointestinal System Medications
Week 13- Reproductive and Urinary System Medications; Herbs, Vitamins and Minerals
Week 14- Pharmacology Project Due
Week 15- Exam 3
Week 16- Optional Final

Course Description:

A study of research and theory in the psychology of learning, cognition, and motivation; factors that impact learning, and application of learning strategies. Theoretical models of strategic learning, cognition, and motivation serve as the conceptual basis for the introduction of college-level student academic strategies. Students use assessment instruments (e.g., learning inventories) to help them identify their own strengths and weaknesses as strategic learners. Students are ultimately expected to integrate and apply the learning skills discussed across their own academic programs and become effective and efficient learners. Students developing these skills should be able to continually draw from the theoretical models they have learned.

Credits:

Student Success Course 3.00 or 1.00 or 2.00

This course progresses quickly, and the content demands consistent focus.

Prerequisite(s): N/A

Required Textbook(s) and Materials:

Our textbook for this class is ***College Success* by OpenStax (2020).**

A copy of this book can be found under the Start Here tab in your Black Board system.

Course Goals and Objectives:

1. Understand the importance of goal setting and build decision-making and goal setting skills.
2. Complete an inventory to determine personality type.
3. Develop critical thinking skills.
4. Complete a learning inventory and identify your personal learning style.
5. Understand the educational degree requirements for different types of careers and occupations.

6. Complete an interest inventory to determine matches between your interests and skills and occupations and degrees.
7. Complete a degree plan in the certificate or degree area you plan to pursue.
8. Understand the causes of stress and ways to manage stress.
9. Understand how diet, nutrition, exercise and physical fitness affect your life.
10. Develop note taking skills.
11. Develop study skills.
12. Understand test taking strategies.
13. Develop time management skills.
14. Understand money, banking, and credit.
15. Understand basic saving and investing principles.
16. Understand a resume.
17. Understand basic job interview skills.
18. Understand the benefits of service learning and citizenship responsibilities.
19. Develop team building skills.
20. Develop problem solving skills.

Course Schedule:

Module	Learning Outcome	Activity	Due Date
	Syllabus Review	• Include the withdrawal date and final grades due in your calendar. • Send me an email to my PJC email stating that you read the syllabus and understand its contents.	ORD is Sept. 9th if you have not completed any work by then you will be dropped for non-participation.
1	Chapter 1&2	• Read the chapter • Review the PowerPoint • Complete the Assignment • Complete the Quiz	The last day to withdraw is Nov. 12th and Final grades are due Dec 11th.
2	Chapter 3&4	• Read the chapter • Review the PowerPoint	

		• Complete the Assignment • Complete the Quiz	
3	Chapter 5&6	• Read the chapter • Review the PowerPoint • Complete the Assignment • Complete the Quiz	
4	Chapter 7&8	• Read the chapter • Review the PowerPoint • Complete the Assignment • Complete the Quiz	
5	College Success	• Complete the final project	

Course Requirements and Evaluation:

Grading Scale:

100-90% = A 1000- 900 pts = A

89-80% = B 899-800 pts = B

79-70% = C 799-700 pts = C

69- 60% = D 699 – 600 pts = D

59-0% = F 599- 0 pts = F

Course Policies:

Class Attendance:

Class attendance is critical for the successful completion of this course. *For online courses, students must complete work in a timely manner and follow due dates.* Withdrawals must be initiated by the students. The last day for a student to withdraw from a course with a grade of "W" is Nov. 12th, 2026.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action such as dismissal from the college. *These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.*

Artificial intelligence

Ethical Considerations and Consequences for Misuse

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of AI or other assignment-help tools will be handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific — approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- Example of permitted use: Using AI to brainstorm topic ideas, check grammar, or generate a practice outline — with instructor approval and proper citation.
- Example of prohibited use: Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Citation Requirements

When AI use is approved, you must cite it according to the citation style required for the course (APA, MLA, or Chicago, as specified by your instructor). This typically includes naming the AI tool used, the date accessed, and a brief description of how it was used (e.g., "ChatGPT was used to generate an initial outline, which was then revised independently"). Consult your instructor or the relevant style guide for the exact citation format.

Detection and Verification

The instructor and/or the college reserve the right to use AI-detection software or other means to verify the originality of submitted work. Students may also be asked to explain, defend, or reproduce their work (e.g., in a conference or oral discussion) to confirm authorship.

When in Doubt

If you are in doubt as to whether you are using AI appropriately in this course, it is your responsibility to discuss your situation with the instructor before submitting the assignment. Remember, AI can be a tool to support your learning in this course, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodation for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

MFA

To help protect student accounts and personal information, students are required to use Multi-Factor Authentication (MFA) when accessing college systems and online resources. MFA adds an extra layer of security by requiring users to verify their identity through a second method, a Microsoft Authenticator mobile app notification in addition to their password.

How to Use MFA:

1. Log in to your college account using your username and password.
2. When prompted, verify your identity using the Microsoft Authenticator app.
3. Approve the sign-in request to gain access to your account.
4. Using the Microsoft Authenticator app, ensure notifications are enabled on your mobile device.
5. Never approve an authentication request that you did not initiate. Report suspicious login attempts to PJC Tech Support immediately

Dual credit students logging in to their high school wifi will not be required to complete the MFA process. Dual Credit students logging in anywhere else will be required to complete the MFA process.

ENGL 1301.26D0
Composition 1
Fall 2026

Instructor: Carey Gable

Office: LRC 91/SSC119

Phone: 903-782-0215

Email: cgable@parisjc.edu

Office Hours: 8-10 am Monday – Thursday, by appointment

Meeting Location: Online

Meeting Days: Online

Meeting Times: Online

Course Description:

ENGL 1301 Composition I Intensive study of and practice in writing processes, from invention and researching to drafting, revising, and editing, both individually and collaboratively. Emphasis on effective rhetorical choices, including audience, purpose, arrangement, and style. Focus on writing the academic essay as a vehicle for learning, communicating, and critical analysis.

Prerequisite: None

Corequisite: None

Required Textbook(s) and Materials:

Kirszner, Laurie G. and Stephen R. Mandell. *Patterns for College Writing: A Rhetorical Reader and Guide*. 16th ed. Bedford/St. Martin's, 2024, ISBN: 9781319532345

Fahrenheit 451 by Ray Bradbury

ISBN: 978-1-4516-7331-9

Computer and Webcam – Some exams will be taken using Respondus Monitor and will require a webcam. A computer is needed for this course.

Course Goals and Objectives:

Associate of Arts (AA) — Program Learning Outcomes

Students who complete the Associate of Arts degree will demonstrate the following program-level competencies:

1. **Communication & Expression** — Demonstrate effective written and oral communication skills by articulating ideas clearly, purposefully, and with awareness of audience across a variety of contexts.
2. **Critical & Creative Thinking** — Analyze, evaluate, and synthesize information and ideas from multiple perspectives, applying both logical reasoning and creative inquiry to solve problems and construct meaning.
3. **Humanities & Cultural Literacy** — Examine human experience through the lens of history, literature, the arts, and cultural traditions, demonstrating an appreciation for diverse perspectives and their influence on society.

4. **Information Literacy** — Locate, evaluate, and ethically use information from a variety of sources to support research, argumentation, and informed decision-making.
5. **Personal & Civic Responsibility** — Reflect on individual values and their relationship to community and society, demonstrating an understanding of civic engagement and ethical responsibility.

Required Core Objectives

Student Learning Outcomes (Core Curriculum-Level):

1. Demonstrate Critical Thinking Skills—to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.
2. Demonstrate Communications Skills—to include effective development, interpretation and expression of ideas through written, oral and visual communication.
3. Demonstrate Team Work—to include the ability to consider different points of view and to work effectively with others to support a shared purpose or goal.
4. Demonstrate Personal Responsibility—to include the ability to connect choices, actions, and consequences to ethical decision-making.

Student Learning Outcomes (ENGL 1301 Course-Level):

Upon successful completion of this course, students will:

1. Demonstrate knowledge of individual and collaborative writing processes.
2. Develop ideas with appropriate support and attribution.
3. Write in a style appropriate to audience and purpose.
4. Read, reflect, and respond critically to a variety of texts.
5. Use Edited American English in academic essays.

Course Requirements and Evaluation:

This course will consist of the five (5) core essays. These are essential to this course. You may revise your essays throughout the semester. Please follow the revision rules give in BlackBoard. There are several quizzes, discussions, and lab assignments that also figure into your total score.

Essays (5)	50%
Narrative	
Comparison	
Cause and Effect	
Persuasive with Research	
Revision and Reflection (Analysis)	
Novel Exam (Proctored)	10%
Quiz and Discussion	20%
First Assignment (Syllabus Quiz)	
Introduction Discussion	
Academic Conventions Quiz	
Formatting and MLA Quiz	
Descriptive Writing Practice	
Logic and Fallacies Quiz	
Lab Component	20%
Total	100%

A – 100 – 90
B – 89 – 80
C – 79 – 70
D – 69 – 60
F – 59 – 0

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Course Policies:

Students are expected to complete coursework honestly, using their own intellects and resources designated as allowable by the course instructor. All essays must be typed following MLA format (12-point font, Times New Roman), and will not be accepted in any other form. You can reference the Purdue OWL for further assistance in this regard.

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **12th of November**.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial intelligence (AI):

In accordance with the institution's Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI (such as ChatGPT) to produce any work to be submitted in the course outside of simple

spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Non-Discrimination Clause

Paris Junior College is an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, color, national origin, sex, religion, age, disability, or any other basis prohibited by law.

Paris Junior College prohibits discrimination, including harassment, against any student on the basis of sex or gender, race, color, national origin, disability, religion, age, or any other basis prohibited by law. A lack of English language skills will not be a barrier to admission and participation in the career and technical education programs of Paris Junior College. Retaliation against anyone involved in a complaint process is a violation of PJC policy and is prohibited.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Insert how the students will be notified of a change. (Blackboard, student email, etc.)

Technology Readiness Statement

To help ensure a successful start to the semester, students are strongly encouraged to review and complete the PJC IT Checklist the first day of class. The checklist provides important information and step-by-step guidance for accessing your PJC email, Blackboard, Multi-Factor Authentication (Step 3), and other essential online resources. Completing these tasks in advance can help prevent technical issues and ensure you are prepared to fully participate from the first day of the course.

The PJC IT Checklist is available at: <https://www.parisjc.edu/technology/pjc-it-checklist.php>

If you experience any technology-related difficulties, please contact the PJC Tech Support as soon as possible for assistance.

Official Student Email Policy

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence—including notices of academic status, financial aid, billing, registration, and campus alerts—will be sent to the student's PJC email account.

Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not responsible for missed communications due to a student's failure to check their official email account.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC’s Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

Course Schedule/Weekly Lesson Plan:
Tentative (Subject to change at instructor’s discretion)

Week 1:

August 24-30

Syllabus, Course Instructions

Assignment: First Assignment: Syllabus Quiz (**Due Midnight 9th September**)

Assignment: Intro Discussion Post

Labs: Pretest

Labs: Essay Organization

Labs: Thesis Statements

September 14-20

Lesson 2 – Descriptive Writing

Assignment: Descriptive Writing Assignment

Labs: Quotes

Labs: Parallelism

Labs: Post-Test

Week 5:

September 21 - 27

Lesson 2 – Narrative Writing

Week 6:

September 28 – October 4

Lesson 2 – Narrative Writing

Assignment: Narrative Essay Test

Week 7:

October 5 – October 11

Lesson 3 – Comparison and Contrast Writing

Week 8:

October 12 - 18

Lesson 3 – Comparison and Contrast Writing

Assignment: Comparison and Contrast Essay Test

Week 9:

October 19 - 25

Lesson 3 – Cause and Effect Writing

Week 10:

October 26 – November 1

Lesson 3 – Cause and Effect Writing

Assignment: Cause and Effect Essay Test

Week 11:

November 2 – 8

Beginning of Research Essay

Lesson 4 – MLA Citation Methods

Lesson 4 – Logic and Fallacies, Argumentation

Lesson 4 – Argumentative/Persuasive/Research Writing

Assignment: Begin Reading Novel – *Fahrenheit 451*

Week 12:

November 9 – 15

Research Essay Continued

Lesson 4 – MLA Citation Methods

Lesson 4 – Logic and Fallacies, Argumentation

Lesson 4 – Argumentative/Persuasive/Research Writing

Assignment: Logic and Fallacy Quiz

LAST DAY TO WITHDRAW – 12th November

Week 13:

November 16 – 22

Research Essay Due

Lesson 4 – Argumentative/Persuasive/Research Writing

Assignment: Persuasive (with Research) Essay Test

Week 14:

November 23 – 29

THANKSGIVING BREAK

Lesson 5 – *Fahrenheit 451* – Novel Lecture

Week 15:

November 30 – December 6

Lesson 5 – *Fahrenheit 451* – Novel Lecture

Assignment: Finish Reading the Novel

Assignment: *Fahrenheit 451* Proctored Test
Assignment: **Revisions are due midnight 6th December**
NO late or revision assignments are accepted after this date.

Week 16:

December 7 – 10

Lesson 6 – Revision and Reflection Essay

Final – Revision and Reflection Essay must be submitted by midnight, 8th October
Course ENDS at noon on 9th December.

*All assignments are due by midnight on the Sunday following the week of work. For example, Week 1 would be due by midnight on 30 August, with the noted exceptions in the calendar.

ENGL 1301.10L0, 40L0
Composition 1
Fall 2026

Instructor: Carey Gable

Office: LRC 91/SSC119

Phone: 903-782-0215

Email: cgable@parisjc.edu

Office Hours: 8-10 am Monday – Thursday, 1 hour before and after class

Meeting Location: MS 113, GC 123

Meeting Days: Monday

Meeting Times: 6-9 pm

Course Description:

ENGL 1301 Composition I Intensive study of and practice in writing processes, from invention and researching to drafting, revising, and editing, both individually and collaboratively. Emphasis on effective rhetorical choices, including audience, purpose, arrangement, and style. Focus on writing the academic essay as a vehicle for learning, communicating, and critical analysis.

Prerequisite: None

Corequisite: None

Required Textbook(s) and Materials:

Kirszner, Laurie G. and Stephen R. Mandell. *Patterns for College Writing: A Rhetorical Reader and Guide*. 16th ed. Bedford/St. Martin's, 2024, ISBN: 9781319532345

Fahrenheit 451 by Ray Bradbury

ISBN: 978-1-4516-7331-9

Computer and Webcam – Some exams will be taken using Respondus Monitor and will require a webcam. A computer is needed for this course.

Course Goals and Objectives:

Associate of Arts (AA) — Program Learning Outcomes

Students who complete the Associate of Arts degree will demonstrate the following program-level competencies:

1. **Communication & Expression** — Demonstrate effective written and oral communication skills by articulating ideas clearly, purposefully, and with awareness of audience across a variety of contexts.
2. **Critical & Creative Thinking** — Analyze, evaluate, and synthesize information and ideas from multiple perspectives, applying both logical reasoning and creative inquiry to solve problems and construct meaning.
3. **Humanities & Cultural Literacy** — Examine human experience through the lens of history, literature, the arts, and cultural traditions, demonstrating an appreciation for diverse perspectives and their influence on society.

4. **Information Literacy** — Locate, evaluate, and ethically use information from a variety of sources to support research, argumentation, and informed decision-making.
5. **Personal & Civic Responsibility** — Reflect on individual values and their relationship to community and society, demonstrating an understanding of civic engagement and ethical responsibility.

Required Core Objectives

Student Learning Outcomes (Core Curriculum-Level):

1. Demonstrate Critical Thinking Skills—to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.
2. Demonstrate Communications Skills—to include effective development, interpretation and expression of ideas through written, oral and visual communication.
3. Demonstrate Team Work—to include the ability to consider different points of view and to work effectively with others to support a shared purpose or goal.
4. Demonstrate Personal Responsibility—to include the ability to connect choices, actions, and consequences to ethical decision-making.

Student Learning Outcomes (ENGL 1301 Course-Level):

Upon successful completion of this course, students will:

1. Demonstrate knowledge of individual and collaborative writing processes.
2. Develop ideas with appropriate support and attribution.
3. Write in a style appropriate to audience and purpose.
4. Read, reflect, and respond critically to a variety of texts.
5. Use Edited American English in academic essays.

Course Requirements and Evaluation:

This course will consist of the five (5) core essays. These are essential to this course. You may revise your essays throughout the semester. Please follow the revision rules give in BlackBoard. There are several quizzes, discussions, and lab assignments that also figure into your total score.

Essays (5)	50%	
Narrative		
Comparison		
Cause and Effect		
Persuasive with Research		
Revision and Reflection (Analysis)		
Novel Exam (Proctored)	10%	
Quiz and Discussion		20%
First Assignment (Syllabus Quiz)		
Introduction Discussion		
Academic Conventions Quiz		
Formatting and MLA Quiz		
Descriptive Writing Practice		
Logic and Fallacies Quiz		
Lab Component		20%
Total	100%	

A – 100 – 90
B – 89 – 80
C – 79 – 70
D – 69 – 60
F – 59 – 0

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Course Policies:

Students are expected to complete coursework honestly, using their own intellects and resources designated as allowable by the course instructor. All essays must be typed following MLA format (12-point font, Times New Roman), and will not be accepted in any other form. You can reference the Purdue OWL for further assistance in this regard.

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **1st of October**.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial intelligence (AI):

In accordance with the institution's Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI (such as ChatGPT) to produce any work to be submitted in the course outside of simple

spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. ENGL 2331.20E0
World Literature
Fall 2026

Instructor: Carey Gable

Office: LRC 91/SSC119

Phone: 903-782-0215

Email: cgable@parisjc.edu

Office Hours: 8-10 am Monday – Thursday, by appointment

Meeting Location: Online

Meeting Days: Online

Meeting Times: Online

Course Description:

ENGL 2331 World Literature (single-semester course) A survey of world literature from the ancient world to the present. Students will study works of prose, poetry, drama, and fiction in relation to their historical and cultural contexts. Texts will be selected from a diverse group of authors and traditions.

Prerequisite: ENGL 1301 Composition I

Corequisite: None

Required Textbook(s) and Materials:

This course is OER textbook. It is provided free within the course.

Computer and Webcam – Some exams will be taken using Respondus Monitor and will require a webcam. A computer is needed for this course.

Course Goals and Objectives:

Associate of Arts (AA) — Program Learning Outcomes

Students who complete the Associate of Arts degree will demonstrate the following program-level competencies:

1. **Communication & Expression** — Demonstrate effective written and oral communication skills by articulating ideas clearly, purposefully, and with awareness of audience across a variety of contexts.
2. **Critical & Creative Thinking** — Analyze, evaluate, and synthesize information and ideas from multiple perspectives, applying both logical reasoning and creative inquiry to solve problems and construct meaning.
3. **Humanities & Cultural Literacy** — Examine human experience through the lens of history, literature, the arts, and cultural traditions, demonstrating an appreciation for diverse perspectives and their influence on society.
4. **Information Literacy** — Locate, evaluate, and ethically use information from a variety of sources to support research, argumentation, and informed decision-making.
5. **Personal & Civic Responsibility** — Reflect on individual values and their relationship to community and society, demonstrating an understanding of civic engagement and ethical responsibility.

Required Core Objectives

Student Learning Outcomes (Core Curriculum-Level):

1. Demonstrate Critical Thinking Skills—to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.
2. Demonstrate Communications Skills—to include effective development, interpretation and expression of ideas through written, oral and visual communication.
3. Demonstrate Social Responsibility—to include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities.
4. Demonstrate Personal Responsibility—to include the ability to connect choices, actions, and consequences to ethical decision-making.

Student Learning Outcomes (ENGL 2322 Course-Level):

This course is designed to prepare students with skills for lifelong learning—

1. Identify key ideas, representative authors and works, significant historical or cultural events, and characteristic perspectives or attitudes expressed in the literature of different periods or regions.
2. Analyze literary works as expressions of individual or communal values within the social, political, cultural, or religious contexts of different literary periods.
3. Demonstrate knowledge of the development of characteristic forms or styles of expression during different historical periods or in different regions.
4. Articulate the aesthetic principles that guide the scope and variety of works in the arts and humanities.
5. Write research-based critical papers about the assigned readings in clear and grammatically correct prose, using various critical approaches to literature.

Course Requirements and Evaluation:

The course requires one documented essay, quizzes, discussion postings, and major exams over each module.

Essay:	20%
Module Exams:	40%
Quizzes:	30%
Discussions:	10%

Total	100%
-------	------

A – 100 – 90
B – 89 – 80
C – 79 – 70

Students who complete the Associate of Arts degree will demonstrate the following program-level competencies:

1. **Communication & Expression** — Demonstrate effective written and oral communication skills by articulating ideas clearly, purposefully, and with awareness of audience across a variety of contexts.
2. **Critical & Creative Thinking** — Analyze, evaluate, and synthesize information and ideas from multiple perspectives, applying both logical reasoning and creative inquiry to solve problems and construct meaning.
3. **Humanities & Cultural Literacy** — Examine human experience through the lens of history, literature, the arts, and cultural traditions, demonstrating an appreciation for diverse perspectives and their influence on society.
4. **Information Literacy** — Locate, evaluate, and ethically use information from a variety of sources to support research, argumentation, and informed decision-making.
5. **Personal & Civic Responsibility** — Reflect on individual values and their relationship to community and society, demonstrating an understanding of civic engagement and ethical responsibility.

Required Core Objectives

Student Learning Outcomes (Core Curriculum-Level):

1. Demonstrate Critical Thinking Skills—to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.

2. Demonstrate Communications Skills—to include effective development, interpretation and expression of ideas through written, oral and visual communication.
3. Demonstrate Team Work—to include the ability to consider different points of view and to work effectively with others to support a shared purpose or goal.
4. Demonstrate Personal Responsibility—to include the ability to connect choices, actions, and consequences to ethical decision-making.

Student Learning Outcomes (ENGL 1301 Course-Level):

Upon successful completion of this course, students will:

1. Demonstrate knowledge of individual and collaborative writing processes.
2. Develop ideas with appropriate support and attribution.
3. Write in a style appropriate to audience and purpose.
4. Read, reflect, and respond critically to a variety of texts.
5. Use Edited American English in academic essays.

Course Requirements and Evaluation:

Grades will be determined by your writing, participation, online components, and reading assessments. Extra credit may be given at the instructor's discretion.

A – 100 – 90
 B – 89 – 80
 C – 79 – 70
 D – 69 – 60
 F – 59 – 0

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete

the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Course Policies:

Students are expected to complete coursework honestly, using their own intellects and resources designated as allowable by the course instructor. All essays must be typed following MLA format (12-point font, Times New Roman), and will not be accepted in any other form. You can reference the Purdue OWL for further assistance in this regard.

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **1st of October**.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in**. Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial intelligence (AI):

In accordance with the institution's Academic Honesty policy, each student commits to being the sole author of all assignments submitted in this course and agrees not to collude with AI (such as ChatGPT) to produce any work to be submitted in the course outside of simple spelling and/or grammar checking. Additionally, each assignment submitted in this course will be subject to AI detection tools to validate student authorship.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Non-Discrimination Clause

Paris Junior College is an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, color, national origin, sex, religion, age, disability, or any other basis prohibited by law.

Paris Junior College prohibits discrimination, including harassment, against any student on the basis of sex or gender, race, color, national origin, disability, religion, age, or any other basis prohibited by law. A lack of English language skills will not be a barrier to admission and participation in the career and technical education programs of Paris Junior College.

Retaliation against anyone involved in a complaint process is a violation of PJC policy and is prohibited.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Insert how the students will be notified of a change. (Blackboard, student email, etc.)

Technology Readiness Statement

To help ensure a successful start to the semester, students are strongly encouraged to review and complete the PJC IT Checklist the first day of class. The checklist provides important information and step-by-step guidance for accessing your PJC email, Blackboard, Multi-Factor Authentication (Step 3), and other essential online resources. Completing these tasks in advance can help prevent technical issues and ensure you are prepared to fully participate from the first day of the course.

The PJC IT Checklist is available at: <https://www.parisjc.edu/technology/pjc-it-checklist.php>

If you experience any technology-related difficulties, please contact the PJC Tech Support as soon as possible for assistance.

Official Student Email Policy

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence—including notices of academic status, financial aid, billing, registration, and campus alerts—will be sent to the student's PJC email account.

Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not responsible for missed communications due to a student's failure to check their official email account.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

Course Schedule/Weekly Lesson Plan:

Tentative (Subject to change at instructor's discretion)

Week 1:

Week 7:

October 5–11

Revision and Reflection Essay

Labs

NO late or revision assignments are accepted after this date.

Week 8:

October 12–14

FINALS

Course ENDS at the end of class on Wednesday, October 14.

All assignments are due by midnight on the Sunday following the week of work, with the noted exceptions in the calendar. For example, Week 1 assignments are due by midnight on Sunday, August 30.

GERS 1301.20D0
Gerontology for Healthcare
Fall 2026

Instructor: LaTosha N. Ivery
Office: SS Campus 101A
Phone: 903-782-0002
Email: livery@parisjc.edu
Office Hours: email for an appointment

Meeting Location: online
Meeting Days: online
Meeting Times: online

Course Description:

Overview of the social, psychological, & biological changes that accompany aging. Focus on the implications of these changes for the individual, as well as for the larger society

Required Textbook(s) and Materials:

Gerontology for the Health Care Professional, (4th edition) Robnett, Regula, Jones & Barnett Learning ISBN: 978-1-284-14506-9; Study material in blackboard

Course Goals and Objectives:

At the completion of the course, the student will demonstrate the knowledge and ability to differentiate the multi-disciplinary aspect of theory, research, and practice in gerontology; articulate the implications of aging in American society; interpret the demographics of aging; and identify cultural aspects in aging

Course Requirements and Evaluation:

The student must achieve a final average grade of 70 or higher. The final grade will consist of exams worth 50% of final grade, Death and dying paper worth 20% and Interview Project worth 30% of Final Grade

The criteria for letter grades in this course are as follows 90-100=A; 80-89=B; 70-79=C; 60-69=D; Below 60=F

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Course Policies:

Students will conduct themselves in a professional manner. It will be the student's responsibility to read chapters and review any material in the course on blackboard before each exam. The student must complete and submit required material/course work,

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be

initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **November 12, 2026.**

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial intelligence (AI) tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

GOVT 2305.690
United States Government
Fall 2026

Instructor: Ryan Petty
Office: Room 300, Cumby HS
Phone: 903-994-2260
Email: ryan.petty@parisjc.edu
Office Hours: 3:00 to 4:00

Meeting Location: Room 300, Cumby HS
Meeting Days: MTWH
Meeting Times: 10:15-11:05

Course Description:

A survey course of the fundamentals of how the United States Government works. United States Government include studies on the origin and development of the US Constitution, structure and powers of the national government including the legislative, executive, and judicial branches, federalism, political participation, the national election process, public policy, civil liberties and civil rights.

Credits: 3 credit hours
TSI Requirement: MTW
Prerequisite(s): N/A

Required Textbook(s) and Materials:

Ginsberg, B., Lowi, T. J., Weir, M., Tolbert, C. J., Campbell, A. L., & Spitzer, R. J. (2021). *We the People: An introduction to American Politics*. New York: W.W. Norton & Company.

Course Goals and Objectives:

1. Explain the origin and development of constitutional democracy in the United States.
2. Demonstrate knowledge of the federal system.
3. Describe separation of powers and checks and balances in theory and practice.
4. Demonstrate knowledge of the legislative, executive, and judicial branches of the federal government.
5. Evaluate the role of public opinion, interest groups, and political parties in the political system.
6. Describe the rights and responsibilities of citizens.
7. Analyze issues and policies in US politics.

Course Schedule:

The class will meet on a MTWH schedule and will be taught by distance learning to the Campbell classroom.

Course Requirements and Evaluation:

<i>Student Learner Outcome</i>	<i>Maps to Core Objective</i>	<i>Assessment Tool</i>
--------------------------------	-------------------------------	------------------------

1) Create an argument through the use of historical evidence.	Critical Thinking Skills (CT)	Core Assessment Project Discussions, Exam
	Communication Skills (CS)	Core Assessment Project Discussions, Exam
	Personal Responsibility (PR)	Core Assessment Project Discussions, Exam
	Social Responsibility (SR)	Core Assessment Project Discussions, Exam
2) Analyze and interpret primary and secondary sources.	Critical Thinking Skills (CT)	Core Assessment Project Discussions, Exam
	Communication Skills (CS)	Core Assessment Project Discussions, Exam
	Personal Responsibility (PR)	Core Assessment Project Discussions, Exam
	Social Responsibility (SR)	Core Assessment Project Discussions, Exam
3) Analyze the effects of historical, social, political, economic, cultural, and global forces on this period of United States history.	Critical Thinking Skills (CT)	Core Assessment Project Discussions, Exam Core Assessment Project Discussions, Exam

	<i>Communication Skills (CS)</i>	<i>Core Assessment Project Discussions, Exam</i>
	<i>Personal Responsibility (PR)</i>	<i>Core Assessment Project Discussions, Exam</i>
	<i>Social Responsibility (SR)</i>	<i>Core Assessment Project Discussions, Exam</i>

Course Policies

This course is conducted using a traditional lecture format that will use reading assignments, lectures, discussions, videos, internet assignments, instructor/student interaction, lecture capture, power point, class projects, and examinations.

Course requirements include **five exams and a writing assignment, each worth 100 points**. The final exam will not be a comprehensive test over the entire year; instead it will cover the material that follows exam #3.

You must complete each of the four 100-point exams and the 100-point writing assignment during the term. The grading scale is:

600-540 = A 539-480 = B 479-420 = C 419-360 = D Below 360 = F

Class Attendance:

Class attendance is critical for the successful completion of this course. *For online courses, students must complete work in a timely manner and follow due dates.* Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is *Thursday, November 12*.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action such as dismissal from the college. *These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.*

ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Artificial Intelligence Statement

The use of artificial intelligence programs or tools is prohibited in this course. As a student at Paris Junior College, it is your responsibility to maintain academic integrity, and representing work generated by artificial intelligence as your own is considered to be academic dishonesty. Each assignment submitted in this course will be subject to AI detection, so you must submit your original work for credit in this course and not have another person or technology do the work for you.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4 or higher).

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

Federal Government
Fall 2026

Instructor: Kelly Waltman-Payne, PhD.
Office: Greenville #204, SS Adjunct Offices.
Phone: 903.457-8726
Email: kpayne@parisjc.edu

Meeting Location: online
Meeting Days: online
Meeting Times: online

Office Hours: M (GC) 10:00 am-12:15 pm
TR (SS) 9:15 am-12:15 pm
W (SS) 10:30-am 12:15 pm

Required Textbook(s) and Materials:

Web-text:

Central Ideas in American Government, Paris Jr. College 15th ed., by Soomo Learning,
ISBN: 9781954890992

Note About Inclusive Access: Access to this web-text is included with course costs and fees. Students who opt out of inclusive access will not have access to required materials. **See page 7** of this syllabus for more information.

Computer Requirement: In addition to the required web-text, students must have regular access to a computer capable of supporting Blackboard Learn, the Respondus Lockdown Browser (with webcam test monitoring), internet access, and common computer applications (e.g., Microsoft Word and PowerPoint). Phones and tablets may not be compatible with Blackboard and should not be solely relied upon to access course material.

IMPORTANT NOTE: This course is reading-intensive and may become overwhelming for students who do not effectively manage their time. The course material will be covered at a rapid pace. The risk of falling behind increases if effective time management strategies are not used.

Core Objectives:

Students completing this course will demonstrate competency in the following Core Objectives:

- 1) Critical Thinking Skills—to include creative thinking, innovation, inquiry, and analysis, evaluation, and synthesis of information.
- 2) Communication Skills—to include effective development, interpretation, and expression of ideas through written, oral, and visual communication.
- 3) Personal Responsibility—to include the ability to connect choices, actions, and consequences

to ethical decision-making.

- 4) Social Responsibility—to include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities.

Government Student Learning Outcomes:

Upon successful completion of this course, students will:

- 1) Explain the origin and development of constitutional democracy in the United States.
- 2) Demonstrate knowledge of the federal system.
- 3) Describe the separation of powers and checks and balances in both theory and practice.
- 4) Demonstrate knowledge of the legislative, executive, and judicial branches of the federal government.
- 5) Evaluate the role of public opinion, interest groups, and political parties in the political system.
- 6) Analyze the election process.
- 7) Describe the rights and responsibilities of citizens.
- 8) Analyze issues and policies in U.S. politics.

Course Requirements and Evaluation:

- **General Course Design:** This course is organized into five modules consisting of the following assignments: a syllabus quiz, readings with embedded web-text activities (multiple choice questions, polls, and response boards embedded in, and completed through, the Soomo Learning web-text platform), homework assignments (1 per learning module), a special Assignment and two exams. Each Module also includes a “Knowledge Check” which will serve to measure for success with mastering the core objectives in this course. Each assignment provides opportunities for the accumulation of points. Collectively, course assignments provide an opportunity to accumulate up to 1000 points.
- **Important first requirement for remaining in this course: (Found in the START HERE folder)** Before moving into any learning material, you must study this syllabus and complete the syllabus quiz. You must also complete the Respondus Lockdown Browser Practice Quiz. No assignments will open in this course until these first two assignments are completed.
- **Failure to complete the Syllabus Quiz prior to the due date will result in you being dropped from the course**
- You will also complete the Intro Discussion Board and the AI Schedule Assignment in the START HERE folder. (Syllabus Quiz – 10 points; Intro Board- 5 points, Lockdown Browser Webcam Practice – 1 point, AI schedule – 10 points). 26 points total.
 - **Notice:** If you fail to attend class (or fail to complete the syllabus quiz for online only) before the official reporting date, you will be administratively withdrawn (Dropped!) from the course without exception.
- **Web-text Activities:** Web-text activities are multiple choice questions, polls, and response boards embedded in your web-text. Complete each web-text activity by the due date as you

encounter it during your readings. You are required to complete all activities in each assigned chapter. Your scores on web-text activities result in a possible accumulation of 140 points (10 points for each chapter)

- **Knowledge checks:** You will complete five knowledge checks – one per module. These are worth 50 points and are not timed. They should be taken in one sitting. You will use the resources provided inside the knowledge check link. Do not use notes, textbooks, other reference materials, search engines, or artificial intelligence. Use of unauthorized materials or assistance will be considered academic dishonesty. 50 points each. 250 points total
- **Exams:** You will complete two exams, one midterm (Exam 1) and one final exam (Exam 2). These exams will allow you to demonstrate knowledge, understanding, and higher-order thinking skills. Each exam is composed of 48-50 objective questions. You will take each of these exams with the Respondus Lockdown Browser with a webcam. You will be recorded taking the exams. Any suspicious activity is recorded on the video. You will earn up to 200 points for each exam. 400 points total
- **Investigations:** You will have the opportunity to complete 10 investigations. These are small assignments that allow you to think deeper about the issues you are reading about in the text. You can earn up to 5 points each. 50 points total
- **Special Assignments:** You will complete 5 Special Assignments – one per module. These will give you the opportunity to demonstrate your mastery of the material in that module. Look at these Special Assignments as soon as the module opens, so you can prepare well. 25 points each 125 points total

Grading scale:

Required Activity:

All students must complete the First Assignment- Syllabus Quiz located in the "Start HERE" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course. This assignment should be completed in Blackboard before September 8, 2026 11:59 pm.

Grading Scale

1000 points possible

1000-900 points – A

899-800 points – B

799-700 points – C

600-699 points – D

Less than 600 points - F

Course Policies:

Requirement to submit coursework by the due date: You should interpret an established due date as the FINAL OPPORTUNITY for submitting corresponding coursework. Demonstration of personal responsibility is a core objective of this course, and this policy will be strictly enforced in pursuit of this objective. **You should complete all assignments by the due date.** Technical difficulties are not an excuse to turn in late work.

Late work: **No late work will be accepted in this course without a doctor's note.** There are no exceptions to this policy. Please keep a calendar (or print out the calendar on the last page of the syllabus). In most cases, you have had one to two weeks (or more) to complete the work. Technology

issues are not a reason for late work. Students encountering technical issues should contact PJC Tech Support immediately. A record of this ticket will be logged and assignments extended accordingly.

Requirement to submit coursework through Blackboard: All coursework must be submitted through the college's online learning management system, Blackboard, unless instructed otherwise through official course communications. The instructor will not accept assignments submitted through email without prior approval. This allows the work to go through a Safe Assign and AI Detection programs.

Collaboration and Collusion: Students are encouraged to collaborate in learning with other students but strictly prohibited from colluding with others in completing assignments. Collaboration occurs when students share ideas, strategies, and understandings through discussion or study activities. Collusion occurs when students work with other persons to complete quizzes, tests, or any other assignment with the knowledge that the coursework will be submitted for course credit. Among other deceitful practices outlined in the Student Handbook, collusion is a form of academic dishonesty that will be reported.

Student/Instructor Communications: All students must regularly check for course communications within Dragonmail, course messages, and course announcements. You should feel comfortable contacting the instructor with any concerns or questions that may arise. The following guidelines have been established to facilitate communication efficiently. Outside of face-to-face conversation, email or Blackboard course messages are the preferred mode of student/instructor communication. To send the instructor a message, locate and select the "Course Messages" or "External Email" links on the course menu in Blackboard. Other acceptable modes of communication may include video conferencing sessions in Blackboard (available by request) or sending an email from your Dragonmail account (note: emails sent from private or high school issued email accounts may not receive an answer). Video conferencing will occur during office hours or by appointment. After sending electronic communications to the instructor, **students should expect a response within 24 hours (M-R) or the next business day** (emails received Friday through Sunday). If you contact the instructor by email, you must use your Dragonmail account or Blackboard to send and receive communications. You should identify yourself using your full name (as listed in the course) and by identifying the course and section for which you are enrolled. Be as detailed as possible when describing your questions, and be sure that your question is not due to a lack of reading the course syllabus or assignment instructions.

Important Notifications: Students should check course announcements regularly, as this method of communication will be used to dispense any important course notifications, including alterations to this course. Additional requirements communicated through course messages or other official correspondence are amendments to this syllabus if specified to be so. Receipt of notifications by course announcement is assumed.

Opening Assignments: All assignments are open according to the schedule. Students will have plenty of time to complete all assignments within the Modules prior to the posted due dates.

The instructor may make alterations or amendments to this syllabus as needed.

Class Attendance:

Class attendance is critical for the successful completion of this course. *For online courses, students must complete work in a timely manner and follow due dates.* Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is November 12, 2026.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

AI Policy**Artificial intelligence (AI) Ethical Considerations and Consequences for Misuse**

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of AI or other assignment-help tools will be handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific — approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- *Example of permitted use:* Using AI to brainstorm topic ideas, check grammar, or generate a practice outline — with instructor approval and proper citation.
- *Example of prohibited use:* Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Citation Requirements

When AI use is approved, you must cite it according to the citation style required for the course (APA, MLA, or Chicago, as specified by your instructor). This typically includes naming the AI tool used, the date accessed, and a brief description of how it was used (e.g., "ChatGPT was used to generate an initial outline, which was then revised independently"). Consult your instructor or the relevant style guide for the exact citation format.

Detection and Verification

The instructor and/or the college reserve the right to use AI-detection software or other means to verify the originality of submitted work. Students may also be asked to explain, defend, or reproduce their work (e.g., in a conference or oral discussion) to confirm authorship.

When in Doubt

If you are in doubt as to whether you are using AI appropriately in this course, it is your responsibility to discuss your situation with the instructor before submitting the assignment. Remember, AI can be a tool to support your learning in this course, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

Please follow instructions inside each assignment for information about the use of AI on that specific assignment.

Multi-Factor Authentication (MFA) Requirement for Students

To help protect student accounts and personal information, students are required to use **Multi-Factor Authentication (MFA)** when accessing college systems and online resources. MFA adds an extra layer of security by requiring users to verify their identity through a second method, a Microsoft Authenticator mobile app notification in addition to their password.

How to Use MFA:

1. Log in to your college account using your username and password.
2. When prompted, verify your identity using the Microsoft Authenticator app.
3. Approve the sign-in request to gain access to your account.
4. Using the Microsoft Authenticator app, ensure notifications are enabled on your mobile device.
5. Never approve an authentication request that you did not initiate. Report suspicious login attempts to PJC Tech Support immediately.

Dual credit students logged in to their high school's WIFI will not be prompted for MFA.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Insert how the students will be notified of a change. (Blackboard, student email, etc.)

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

**Course # GOVT 2305-78A0
Federal Government
Fall 2026**

Instructor: Crystal Tafuro
Office: 9017
Phone: 903-945-2192
Email: ctafuro@parisjc.edu
Office Hours: Monday-Friday 2:45-3:45 PM

Meeting Location: Room 9017
Meeting Days: Monday-Friday
Meeting Times: 10:05-11:00 AM

Course Description:

Origin and development of the U.S. Constitution, structure and powers of the national government including the legislative, executive, and judicial branches, federalism, political participation, the national election process, public policy, civil liberties and civil rights. Note: It is recommended that students take both semesters of government at the same institution.

Required Textbook(s) and Materials:

Web-text:

Central Ideas in American Government, Paris Jr. College 15th ed., by Soomo Learning,
ISBN: 9781954890992

Note About Inclusive Access: Access to this web-text is included with course costs and fees. Students who opt out of inclusive access will not have access to required materials. **See page 7** of this syllabus for more information.

Computer Requirement: In addition to the required web-text, students must have regular access to a computer capable of supporting Blackboard Learn, the Respondus Lockdown Browser (with webcam test monitoring), internet access, and common computer applications (e.g., Microsoft Word and PowerPoint). Phones and tablets may not be compatible with Blackboard and should not be solely relied upon to access course material.

IMPORTANT NOTE: This course is reading-intensive and may become overwhelming for students who do not effectively manage their time, particularly within the accelerated 8-week format. The course material will be covered at a rapid pace. The risk of falling behind increases if effective time management strategies are not used.

Multiple choice and short answer questions will be on available on Blackboard. Students are required to have a computer and dependable internet to access online readings and assignments.

Credits: 3

TSI Requirement: 351 R

Prerequisite(s): N/A

Core Objectives and Student Learning Outcomes:

Interpreting Objectives and Planning for Success: The Texas Higher Education Coordinating Board established the core objectives and learning outcomes of this course as requirements of the

Texas Core Curriculum. Competent demonstration of outcomes and objectives should be understood as minimum performance requirements. Students committed to success will complete all readings, assignments, and exams on time to produce acceptable evidence that objectives and outcomes have been met or exceeded.

Core Objectives:

Students completing this course will demonstrate competency in the following Core Objectives:

- 1) Critical Thinking Skills—to include creative thinking, innovation, inquiry, and analysis, evaluation, and synthesis of information.
- 2) Communication Skills—to include effective development, interpretation, and expression of ideas through written, oral, and visual communication.
- 3) Personal Responsibility—to include the ability to connect choices, actions, and consequences to ethical decision-making.
- 4) Social Responsibility—to include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities.

Government Student Learning Outcomes:

Upon successful completion of this course, students will:

- 1) Explain the origin and development of constitutional democracy in the United States.
- 2) Demonstrate knowledge of the federal system.
- 3) Describe the separation of powers and checks and balances in both theory and practice.
- 4) Demonstrate knowledge of the legislative, executive, and judicial branches of the federal government.
- 5) Evaluate the role of public opinion, interest groups, and political parties in the political system.
- 6) Analyze the election process.
- 7) Describe the rights and responsibilities of citizens.
- 8) Analyze issues and policies in U.S. politics.

Course Requirements and Evaluation:

Grades in this course will be weighted. Course grades will be determined as follows:

Daily In-Class Activities:	60%
Exams:	<u>40%</u>
	100%

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Course Policies:

Assignments and readings will be on Blackboard and given in class. Assignments not submitted by the due date and time will be counted as a late grade. Three days after the due date, the assignment will be counted as zero in the gradebook.

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **November 12, 2026**.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Artificial intelligence

(AI) tools are not permitted in this course. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Ethical Considerations and Consequences for Misuse

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of AI or other assignment-help tools will be handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific — approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- Example of permitted use: Using AI to brainstorm topic ideas, check grammar, or generate a practice outline — with instructor approval and proper citation.
- Example of prohibited use: Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Citation Requirements

When AI use is approved, you must cite it according to the citation style required for the course (APA, MLA, or Chicago, as specified by your instructor). This typically includes naming the AI tool used, the date accessed, and a brief description of how it was used (e.g., "ChatGPT was used to generate an initial outline, which was then revised independently"). Consult your instructor or the relevant style guide for the exact citation format.

Detection and Verification

The instructor and/or the college reserve the right to use AI-detection software or other means to verify the originality of submitted work. Students may also be asked to explain, defend, or reproduce their work (e.g., in a conference or oral discussion) to confirm authorship.

When in Doubt

If you are in doubt as to whether you are using AI appropriately in this course, it is your responsibility to discuss your situation with the instructor before submitting the assignment. Remember, AI can be a tool to support your learning in this course, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

Appeal

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Insert how the students will be notified of a change. (Blackboard, student email, etc.)

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

Course Information

Course Title: Federal Government Govt. 2305
Class Room Number: 116/118
Class Meeting Days & Times: **Tuesday, Thursday 8:00-9:15 pm**

Methods of Instruction/Course Format/Delivery: The delivery for this course is lecture based.

Course Description: Federal Government (Federal Constitution and Topics)

This course leads students through an analysis of the Constitution of the United States, the political

and philosophical foundations of American government, government institutions, political behavior,

and civic engagement. Topics of the course include the origin and development of the U.S.

Constitution, structure and powers of the national government including the legislative, executive,

and judicial branches, federalism, political participation, the national election process, public policy,

civil liberties, and civil rights.

Credits: 3

TSI Requirement: 351 R

Prerequisite(s): N/A

Required Textbook(s) and Materials:

Web-text:

Central Ideas in American Government, Paris Jr. College 15th ed., by Soomo Learning, ISBN: 9781954890992

Note About Inclusive Access: Access to this web-text is included with course costs and fees.

Students who opt out of inclusive access will not have access to required materials. See page 7 of

this syllabus for more information.

Computer Requirement: In addition to the required web-text, students must have regular access to

a computer capable of supporting Blackboard Learn, the Respondus Lockdown Browser (with

webcam test monitoring), internet access, and common computer applications (e.g., Microsoft Word

and PowerPoint). Phones and tablets may not be compatible with Blackboard and should not be

solely relied upon to access course material.

IMPORTANT NOTE: This course is reading-intensive and may become overwhelming for students who

do not effectively manage their time, particularly within the accelerated 8-week format.

The course

material will be covered at a rapid pace. The risk of falling behind increases if effective time

management strategies are not used.

Page 2 of 9

Core Objectives and Student Learning Outcomes:

Interpreting Objectives and Planning for Success: The Texas Higher Education Coordinating

Board established the core objectives and learning outcomes of this course as requirements of the

Texas Core Curriculum. Competent demonstration of outcomes and objectives should be understood as minimum performance requirements. Students committed to success will complete all

readings, assignments, and exams on time to produce acceptable evidence that objectives and

outcomes have been met or exceeded.

Core Objectives:

Students completing this course will demonstrate competency in the following Core Objectives:

1) Critical Thinking Skills—to include creative thinking, innovation, inquiry, and analysis, evaluation, and synthesis of information.

2) Communication Skills—to include effective development, interpretation, and expression of

ideas through written, oral, and visual communication.

3) Personal Responsibility—to include the ability to connect choices, actions, and consequences

to ethical decision-making.

4) Social Responsibility—to include intercultural competence, knowledge of civic responsibility,

and the ability to engage effectively in regional, national, and global communities.

Government Student Learning Outcomes:

Upon successful completion of this course, students will:

1) Explain the origin and development of constitutional democracy in the United States.

2) Demonstrate knowledge of the federal system.

- 3) Describe the separation of powers and checks and balances in both theory and practice.**
- 4) Demonstrate knowledge of the legislative, executive, and judicial branches of the federal government.**
- 5) Evaluate the role of public opinion, interest groups, and political parties in the political system.**
- 6) Analyze the election process.**
- 7) Describe the rights and responsibilities of citizens.**
- 8) Analyze issues and policies in U.S. politics.**

Course Requirements and Evaluation:

- **General Course Design:** This course is organized into five modules consisting of the following assignments: a syllabus quiz, readings with embedded web-text activities (multiple choice questions, polls, and response boards embedded in, and completed through, the Soomo Learning web-text platform), homework assignments (1 per learning module), and two exams. Each assignment provides opportunities for the accumulation of points. Also, students can earn up to 50 points for accountability (see a description of accountability points below). Collectively, course assignments provide an opportunity to accumulate up to 1000 points. Students accumulating less than 600 points will receive a failing grade for the course.
- **Important first requirement for remaining in this course:** Before moving into any learning material, you must study this syllabus and complete the syllabus quiz. First, obtain a full understanding of the course and its requirements. After doing so, complete the syllabus quiz immediately to demonstrate and acknowledge an understanding of course requirements. The syllabus quiz is located in the “Syllabus Quiz/First Assignment” folder in Blackboard.
- o **Notice:** If you fail to attend class (or fail to complete the syllabus quiz for online only) before the official reporting date, you will be administratively withdrawn (Dropped!) from the course without exception.
- **Web-text Activities:** Web-text activities are multiple choice questions, polls, and response boards embedded in your web-text. Complete each web-text activity by the due date as you encounter it during your readings. You are required to complete all activities in each assigned chapter. Your scores on web-text activities result in a possible accumulation of 200 points toward your course total.
- **Homework Assignments:** You will complete five homework assignments, one per learning module. Homework assignments may be composed of fill-in-the-blank questions, matching questions, short essay responses, or class discussions. You will find detailed instructions for

homework assignments in each module. Each homework assignment is worth 50 points. The total value of the five homework assignments is 250 points.

- Exams: You will complete two exams, one midterm (Exam 1) and one final exam (Exam 2).

These exams will allow you to demonstrate knowledge, understanding, and higher-order thinking skills. Each exam is composed of 50 objective questions. Specific instructions and requirements for the exam are provided within the course. Exams allow you to earn up to 500 points toward your course total.

- Accountability Points: I have already awarded you 50 possible accountability points in the grade book. You will keep all 50 points by following all class policies, meeting all due dates, and regular attendance (or course access for online only). If you fail to follow policies, fail to meet assignment deadlines, miss class regularly, or fail to access the course online, accountability points will be deducted at my discretion. Failing to follow some class policies may require different or additional consequences.

Grading Criteria:

Final grades will be determined according to your total accumulation of points earned.

Point values can easily be converted to percentage points. For example, a student who accumulates 900 points at the end of the course has earned 90% of possible points. You will be able to monitor your points and

percentage progress by selecting “My Grades” in Blackboard:

Assignment Category by Points

Possible

Grading Scale

Total Points Possible = 1000

Exams 500 pts. 900 - 1000 A

HW Assignments 250 pts. 800 - 899 B

Web-text Activities 200 pts. 700 - 799 C

Accountability Points 50 pts. 600 - 699 D

Total 1000 pts. 0 - 599 F

Page 5 of 9

Course Policies:

- Requirement to submit coursework by the due date: Interpret each due date as the day an

assignment must be completed to receive full credit. Coursework not submitted by the due date

may receive zero points. Your instructor has the discretion to accept or reject late coursework

for any reason beyond those specified by Paris Junior College policy or state and federal law.

Unacceptable excuses for failure to submit assignments by the due date may include technical

difficulties and personal emergencies that occur near assignment due dates. Successful students will plan ahead and submit assignments within a timeframe that allows for adequate learning, preparation of assignments as instructed, and management of issues that may delay the proper submission of course work. If you feel you have a valid excuse for turning in an assignment late, promptly contact your instructor and explain the circumstances.

- Requirement to submit coursework online: All coursework must be submitted through the college's online learning management system, Blackboard, or the Soomo Learning's web-text platform as required, unless instructed otherwise through official course communications. The instructor will not accept assignments submitted through email without prior approval.
- Collaboration and Collusion: Students are encouraged to collaborate in learning with other students but strictly prohibited from colluding with others in completing assignments. Collaboration occurs when students share ideas, strategies, and understandings through discussion or study activities. Collusion occurs when students work with other people to complete quizzes, tests, or any other assignment with the knowledge that the coursework will be submitted for course credit. Among other deceitful practices outlined in the Student Handbook, collusion is a form of academic dishonesty that will be reported.
- Student/Instructor Communications: All students must regularly check for course communications within DragonMail, and Blackboard. You should feel comfortable contacting the instructor with any concerns or questions that may arise. Outside of face-to-face or telephone conversations (available during office hours or by appointment), email is the preferred mode of student/instructor communication. Email your instructor from your official PJC DragonMail account. Emails sent from private or high school issued email accounts may not receive an answer. Other acceptable modes of communication may include video conferencing sessions in Blackboard (available by request). Video conferencing will occur during office hours or by appointment. After sending electronic communications to the instructor, students should expect a response within 24 hours or the next business day. You should identify yourself using your full name (as listed in the course) and by identifying the course and section for which you are enrolled. Be as detailed as possible when describing your questions, and be sure that your question is not due to a lack of reading the course syllabus or assignment instructions.
- Important Notifications: Students must check course announcements regularly, as this method of communication will be used to dispense any important course notifications,

including alterations to this course. Additional requirements communicated through course messages or other official correspondence are amendments to this syllabus if specified to be so. Receipt of notifications by course announcement is assumed.

- Proctoring Requirements for Online Dual-credit Students: Dual-credit students taking an online version of this course will be required to abide by additional proctoring requirements imposed and administered by their high school. Dual-credit students with such requirements are responsible for supplying the dual-credit coordinator at their high school with a copy of this syllabus and scheduling proctored exams before the due date.
- The instructor may make alterations or amendments to this syllabus as needed.

Page 6 of 9

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work promptly and follow due dates. The student must initiate withdrawals. The last day for a student to withdraw from a course with a grade of “W” is Tuesday, November 25, 2025.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc., before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavors to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action, such as dismissal from the college. These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.

Social Science Department Artificial Intelligence Statement:

While AI tools are not prohibited by the Institution, improper use is highly discouraged by the Social Science Division and considered Academic Dishonesty if used on assignments,

activities, or exams where the instructor specifically stated they were not permitted. When authorized by instructors for specific assignments, students must cite any AI-generated material that informed their work (including in-text citations with quotations) to adhere to our scholarly values. Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as Academic Dishonesty.

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, state, and local laws, regulations, and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Page 7 of 9

Required Course Materials (Continued):

Inclusive Access: The required course materials for this class (textbook and all other digital learning tools) are being delivered digitally as part of the Dragon Now, PJC Inclusive Access

Program. PJC has partnered with the Follett Access Program and Soomo Learning via the PJC Bookstore to promote affordability.

This program provides instant, first-day access to your required course materials at a substantial discount. A course charge will automatically be billed to your student account for all required course materials, and you will NOT need to purchase the required course materials

separately. You are responsible for paying the charge applied to your student account. Please contact the PJC Business Office if you have questions about charges to your student account.

You may contact the Business Office at <https://www.parisjc.edu/main/business-office/Retrieving Your Access Code for the Required Textbook>

The required e-textbook for this course is Central Ideas in American Government (Soomo Learning, 15th ed.). This textbook is provided through Paris Junior College's Inclusive Access program and is available digitally in Blackboard.

To access your textbook:

- Go to the "My Materials" link on the Content Page in your Blackboard course.
- Find the required textbook listed in this syllabus and retrieve your access code.
- Select any Soomo Learning link in the course (for example, Chapter 1 in Module 1) and follow the activation instructions.

Important: Do not opt for a free trial of the textbook. Your Inclusive Access code is included with your course and must be used for full access.

Page 8 of 9

Official Student Email Policy

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence—including notices of academic status, financial aid, billing, registration, and campus alerts—will be sent to the student's PJC email account.

Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not

responsible for missed communications due to a student's failure to check their official email account.

Non-discrimination clause

Paris Junior College is an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, color, national origin, sex, religion, age, disability, or any other basis prohibited by law.

Paris Junior College prohibits discrimination, including harassment, against any student on the basis of sex or gender, race, color, national origin, disability, religion, age, or any other basis prohibited by law.

A lack of English language skills will not be a barrier to admission and participation in the career and technical education programs of Paris Junior College.

Retaliation against anyone involved in a complaint process is a violation of PJC policy and is prohibited.

Page 9 of 9

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC’s Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

Drop Policy

The student must notify the instructor if he/she desires to drop the course before the final date to drop. After the drop date, students may not drop. The final date for this semester is **November 12th**. The student has the responsibility to initiate a drop by requesting a withdrawal slip from the instructor. Failure to do so may result in a final grade of “F.”

Semester Schedule

WEEK	Assignments, Classroom lectures, etc.
1	➤ August 25th-Introduction and explanation of the course syllabi and course expectations ➤ August 27th-Chapter 1, The Founding and the Constitution
2	➤ September 1st-- Chapter 1, The Founding and the Constitution, Chapter 17, Data Investigation: The Land of the Free ➤ September 3th – Chapter 2, Federalism Chapter 16: Investigation: Passing the 19th Amendment
3	➤ September 8th-Chapter 3, Federalism, Chapter 18: Supreme Court Story Investigation: McCulloch v. Maryland ➤ September 10th- Chapter 3, Federalism
4	➤ September 15th- Chapter 3: Civil Libertie ➤ September 16th-Knowledge Check - 1 (PLO 3) due by 11:59pm vis Blackboard ➤ September 17th- Chapter 3: Civil Libertie, Chapter 20: Investigation: Free Speech for Students
5	➤ September 22nd-Chapter 5, Civil Rights, Chapter 22: Supreme Court Story Investigation: Brown v. Board ➤ September 24th- Chapter 5, Civil Rights, Chapter 21: Investigation: The Meaning of the Right to Privacy
6	

	September 28th- Knowledge Check - 2 (PLO 4) due by 11:59pm via Blackboard ➤ September 29th- Mid-Term Review ➤ October 1st- Mid-Term Exam
7	➤ October 6th - Chapter 5: Congress, Chapter 25: Data Investigation: Congress Divided ➤ October 8th - Chapter 6: The Presidency, Chapter 26: Investigation: The Broken Presidency

9	➤ October 20th- - Chapter 8: The Judiciary October 21st- Knowledge Check - 3 (PLO 2) due 11:59pm via Blackboard ➤ October 22nd- Chapter 9: Public Opinion
10	➤ October 27th- Chapter 10: The Media ➤ October 29th- Chapter 11: Voting and Political Participation
11	➤ November 3th- Chapter 12: Elections and Campaigns ➤ November 5th- Chapter 13: Political Parties, Chapter 41: Investigation: What Can Third Parties Do?
12	➤ November 10th- Chapter 14: Interest Groups November 11th- Knowledge Check - 4 (PLO 5) due 11:59pm via Blackboard ➤ November 12th- Chapter 13: Political Parties, Chapter 41: Investigation: What Can Third Parties Do?

13	➤ November 17th- Chapter 14: Interest Groups ➤ November 19th- Chapter 15: Public Policy, Chapter 45: Investigation: Foreign Policy in Two Conflicts
14	➤ November 24th- Thanksgiving Holiday ➤ November 26th- Thanksgiving Holiday
15	➤ December 1st- Chapter 15: Public Policy December 2nd-Knowledge Check - 5 (PLO 1) due 11:59pm via Blackboard ➤ December 3rd-Final Exam Review
16	➤ December 8th-Final Exam

GOVT 2305.10H0

Federal Government

Fall A 2026 (First 8-Week Term)

Instructor: Brandon Langehennig

Office: FGC A104D

Phone: (903) 782-0725

Email: blangehennig@parisjc.edu

Meeting Location: FGC 116A

Meeting Days: Monday / Wednesday

Meeting Times: 9:30 AM - 10:45 AM

Office Hours: Monday-Thursday 8:30-9:30 AM; 1:30-3:00 PM

Course Description:

Foundational Component Area: Government / Political Science

This course leads students through an analysis of the Constitution of the United States, the political and philosophical foundations of American government, government institutions, political behavior, and civic engagement. Topics of the course include the origin and development of the U.S. Constitution, structure and powers of the national government including the legislative, executive, and judicial branches, federalism, political participation, the national election process, public policy, civil liberties, and civil rights.

Credits: 3 SCH. Prerequisite(s): None. TSI Requirement: 351 R.

Required Textbook(s) and Materials:

Web-Text: Central Ideas in American Government, Paris Junior College 15th Edition - Soomo Learning.
ISBN: 9781954890992.

Inclusive Access

The required course materials for this class (the textbook and associated digital learning tools) are delivered through the PJC Inclusive Access Program. Through this program, students receive immediate first-day access to the required web-text at a discounted price through the campus bookstore.

The cost of the materials is automatically billed to the student account as a course charge, and students do not need to purchase the textbook separately. This ensures that all students have access to the required materials at the beginning of the term.

Students who choose to opt out of the Inclusive Access program will lose access to the required web-text and any associated learning tools used for course assignments. Because many assignments are completed within the web-text platform, opting out may prevent students from completing required coursework. Direct questions about Inclusive Access charges to the PJC Business Office or campus bookstore.

Computer Requirements

Students must have reliable access to:

- Blackboard Learn
- Respondus LockDown Browser (with webcam monitoring)
- Internet access
- Microsoft Word or equivalent software

Phones and tablets may not be fully compatible with Blackboard and should not be relied upon as the sole device for completing coursework.

Course Goals and Objectives:

Core Objectives

Students completing this course will demonstrate competency in the following core objectives:

- Critical Thinking Skills - analysis, evaluation, and synthesis of information.
- Communication Skills - effective development and expression of ideas through written, oral, and visual communication.
- Personal Responsibility - connecting choices, actions, and consequences to ethical decision-making.
- Social Responsibility - civic engagement and intercultural competence.

Government Student Learning Outcomes

Upon successful completion of this course, students will:

- Explain the origin and development of constitutional democracy in the United States.
- Demonstrate knowledge of the federal system.
- Describe the separation of powers and checks and balances in both theory and practice.
- Demonstrate knowledge of the legislative, executive, and judicial branches of the federal government.
- Evaluate the role of public opinion, interest groups, and political parties in the political system.
- Analyze the election process.
- Describe the rights and responsibilities of citizens.
- Analyze issues and policies in U.S. politics.

Course Requirements and Evaluation:

Method of Instruction / Course Delivery

This course is delivered in a hybrid format. Students meet in person during scheduled class sessions and also complete online coursework through Blackboard and the Soomo Learning web-text platform. Instruction includes lecture, discussion, assigned readings, and interactive activities embedded in the web-text.

Blackboard is used for course communication, Knowledge Checks, announcements, and grade reporting.

Students are expected to attend class regularly and complete all online assignments by the listed due dates.

This course is organized into five learning modules and includes the following graded components:

- Syllabus Quiz / First Assignment (required participation activity)
- Web-text Activities
- Knowledge Checks (5)
- Exams (2)
- Syllabus Quiz and Accountability Points

Students can earn up to 1000 total points.

Assignment Breakdown

Assignment Category	Points Possible
Exams	500
Knowledge Checks	250
Web-text Activities & Investigations	200
Syllabus Quiz (5) + Accountability Points (45)	50
Total	1000

Grading Scale

A	B	C	D	F
900-1000	800-899	700-799	600-699	0-599

Assignment Descriptions

Web-Text Activities & Investigations

Web-text activities include multiple-choice questions, polls, and responses embedded within the Soomo web-text. Students will also find Investigation links in each module folder in Blackboard. Investigations are part of the Web-text Activities grade. Total possible points: 200.

Knowledge Checks

Five Knowledge Checks are aligned with the five course modules and Government Student Learning Outcomes. Complete each Knowledge Check using only the provided Primary Source Packet. No outside reference materials, search engines, or AI tools may be used. Use of unauthorized resources constitutes academic dishonesty.

Each Knowledge Check: 50 points | Total: 250 points

Exams

Two objective exams assess comprehension and analysis.

Exam 1 (Midterm): 250 points. Exam 2 (Final): 250 points | Total: 500 points

Syllabus Quiz and Accountability Points

The required Syllabus Quiz / First Assignment is worth 5 points. Students begin the course with 45 accountability points, which may be deducted for missed deadlines, attendance issues, or failure to follow course policies. Total: 50 points.

Course Schedule/Weekly Lesson Plan:

Available	Modules & Readings	Assignments	Due Date
Aug 24	Syllabus Reading Complete immediately	Syllabus / First Assignment	Aug 30
Aug 24	Module 1 Topic: Foundations Readings: <i>Central Ideas in American Government</i> , Chapters 1-2	Web-text Activities & Investigations Knowledge Check 1	Sep 6
Aug 24	Module 2 Topic: Civil Liberties & Civil Rights Readings: <i>Central Ideas in American Government</i> , Chapters 3-4	Web-text Activities & Investigations Knowledge Check 2	Sep 13
Sep 21	Module 3 Topic: Institutions Readings: <i>Central Ideas in American Government</i> , Chapters 5-8	Web-text Activities & Investigations Knowledge Check 3	Sep 27
Sep 21	Module 4 Topic: Politics Readings: <i>Central Ideas in American Government</i> , Chapters 9-13	Web-text Activities & Investigations Knowledge Check 4	Oct 4
Sep 21	Module 5 Topic: Policy Readings: <i>Central Ideas in American Government</i> , Chapter 15	Web-text Activities & Investigations Knowledge Check 5	Oct 11

Exams	Description	Format	Date
Exam 1	Midterm - Objective Exam	In Class	Sep 16
Exam 2	Final - Objective Exam	In Class	Oct 14

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

For Fall A 2026, the Official Reporting Day is August 31. The First Assignment must therefore be completed by 11:59 p.m. on Sunday, August 30, 2026. The Syllabus Quiz / First Assignment is worth 5 points.

Course Policies:

The following course-specific policies supplement the college policies below.

Official Student Email Policy

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered.

Submission of Coursework

Submit assignments through Blackboard or the Soomo platform as required unless otherwise instructed. Late work, or work submitted incorrectly or by any other means, may receive reduced credit or zero credit at the instructor's discretion.

Collaboration vs. Collusion

Students are encouraged to collaborate in studying and discussing course material. However, collusion - working together on graded assignments meant to be completed individually - is strictly prohibited and considered academic dishonesty.

Course Communication

Students must regularly check Blackboard announcements and PJC email. Students may also send and receive course communications through Blackboard Course Messages, by telephone, and by text message to or from the instructor's office phone. Instructor responses to email are typically provided within 24 hours on business days.

Class Attendance:

Class attendance is critical to successfully completing this course. For online courses, students must complete work in a timely manner and follow due dates. Students must initiate withdrawals. The last day for a student to withdraw from a course with a grade of "W" is Thursday, October 1, 2026.

IMPORTANT: Students must participate in the course by the Official Reporting Day (ORD), August 31, 2026, to avoid being dropped for non-participation. Participation requires completing the required First Assignment or another meaningful course activity as directed.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, students are expected to engage in honest academic endeavor with the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such

activities as cheating on exams, plagiarism, or collusion with others will immediately receive a score of zero on the exam/assignment. Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Course-specific expectation: Knowledge Checks and exams are individual assessments. Students may not use unauthorized reference materials, search engines, AI tools, or assistance from another person when completing them. A violation will result in a zero on the affected assessment and may result in additional sanctions under this Academic Honesty policy.

Social Science Department AI Policy

Ethical Considerations and Consequences for Misuse

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of AI or other assignment-help tools will be handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific - approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- *Example of permitted use:* Using AI to brainstorm topic ideas, check grammar, or generate a practice outline - with instructor approval and proper citation.
- *Example of prohibited use:* Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Citation Requirements

When AI use is approved, you must cite it according to the citation style required for the course (APA, MLA, or Chicago, as specified by your instructor). This typically includes naming the AI tool used, the date accessed, and a brief description of how it was used (e.g., "ChatGPT was used to generate an initial outline, which was then revised independently"). Consult your instructor or the relevant style guide for the exact citation format.

Detection and Verification

The instructor and/or the college reserve the right to use AI-detection software or other means to verify the originality of submitted work. Students may also be asked to explain, defend, or reproduce their work (e.g., in a conference or oral discussion) to confirm authorship.

When in Doubt

If you are in doubt as to whether you are using AI appropriately in this course, it is your responsibility to discuss your situation with the instructor before submitting the assignment. Remember, AI can be a tool to support your learning in this course, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved, the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher).

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you return to your normal activities, take added precautions over the next five days, such as extra hygiene measures, wearing masks, and physical distancing, if possible, when you are around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made, students will be notified through Blackboard announcements and/or PJC student email.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

- Demonstrate knowledge of the legislative, executive, and judicial branches of the federal government.
- Evaluate the role of public opinion, interest groups, and political parties in the political system.
- Analyze the election process.
- Describe the rights and responsibilities of citizens.
- Analyze issues and policies in U.S. politics.

Course Requirements and Evaluation:

Method of Instruction / Course Delivery

This course is delivered fully online through Blackboard. Instruction is organized into learning modules that include assigned readings, instructional materials, and interactive activities embedded in the Soomo Learning webtext platform. Blackboard is used for course communication, assignment submission, course announcements, and grade reporting. Students are expected to engage with course materials regularly and complete all assignments by the listed due dates.

This course is organized into five learning modules and includes the following graded components:

- Syllabus Quiz / First Assignment (required participation activity)
- Web-text Activities
- Knowledge Checks (5)
- Exams (2)
- Syllabus Quiz and Accountability Points

Students can earn up to 1000 total points.

Assignment Breakdown

Assignment Category	Points Possible
Exams	500
Knowledge Checks	250
Web-text Activities & Investigations	200
Syllabus Quiz (5) + Accountability Points (45)	50
Total	1000

Grading Scale

A	B	C	D	F
900-1000	800-899	700-799	600-699	0-599

Assignment Descriptions

Web-Text Activities & Investigations

Web-text activities include multiple-choice questions, polls, and responses embedded within the Soomo web-text. Students will also find Investigation links in each module folder in Blackboard. Investigations are part of the Web-text Activities grade. Total possible points: 200.

Knowledge Checks

Five Knowledge Checks are aligned with the five course modules and Government Student Learning Outcomes. Complete each Knowledge Check using only the provided Primary Source Packet. No outside reference materials, search engines, or AI tools may be used. Use of unauthorized resources constitutes academic dishonesty.

Each Knowledge Check: 50 points | Total: 250 points

Exams

Two objective exams assess comprehension and analysis.

Exam 1 (Midterm): 250 points. Exam 2 (Final): 250 points | Total: 500 points

Syllabus Quiz and Accountability Points

The required Syllabus Quiz / First Assignment is worth 5 points. Students begin the course with 45 accountability points, which may be deducted for missed deadlines, attendance issues, or failure to follow course policies. Total: 50 points.

Course Schedule/Weekly Lesson Plan:

Available	Modules & Readings	Assignments	Due Date
Aug 24	Syllabus Reading Complete immediately	Syllabus / First Assignment	Aug 30
Aug 24	Module 1 Topic: Foundations Readings: <i>Central Ideas in American Government</i> , Chapters 1-2	Web-text Activities & Investigations Knowledge Check 1	Sep 6
Aug 24	Module 2 Topic: Civil Liberties & Civil Rights Readings: <i>Central Ideas in American Government</i> , Chapters 3-4	Web-text Activities & Investigations Knowledge Check 2	Sep 13
Sep 21	Module 3 Topic: Institutions Readings: <i>Central Ideas in American Government</i> , Chapters 5-8	Web-text Activities & Investigations Knowledge Check 3	Sep 27
Sep 21	Module 4 Topic: Politics Readings: <i>Central Ideas in American Government</i> , Chapters 9-13	Web-text Activities & Investigations Knowledge Check 4	Oct 4
Sep 21	Module 5 Topic: Policy Readings: <i>Central Ideas in American Government</i> , Chapter 15	Web-text Activities & Investigations Knowledge Check 5	Oct 11

Exams	Description	Format	Date
Exam 1	Midterm - Objective Exam	Online	Sep 15
Exam 2	Final - Objective Exam	Online	Oct 13

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

For Fall A 2026, the Official Reporting Day is August 31. The First Assignment must therefore be completed by 11:59 p.m. on Sunday, August 30, 2026. The Syllabus Quiz / First Assignment is worth 5 points.

Course Policies:

The following course-specific policies supplement the college policies below.

Official Student Email Policy

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered.

Submission of Coursework

Submit assignments through Blackboard or the Soomo platform as required unless otherwise instructed. Late work, or work submitted incorrectly or by any other means, may receive reduced credit or zero credit at the instructor's discretion.

Collaboration vs. Collusion

Students are encouraged to collaborate in studying and discussing course material. However, collusion - working together on graded assignments meant to be completed individually - is strictly prohibited and considered academic dishonesty.

Course Communication

Students must regularly check Blackboard announcements and PJC email. Students may also send and receive course communications through Blackboard Course Messages, by telephone, and by text message to or from the instructor's office phone. Instructor responses to email are typically provided within 24 hours on business days.

Class Attendance:

Class attendance is critical to successfully completing this course. For online courses, students must complete work in a timely manner and follow due dates. Students must initiate withdrawals. The last day for a student to withdraw from a course with a grade of "W" is Thursday, October 1, 2026.

IMPORTANT: Students must participate in the course by the Official Reporting Day (ORD), August 31, 2026, to avoid being dropped for non-participation. Participation requires completing the required First Assignment or another meaningful course activity as directed.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty

reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, students are expected to engage in honest academic endeavor with the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will immediately receive a score of zero on the exam/assignment. Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Course-specific expectation: Knowledge Checks and exams are individual assessments. Students may not use unauthorized reference materials, search engines, AI tools, or assistance from another person when completing them. A violation will result in a zero on the affected assessment and may result in additional sanctions under this Academic Honesty policy.

Social Science Department AI Policy

Ethical Considerations and Consequences for Misuse

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of AI or other assignment-help tools will be handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific - approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- *Example of permitted use:* Using AI to brainstorm topic ideas, check grammar, or generate a practice outline - with instructor approval and proper citation.
- *Example of prohibited use:* Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Citation Requirements

When AI use is approved, you must cite it according to the citation style required for the course (APA, MLA, or Chicago, as specified by your instructor). This typically includes naming the AI tool used, the date accessed, and a brief description of how it was used (e.g., "ChatGPT was used to generate an initial outline, which was then revised independently"). Consult your instructor or the relevant style guide for the exact citation format.

Detection and Verification

The instructor and/or the college reserve the right to use AI-detection software or other means to verify the originality of submitted work. Students may also be asked to explain, defend, or reproduce their work (e.g., in a conference or oral discussion) to confirm authorship.

When in Doubt

If you are in doubt as to whether you are using AI appropriately in this course, it is your responsibility to discuss your situation with the instructor before submitting the assignment. Remember, AI can be a tool to support your learning in this course, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved, the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher).

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you return to your normal activities, take added precautions over the next five days, such as extra hygiene measures, wearing masks, and physical distancing, if possible, when you are around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made, students will be notified through Blackboard announcements and/or PJC student email.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

GOVT 2305.20E1

Federal Government

Fall A 2026 (First 8-Week Term)

Instructor: Ken Hanushek

Meeting Location: Online

Office: FCG A104F

Meeting Days: Online

Phone: (903) 782-0767

Meeting Times: Online

Email: khanushek@parisjc.edu

Office Hours: MTWR 8:30-10:30; 1:30-2:30; other times by appointment

Course Description:

Foundational Component Area: Government / Political Science

This course leads students through an analysis of the Constitution of the United States, the political and philosophical foundations of American government, government institutions, political behavior, and civic engagement. Topics of the course include the origin and development of the U.S. Constitution, structure and powers of the national government including the legislative, executive, and judicial branches, federalism, political participation, the national election process, public policy, civil liberties, and civil rights.

Credits: 3 SCH. Prerequisite(s): None. TSI Requirement: 351 R.

Required Textbook(s) and Materials:

Web-Text: Central Ideas in American Government, Paris Junior College 15th Edition - Soomo Learning.
ISBN: 9781954890992.

Inclusive Access

The required course materials for this class (the textbook and associated digital learning tools) are delivered through the PJC Inclusive Access Program. Through this program, students receive immediate first-day access to the required web-text at a discounted price through the campus bookstore.

The cost of the materials is automatically billed to the student account as a course charge, and students do not need to purchase the textbook separately. This ensures that all students have access to the required materials at the beginning of the term.

Students who choose to opt out of the Inclusive Access program will lose access to the required web-text and any associated learning tools used for course assignments. Because many assignments are completed within the web-text platform, opting out may prevent students from completing required coursework. Direct questions about Inclusive Access charges to the PJC Business Office or campus bookstore.

Computer Requirements

Students must have reliable access to:

- Blackboard Learn
- Respondus LockDown Browser (with webcam monitoring)
- Internet access
- Microsoft Word or equivalent software

Phones and tablets may not be fully compatible with Blackboard and should not be relied upon as the sole device for completing coursework.

Course Goals and Objectives:

Core Objectives

Students completing this course will demonstrate competency in the following core objectives:

- Critical Thinking Skills - analysis, evaluation, and synthesis of information.
- Communication Skills - effective development and expression of ideas through written, oral, and visual communication.
- Personal Responsibility - connecting choices, actions, and consequences to ethical decision-making.
- Social Responsibility - civic engagement and intercultural competence.

Government Student Learning Outcomes

Upon successful completion of this course, students will:

- Explain the origin and development of constitutional democracy in the United States.
- Demonstrate knowledge of the federal system.
- Describe the separation of powers and checks and balances in both theory and practice.
- Demonstrate knowledge of the legislative, executive, and judicial branches of the federal government.
- Evaluate the role of public opinion, interest groups, and political parties in the political system.
- Analyze the election process.
- Describe the rights and responsibilities of citizens.
- Analyze issues and policies in U.S. politics.

Oct 19	Module 5 Topic: Policy Readings: <i>Central Ideas in American Government</i> , Chapter 15	Web-text Activities & Investigations Knowledge Check 5	Dec 6

Exams	Description	Format	Date
Exam 1	Midterm - Objective Exam	Online	Oct 13
Exam 2	Final - Objective Exam	Online	Dec 8

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

For Fall 2026, the Official Reporting Day is September 9. The First Assignment must therefore be completed by 11:59 p.m. on Tuesday, September 8, 2026. The Syllabus Quiz / First Assignment is worth 5 points.

Course Policies:

The following course-specific policies supplement the college policies below.

Official Student Email Policy

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered.

Submission of Coursework

Submit assignments through Blackboard or the Soomo platform as required unless otherwise instructed. Late work, or work submitted incorrectly or by any other means, may receive reduced credit or zero credit at the instructor's discretion.

Collaboration vs. Collusion

Students are encouraged to collaborate in studying and discussing course material. However, collusion - working together on graded assignments meant to be completed individually - is strictly prohibited and considered academic dishonesty.

Course Communication

Students must regularly check Blackboard announcements and PJC email. Students may also send and receive course communications through Blackboard Course Messages, by telephone, and by text message to or from the instructor's office phone. Instructor responses to email are typically provided within 24 hours on business days.

Class Attendance:

Class attendance is critical to successfully completing this course. For online courses, students must complete work in a timely manner and follow due dates. Students must initiate withdrawals. The last day for a student to withdraw from a course with a grade of "W" is Thursday, November 12, 2026.

IMPORTANT: Students must participate in the course by the Official Reporting Day (ORD), September 9, 2026, to avoid being dropped for non-participation. Participation requires completing the required First Assignment or another meaningful course activity as directed.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, students are expected to engage in honest academic endeavor with the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such

activities as cheating on exams, plagiarism, or collusion with others will immediately receive a score of zero on the exam/assignment. Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Course-specific expectation: Knowledge Checks and exams are individual assessments. Students may not use unauthorized reference materials, search engines, AI tools, or assistance from another person when completing them. A violation will result in a zero on the affected assessment and may result in additional sanctions under this Academic Honesty policy.

Social Science Department AI Policy

Ethical Considerations and Consequences for Misuse

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of AI or other assignment-help tools will be handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific - approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- *Example of permitted use:* Using AI to brainstorm topic ideas, check grammar, or generate a practice outline - with instructor approval and proper citation.
- *Example of prohibited use:* Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Citation Requirements

When AI use is approved, you must cite it according to the citation style required for the course (APA, MLA, or Chicago, as specified by your instructor). This typically includes naming the AI tool used, the date accessed, and a brief description of how it was used (e.g., "ChatGPT was used to generate an initial outline, which was then revised independently"). Consult your instructor or the relevant style guide for the exact citation format.

Detection and Verification

The instructor and/or the college reserve the right to use AI-detection software or other means to verify the originality of submitted work. Students may also be asked to explain, defend, or reproduce their work (e.g., in a conference or oral discussion) to confirm authorship.

When in Doubt

If you are in doubt as to whether you are using AI appropriately in this course, it is your responsibility to discuss your situation with the instructor before submitting the assignment. Remember, AI can be a tool to support your learning in this course, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved, the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher).

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you return to your normal activities, take added precautions over the next five days, such as extra hygiene measures, wearing masks, and physical distancing, if possible, when you are around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made, students will be notified through Blackboard announcements and/or PJC student email.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

GOVT 2305.80A0

Federal Government

Fall 2026 (Regular 16-Week Semester)

Instructor: Norma Wright

Meeting Location: Online

Office: LCR 120

Meeting Days: Online

Phone: (903) 782-00401

Meeting Times: Online

Email: nwright@parisjc.edu

Office Hours: Monday-Thursday 8:00 am-5:00 PM; Friday 8:00 PM -12:00 PM

Course Description:

Foundational Component Area: Government / Political Science

This course leads students through an analysis of the Constitution of the United States, the political and philosophical foundations of American government, government institutions, political behavior, and civic engagement. Topics of the course include the origin and development of the U.S. Constitution, structure and powers of the national government including the legislative, executive, and judicial branches, federalism, political participation, the national election process, public policy, civil liberties, and civil rights.

Credits: 3 SCH. Prerequisite(s): None. TSI Requirement: 351 R.

Required Textbook(s) and Materials:

Web-Text: Central Ideas in American Government, Paris Junior College 15th Edition - Soomo Learning.
ISBN: 9781954890992.

Inclusive Access

The required course materials for this class (the textbook and associated digital learning tools) are delivered through the PJC Inclusive Access Program. Through this program, students receive immediate first-day access to the required web-text at a discounted price through the campus bookstore.

The cost of the materials is automatically billed to the student account as a course charge, and students do not need to purchase the textbook separately. This ensures that all students have access to the required materials at the beginning of the term.

Students who choose to opt out of the Inclusive Access program will lose access to the required web-text and any associated learning tools used for course assignments. Because many assignments are completed within the web-text platform, opting out may prevent students from completing required coursework. Direct questions about Inclusive Access charges to the PJC Business Office or campus bookstore.

Computer Requirements

Students must have reliable access to:

- Blackboard Learn
- Respondus LockDown Browser (with webcam monitoring)
- Internet access
- Microsoft Word or equivalent software

Phones and tablets may not be fully compatible with Blackboard and should not be relied upon as the sole device for completing coursework.

Course Goals and Objectives:

Core Objectives

Students completing this course will demonstrate competency in the following core objectives:

- Critical Thinking Skills - analysis, evaluation, and synthesis of information.
- Communication Skills - effective development and expression of ideas through written, oral, and visual communication.
- Personal Responsibility - connecting choices, actions, and consequences to ethical decision-making.
- Social Responsibility - civic engagement and intercultural competence.

Government Student Learning Outcomes

Upon successful completion of this course, students will:

- Explain the origin and development of constitutional democracy in the United States.
- Demonstrate knowledge of the federal system.
- Describe the separation of powers and checks and balances in both theory and practice.
- Demonstrate knowledge of the legislative, executive, and judicial branches of the federal government.
- Evaluate the role of public opinion, interest groups, and political parties in the political system.
- Analyze the election process.
- Describe the rights and responsibilities of citizens.
- Analyze issues and policies in U.S. politics.

Course Requirements and Evaluation:

Method of Instruction / Course Delivery

This course is delivered fully online through Blackboard. Instruction is organized into learning modules that include assigned readings, instructional materials, and interactive activities embedded in the Soomo Learning webtext platform. Blackboard is used for course communication, assignment submission, course announcements, and grade reporting. Students are expected to engage with course materials regularly and complete all assignments by the listed due dates.

This course is organized into five learning modules and includes the following graded components:

- Syllabus Quiz / First Assignment (required participation activity)
- Web-text Activities
- Knowledge Checks (5)
- Exams (2)
- Syllabus Quiz and Accountability Points

Students can earn up to 1000 total points.

Assignment Breakdown

Assignment Category	Points Possible
Exams	500
Knowledge Checks	250
Web-text Activities & Investigations	200
Syllabus Quiz (5) + Accountability Points (45)	50
Total	1000

Grading Scale

A	B	C	D	F
900-1000	800-899	700-799	600-699	0-599

Assignment Descriptions

Web-Text Activities & Investigations

Web-text activities include multiple-choice questions, polls, and responses embedded within the Soomo web-text. Students will also find Investigation links in each module folder in Blackboard. Investigations are part of the Web-text Activities grade. Total possible points: 200.

Knowledge Checks

Five Knowledge Checks are aligned with the five course modules and Government Student Learning Outcomes. Complete each Knowledge Check using only the provided Primary Source Packet. No outside reference materials, search engines, or AI tools may be used. Use of unauthorized resources constitutes academic dishonesty.

Each Knowledge Check: 50 points | Total: 250 points

Exams

Two objective exams assess comprehension and analysis.

Exam 1 (Midterm): 250 points. Exam 2 (Final): 250 points | Total: 500 points

Syllabus Quiz and Accountability Points

The required Syllabus Quiz / First Assignment is worth 5 points. Students begin the course with 45 accountability points, which may be deducted for missed deadlines, attendance issues, or failure to follow course policies. Total: 50 points.

Course Schedule/Weekly Lesson Plan:

Exams	Description	Format	Date
Exam 1	Midterm - Objective Exam	In Class	Sep 17
Exam 2	Final - Objective Exam	In Class	Oct 15

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

For Fall A 2026, the Official Reporting Day is August 31. The First Assignment must therefore be completed by 11:59 p.m. on Sunday, August 30, 2026. The Syllabus Quiz / First Assignment is worth 5 points.

Course Policies:

The following course-specific policies supplement the college policies below.

Official Student Email Policy

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered.

Submission of Coursework

Submit assignments through Blackboard or the Soomo platform as required unless otherwise instructed. Late work, or work submitted incorrectly or by any other means, may receive reduced credit or zero credit at the instructor's discretion.

Collaboration vs. Collusion

Students are encouraged to collaborate in studying and discussing course material. However, collusion - working together on graded assignments meant to be completed individually - is strictly prohibited and considered academic dishonesty.

Course Communication

Students must regularly check Blackboard announcements and PJC email. Students may also send and receive course communications through Blackboard Course Messages, by telephone, and by text message to or from the instructor's office phone. Instructor responses to email are typically provided within 24 hours on business days.

Class Attendance:

Class attendance is critical to successfully completing this course. For online courses, students must complete work in a timely manner and follow due dates. Students must initiate withdrawals. The last day for a student to withdraw from a course with a grade of "W" is Thursday, October 1, 2026.

IMPORTANT: Students must participate in the course by the Official Reporting Day (ORD), August 31, 2026, to avoid being dropped for non-participation. Participation requires completing the required First Assignment or another meaningful course activity as directed.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, students are expected to engage in honest academic endeavor with the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will immediately receive a score of zero on the exam/assignment. Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the

appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Course-specific expectation: Knowledge Checks and exams are individual assessments. Students may not use unauthorized reference materials, search engines, AI tools, or assistance from another person when completing them. A violation will result in a zero on the affected assessment and may result in additional sanctions under this Academic Honesty policy.

Social Science Department AI Policy

Ethical Considerations and Consequences for Misuse

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of AI or other assignment-help tools will be handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific - approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- *Example of permitted use:* Using AI to brainstorm topic ideas, check grammar, or generate a practice outline - with instructor approval and proper citation.
- *Example of prohibited use:* Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Citation Requirements

When AI use is approved, you must cite it according to the citation style required for the course (APA, MLA, or Chicago, as specified by your instructor). This typically includes naming the AI tool used, the date accessed, and a brief description of how it was used (e.g., "ChatGPT was used to generate an initial outline, which was then revised independently"). Consult your instructor or the relevant style guide for the exact citation format.

Detection and Verification

The instructor and/or the college reserve the right to use AI-detection software or other means to verify the originality of submitted work. Students may also be asked to explain, defend, or reproduce their work (e.g., in a conference or oral discussion) to confirm authorship.

When in Doubt

If you are in doubt as to whether you are using AI appropriately in this course, it is your responsibility to discuss your situation with the instructor before submitting the assignment. Remember, AI can be a tool to support your learning in this course, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved, the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher).

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you return to your normal activities, take added precautions over the next five days, such as extra hygiene measures, wearing masks, and physical distancing, if possible, when you are around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made, students will be notified through Blackboard announcements and/or PJC student email.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

GOVT 2306.20E0

Texas Government

Fall A 2026 (First 8-Week Term)

Instructor: Brandon Langehennig

Meeting Location: Online

Office: FGC A104D

Meeting Days: Online

Phone: (903) 782-0725

Meeting Times: Online

Email: blangehennig@parisjc.edu

Office Hours: Monday-Thursday 8:30-9:30 AM; 1:30-3:00 PM

Course Description:

Foundational Component Area: Government / Political Science

This course leads students through an analysis of the Texas Constitution and the politics and people of the state, including contemporary challenges that Texans must confront through civic engagement, effective leadership, and policy development. Topics include the origin and development of the Texas Constitution, political institutions of state and local government, federalism and intergovernmental relations, political participation, the election process, public policy, and the political culture of Texas.

Credits: 3 SCH. Prerequisite(s): None. TSI Requirement: 351 R.

Required Textbook(s) and Materials:

Web-Text: Texas Politics, Paris Junior College 12th Edition - Soomo Learning. ISBN: 9781963859003.

Inclusive Access

The required course materials for this class (the textbook and associated digital learning tools) are delivered through the PJC Inclusive Access Program. Through this program, students receive immediate first-day access to the required web-text at a discounted price through the campus bookstore.

The cost of the materials is automatically billed to the student account as a course charge, and students do not need to purchase the textbook separately. This ensures that all students have access to the required materials at the beginning of the term.

Students who choose to opt out of the Inclusive Access program will lose access to the required web-text and any associated learning tools used for course assignments. Because many assignments are completed within the web-text platform, opting out may prevent students from completing required coursework. Direct questions about Inclusive Access charges to the PJC Business Office or campus bookstore.

Computer Requirements

Students must have reliable access to:

- Blackboard Learn
- Respondus LockDown Browser (with webcam monitoring)
- Internet access
- Microsoft Word or equivalent software

Phones and tablets may not be fully compatible with Blackboard and should not be relied upon as the sole device for completing coursework.

Course Goals and Objectives:

Core Objectives

Students completing this course will demonstrate competency in the following core objectives:

- Critical Thinking Skills - analysis, evaluation, and synthesis of information.
- Communication Skills - effective development and expression of ideas through written, oral, and visual communication.
- Personal Responsibility - connecting choices, actions, and consequences to ethical decision-making.
- Social Responsibility - civic engagement and intercultural competence.

Government Student Learning Outcomes

Upon successful completion of this course, students will:

- Explain the origin and development of the Texas Constitution.
- Describe state and local political systems and their relationship with the federal government.
- Describe separation of powers and checks and balances in Texas government.
- Demonstrate knowledge of the legislative, executive, and judicial branches of Texas government.
- Evaluate the role of public opinion, interest groups, and political parties in Texas.
- Analyze the state and local election process.
- Identify the rights and responsibilities of citizens.
- Analyze issues, policies, and the political culture of Texas.

Course Requirements and Evaluation:

Method of Instruction / Course Delivery

This course is delivered fully online through Blackboard. Instruction is organized into learning modules that include assigned readings, instructional materials, and interactive activities embedded in the Soomo Learning webtext platform. Blackboard is used for course communication, assignment submission, course announcements, and grade reporting. Students are expected to engage with course materials regularly and complete all assignments by the listed due dates.

This course is organized into five learning modules and includes the following graded components:

- Syllabus Quiz / First Assignment (required participation activity)
- Web-text Activities
- Knowledge Checks (5)
- Exams (2)
- Syllabus Quiz and Accountability Points

Students can earn up to 1000 total points.

Assignment Breakdown

Assignment Category	Points Possible
Exams	500
Knowledge Checks	250
Web-text Activities	200
Syllabus Quiz (5) + Accountability Points (45)	50
Total	1000

Grading Scale

A	B	C	D	F
900-1000	800-899	700-799	600-699	0-599

Assignment Descriptions

Web-Text Activities

Activities embedded within the Soomo web-text include multiple-choice questions, polls, and responses. Total possible points: 200.

Knowledge Checks

Five Knowledge Checks are aligned with the five course modules and Government Student Learning Outcomes. Complete each Knowledge Check using only the provided Primary Source Packet. No outside reference materials, search engines, or AI tools may be used. Use of unauthorized resources constitutes academic dishonesty.

Each Knowledge Check: 50 points | Total: 250 points

Exams

Two objective exams assess comprehension and analysis.

Exam 1 (Midterm): 250 points. Exam 2 (Final): 250 points | Total: 500 points

Syllabus Quiz and Accountability Points

The required Syllabus Quiz / First Assignment is worth 5 points. Students begin the course with 45 accountability points, which may be deducted for missed deadlines, attendance issues, or failure to follow course policies. Total: 50 points.

Course Schedule/Weekly Lesson Plan:

Available	Modules & Readings	Assignments	Due Date
Aug 24	Syllabus Reading Complete immediately	Syllabus / First Assignment	Aug 30
Aug 24	Module 1 Topic: Political Culture and People of Texas Readings: <i>Texas Politics</i> , Chapter 1	Web-text Activities Knowledge Check 1	Sep 6
Aug 24	Module 2 Topic: Texas Constitutions and Federalism Readings: <i>Texas Politics</i> , Chapters 2-3	Web-text Activities Knowledge Check 2	Sep 13
Sep 21	Module 3 Topic: Institutions of Texas Government Readings: <i>Texas Politics</i> , Chapters 4-9	Web-text Activities Knowledge Check 3	Sep 27
Sep 21	Module 4 Topic: Texas Politics Readings: <i>Texas Politics</i> , Chapters 10-12	Web-text Activities Knowledge Check 4	Oct 4
Sep 21	Module 5 Topic: Public Policy in Texas Readings: <i>Texas Politics</i> , Chapters 13-14	Web-text Activities Knowledge Check 5	Oct 11

Exams	Description	Format	Date
Exam 1	Midterm - Objective Exam	Online	Sep 20
Exam 2	Final - Objective Exam	Online	Oct 13

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

For Fall A 2026, the Official Reporting Day is August 31. The First Assignment must therefore be completed by 11:59 p.m. on Sunday, August 30, 2026. The Syllabus Quiz / First Assignment is worth 5 points.

Course Policies:

The following course-specific policies supplement the college policies below.

Official Student Email Policy

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered.

Submission of Coursework

Submit assignments through Blackboard or the Soomo platform as required unless otherwise instructed. Late work, or work submitted incorrectly or by any other means, may receive reduced credit or zero credit at the instructor's discretion.

Collaboration vs. Collusion

Students are encouraged to collaborate in studying and discussing course material. However, collusion - working together on graded assignments meant to be completed individually - is strictly prohibited and considered academic dishonesty.

Course Communication

Students must regularly check Blackboard announcements and PJC email. Students may also send and receive course communications through Blackboard Course Messages, by telephone, and by text message to or from the instructor's office phone. Instructor responses to email are typically provided within 24 hours on business days.

Class Attendance:

Class attendance is critical to successfully completing this course. For online courses, students must complete work in a timely manner and follow due dates. Students must initiate withdrawals. The last day for a student to withdraw from a course with a grade of "W" is Thursday, October 1, 2026.

IMPORTANT: Students must participate in the course by the Official Reporting Day (ORD), August 31, 2026, to avoid being dropped for non-participation. Participation requires completing the required First Assignment or another meaningful course activity as directed.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, students are expected to engage in honest academic endeavor with the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such

activities as cheating on exams, plagiarism, or collusion with others will immediately receive a score of zero on the exam/assignment. Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Course-specific expectation: Knowledge Checks and exams are individual assessments. Students may not use unauthorized reference materials, search engines, AI tools, or assistance from another person when completing them. A violation will result in a zero on the affected assessment and may result in additional sanctions under this Academic Honesty policy.

Social Science Department AI Policy

Ethical Considerations and Consequences for Misuse

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of AI or other assignment-help tools will be handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific - approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- *Example of permitted use:* Using AI to brainstorm topic ideas, check grammar, or generate a practice outline - with instructor approval and proper citation.
- *Example of prohibited use:* Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Citation Requirements

When AI use is approved, you must cite it according to the citation style required for the course (APA, MLA, or Chicago, as specified by your instructor). This typically includes naming the AI tool used, the date accessed, and a brief description of how it was used (e.g., "ChatGPT was used to generate an initial outline, which was then revised independently"). Consult your instructor or the relevant style guide for the exact citation format.

Detection and Verification

The instructor and/or the college reserve the right to use AI-detection software or other means to verify the originality of submitted work. Students may also be asked to explain, defend, or reproduce their work (e.g., in a conference or oral discussion) to confirm authorship.

When in Doubt

If you are in doubt as to whether you are using AI appropriately in this course, it is your responsibility to discuss your situation with the instructor before submitting the assignment. Remember, AI can be a tool to support your learning in this course, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved, the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Course-specific expectation: Knowledge Checks and exams are individual assessments. Students may not use unauthorized reference materials, search engines, AI tools, or assistance from another person when completing them. A violation will result in a zero on the affected assessment and may result in additional sanctions under this Academic Honesty policy.

Social Science Department AI Policy

Ethical Considerations and Consequences for Misuse

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of AI or other assignment-help tools will be handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific - approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- *Example of permitted use:* Using AI to brainstorm topic ideas, check grammar, or generate a practice outline - with instructor approval and proper citation.
- *Example of prohibited use:* Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Citation Requirements

When AI use is approved, you must cite it according to the citation style required for the course (APA, MLA, or Chicago, as specified by your instructor). This typically includes naming the AI tool used, the date accessed, and a brief description of how it was used (e.g., "ChatGPT was used to generate an initial outline, which was then revised independently"). Consult your instructor or the relevant style guide for the exact citation format.

Detection and Verification

The instructor and/or the college reserve the right to use AI-detection software or other means to verify the originality of submitted work. Students may also be asked to explain, defend, or reproduce their work (e.g., in a conference or oral discussion) to confirm authorship.

When in Doubt

If you are in doubt as to whether you are using AI appropriately in this course, it is your responsibility to discuss your situation with the instructor before submitting the assignment. Remember, AI can be a tool to support your learning in this course, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved, the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher).

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you return to your normal activities, take added precautions over the next five days, such as extra hygiene measures, wearing masks, and physical distancing, if possible, when you are around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made, students will be notified through Blackboard announcements and/or PJC student email.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

GOVT 2306.91A0

Texas Government

Fall 2026 (Regular 16-Week Semester)

Instructor: Dottie Ulrich

Meeting Location: RCHS CCA 205

Office: RCHS CCA 205

Meeting Days: Monday-Friday

Phone: 972-636-9991

Meeting Times: See RCHS Schedule

Email: dottie.ulrich@rcisd.org

Office Hours: Wednesday Morning and Afternoon

Course Description:

Foundational Component Area: Government / Political Science

This course leads students through an analysis of the Texas Constitution and the politics and people of the state, including contemporary challenges that Texans must confront through civic engagement, effective leadership, and policy development. Topics include the origin and development of the Texas Constitution, political institutions of state and local government, federalism and intergovernmental relations, political participation, the election process, public policy, and the political culture of Texas.

Credits: 3 SCH. Prerequisite(s): None. TSI Requirement: 351 R.

Required Textbook(s) and Materials:

Web-Text: Texas Politics, Paris Junior College 12th Edition - Soomo Learning. ISBN: 9781963859003.

Inclusive Access

The required course materials for this class (the textbook and associated digital learning tools) are delivered through the PJC Inclusive Access Program. Through this program, students receive immediate first-day access to the required web-text at a discounted price through the campus bookstore.

The cost of the materials is automatically billed to the student account as a course charge, and students do not need to purchase the textbook separately. This ensures that all students have access to the required materials at the beginning of the term.

Students who choose to opt out of the Inclusive Access program will lose access to the required web-text and any associated learning tools used for course assignments. Because many assignments are completed within the web-text platform, opting out may prevent students from completing required coursework. Direct questions about Inclusive Access charges to the PJC Business Office or campus bookstore.

Computer Requirements

Students must have reliable access to:

- Blackboard Learn
- Respondus LockDown Browser (with webcam monitoring)
- Internet access
- Google Classroom
- Microsoft Word or equivalent software

Phones and tablets may not be fully compatible with Blackboard and should not be relied upon as the sole device for completing coursework.

Course Goals and Objectives:

Core Objectives

Students completing this course will demonstrate competency in the following core objectives:

- Critical Thinking Skills - analysis, evaluation, and synthesis of information.
- Communication Skills - effective development and expression of ideas through written, oral, and visual communication.
- Personal Responsibility - connecting choices, actions, and consequences to ethical decision-making.
- Social Responsibility - civic engagement and intercultural competence.

Government Student Learning Outcomes

Upon successful completion of this course, students will:

- Explain the origin and development of the Texas Constitution.
- Describe state and local political systems and their relationship with the federal government.
- Describe separation of powers and checks and balances in Texas government.
- Demonstrate knowledge of the legislative, executive, and judicial branches of Texas government.
- Evaluate the role of public opinion, interest groups, and political parties in Texas.
- Analyze the state and local election process.
- Identify the rights and responsibilities of citizens.
- Analyze issues, policies, and the political culture of Texas.

Course Requirements and Evaluation:

Method of Instruction / Course Delivery

This course is delivered in person. Instruction is organized into learning modules that include assigned readings, instructional materials, and interactive activities embedded in the Soomo Learning webtext platform. Blackboard is used for course communication, assignment submission, course announcements, and grade reporting. Google Classroom will be used for course communication, assignment submission, course announcements as appropriate.

Students are expected to engage with course materials regularly and complete all assignments by the listed due dates.

This course is organized into five learning modules and includes the following graded components:

- Syllabus Quiz / First Assignment (required participation activity)
- Knowledge Checks (5) and Web-text Activities as designed by the university
- Current Event Assignments (13)
- Activity Assignments (4)
- Exams (4)
- Discussion Assignments (7)

Assignment Breakdown

Assignment Category	Weight
Current Event Assignments and Knowledge Checks	20%
Activity and Discussion Assignments	30%
Exams	50%
Total	100%

Grading Scale

A	B	C	D	F
90-100	80-89	70-79	60-69	0-59

Assignment Descriptions

Current Event Assignments and Knowledge Checks

- Each week, students will complete a current event assignment that connects with unit content. The format, related support materials, and rubric will be provided in Google Classroom.
 - The dates and times for these assignments are on the course outline calendar and in Google Classroom. **Late assignments will not be accepted.**
- Five Knowledge Checks are aligned with the five course modules and Government Student Learning Outcomes. Complete each Knowledge Check using only the provided Primary Source Packet. No outside reference materials, search engines, or AI tools may be used. Use of unauthorized resources constitutes academic dishonesty.

Total weight: 20%

Activity and Discussion Assignments

- Four assignments aligned with the course. Students will complete writing assignments in which they will analyze issues, policies and political culture of the United States, evaluate the role of public opinion, interest groups, and political parties, and describe state and local political systems.
 - Students will produce written, oral, and/or visual evidence of knowledge of course material. Assignment descriptions as well as rubrics and citation requirements will be provided in Google Classroom.
 - These assignments will vary in terms of format, however, they could include: brief simulations, responding to prompts, or over provided videos, news stories, and unit content. The amount of time per activity will vary depending on the type. The dates and times for these assignments on the course outline calendar and in Google Classroom. **Late assignments will not be accepted.**
- Discussions will be completed every two weeks and will be driven by warm up and closing tasks. The seven discussions will be scored as two assignment grades.

Total Weight: 30%

Exams

Four objective exams assessing comprehension and analysis.

Exam	Description	Percentage of overall category
Exam 1	Unit 1 Exam	12.5%
Exam 2	Unit 2 Exam	12.5%
Exam 3	Unit 3 Exam	12.5%
Final Exam	Cumulative-Units 1-4	12.5%
	Total	50%

Course Schedule/Weekly Lesson Plan:

Knowledge Check dates will be added when available from PJC.

Week of	Week	<i>Texas Politics Webtext</i> Chapter and Topic	Graded Assignment
8/17	Week 1	Ch 1 Political Culture	Current Event #1 Regions Poster Activity
8/24	Week 2	Ch 1 Political Culture Ch 2 Texas Constitution	Current Event #2 Discussion #1

Exam 1	Unit 1 Exam	Week 6-9/21

Exam	Description	Expected Week-not exact date
Exam 2	Unit 2 Exam	Week 8-10/19
Exam 3	Unit 3 Exam	Week13-11/10
Final Exam	Cumulative-Units 1-4	Week 15-12/7

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

For Fall 2026, the Official Reporting Day is September 9. The First Assignment must therefore be completed by 11:59 p.m. on Tuesday, September 8, 2026.

Course Policies:

The following course-specific policies supplement the college policies below.

Official Student Email Policy

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. Students are responsible for regularly checking their PJC and Bulldog email and maintaining access. Communications sent to the PJC and Bulldog email address will be considered delivered.

Submission of Coursework

Submit assignments through Google Classroom, Blackboard or the Soomo platform as required unless otherwise instructed. Late work, or work submitted incorrectly or by any other means, will receive zero credit per RCHS program guidelines.

Collaboration vs. Collusion

Students are encouraged to collaborate in studying and discussing course material. However, collusion - working together on graded assignments meant to be completed individually - is strictly prohibited and considered academic dishonesty.

Course Communication

Students must regularly check Google Classroom and Blackboard announcements and PJC email. Students may also send and receive course communications through Blackboard Course Messages, by telephone, and by text message to or from the instructor's office phone. Instructor responses to email are **typically provided within 24 hours on business days**.

Class Attendance:

Class attendance is critical to successfully completing this course. Students must complete work in a timely manner and follow due dates. Students must initiate withdrawals. The last day for a student to withdraw from a course with a grade of **"W"** is **Thursday, November 12, 2026**.

IMPORTANT: Students must participate in the course by the Official Reporting Day (ORD), September 9, 2026, to avoid being dropped for non-participation. Participation requires completing the required First Assignment or another meaningful course activity as directed.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, students are expected to engage in honest academic endeavor with the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will immediately receive a score of zero on the exam/assignment. Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Course-specific expectation: Knowledge Checks and exams are individual assessments. Students may not use unauthorized reference materials, search engines, AI tools, or assistance from another person when completing them. A violation will result in a zero on the affected assessment and may result in additional sanctions under this Academic Honesty policy.

Social Science Department AI Policy

Ethical Considerations and Consequences for Misuse

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of AI or other assignment-help tools will be handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific - approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- *Example of permitted use:* Using AI to brainstorm topic ideas, check grammar, or generate a practice outline - with instructor approval and proper citation.
- *Example of prohibited use:* Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Citation Requirements

When AI use is approved, you must cite it according to the citation style required for the course (APA, MLA, or Chicago, as specified by your instructor). This typically includes naming the AI tool used, the date accessed, and a brief description of how it was used (e.g., "ChatGPT was used to generate an initial outline, which was then revised independently"). Consult your instructor or the relevant style guide for the exact citation format.

Detection and Verification

The instructor and/or the college reserve the right to use AI-detection software or other means to verify the originality of submitted work. Students may also be asked to explain, defend, or reproduce their work (e.g., in a conference or oral discussion) to confirm authorship.

When in Doubt

If you are in doubt as to whether you are using AI appropriately in this course, it is your responsibility to discuss your situation with the instructor before submitting the assignment. Remember, AI can be a tool to support your learning in this course, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved, the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher).

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you return to your normal activities, take added precautions over the next five days, such as extra hygiene measures, wearing masks, and physical distancing, if possible, when you are around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made, students will be notified through Google Classroom, Blackboard announcements and/or PJC student email.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

HART 1301 10B0
BASIC ELECTRICITY FOR HVAC
FALL 2026

Instructor: Gary Boyett
Office: WTC 1052
Phone: 903-782-0347
Email: gboyett@parisjc.edu
Office Hours: 7:30 – 8:00 a.m, 2:30 - 4:30 p.m. MTWR
Or by appointment

Meeting Location: WTC 906
Meeting Days: MTWR
Meeting Times: 8 a.m. to 12:00

Course Description:

Principles of electricity as required by HVAC, including proper use of test equipment, electrical circuits, and component theory and operation.

Credits:
SCH = 3.2.4
TSI Requirement: N/A
Prerequisite(s): N/A

Note: ACGM courses typically require TSI compliance or waiver.
Associate's degree and level 2 certificates require TSI to be fulfilled before degree conferral.

Required Textbook(s) and Materials:

Title	Refrigeration and Air Conditioning Technology, 8th Edition
Author	Bill Whitman; Bill Johnson; John Tomczyk; Eugene Silberstein
ISBN	978-1-305-57829-6
Publisher	Delmar Cengage Learning
Publication Date	January 1, 2016

Title	Lab Manual for Tomczyk/Silberstein/ Whitman/Johnson's Refrigeration and Air Conditioning Technology, 8th Edition (MUST BE NEW)
Author	John Tomczyk; Eugene Silberstein; Bill Whitman; Bill Johnson
ISBN	978-1-305-57870-8
Publisher	Delmar Cengage Learning
Publication Date	February 26, 2016

Course Goals and Objectives:

Demonstrate knowledge of basic principles of electricity, electrical current, circuitry, and air conditioning devices; apply Ohm's law to electrical calculations; perform electrical continuity, voltage, and current tests with appropriate meters; and demonstrate electrical safety.

Course Requirements and Evaluation:

Blackboard tests and assignments, including Final 25%

Classroom participation 25%

Lab Projects 50%

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

THE IMPORTANCE OF YOUR LAB GRADE CANNOT BE STRESSED ENOUGH AS THIS IS A TECHNICAL COURSE. YOUR LAB GRADE IS THE BEST MEASURE OF FIELD PERFORMANCE.

some of the areas that you will be graded on in the lab are safety, attitude, cleanliness, care of tools, following instruction, team work, initiative, lab projects and the amount of time absent.

the grading symbols used are a.b.c.d.f.w.x. lab activities may use unsatisfactory, satisfactory, good, excellent.

Course Policies

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is OCTOBER 1st.

BEING LATE AND LEAVING THE CLASSROOM OR LABORATORY WITHOUT PERMISSION THREE (3) TIMES WILL COUNT AS ONE (1) ABSENCE. EXCESSIVE ABSENCE WILL BE REFLECTED IN YOUR GRADES OR COULD LEAD TO YOUR BEING DROPPED FROM THE COURSE.

Class Conduct:

Please turn off or silence and put away all cell phones, iPads, headphones, earbuds, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others

will be referred to the Vice President of Student Access and Success for disciplinary action such as dismissal from the college. ***These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.***

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

SUBJECT: ATTENDANCE POLICY

Being late and leaving the classroom or laboratory without permission three (3) times will count as one (1) absence. Excessive absence will be reflected in your grades or could lead to your being dropped from the course.

The importance of your lab grade cannot be stressed enough as this is a technical course. Your lab grade is the best measure of field performance.

Some of the areas that you will be graded on in the lab are safety, attitude, cleanliness, care of tools, following instruction, team work, initiative, lab projects and the amount of time absent.

The grading symbols used are a,b,c,d,f,w,x. lab activities may use unsatisfactory, satisfactory, good, excellent.

SUBJECT: TOOL ROOM

Tools and materials are provided for the student to work with in our lab. however, we cannot provide enough tools for every student. It may be necessary for students to share tools at various times. please be courteous to each in sharing resources.

An important responsibility of each student is to help maintain our tools and instruments. please use the right tool for the job and do not abuse tools. Each student is expected to take care of the tools checked out to him.

It is also very important to conserve materials. do not be wasteful. you are learning to be a professional technician. professionals do not waste materials. **FAILURE TO OBSERVE TOOL ROOM RULES CAN RESULT IN THE LOWERING OF YOUR LAB GRADE.**

SCHEDULED BREAKS:

BREAKS ARE AT THE DISCRETION OF THE INSTRUCTOR. Students may leave the air conditioning and refrigeration building only for breaks.

TESTS:

Tests must be taken on the day scheduled by the instructor. no student will be allowed to make up a test without a written doctor's excuse or proof of a death in the family. If you know that you must be out on a test date you should make arrangements to take the test on an earlier date.

SUBJECT: GENERAL POLICY

NO SLEEPING IN CLASS OR LAB: Sleeping during lecture time will not be tolerated. Sleeping when you are supposed to be working in the lab will not be tolerated. **STUDENTS IN VIOLATION OF THIS RULE WILL BE GIVEN A ZERO FOR THE DAY. NO EXCEPTIONS.**

SEXUAL HARASSMENT:

Sexual harassment is verbal or physical conduct that denigrates or shows hostility or aversion toward an employee, student, or group of employees or students because of his or her gender that: has the purpose or effect of creating an intimidating, hostile, or offensive working or academic environment, has the purpose or effect of unreasonably interfering with an individual's performance of duties or studies, or otherwise adversely affects an individual's employment or academic opportunities. harassing conduct includes (1) epithets, slurs, negative stereotyping, or threatening, intimidating, or hostile acts that relate to gender and (2) written or graphic material that denigrates or shows hostility or aversion toward an individual or group because of gender and that is placed on walls, bulletin boards, or elsewhere on PJC premises, or is circulated in the workplace. students shall not engage in conduct constituting sexual harassment of other students or instructors.

MINOR CHILDREN ON CAMPUS:

For safety reasons, minor children are not allowed in the lab or the classrooms while student parents are attending classes. Minor children who are visiting the campus with parents conducting college business must be under the direct supervision and control of their parents or guardians at all times.

PERSONAL BUSINESS:

Students should arrange to take care of personal business, doctor's appointments, etc. outside of school hours.

HORSEPLAY:

Horseplay will not be tolerated as it can result in serious injury to yourself and others. Use common sense in these matters.

SAFETY:

Follow all safety rules and instructions. Take care of yourself and others.

PROFESSIONAL CONDUCT:

All students are expected to behave in a mature and professional manner you are training to work in a professional and demanding career. Let's not lose sight of this.

SMOKING:

Is not permitted anywhere inside or outside the building. Students are permitted to leave the workforce technology building to smoke only during scheduled breaks.

SPITTING, DIPPING, AND CHEWING:

PJC is a smoke free and tobacco free campus. Smoking is only permitted in designated areas. No smoking, dipping, or spitting is allowed inside the building. Snacks and drinks will be allowed as long as trash is not left in the classrooms or shop.

FIGHTING, ALCOHOL, ILLEGAL DRUGS:

Fighting or threatening will not be tolerated. alcohol and illegal drug use or being under the influence of these while on campus is forbidden.

CLEAN UP: There will be a clean up period at the end of each day. Each student is responsible for helping keep the classrooms and the lab clean.

FAILURE OR REFUSAL TO CLEAN UP WILL RESULT IN THE LOSS OF LAB CREDIT FOR THAT DAY.

RESPONSIBILITY:

It is the student's responsibility to know and follow all rules, to be aware of and make all test dates and to complete all assigned work on time.

NOTICE: CRIMINAL BACKGROUND -

For students in this course who may have a criminal background, please be advised that the background could keep you from being licensed by the state of Texas. If you have a question about our background and licensure, please speak with your faculty member. You also have the right to request a criminal history evaluation letter from the applicable licensing agency.

NOTICE: CAMPUS CARRY OF CONCEALED HANDGUNS -

"Pursuant to section 30.06, penal code (trespass by license holder with a concealed handgun), a person licensed under subchapter H, chapter 411, government code (handgun licensing law), may not enter this property with a concealed handgun".

Carrying of concealed handguns anywhere within the confines of the heating, air conditioning, and refrigeration department is prohibited. **(PLEASE BE AWARE OF THE SIGNS THAT ARE POSTED AT EACH ENTRANCE.)**

Artificial Intelligence (AI) Tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. HART 1301 40B00
BASIC ELECTRICITY FOR HVAC
Fall 2026

Instructor: Dusty Hines

Office: GV A116

Phone: 903-259-5909

Email: dhines@parisjc.edu

Office Hours: 7:30 – 8:00 a.m., 9:00 – 11:30, 5:30 – 6:00 p.m. MTWR

Or by appointment

Meeting Location: GV A-116

Meeting Days: MTWR

Meeting Times: 6:00 pm to 10:00

Course Description:

Principles of electricity as required by HVAC, including proper use of test equipment, electrical circuits, and component theory and operation.

Credits:

SCH = 3.2.4

TSI Requirement: N/A

Prerequisite(s): N/A

Note: ACGM courses typically require TSI compliance or waiver.

Associate's degree and level 2 certificates require TSI to be fulfilled before degree conferral.

Required Textbook(s) and Materials:

Title **Refrigeration and Air Conditioning Technology, 8th Edition**

Author Bill Whitman; Bill Johnson; John Tomczyk; Eugene Silberstein

ISBN 978-1-305-57829-6

Publisher Delmar Cengage Learning

Publication Date January 1, 2016

Title **Lab Manual for Tomczyk/Silberstein/ Whitman/Johnson's Refrigeration and Air Conditioning Technology, 8th Edition (MUST BE NEW)**

Author John Tomczyk; Eugene Silberstein; Bill Whitman; Bill Johnson

ISBN 978-1-305-57870-8

Publisher Delmar Cengage Learning

Publication Date February 26, 2016

Course Goals and Objectives:

Demonstrate knowledge of basic principles of electricity, electrical current, circuitry, and air conditioning devices; apply Ohm's law to electrical calculations; perform electrical continuity, voltage, and current tests with appropriate meters; and demonstrate electrical safety.

Course Requirements and Evaluation:

Blackboard tests and assignments, including Final 25%

Classroom participation 25%

Lab Projects 50%

THE IMPORTANCE OF YOUR LAB GRADE CANNOT BE STRESSED ENOUGH AS THIS IS A TECHNICAL COURSE. YOUR LAB GRADE IS THE BEST MEASURE OF FIELD PERFORMANCE.

SOME OF THE AREAS THAT YOU WILL BE GRADED ON IN THE LAB ARE SAFETY, ATTITUDE, CLEANLINESS, CARE OF TOOLS, FOLLOWING INSTRUCTION, TEAM WORK, INITIATIVE, LAB PROJECTS AND THE AMOUNT OF TIME ABSENT.

THE GRADING SYMBOLS USED ARE A,B,C,D,F,W,X. LAB ACTIVITIES MAY USE UNSATISFACTORY, SATISFACTORY, GOOD, EXCELLENT.

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Course Policies**Class Attendance:**

Being late and leaving the classroom or laboratory without permission three (3) times will count as one (1) absence. Excessive absence will be reflected in your grades or could lead to your being dropped from the course.

Class attendance is critical for the successful completion of this course. *For the online portion of this course, students must complete work in a timely manner and follow due dates.*

Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is OCTOBER 1st.

Class Conduct:

Please turn off or silence and put away all cell phones, iPads, headphones, earbuds, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action such as dismissal from the college. *These students will immediately receive a score of zero on*

the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

SUBJECT: ATTENDANCE POLICY

Being late and leaving the classroom or laboratory without permission three (3) times will count as one (1) absence. Excessive absence will be reflected in your grades or could lead to your being dropped from the course.

The importance of your lab grade cannot be stressed enough as this is a technical course. Your lab grade is the best measure of field performance.

some of the areas that you will be graded on in the lab are safety, attitude, cleanliness, care of tools, following instruction, team work, initiative, lab projects and the amount of time absent.

the grading symbols used are a.b.c.d.f.w.x. lab activities may use unsatisfactory, satisfactory, good, excellent.

SUBJECT: TOOL ROOM

Tools and materials are provided for the student to work with in our lab. However, we cannot provide enough tools for every student. It may be necessary for students to share tools at various times. Please be courteous to each in sharing resources.

An important responsibility of each student is to help maintain our tools and instruments. Please use the right tool for the job and do not abuse tools. Each student is expected to take care of the tools checked out to him.

It is also very important to conserve materials. Do not be wasteful. You are learning to be a professional technician. Professionals do not waste materials. **FAILURE TO OBSERVE TOOL ROOM RULES CAN RESULT IN THE LOWERING OF YOUR LAB GRADE.**

SCHEDULED BREAKS:

BREAKS ARE AT THE DISCRETION OF THE INSTRUCTOR. Students may leave the air conditioning and refrigeration building only for breaks.

TESTS:

Tests must be taken on the day scheduled by the instructor. No student will be allowed to make up a test without a written doctor's excuse or proof of a death in the family. If you know that you must be out on a test date you should make arrangements to take the test on an earlier date.

SUBJECT: GENERAL POLICY

NO SLEEPING IN CLASS OR LAB: Sleeping during lecture time will not be tolerated. Sleeping when you are supposed to be working in the lab will not be tolerated. **STUDENTS IN VIOLATION OF THIS RULE WILL BE GIVEN A ZERO FOR THE DAY. NO EXCEPTIONS.**

SEXUAL HARASSMENT:

Sexual harassment is verbal or physical conduct that denigrates or shows hostility or aversion toward an employee, student, or group of employees or students because of his or her gender that: Has the purpose or effect of creating an intimidating, hostile, or offensive working or academic environment, has the purpose or effect of unreasonably interfering with an individual's performance of duties or studies, or otherwise adversely affects an individual's employment or academic opportunities. harassing conduct includes (1) epithets, slurs, negative stereotyping, or threatening, intimidating, or hostile acts that relate to gender and (2) written or graphic material that denigrates or shows hostility or aversion toward an individual or group because of gender and that is placed on walls, bulletin boards, or elsewhere on PJC premises, or is circulated in the workplace. Students shall not engage in conduct constituting sexual harassment of other students or instructors.

MINOR CHILDREN ON CAMPUS:

For safety reasons, minor children are not allowed in the lab or the classrooms while student parents are attending classes. Minor children who are visiting the campus with parents conducting college business must be under the direct supervision and control of their parents or guardians at all times.

PERSONAL BUSINESS:

Students should arrange to take care of personal business, doctor's appointments, etc. outside of school hours.

HORSEPLAY:

Horseplay will not be tolerated as it can result in serious injury to yourself and others. Use common sense in these matters.

SAFETY:

Follow all safety rules and instructions. Take care of yourself and others.

PROFESSIONAL CONDUCT:

All students are expected to behave in a mature and professional manner you are training to work in a professional and demanding career. Let's not lose sight of this.

SMOKING:

Is not permitted anywhere inside or outside the building. Students are permitted to leave the workforce technology building to smoke only during scheduled breaks.

SPITTING, DIPPING, AND CHEWING:

PJC is a smoke free and tobacco free campus. Smoking is only permitted in designated areas. No smoking, dipping, or spitting is allowed inside the building. Snacks and drinks will be allowed as long as trash is not left in the classrooms or shop.

FIGHTING, ALCOHOL, ILLEGAL DRUGS:

Fighting or threatening will not be tolerated. Alcohol and illegal drug use or being under the influence of these while on campus is forbidden.

CLEAN UP:

There will be a clean up period at the end of each day. Each student is responsible for helping keep the classrooms and the lab clean.

FAILURE OR REFUSAL TO CLEAN UP WILL RESULT IN THE LOSS OF LAB CREDIT FOR THAT DAY.

RESPONSIBILITY:

It is the student's responsibility to know and follow all rules, to be aware of and make all test dates and to complete all assigned work on time.

NOTICE: CRIMINAL BACKGROUND

For students in this course who may have a criminal background, please be advised that the background could keep you from being licensed by the state of Texas. If you have a question about our background and licensure, please speak with your faculty member. You also have the right to request a criminal history evaluation letter from the applicable licensing agency.

NOTICE: CAMPUS CARRY OF CONCEALED HANDGUNS

"Pursuant to section 30.06, penal code (trespass by license holder with a concealed handgun), a person licensed under subchapter h, chapter 411, government code (handgun licensing law), may not enter this property with a concealed handgun".

carrying of concealed handguns anywhere within the confines of the heating, air conditioning, and refrigeration department is prohibited. **(PLEASE BE AWARE OF THE SIGNS THAT ARE POSTED AT EACH ENTRANCE.)**

Artificial Intelligence (AI):

AI tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable

accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the Instructor during normal class times.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the

community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

HART 1303- 10B0
Air Conditioning Control Principles
Fall 2026

Instructor: Gary Boyett
Office: WTC 1056
Phone: 903-782-0347
Email: gboyett@parisjc.edu
Office Hours: 7:30 – 8:00 a.m. - 12:30-4:30 p.m. MTWR
Or by appointment

Meeting Location: WTC 906
Meeting Days: MTWR
Meeting Times: 8 a.m. to 12:00

Course Description:

Principles of electricity as required by HVAC, including proper use of test equipment, electrical circuits, and component theory and operation.

Credits:
SCH = 3.2.4
TSI Requirement: N/A
Prerequisite(s): N/A

Note: ACGM courses typically require TSI compliance or waiver.
Associate's degree and level 2 certificates require TSI to be fulfilled before degree conferral.

Required Textbook(s) and Materials:

Title	Refrigeration and Air Conditioning Technology, 8th Edition
Author	Bill Whitman; Bill Johnson; John Tomczyk; Eugene Silberstein
ISBN	978-1-305-57829-6
Publisher	Delmar Cengage Learning
Publication Date	January 1, 2016

Title	Lab Manual for Tomczyk/Silberstein/ Whitman/Johnson's Refrigeration and Air Conditioning Technology, 8th Edition (MUST BE NEW)
Author	John Tomczyk; Eugene Silberstein; Bill Whitman; Bill Johnson
ISBN	978-1-305-57870-8
Publisher	Delmar Cengage Learning
Publication Date	February 26, 2016

Course Goals and Objectives:

Test, repair, and/or replace HVAC-related electrical and control components, wiring and equipment; read, draw, and interpret high and low voltage control circuits.

Course Requirements and Evaluation:

Blackboard tests and assignments, including Final 25%
Classroom participation 25%
Lab Projects 50%

THE IMPORTANCE OF YOUR LAB GRADE CANNOT BE STRESSED ENOUGH AS THIS IS A TECHNICAL COURSE. YOUR LAB GRADE IS THE BEST MEASURE OF FIELD PERFORMANCE.

SOME OF THE AREAS THAT YOU WILL BE GRADED ON IN THE LAB ARE SAFETY, ATTITUDE, CLEANLINESS, CARE OF TOOLS, FOLLOWING INSTRUCTION, TEAM WORK, INITIATIVE, LAB PROJECTS AND THE AMOUNT OF TIME ABSENT.

THE GRADING SYMBOLS USED ARE A,B,C,D,F,W,X. LAB ACTIVITIES MAY USE UNSATISFACTORY, SATISFACTORY, GOOD, EXCELLENT.

Course Policies:

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **OCTOBER 1st**.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. Before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment** in depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

SUBJECT: ATTENDANCE POLICY

Being late and leaving the classroom or laboratory without permission three (3) times will count as one (1) absence. Excessive absence will be reflected in your grades or could lead to your being dropped from the course.

The importance of your lab grade cannot be stressed enough as this is a technical course. Your lab grade is the best measure of field performance.

some of the areas that you will be graded on in the lab are safety, attitude, cleanliness, care of tools, following instruction, team work, initiative, lab projects and the amount of time absent.

the grading symbols used are a.b.c.d.f.w.x. lab activities may use unsatisfactory, satisfactory, good, excellent.

SUBJECT: TOOL ROOM

Tools and materials are provided for the student to work with in our lab. However, we cannot provide enough tools for every student. It may be necessary for students to share tools at various times. Please be courteous to each in sharing resources.

An important responsibility of each student is to help maintain our tools and instruments. Please use the right tool for the job and do not abuse tools. Each student is expected to take care of the tools checked out to him.

It is also very important to conserve materials. Do not be wasteful. You are learning to be a professional technician. Professionals do not waste materials. **FAILURE TO OBSERVE TOOL ROOM RULES CAN RESULT IN THE LOWERING OF YOUR LAB GRADE.**

SCHEDULED BREAKS:

BREAKS ARE AT THE DISCRETION OF THE INSTRUCTOR. Students may leave the air conditioning and refrigeration building only for breaks.

TESTS:

Tests must be taken on the day scheduled by the instructor. No student will be allowed to make up a test without a written doctor's excuse or proof of a death in the family. If you know that you must be out on a test date you should make arrangements to take the test on an earlier date.

SUBJECT: GENERAL POLICY

NO SLEEPING IN CLASS OR LAB: Sleeping during lecture time will not be tolerated. Sleeping when you are supposed to be working in the lab will not be tolerated. **STUDENTS IN VIOLATION OF THIS RULE WILL BE GIVEN A ZERO FOR THE DAY. NO EXCEPTIONS.**

SEXUAL HARASSMENT:

Sexual harassment is verbal or physical conduct that denigrates or shows hostility or aversion toward an employee, student, or group of employees or students because of his or her gender

that: Has the purpose or effect of creating an intimidating, hostile, or offensive working or academic environment, has the purpose or effect of unreasonably interfering with an individual's performance of duties or studies, or otherwise adversely affects an individual's employment or academic opportunities. harassing conduct includes (1) epithets, slurs, negative stereotyping, or threatening, intimidating, or hostile acts that relate to gender and (2) written or graphic material that denigrates or shows hostility or aversion toward an individual or group because of gender and that is placed on walls, bulletin boards, or elsewhere on PJC premises, or is circulated in the workplace. Students shall not engage in conduct constituting sexual harassment of other students or instructors.

MINOR CHILDREN ON CAMPUS:

For safety reasons, minor children are not allowed in the lab or the classrooms while student parents are attending classes. Minor children who are visiting the campus with parents conducting college business must be under the direct supervision and control of their parents or guardians at all times.

PERSONAL BUSINESS:

Students should arrange to take care of personal business, doctor's appointments, etc. outside of school hours.

HORSEPLAY:

Horseplay will not be tolerated as it can result in serious injury to yourself and others. Use common sense in these matters.

SAFETY:

Follow all safety rules and instructions. Take care of yourself and others.

PROFESSIONAL CONDUCT:

All students are expected to behave in a mature and professional manner you are training to work in a professional and demanding career. Let's not lose sight of this.

SMOKING:

Is not permitted anywhere inside or outside the building. Students are permitted to leave the workforce technology building to smoke only during scheduled breaks.

SPITTING, DIPPING, AND CHEWING:

PJC is a smoke free and tobacco free campus. Smoking is only permitted in designated areas. No smoking, dipping, or spitting is allowed inside the building. Snacks and drinks will be allowed as long as trash is not left in the classrooms or shop.

FIGHTING, ALCOHOL, ILLEGAL DRUGS:

Fighting or threatening will not be tolerated. Alcohol and illegal drug use or being under the influence of these while on campus is forbidden.

CLEAN UP:

There will be a clean up period at the end of each day. Each student is responsible for helping keep the classrooms and the lab clean.

FAILURE OR REFUSAL TO CLEAN UP WILL RESULT IN THE LOSS OF LAB CREDIT FOR THAT DAY.

RESPONSIBILITY:

It is the student's responsibility to know and follow all rules, to be aware of and make all test dates and to complete all assigned work on time.

NOTICE: CRIMINAL BACKGROUND

For students in this course who may have a criminal background, please be advised that the background could keep you from being licensed by the state of Texas. If you have a question about our background and licensure, please speak with your faculty member. You also have the right to request a criminal history evaluation letter from the applicable licensing agency.

NOTICE: CAMPUS CARRY OF CONCEALED HANDGUNS

"Pursuant to section 30.06, penal code (trespass by license holder with a concealed handgun), a person licensed under subchapter h, chapter 411, government code (handgun licensing law), may not enter this property with a concealed handgun".

carrying of concealed handguns anywhere within the confines of the heating, air conditioning, and refrigeration department is prohibited. **(PLEASE BE AWARE OF THE SIGNS THAT ARE POSTED AT EACH ENTRANCE.)**

Artificial Intelligence (AI):

AI tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the Instructor during normal class times.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

Course Schedule:

DAY	Text	LAB	Outside Reading/Writing Assignments
1	INTRODUCTION		
2	13.1	Cutting, swaging, flaring, soldering of steel tubing. Economical planning and use of copper and silver solder. Process tube adapter kit and leak checking with solution.	Read Unit 13/Take Chapter 13 Quiz Using Lab Book
3		Cutting, swaging, flaring, soldering of steel tubing. Economical planning and use of copper and silver solder. Process tube adapter kit and leak checking with solution.	Read Unit 13/Take Chapter 13 Quiz Using Lab Book
4	13.2	Use of flare and compression fittings. Use of pinch-off tool to seal system with pressure on it.	Read Unit 13/Take Chapter 13 Quiz Using Lab Book
5		Use of flare and compression fittings. Use of pinch-off tool to seal system with pressure on it.	Read Unit 13/Take Chapter 13 Quiz Using Lab Book
6	13.3	Practice safe use of voltmeter and ammeter to take electrical measurements with voltage on.	Read Unit 13/Take Chapter 13 Quiz Using Lab Book
7		Practice safe use of voltmeter and ammeter to take electrical measurements with voltage on.	Read Unit 13/Take Chapter 13 Quiz Using Lab Book
8	13.4	Practice wiring capacitors and potential relays; wiring PSC motors.	Read Unit 13/Take Chapter 13 Quiz Using Lab Book
9		Practice wiring capacitors and potential relays; wiring PSC motors.	Read Unit 13/Take Chapter 13 Quiz Using Lab Book

10	13.5	Practice checking three-phase motors; wiring three-phase motors; reversing three-phase motors.	Read Unit 13/Take Chapter 13 Quiz Using Lab Book
11		Practice checking three-phase motors; wiring three-phase motors; reversing three-phase motors.	Read Unit 13/Take Chapter 13 Quiz Using Lab Book
12	13.6	Practice wiring simple gas and electric furnaces.	Read Unit 13/Take Chapter 13 Quiz Using Lab Book
13		Practice wiring simple gas and electric furnaces.	Read Unit 13/Take Chapter 13 Quiz Using Lab Book
14	TEST CH 13	Practice wire basic control board. Practice adjusting temperature and pressure switches as assigned.	Read Unit 13/Ch 13 Quiz Using Lab Book/Ch13 Test Using Blackboard
15		Practice wire basic control board. Practice adjusting temperature and pressure switches as assigned.	Read Unit 14/Take Chapter 14 Quiz Using Lab Book

16	14.1-14.3	Practice wire basic control board. Practice adjusting temperature and pressure switches as assigned.	Read Unit 14/Take Chapter 14 Quiz Using Lab Book
17		Practice adjust electrical and electromechanical controls on lab training units as assigned.	Read Unit 14/Take Chapter 14 Quiz Using Lab Book
18	14.4-14.6	Practice adjust electrical and electromechanical controls on lab training units as assigned.	Read Unit 14/Take Chapter 14 Quiz Using Lab Book
19		Practice wiring, troubleshooting and adjusting overloads and other electrical and temperature safety devices on training units as assigned.	Read Unit 14/Take Chapter 14 Quiz Using Lab Book
20	14.4-14.6	Practice wiring, troubleshooting and adjusting overloads and other electrical and temperature safety devices on training units as assigned.	Read Unit 14/Take Chapter 14 Quiz Using Lab Book
21		Practice wiring, troubleshooting and adjusting oil failure control on training units as assigned.	Read Unit 14/Take Chapter 14 Quiz Using Lab Book
22	14.10-14.12	Practice drawing schematic symbols and schematics of specific units assigned.	Read Unit 14/Take Chapter 14 Quiz Using Lab Book
26	14.13-14.16	Practice drawing schematic symbols and schematics of specific units assigned.	Read Unit 14/Take Chapter 14 Quiz Using Lab Book
27	14.17-14.19	Practice control wiring on training units assigned.	Read Unit 14/Take Chapter 14 Quiz Using Lab Book
28	TEST CH 14	Practice using schematics to wire high voltage control circuits as assigned.	Read Unit 14/Ch 14 Quiz Using Lab Book/Ch14 Test Using Blackboard

Course Schedule:

DAY	Text	LAB	Outside Reading/Writing Assignments
1	INTRODUCTION		
2	13.1	Cutting, swaging, flaring, soldering of steel tubing. Economical planning and use of copper and silver solder. Process tube adapter kit and leak checking with solution.	Read Unit 13/Take Chapter 13 Quiz Using Lab Book
3		Cutting, swaging, flaring, soldering of steel tubing. Economical planning and use of copper and silver solder. Process tube adapter kit and leak checking with solution.	Read Unit 13/Take Chapter 13 Quiz Using Lab Book
4	13.2	Use of flare and compression fittings. Use of pinch-off tool to seal system with pressure on it.	Read Unit 13/Take Chapter 13 Quiz Using Lab Book
5		Use of flare and compression fittings. Use of pinch-off tool to seal system with pressure on it.	Read Unit 13/Take Chapter 13 Quiz Using Lab Book
6	13.3	Practice safe use of voltmeter and ammeter to take electrical measurements with voltage on.	Read Unit 13/Take Chapter 13 Quiz Using Lab Book

7		Practice safe use of voltmeter and ammeter to take electrical measurements with voltage on.	Read Unit 13/Take Chapter 13 Quiz Using Lab Book
8	13.4	Practice wiring capacitors and potential relays; wiring PSC motors.	Read Unit 13/Take Chapter 13 Quiz Using Lab Book
9		Practice wiring capacitors and potential relays; wiring PSC motors.	Read Unit 13/Take Chapter 13 Quiz Using Lab Book
10	13.5	Practice checking three-phase motors; wiring three-phase motors; reversing three-phase motors.	Read Unit 13/Take Chapter 13 Quiz Using Lab Book
11		Practice checking three-phase motors; wiring three-phase motors; reversing three-phase motors.	Read Unit 13/Take Chapter 13 Quiz Using Lab Book
12	13.6	Practice wiring simple gas and electric furnaces.	Read Unit 13/Take Chapter 13 Quiz Using Lab Book
13		Practice wiring simple gas and electric furnaces.	Read Unit 13/Take Chapter 13 Quiz Using Lab Book
14	TEST CH 13	Practice wire basic control board. Practice adjusting temperature and pressure switches as assigned.	Read Unit 13/Ch 13 Quiz Using Lab Book/Ch13 Test Using Blackboard
15		Practice wire basic control board. Practice adjusting temperature and pressure switches as assigned.	Read Unit 14/Take Chapter 14 Quiz Using Lab Book

16	14.1-14.3	Practice wire basic control board. Practice adjusting temperature and pressure switches as assigned.	Read Unit 14/Take Chapter 14 Quiz Using Lab Book
17		Practice adjust electrical and electromechanical controls on lab training units as assigned.	Read Unit 14/Take Chapter 14 Quiz Using Lab Book
18	14.4-14.6	Practice adjust electrical and electromechanical controls on lab training units as assigned.	Read Unit 14/Take Chapter 14 Quiz Using Lab Book
19		Practice wiring, troubleshooting and adjusting overloads and other electrical and temperature safety devices on training units as assigned.	Read Unit 14/Take Chapter 14 Quiz Using Lab Book
20	14.4-14.6	Practice wiring, troubleshooting and adjusting overloads and other electrical and temperature safety devices on training units as assigned.	Read Unit 14/Take Chapter 14 Quiz Using Lab Book
21		Practice wiring, troubleshooting and adjusting oil failure control on training units as assigned.	Read Unit 14/Take Chapter 14 Quiz Using Lab Book
22	14.10-14.12	Practice drawing schematic symbols and schematics of specific units assigned.	Read Unit 14/Take Chapter 14 Quiz Using Lab Book
26	14.13-14.16	Practice drawing schematic symbols and schematics of specific units assigned.	Read Unit 14/Take Chapter 14 Quiz Using Lab Book
27	14.17-14.19	Practice control wiring on training units assigned.	Read Unit 14/Take Chapter 14 Quiz Using Lab Book
28	TEST CH 14	Practice using schematics to wire high voltage control circuits as assigned.	Read Unit 14/Ch 14 Quiz Using Lab Book/Ch14 Test Using Blackboard

HART 1303 – 40B0
Air Conditioning Control Principles
Spring 2026

Instructor: Chris Bardrick
Office: WC A116
Phone: 903-782-0347
Email: cbardrick@parisjc.edu

Meeting Location: GV A-116
Meeting Days: MTWR
Meeting Times: 12 p.m. to 4:00

Office Hours: 7:30 – 8:00 a.m., 10:30 – 12:00, 5:30 – 6:00 p.m. MTWR
Or by appointment

Course Description:

Principles of electricity as required by HVAC, including proper use of test equipment, electrical circuits, and component theory and operation.

Credits:
SCH = 3.2.4
TSI Requirement: N/A
Prerequisite(s): N/A

Note: ACGM courses typically require TSI compliance or waiver.
Associate's degree and level 2 certificates require TSI to be fulfilled before degree conferral.

Required Textbook(s) and Materials:

Title	Refrigeration and Air Conditioning Technology, 8th Edition
Author	Bill Whitman; Bill Johnson; John Tomczyk; Eugene Silberstein
ISBN	978-1-305-57829-6
Publisher	Delmar Cengage Learning
Publication Date	January 1, 2016

Title	Lab Manual for Tomczyk/Silberstein/ Whitman/Johnson's Refrigeration and Air Conditioning Technology, 8th Edition (MUST BE NEW)
Author	John Tomczyk; Eugene Silberstein; Bill Whitman; Bill Johnson
ISBN	978-1-305-57870-8
Publisher	Delmar Cengage Learning
Publication Date	February 26, 2016

Course Goals and Objectives:

Test, repair, and/or replace HVAC-related electrical and control components, wiring and equipment; read, draw, and interpret high and low voltage control circuits.

Course Requirements and Evaluation:

Blackboard tests and assignments, including Final 25%

Classroom participation 25%

Lab Projects 50%

THE IMPORTANCE OF YOUR LAB GRADE CANNOT BE STRESSED ENOUGH AS THIS IS A TECHNICAL COURSE. YOUR LAB GRADE IS THE BEST MEASURE OF FIELD PERFORMANCE.

SOME OF THE AREAS THAT YOU WILL BE GRADED ON IN THE LAB ARE SAFETY, ATTITUDE, CLEANLINESS, CARE OF TOOLS, FOLLOWING INSTRUCTION, TEAM WORK, INITIATIVE, LAB PROJECTS AND THE AMOUNT OF TIME ABSENT.

THE GRADING SYMBOLS USED ARE A,B,C,D,F,W,X. LAB ACTIVITIES MAY USE UNSATISFACTORY, SATISFACTORY, GOOD, EXCELLENT.

Course Policies:

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of

"W" is OCTOBER 1st.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. Before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment** in depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

SUBJECT: ATTENDANCE POLICY

Being late and leaving the classroom or laboratory without permission three (3) times will count as one (1) absence. Excessive absence will be reflected in your grades or could lead to your being dropped from the course.

The importance of your lab grade cannot be stressed enough as this is a technical course. Your lab grade is the best measure of field performance.

some of the areas that you will be graded on in the lab are safety, attitude, cleanliness, care of tools, following instruction, team work, initiative, lab projects and the amount of time absent.

the grading symbols used are a.b.c.d.f.w.x. lab activities may use unsatisfactory, satisfactory, good, excellent.

SUBJECT: TOOL ROOM

Tools and materials are provided for the student to work with in our lab. However, we cannot provide enough tools for every student. It may be necessary for students to share tools at various times. Please be courteous to each in sharing resources.

An important responsibility of each student is to help maintain our tools and instruments. Please use the right tool for the job and do not abuse tools. Each student is expected to take care of the tools checked out to him.

It is also very important to conserve materials. Do not be wasteful. You are learning to be a professional technician. Professionals do not waste materials. **FAILURE TO OBSERVE TOOL ROOM RULES CAN RESULT IN THE LOWERING OF YOUR LAB GRADE.**

SCHEDULED BREAKS:

BREAKS ARE AT THE DISCRETION OF THE INSTRUCTOR. Students may leave the air conditioning and refrigeration building only for breaks.

TESTS:

Tests must be taken on the day scheduled by the instructor. No student will be allowed to make up a test without a written doctor's excuse or proof of a death in the family. If you know that you must be out on a test date you should make arrangements to take the test on an earlier date.

SUBJECT: GENERAL POLICY

NO SLEEPING IN CLASS OR LAB: Sleeping during lecture time will not be tolerated. Sleeping when you are supposed to be working in the lab will not be tolerated. **STUDENTS IN VIOLATION OF THIS RULE WILL BE GIVEN A ZERO FOR THE DAY. NO EXCEPTIONS.**

SEXUAL HARASSMENT:

Sexual harassment is verbal or physical conduct that denigrates or shows hostility or aversion toward an employee, student, or group of employees or students because of his or her gender

that: Has the purpose or effect of creating an intimidating, hostile, or offensive working or academic environment, has the purpose or effect of unreasonably interfering with an individual's performance of duties or studies, or otherwise adversely affects an individual's employment or academic opportunities. harassing conduct includes (1) epithets, slurs, negative stereotyping, or threatening, intimidating, or hostile acts that relate to gender and (2) written or graphic material that denigrates or shows hostility or aversion toward an individual or group because of gender and that is placed on walls, bulletin boards, or elsewhere on PJC premises, or is circulated in the workplace. Students shall not engage in conduct constituting sexual harassment of other students or instructors.

MINOR CHILDREN ON CAMPUS:

For safety reasons, minor children are not allowed in the lab or the classrooms while student parents are attending classes. Minor children who are visiting the campus with parents conducting college business must be under the direct supervision and control of their parents or guardians at all times.

PERSONAL BUSINESS:

Students should arrange to take care of personal business, doctor's appointments, etc. outside of school hours.

HORSEPLAY:

Horseplay will not be tolerated as it can result in serious injury to yourself and others. Use common sense in these matters.

SAFETY:

Follow all safety rules and instructions. Take care of yourself and others.

PROFESSIONAL CONDUCT:

All students are expected to behave in a mature and professional manner you are training to work in a professional and demanding career. Let's not lose sight of this.

SMOKING:

Is not permitted anywhere inside or outside the building. Students are permitted to leave the workforce technology building to smoke only during scheduled breaks.

SPITTING, DIPPING, AND CHEWING:

PJC is a smoke free and tobacco free campus. Smoking is only permitted in designated areas. No smoking, dipping, or spitting is allowed inside the building. Snacks and drinks will be allowed as long as trash is not left in the classrooms or shop.

FIGHTING, ALCOHOL, ILLEGAL DRUGS:

Fighting or threatening will not be tolerated. Alcohol and illegal drug use or being under the influence of these while on campus is forbidden.

CLEAN UP:

There will be a clean up period at the end of each day. Each student is responsible for helping keep the classrooms and the lab clean.

FAILURE OR REFUSAL TO CLEAN UP WILL RESULT IN THE LOSS OF LAB CREDIT FOR THAT DAY.

RESPONSIBILITY:

It is the student's responsibility to know and follow all rules, to be aware of and make all test dates and to complete all assigned work on time.

NOTICE: CRIMINAL BACKGROUND

For students in this course who may have a criminal background, please be advised that the background could keep you from being licensed by the state of Texas. If you have a question about our background and licensure, please speak with your faculty member. You also have the right to request a criminal history evaluation letter from the applicable licensing agency.

NOTICE: CAMPUS CARRY OF CONCEALED HANDGUNS

"Pursuant to section 30.06, penal code (trespass by license holder with a concealed handgun), a person licensed under subchapter h, chapter 411, government code (handgun licensing law), may not enter this property with a concealed handgun".

carrying of concealed handguns anywhere within the confines of the heating, air conditioning, and refrigeration department is prohibited. **(PLEASE BE AWARE OF THE SIGNS THAT ARE POSTED AT EACH ENTRANCE.)**

Artificial Intelligence (AI):

AI tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change:

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the Instructor during normal class times.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC’s Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

Course Schedule:

HART 1307-10C0
REFRIGERATION PRINCIPLES
Spring 2026

Instructor: Gary Boyett
Office: WTC 1056
Phone: 903-782-0347
Email: gboyett@parisjc.edu
Office Hours: 2:30-5:00 p.m. MTWR
Or by appointment

Meeting Location: WTC 906
Meeting Days: WR
Meeting Times: 8:00 A.M. to 12:00

Course Description:

An introduction to the refrigeration cycle, heat transfer theory, temperature/pressure relationship, refrigerant handling, refrigeration components, and safety.

Credits:
SCH = 3.2.4
TSI Requirement: N/A
Prerequisite(s): N/A

Note: ACGM courses typically require TSI compliance or waiver.
Associate's degree and level 2 certificates require TSI to be fulfilled before degree conferral.

Required Textbook(s) and Materials:

Title	Refrigeration and Air Conditioning Technology, 8th Edition
Author	Bill Whitman; Bill Johnson; John Tomczyk; Eugene Silberstein
ISBN	978-1-305-57829-6

REFRIGERATION PRINCIPLES
Fall 2026

Instructor: Dusty Hines

Office: GV A116

Phone: 903-454-8739

Email: dhines@parisjc.edu

Office Hours: 7:30 – 8:00 a.m., 9:00 – 11:30, 5:30 – 6:00 p.m. MTWR

Or by appointment

Course Description:

Meeting Location: GV A-116

Meeting Days: MTWR

Meeting Times: 8:00 pm to 9:00

An introduction to the refrigeration cycle, heat transfer theory, temperature/pressure relationship, refrigerant handling, refrigeration components, and safety.

Credits:

SCH = 3.2.4

TSI Requirement: N/A

Prerequisite(s): N/A

Note: ACGM courses typically require TSI compliance or waiver.

Associate's degree and level 2 certificates require TSI to be fulfilled before degree conferral.

Required Textbook(s) and Materials:

Title **Refrigeration and Air Conditioning Technology, 8th Edition**

Author Bill Whitman; Bill Johnson; John Tomczyk; Eugene Silberstein

ISBN 978-1-305-57829-6

Publisher Delmar Cengage Learning

Publication January 1, 2016
Date

Title **Lab Manual for Tomczyk/Silberstein/ Whitman/Johnson's
Refrigeration and Air Conditioning Technology, 8th Edition (MUST
BE NEW)**

Author John Tomczyk; Eugene Silberstein; Bill Whitman; Bill Johnson

ISBN 978-1-305-57870-8

Publisher Delmar Cengage Learning

Publication February 26, 2016
Date

Course Goals and Objectives:

Identify refrigeration components; explain operation of the basic refrigeration cycle and heat transfer; demonstrate proper application and/or use of tools, test equipment, and safety procedures.

Course Requirements and Evaluation:

Blackboard tests and assignments, including Final 25%

Classroom participation 25%

Lab Projects 50%

THE IMPORTANCE OF YOUR LAB GRADE CANNOT BE STRESSED ENOUGH AS THIS IS A TECHNICAL COURSE. YOUR LAB GRADE IS THE BEST MEASURE OF FIELD PERFORMANCE.

SOME OF THE AREAS THAT YOU WILL BE GRADED ON IN THE LAB ARE SAFETY, ATTITUDE, CLEANLINESS, CARE OF TOOLS, FOLLOWING INSTRUCTION, TEAM WORK, INITIATIVE, LAB PROJECTS AND THE AMOUNT OF TIME ABSENT.

THE GRADING SYMBOLS USED ARE A,B,C,D,F,W,X. LAB ACTIVITIES MAY USE UNSATISFACTORY, SATISFACTORY, GOOD, EXCELLENT.

Course Policies:

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates.

Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is OCTOBER 1st.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. Before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment** depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

SUBJECT: ATTENDANCE POLICY

Being late and leaving the classroom or laboratory without permission three (3) times will count as one (1) absence. Excessive absence will be reflected in your grades or could lead to your being dropped from the course.

The importance of your lab grade cannot be stressed enough as this is a technical course. Your lab grade is the best measure of field performance.

some of the areas that you will be graded on in the lab are safety, attitude, cleanliness, care of tools, following instruction, team work, initiative, lab projects and the amount of time absent.

the grading symbols used are a.b.c.d.f.w.x. lab activities may use unsatisfactory, satisfactory, good, excellent.

SUBJECT: TOOL ROOM

Tools and materials are provided for the student to work with in our lab. However, we cannot provide enough tools for every student. It may be necessary for students to share tools at various times. Please be courteous to each in sharing resources.

An important responsibility of each student is to help maintain our tools and instruments. Please use the right tool for the job and do not abuse tools. Each student is expected to take care of the tools checked out to him.

It is also very important to conserve materials. Do not be wasteful. You are learning to be a professional technician. Professionals do not waste materials. **FAILURE TO OBSERVE TOOL ROOM RULES CAN RESULT IN THE LOWERING OF YOUR LAB GRADE.**

SCHEDULED BREAKS:

BREAKS ARE AT THE DISCRETION OF THE INSTRUCTOR. Students may leave the air conditioning and refrigeration building only for breaks.

TESTS:

Tests must be taken on the day scheduled by the instructor. No student will be allowed to make up a test without a written doctor's excuse or proof of a death in the family. If you know that you must be out on a test date you should make arrangements to take the test on an earlier date.

SUBJECT: GENERAL POLICY

NO SLEEPING IN CLASS OR LAB: Sleeping during lecture time will not be tolerated. Sleeping when you are supposed to be working in the lab will not be tolerated.

STUDENTS IN VIOLATION OF THIS RULE WILL BE GIVEN A ZERO FOR THE DAY. NO EXCEPTIONS.

SEXUAL HARASSMENT:

Sexual harassment is verbal or physical conduct that denigrates or shows hostility or aversion toward an employee, student, or group of employees or students because of his or her gender that: Has the purpose or effect of creating an intimidating, hostile, or offensive working or academic environment, has the purpose or effect of unreasonably interfering with an individual's performance of duties or studies, or otherwise adversely affects an individual's employment or academic opportunities. harassing conduct includes (1) epithets, slurs, negative stereotyping, or threatening, intimidating, or hostile acts that relate to gender and (2) written or graphic material that denigrates or shows hostility or aversion toward an individual or group because of gender and that is placed on walls, bulletin boards, or elsewhere on PJC premises, or is circulated in the workplace. Students shall not engage in conduct constituting sexual harassment of other students or instructors.

MINOR CHILDREN ON CAMPUS:

For safety reasons, minor children are not allowed in the lab or the classrooms while student parents are attending classes. Minor children who are visiting the campus with parents conducting college business must be under the direct supervision and control of their parents or guardians at all times.

PERSONAL BUSINESS:

Students should arrange to take care of personal business, doctor's appointments, etc. outside of school hours.

HORSEPLAY:

Horseplay will not be tolerated as it can result in serious injury to yourself and others. Use common sense in these matters.

SAFETY:

Follow all safety rules and instructions. Take care of yourself and others.

PROFESSIONAL CONDUCT:

All students are expected to behave in a mature and professional manner you are training to work in a professional and demanding career. Let's not lose sight of this.

SMOKING:

Is not permitted anywhere inside or outside the building. students are permitted to leave the workforce technology building to smoke only during scheduled breaks.

SPITTING, DIPPING, AND CHEWING:

PJC is a smoke free and tobacco free campus. Smoking is only permitted in designated areas. No smoking, dipping, or spitting is allowed inside the building. Snacks and drinks will be allowed as long as trash is not left in the classrooms or shop.

FIGHTING, ALCOHOL, ILLEGAL DRUGS:

Fighting or threatening will not be tolerated. Alcohol and illegal drug use or being under the influence of these while on campus is forbidden.

CLEAN UP:

There will be a clean up period at the end of each day. Each student is responsible for helping keep the classrooms and the lab clean.

FAILURE OR REFUSAL TO CLEAN UP WILL RESULT IN THE LOSS OF LAB CREDIT FOR THAT DAY.

RESPONSIBILITY:

It is the student's responsibility to know and follow all rules, to be aware of and make all test dates and to complete all assigned work on time.

NOTICE: CRIMINAL BACKGROUND

For students in this course who may have a criminal background, please be advised that the background could keep you from being licensed by the state of Texas. If you have a question about our background and licensure, please speak with your faculty member. You also have the right to request a criminal history evaluation letter from the applicable licensing agency.

NOTICE: CAMPUS CARRY OF CONCEALED HANDGUNS

"Pursuant to section 30.06, penal code (trespass by license holder with a concealed handgun), a person licensed under subchapter h, chapter 411, government code (handgun licensing law), may not enter this property with a concealed handgun".

carrying of concealed handguns anywhere within the confines of the heating, air conditioning, and refrigeration department is prohibited. **(PLEASE BE AWARE OF THE SIGNS THAT ARE POSTED AT EACH ENTRANCE.)**

Artificial Intelligence (AI):

AI tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change:

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the Instructor during normal class times.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

Course Schedule:

1	INTRODUCTION		
2	1.1-1.6	Cutting, swaging, flaring, soldering of copper tubing. Economical planning and use of copper and silver solder.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book
3	1.1-1.6	Cutting, swaging, flaring, soldering of steel tubing. Economical planning and use of copper and silver solder. Process tube adapter kit and leak checking with solution.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book
4	1.1-1.6	Use of flare and compression fittings. Use of pinch-off tool to seal system with pressure on it.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book
5	1.1-1.6	Use of flare and compression fittings. Use of pinch-off tool to seal system with pressure on it.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book
6	1.7-1.10	Practice using thermometers to measure temperature of air and refrigerant; use of gauges.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book
7	1.7-1.10	Practice using thermometers to measure temperature of air and refrigerant; use of gauges.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book
8	1.11-1.13	Practice using thermometers to measure temperature of air and refrigerant; use of gauges.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book
9	1.11-1.13	Practice using recovery machine on training units assigned.	
10	TEST CH 1	practice evacuating using vacuum pumps on training units assigned.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book/Test Ch 1 Using Blackboard
11	3.1-3.15	Practice using vacuum pumps and vacuum gauges on training units assigned.	Read Unit 3/Take Chapter 3 Quiz Using Lab Book
12	3.1-3.15	Practice charging by vapor method on training units assigned.	Read Unit 3/Take Chapter 3 Quiz Using Lab Book
13	3.16-3.21	Practice charging by weight method on training units assigned.	Read Unit 3/Take Chapter 3 Quiz Using Lab Book
14	3.16-3.21	Practice charging by weight method on training units assigned.	Read Unit 3/Take Chapter 3 Quiz Using Lab Book

15	TEST CH 3	Practice charging by weight method on training units assigned.	Read Unit 3/Take Chapter 3 Quiz Using Lab Book/Test Ch 3 Using Blackboard
16	7.1-7.9	Use of flare and compression fittings. Use of pinch-off tool to seal system with pressure on it.	Read Unit 7/Take Chapter 7 Quiz Using Lab Book
17	7.1-7.9	Practice measuring low side and high side measurements in PSIG; converting to PSIA.	Read Unit 7/Take Chapter 7 Quiz Using Lab Book
18	7.1-7.9	Practice using recovery machine on training units assigned.	Read Unit 7/Take Chapter 7 Quiz Using Lab Book
19	7.10-7.19	Practice using recovery machine on training units assigned.	Read Unit 7/Take Chapter 7 Quiz Using Lab Book
20	7.10-7.19	practice evacuating using vacuum pumps on training units assigned.	Read Unit 7/Take Chapter 7 Quiz Using Lab Book
21	TEST CH 7	practice evacuating using vacuum pumps on training units assigned.	Read Unit 7/Take Chapter 7 Quiz Using Lab Book/Ch 7 Test Using Blackboard
22	8.1-8.3	Practice charging by vapor method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
23	8.1-8.3	Practice charging by vapor method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
24	8.1-8.3	Practice charging by vapor method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
25	8.4-8.6	Practice charging by vapor method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
26	8.4-8.6	Practice charging by weight method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
27	8.7-8.9	Practice charging by weight method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
28	8.7-8.9	Practice charging by weight method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
29	8.7-8.9	Practice charging by weight method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

Course Schedule:

1	INTRODUCTION		
2	1.1-1.6	Cutting, swaging, flaring, soldering of copper tubing. Economical planning and use of copper and silver solder.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book
3	1.1-1.6	Cutting, swaging, flaring, soldering of steel tubing. Economical planning and use of copper and silver solder. Process tube adapter kit and leak checking with solution.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book
4	1.1-1.6	Use of flare and compression fittings. Use of pinch-off tool to seal system with pressure on it.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book
5	1.1-1.6	Use of flare and compression fittings. Use of pinch-off tool to seal system with pressure on it.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book
6	1.7-1.10	Practice using thermometers to measure temperature of air and refrigerant; use of gauges.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book
7	1.7-1.10	Practice using thermometers to measure temperature of air and refrigerant; use of gauges.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book
8	1.11-1.13	Practice using thermometers to measure temperature of air and refrigerant; use of gauges.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book
9	1.11-1.13	Practice using recovery machine on training units assigned.	
10	TEST CH 1	practice evacuating using vacuum pumps on training units assigned.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book/Test Ch 1 Using Blackboard
11	3.1-3.15	Practice using vacuum pumps and vacuum gauges on training units assigned.	Read Unit 3/Take Chapter 3 Quiz Using Lab Book
12	3.1-3.15	Practice charging by vapor method on training units assigned.	Read Unit 3/Take Chapter 3 Quiz Using Lab Book
13	3.16-3.21	Practice charging by weight method on training units assigned.	Read Unit 3/Take Chapter 3 Quiz Using Lab Book
14	3.16-3.21	Practice charging by weight method on training units assigned.	Read Unit 3/Take Chapter 3 Quiz Using Lab Book

15	TEST CH 3	Practice charging by weight method on training units assigned.	Read Unit 3/Take Chapter 3 Quiz Using Lab Book/Test Ch 3 Using Blackboard
16	7.1-7.9	Use of flare and compression fittings. Use of pinch-off tool to seal system with pressure on it.	Read Unit 7/Take Chapter 7 Quiz Using Lab Book
17	7.1-7.9	Practice measuring low side and high side measurements in PSIG; converting to PSIA.	Read Unit 7/Take Chapter 7 Quiz Using Lab Book
18	7.1-7.9	Practice using recovery machine on training units assigned.	Read Unit 7/Take Chapter 7 Quiz Using Lab Book
19	7.10-7.19	Practice using recovery machine on training units assigned.	Read Unit 7/Take Chapter 7 Quiz Using Lab Book
20	7.10-7.19	practice evacuating using vacuum pumps on training units assigned.	Read Unit 7/Take Chapter 7 Quiz Using Lab Book
21	TEST CH 7	practice evacuating using vacuum pumps on training units assigned.	Read Unit 7/Take Chapter 7 Quiz Using Lab Book/Ch 7 Test Using Blackboard
22	8.1-8.3	Practice charging by vapor method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
23	8.1-8.3	Practice charging by vapor method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
24	8.1-8.3	Practice charging by vapor method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
25	8.4-8.6	Practice charging by vapor method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
26	8.4-8.6	Practice charging by weight method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
27	8.7-8.9	Practice charging by weight method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
28	8.7-8.9	Practice charging by weight method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
29	8.7-8.9	Practice charging by weight method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
30	8.7-8.9	Practice standing pressure test on assigned units	Read Unit 8/Take Chapter 8 Quiz Using Lab Book

Publisher Delmar Cengage Learning

Publication February 26, 2016

Date

Course Goals and Objectives:

Identify refrigeration components; explain operation of the basic refrigeration cycle and heat transfer; demonstrate proper application and/or use of tools, test equipment, and safety procedures.

Course Requirements and Evaluation:

Blackboard tests and assignments, including Final 25%

Classroom participation 25%

Lab Projects 50%

THE IMPORTANCE OF YOUR LAB GRADE CANNOT BE STRESSED ENOUGH AS THIS IS A TECHNICAL COURSE. YOUR LAB GRADE IS THE BEST MEASURE OF FIELD PERFORMANCE.

SOME OF THE AREAS THAT YOU WILL BE GRADED ON IN THE LAB ARE SAFETY, ATTITUDE, CLEANLINESS, CARE OF TOOLS, FOLLOWING INSTRUCTION, TEAM WORK, INITIATIVE, LAB PROJECTS AND THE AMOUNT OF TIME ABSENT.

THE GRADING SYMBOLS USED ARE A,B,C,D,F,W,X. LAB ACTIVITIES MAY USE UNSATISFACTORY, SATISFACTORY, GOOD, EXCELLENT.

Course Policies:**Class Attendance:**

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is OCTOBER 1st.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. Before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment** in depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or

repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

SUBJECT: ATTENDANCE POLICY

Being late and leaving the classroom or laboratory without permission three (3) times will count as one (1) absence. Excessive absence will be reflected in your grades or could lead to your being dropped from the course.

The importance of your lab grade cannot be stressed enough as this is a technical course. Your lab grade is the best measure of field performance.

some of the areas that you will be graded on in the lab are safety, attitude, cleanliness, care of tools, following instruction, team work, initiative, lab projects and the amount of time absent.

the grading symbols used are a.b.c.d.f.w.x. lab activities may use unsatisfactory, satisfactory, good, excellent.

SUBJECT: TOOL ROOM

Tools and materials are provided for the student to work with in our lab. However, we cannot provide enough tools for every student. It may be necessary for students to share tools at various times. Please be courteous to each in sharing resources.

An important responsibility of each student is to help maintain our tools and instruments. Please use the right tool for the job and do not abuse tools. Each student is expected to take care of the tools checked out to him.

It is also very important to conserve materials. Do not be wasteful. You are learning to be a professional technician. Professionals do not waste materials. **FAILURE TO OBSERVE TOOL ROOM RULES CAN RESULT IN THE LOWERING OF YOUR LAB GRADE.**

SCHEDULED BREAKS:

BREAKS ARE AT THE DISCRETION OF THE INSTRUCTOR. Students may leave the air conditioning and refrigeration building only for breaks.

TESTS:

Tests must be taken on the day scheduled by the instructor. No student will be allowed to make up a test without a written doctor's excuse or proof of a death in the family. If you know that you must be out on a test date you should make arrangements to take the test on an earlier date.

SUBJECT: GENERAL POLICY

NO SLEEPING IN CLASS OR LAB: Sleeping during lecture time will not be tolerated.

Sleeping when you are supposed to be working in the lab will not be tolerated.

STUDENTS IN VIOLATION OF THIS RULE WILL BE GIVEN A ZERO FOR THE DAY. NO EXCEPTIONS.

SEXUAL HARASSMENT:

Sexual harassment is verbal or physical conduct that denigrates or shows hostility or aversion toward an employee, student, or group of employees or students because of his or her gender that: Has the purpose or effect of creating an intimidating, hostile, or offensive working or academic environment, has the purpose or effect of unreasonably interfering with an individual's performance of duties or studies, or otherwise adversely affects an individual's employment or academic opportunities. harassing conduct includes (1) epithets, slurs, negative stereotyping, or threatening, intimidating, or hostile acts that relate to gender and (2) written or graphic material that denigrates or shows hostility or aversion toward an individual or group because of gender and that is placed on walls, bulletin boards, or elsewhere on PJC premises, or is circulated in the workplace. Students shall not engage in conduct constituting sexual harassment of other students or instructors.

MINOR CHILDREN ON CAMPUS:

For safety reasons, minor children are not allowed in the lab or the classrooms while student parents are attending classes. Minor children who are visiting the campus with parents conducting college business must be under the direct supervision and control of their parents or guardians at all times.

PERSONAL BUSINESS:

Students should arrange to take care of personal business, doctor's appointments, etc. outside of school hours.

HORSEPLAY:

Horseplay will not be tolerated as it can result in serious injury to yourself and others. Use common sense in these matters.

SAFETY:

Follow all safety rules and instructions. Take care of yourself and others.

PROFESSIONAL CONDUCT:

All students are expected to behave in a mature and professional manner you are training to work in a professional and demanding career. Let's not lose sight of this.

SMOKING:

Is not permitted anywhere inside or outside the building. students are permitted to leave the workforce technology building to smoke only during scheduled breaks.

SPITTING, DIPPING, AND CHEWING:

PJC is a smoke free and tobacco free campus. Smoking is only permitted in designated areas. No smoking, dipping, or spitting is allowed inside the building. Snacks and drinks will be allowed as long as trash is not left in the classrooms or shop.

FIGHTING, ALCOHOL, ILLEGAL DRUGS:

Fighting or threatening will not be tolerated. Alcohol and illegal drug use or being under the influence of these while on campus is forbidden.

CLEAN UP:

There will be a clean up period at the end of each day. Each student is responsible for helping keep the classrooms and the lab clean.

FAILURE OR REFUSAL TO CLEAN UP WILL RESULT IN THE LOSS OF LAB CREDIT FOR THAT DAY.

RESPONSIBILITY:

It is the student's responsibility to know and follow all rules, to be aware of and make all test dates and to complete all assigned work on time.

NOTICE: CRIMINAL BACKGROUND

For students in this course who may have a criminal background, please be advised that the background could keep you from being licensed by the state of Texas. If you have a question about our background and licensure, please speak with your faculty member. You also have the right to request a criminal history evaluation letter from the applicable licensing agency.

NOTICE: CAMPUS CARRY OF CONCEALED HANDGUNS

"Pursuant to section 30.06, penal code (trespass by license holder with a concealed handgun), a person licensed under subchapter h, chapter 411, government code (handgun licensing law), may not enter this property with a concealed handgun".

carrying of concealed handguns anywhere within the confines of the heating, air conditioning, and refrigeration department is prohibited. **(PLEASE BE AWARE OF THE SIGNS THAT ARE POSTED AT EACH ENTRANCE.)**

Artificial Intelligence (AI):

AI tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change:

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the Instructor during normal class times.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change:

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the Instructor during normal class times.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

Course Schedule:

1	INTRODUCTION		
2	1.1-1.6	Cutting, swaging, flaring, soldering of copper tubing. Economical planning and use of copper and silver solder.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book
3	1.1-1.6	Cutting, swaging, flaring, soldering of steel tubing. Economical planning and use of copper and silver solder. Process tube adapter kit and leak checking with solution.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book
4	1.1-1.6	Use of flare and compression fittings. Use of pinch-off tool to seal system with pressure on it.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book
5	1.1-1.6	Use of flare and compression fittings. Use of pinch-off tool to seal system with pressure on it.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book
6	1.7-1.10	Practice using thermometers to measure temperature of air and refrigerant; use of gauges.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book
7	1.7-1.10	Practice using thermometers to measure temperature of air and refrigerant; use of gauges.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book
8	1.11-1.13	Practice using thermometers to measure temperature of air and refrigerant; use of gauges.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book
9	1.11-1.13	Practice using recovery machine on training units assigned.	
10	TEST CH 1	practice evacuating using vacuum pumps on training units assigned.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book/Test Ch 1 Using Blackboard
11	3.1-3.15	Practice using vacuum pumps and vacuum gauges on training units assigned.	Read Unit 3/Take Chapter 3 Quiz Using Lab Book
12	3.1-3.15	Practice charging by vapor method on training units assigned.	Read Unit 3/Take Chapter 3 Quiz Using Lab Book
13	3.16-3.21	Practice charging by weight method on training units assigned.	Read Unit 3/Take Chapter 3 Quiz Using Lab Book
14	3.16-3.21	Practice charging by weight method on training units assigned.	Read Unit 3/Take Chapter 3 Quiz Using Lab Book
15	TEST CH 3	Practice charging by weight method on training units assigned.	Read Unit 3/Take Chapter 3 Quiz Using Lab Book/Test Ch 3 Using Blackboard
16	7.1-7.9	Use of flare and compression fittings. Use of pinch-off tool to seal system with pressure on it.	Read Unit 7/Take Chapter 7 Quiz Using Lab Book
17	7.1-7.9	Practice measuring low side and high side measurements in PSIG; converting to PSIA.	Read Unit 7/Take Chapter 7 Quiz Using Lab Book
18	7.1-7.9	Practice using recovery machine on training units assigned.	Read Unit 7/Take Chapter 7 Quiz Using Lab Book
19	7.10-7.19	Practice using recovery machine on training units assigned.	Read Unit 7/Take Chapter 7 Quiz Using Lab Book

20	7.10-7.19	practice evacuating using vacuum pumps on training units assigned.	Read Unit 7/Take Chapter 7 Quiz Using Lab Book
21	TEST CH 7	practice evacuating using vacuum pumps on training units assigned.	Read Unit 7/Take Chapter 7 Quiz Using Lab Book/Ch 7 Test Using Blackboard
22	8.1-8.3	Practice charging by vapor method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
23	8.1-8.3	Practice charging by vapor method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
24	8.1-8.3	Practice charging by vapor method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
25	8.4-8.6	Practice charging by vapor method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
26	8.4-8.6	Practice charging by weight method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
27	8.7-8.9	Practice charging by weight method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
28	8.7-8.9	Practice charging by weight method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
29	8.7-8.9	Practice charging by weight method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book

REFRIGERATION PRINCIPLES
FALL 2026

Instructor: Chris Bardrick

Office: WC A116

Phone: 903-782-0347

Email: cbardrick@parisjc.edu

Office Hours: 7:30 – 8:00 a.m., 9:00 – 11:30, 5:30 – 6:00 p.m. MTWR

Or by appointment

Meeting Location: GV A-116

Meeting Days: MTWR

Meeting Times: 8:00 – 9:15

Course Description:

An introduction to the refrigeration cycle, heat transfer theory, temperature/pressure relationship, refrigerant handling, refrigeration components, and safety.

Credits:

SCH = 3.2.4

TSI Requirement: N/A

Prerequisite(s): N/A

Note: ACGM courses typically require TSI compliance or waiver.

Associate's degree and level 2 certificates require TSI to be fulfilled before degree conferral.

Required Textbook(s) and Materials:

Title **Refrigeration and Air Conditioning Technology, 8th Edition**

Author Bill Whitman; Bill Johnson; John Tomczyk; Eugene Silberstein

ISBN 978-1-305-57829-6

Publisher Delmar Cengage Learning

Publication January 1, 2016

Date

Title **Lab Manual for Tomczyk/Silberstein/ Whitman/Johnson's
Refrigeration and Air Conditioning Technology, 8th Edition (MUST
BE NEW)**

Author John Tomczyk; Eugene Silberstein; Bill Whitman; Bill Johnson

ISBN 978-1-305-57870-8

Publisher Delmar Cengage Learning

Publication February 26, 2016

Date

Course Goals and Objectives:

Identify refrigeration components; explain operation of the basic refrigeration cycle and heat transfer; demonstrate proper application and/or use of tools, test equipment, and safety procedures.

Course Requirements and Evaluation:

Blackboard tests and assignments, including Final 25%

Classroom participation 25%

Lab Projects 50%

THE IMPORTANCE OF YOUR LAB GRADE CANNOT BE STRESSED ENOUGH AS THIS IS A TECHNICAL COURSE. YOUR LAB GRADE IS THE BEST MEASURE OF FIELD PERFORMANCE.

SOME OF THE AREAS THAT YOU WILL BE GRADED ON IN THE LAB ARE SAFETY, ATTITUDE, CLEANLINESS, CARE OF TOOLS, FOLLOWING INSTRUCTION, TEAM WORK, INITIATIVE, LAB PROJECTS AND THE AMOUNT OF TIME ABSENT.

THE GRADING SYMBOLS USED ARE A,B,C,D,F,W,X. LAB ACTIVITIES MAY USE UNSATISFACTORY, SATISFACTORY, GOOD, EXCELLENT.

Course Policies:**Class Attendance:**

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates.

Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is OCTOBER 1st.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. Before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment** in depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

SUBJECT: ATTENDANCE POLICY

Being late and leaving the classroom or laboratory without permission three (3) times will count as one (1) absence. Excessive absence will be reflected in your grades or could lead to your being dropped from the course.

The importance of your lab grade cannot be stressed enough as this is a technical course. Your lab grade is the best measure of field performance.

some of the areas that you will be graded on in the lab are safety, attitude, cleanliness, care of tools, following instruction, team work, initiative, lab projects and the amount of time absent.

the grading symbols used are a.b.c.d.f.w.x. lab activities may use unsatisfactory, satisfactory, good, excellent.

SUBJECT: TOOL ROOM

Tools and materials are provided for the student to work with in our lab. However, we cannot provide enough tools for every student. It may be necessary for students to share tools at various times. Please be courteous to each in sharing resources.

An important responsibility of each student is to help maintain our tools and instruments. Please use the right tool for the job and do not abuse tools. Each student is expected to take care of the tools checked out to him.

It is also very important to conserve materials. Do not be wasteful. You are learning to be a professional technician. Professionals do not waste materials. **FAILURE TO OBSERVE TOOL ROOM RULES CAN RESULT IN THE LOWERING OF YOUR LAB GRADE.**

SCHEDULED BREAKS:

BREAKS ARE AT THE DISCRETION OF THE INSTRUCTOR. Students may leave the air conditioning and refrigeration building only for breaks.

TESTS:

Tests must be taken on the day scheduled by the instructor. No student will be allowed to make up a test without a written doctor's excuse or proof of a death in the family. If you know that you must be out on a test date you should make arrangements to take the test on an earlier date.

SUBJECT: GENERAL POLICY

NO SLEEPING IN CLASS OR LAB: Sleeping during lecture time will not be tolerated. Sleeping when you are supposed to be working in the lab will not be tolerated.

STUDENTS IN VIOLATION OF THIS RULE WILL BE GIVEN A ZERO FOR THE DAY. NO EXCEPTIONS.

SEXUAL HARASSMENT:

Sexual harassment is verbal or physical conduct that denigrates or shows hostility or aversion toward an employee, student, or group of employees or students because of his or her gender that: Has the purpose or effect of creating an intimidating, hostile, or offensive working or academic environment, has the purpose or effect of unreasonably interfering with an individual's performance of duties or studies, or otherwise adversely affects an individual's employment or academic opportunities. harassing conduct includes (1) epithets, slurs, negative stereotyping, or threatening, intimidating, or hostile acts that relate to gender and (2) written or graphic material that denigrates or shows hostility or aversion toward an individual or group because of gender and that is placed on walls, bulletin boards, or elsewhere on PJC premises, or is circulated in the workplace. Students shall not engage in conduct constituting sexual harassment of other students or instructors.

MINOR CHILDREN ON CAMPUS:

For safety reasons, minor children are not allowed in the lab or the classrooms while student parents are attending classes. Minor children who are visiting the campus with parents conducting college business must be under the direct supervision and control of their parents or guardians at all times.

PERSONAL BUSINESS:

Students should arrange to take care of personal business, doctor's appointments, etc. outside of school hours.

HORSEPLAY:

Horseplay will not be tolerated as it can result in serious injury to yourself and others. Use common sense in these matters.

SAFETY:

Follow all safety rules and instructions. Take care of yourself and others.

PROFESSIONAL CONDUCT:

All students are expected to behave in a mature and professional manner you are training to work in a professional and demanding career. Let's not lose sight of this.

SMOKING:

Is not permitted anywhere inside or outside the building. students are permitted to leave the workforce technology building to smoke only during scheduled breaks.

SPITTING, DIPPING, AND CHEWING:

PJC is a smoke free and tobacco free campus. Smoking is only permitted in designated areas. No smoking, dipping, or spitting is allowed inside the building. Snacks and drinks will be allowed as long as trash is not left in the classrooms or shop.

FIGHTING, ALCOHOL, ILLEGAL DRUGS:

Fighting or threatening will not be tolerated. Alcohol and illegal drug use or being under the influence of these while on campus is forbidden.

CLEAN UP:

There will be a clean up period at the end of each day. Each student is responsible for helping keep the classrooms and the lab clean.

FAILURE OR REFUSAL TO CLEAN UP WILL RESULT IN THE LOSS OF LAB CREDIT FOR THAT DAY.

RESPONSIBILITY:

It is the student's responsibility to know and follow all rules, to be aware of and make all test dates and to complete all assigned work on time.

NOTICE: CRIMINAL BACKGROUND

For students in this course who may have a criminal background, please be advised that the background could keep you from being licensed by the state of Texas. If you have a question about our background and licensure, please speak with your faculty member. You also have the right to request a criminal history evaluation letter from the applicable licensing agency.

NOTICE: CAMPUS CARRY OF CONCEALED HANDGUNS

"Pursuant to section 30.06, penal code (trespass by license holder with a concealed handgun), a person licensed under subchapter h, chapter 411, government code (handgun licensing law), may not enter this property with a concealed handgun".

carrying of concealed handguns anywhere within the confines of the heating, air conditioning, and refrigeration department is prohibited. **(PLEASE BE AWARE OF THE SIGNS THAT ARE POSTED AT EACH ENTRANCE.)**

Artificial Intelligence (AI):

AI tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change:

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the Instructor during normal class times.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change:

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the Instructor during normal class times.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC’s Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

Course Schedule:

1	INTRODUCTION		
---	--------------	--	--

2	1.1-1.6	Cutting, swaging, flaring, soldering of copper tubing. Economical planning and use of copper and silver solder.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book
3	1.1-1.6	Cutting, swaging, flaring, soldering of steel tubing. Economical planning and use of copper and silver solder. Process tube adapter kit and leak checking with solution.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book
4	1.1-1.6	Use of flare and compression fittings. Use of pinch-off tool to seal system with pressure on it.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book
5	1.1-1.6	Use of flare and compression fittings. Use of pinch-off tool to seal system with pressure on it.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book
6	1.7-1.10	Practice using thermometers to measure temperature of air and refrigerant; use of gauges.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book
7	1.7-1.10	Practice using thermometers to measure temperature of air and refrigerant; use of gauges.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book
8	1.11-1.13	Practice using thermometers to measure temperature of air and refrigerant; use of gauges.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book
9	1.11-1.13	Practice using recovery machine on training units assigned.	
10	TEST CH 1	practice evacuating using vacuum pumps on training units assigned.	Read Unit 1/Take Chapter 1 Quiz Using Lab Book/Test Ch 1 Using Blackboard
11	3.1-3.15	Practice using vacuum pumps and vacuum gauges on training units assigned.	Read Unit 3/Take Chapter 3 Quiz Using Lab Book
12	3.1-3.15	Practice charging by vapor method on training units assigned.	Read Unit 3/Take Chapter 3 Quiz Using Lab Book
13	3.16-3.21	Practice charging by weight method on training units assigned.	Read Unit 3/Take Chapter 3 Quiz Using Lab Book
14	3.16-3.21	Practice charging by weight method on training units assigned.	Read Unit 3/Take Chapter 3 Quiz Using Lab Book
15	TEST CH 3	Practice charging by weight method on training units assigned.	Read Unit 3/Take Chapter 3 Quiz Using Lab Book/Test Ch 3 Using Blackboard
16	7.1-7.9	Use of flare and compression fittings. Use of pinch-off tool to seal system with pressure on it.	Read Unit 7/Take Chapter 7 Quiz Using Lab Book
17	7.1-7.9	Practice measuring low side and high side measurements in PSIG; converting to PSIA.	Read Unit 7/Take Chapter 7 Quiz Using Lab Book
18	7.1-7.9	Practice using recovery machine on training units assigned.	Read Unit 7/Take Chapter 7 Quiz Using Lab Book
19	7.10-7.19	Practice using recovery machine on training units assigned.	Read Unit 7/Take Chapter 7 Quiz Using Lab Book
20	7.10-7.19	practice evacuating using vacuum pumps on training units assigned.	Read Unit 7/Take Chapter 7 Quiz Using Lab Book

21	TEST CH 7	practice evacuating using vacuum pumps on training units assigned.	Read Unit 7/Take Chapter 7 Quiz Using Lab Book/Ch 7 Test Using Blackboard
22	8.1-8.3	Practice charging by vapor method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
23	8.1-8.3	Practice charging by vapor method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
24	8.1-8.3	Practice charging by vapor method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
25	8.4-8.6	Practice charging by vapor method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
26	8.4-8.6	Practice charging by weight method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
27	8.7-8.9	Practice charging by weight method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
28	8.7-8.9	Practice charging by weight method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
29	8.7-8.9	Practice charging by weight method on training units assigned.	Read Unit 8/Take Chapter 8 Quiz Using Lab Book
30	8.7-8.9	Practice standing pressure test on assigned units	Read Unit 8/Take Chapter 8 Quiz Using Lab Book

HART 1310 – 10C0
HVAC SHOP PRACTICES AND TOOLS
SPRING 2026

Instructor: Gary Boyett
Office: WTC 1052
Phone: 903-782-0347
Email: gboyett@parisjc.edu
Office Hours: 2:30-5:00 p.m. MTWR
Or by appointment

Meeting Location: WTC 906
Meeting Days: WR
Meeting Times: 8:00 A.M. to 12:00

Course Description:

Tools and instruments used in the HVAC industry. Includes proper application, use and care of these tools, and tubing and piping practices.

Credits:
SCH = 3.2.4
TSI Requirement: N/A
Prerequisite(s): N/A

Note: ACGM courses typically require TSI compliance or waiver.
Associate's degree and level 2 certificates require TSI to be fulfilled before degree conferral.

Required Textbook(s) and Materials:

Title	Refrigeration and Air Conditioning Technology, 8th Edition
Author	Bill Whitman; Bill Johnson; John Tomczyk; Eugene Silberstein
ISBN	978-1-305-57829-6
Publisher	Delmar Cengage Learning
Publication Date	January 1, 2016
Title	Lab Manual for Tomczyk/Silberstein/ Whitman/Johnson's Refrigeration and Air Conditioning Technology, 8th Edition (MUST BE NEW)
Author	John Tomczyk; Eugene Silberstein; Bill Whitman; Bill Johnson
ISBN	978-1-305-57870-8
Publisher	Delmar Cengage Learning
Publication Date	February 26, 2016

Course Goals and Objectives:

Demonstrate use of hand tools, power tools, and instruments; construct flares, swages, and bends using tubing tools; use a torch for brazing and soldering; identify industry safety, and environmental regulations; and perform safety procedures.

Course Requirements and Evaluation:

Blackboard tests and assignments, including Final 25%

Classroom participation 25%

Lab Projects 50%

THE IMPORTANCE OF YOUR LAB GRADE CANNOT BE STRESSED ENOUGH AS THIS IS A TECHNICAL COURSE. YOUR LAB GRADE IS THE BEST MEASURE OF FIELD PERFORMANCE.

SOME OF THE AREAS THAT YOU WILL BE GRADED ON IN THE LAB ARE SAFETY, ATTITUDE, CLEANLINESS, CARE OF TOOLS, FOLLOWING INSTRUCTION, TEAM WORK, INITIATIVE, LAB PROJECTS AND THE AMOUNT OF TIME ABSENT.

THE GRADING SYMBOLS USED ARE A,B,C,D,F,W,X. LAB ACTIVITIES MAY USE UNSATISFACTORY, SATISFACTORY, GOOD, EXCELLENT.

Course Policies:**Class Attendance:**

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is OCTOBER 1st.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. Before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment** in depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or

repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

SUBJECT: ATTENDANCE POLICY

Being late and leaving the classroom or laboratory without permission three (3) times will count as one (1) absence. Excessive absence will be reflected in your grades or could lead to your being dropped from the course.

The importance of your lab grade cannot be stressed enough as this is a technical course. Your lab grade is the best measure of field performance.

some of the areas that you will be graded on in the lab are safety, attitude, cleanliness, care of tools, following instruction, team work, initiative, lab projects and the amount of time absent.

the grading symbols used are a.b.c.d.f.w.x. lab activities may use unsatisfactory, satisfactory, good, excellent.

SUBJECT: TOOL ROOM

Tools and materials are provided for the student to work with in our lab. However, we cannot provide enough tools for every student. It may be necessary for students to share tools at various times. Please be courteous to each in sharing resources.

An important responsibility of each student is to help maintain our tools and instruments. Please use the right tool for the job and do not abuse tools. Each student is expected to take care of the tools checked out to him.

It is also very important to conserve materials. Do not be wasteful. You are learning to be a professional technician. Professionals do not waste materials. **FAILURE TO OBSERVE TOOL ROOM RULES CAN RESULT IN THE LOWERING OF YOUR LAB GRADE.**

SCHEDULED BREAKS:

BREAKS ARE AT THE DISCRETION OF THE INSTRUCTOR. Students may leave the air conditioning and refrigeration building only for breaks.

TESTS:

Tests must be taken on the day scheduled by the instructor. No student will be allowed to make up a test without a written doctor's excuse or proof of a death in the family. If you know that you must be out on a test date you should make arrangements to take the test on an earlier date.

SUBJECT: GENERAL POLICY

NO SLEEPING IN CLASS OR LAB: Sleeping during lecture time will not be tolerated.

Sleeping when you are supposed to be working in the lab will not be tolerated.

STUDENTS IN VIOLATION OF THIS RULE WILL BE GIVEN A ZERO FOR THE DAY. NO EXCEPTIONS.

SEXUAL HARASSMENT:

Sexual harassment is verbal or physical conduct that denigrates or shows hostility or aversion toward an employee, student, or group of employees or students because of his or her gender that: Has the purpose or effect of creating an intimidating, hostile, or offensive working or academic environment, has the purpose or effect of unreasonably interfering with an individual's performance of duties or studies, or otherwise adversely affects an individual's employment or academic opportunities. harassing conduct includes (1) epithets, slurs, negative stereotyping, or threatening, intimidating, or hostile acts that relate to gender and (2) written or graphic material that denigrates or shows hostility or aversion toward an individual or group because of gender and that is placed on walls, bulletin boards, or elsewhere on PJC premises, or is circulated in the workplace. Students shall not engage in conduct constituting sexual harassment of other students or instructors.

MINOR CHILDREN ON CAMPUS:

For safety reasons, minor children are not allowed in the lab or the classrooms while student parents are attending classes. Minor children who are visiting the campus with parents conducting college business must be under the direct supervision and control of their parents or guardians at all times.

PERSONAL BUSINESS:

Students should arrange to take care of personal business, doctor's appointments, etc. outside of school hours.

HORSEPLAY:

Horseplay will not be tolerated as it can result in serious injury to yourself and others. Use common sense in these matters.

SAFETY:

Follow all safety rules and instructions. Take care of yourself and others.

PROFESSIONAL CONDUCT:

All students are expected to behave in a mature and professional manner you are training to work in a professional and demanding career. Let's not lose sight of this.

SMOKING:

Is not permitted anywhere inside or outside the building. students are permitted to leave the workforce technology building to smoke only during scheduled breaks.

SPITTING, DIPPING, AND CHEWING:

PJC is a smoke free and tobacco free campus. Smoking is only permitted in designated areas. No smoking, dipping, or spitting is allowed inside the building. Snacks and drinks will be allowed as long as trash is not left in the classrooms or shop.

FIGHTING, ALCOHOL, ILLEGAL DRUGS:

Fighting or threatening will not be tolerated. Alcohol and illegal drug use or being under the influence of these while on campus is forbidden.

CLEAN UP:

There will be a clean up period at the end of each day. Each student is responsible for helping keep the classrooms and the lab clean.

FAILURE OR REFUSAL TO CLEAN UP WILL RESULT IN THE LOSS OF LAB CREDIT FOR THAT DAY.

RESPONSIBILITY:

It is the student's responsibility to know and follow all rules, to be aware of and make all test dates and to complete all assigned work on time.

NOTICE: CRIMINAL BACKGROUND

For students in this course who may have a criminal background, please be advised that the background could keep you from being licensed by the state of Texas. If you have a question about our background and licensure, please speak with your faculty member. You also have the right to request a criminal history evaluation letter from the applicable licensing agency.

NOTICE: CAMPUS CARRY OF CONCEALED HANDGUNS

"Pursuant to section 30.06, penal code (trespass by license holder with a concealed handgun), a person licensed under subchapter h, chapter 411, government code (handgun licensing law), may not enter this property with a concealed handgun".

carrying of concealed handguns anywhere within the confines of the heating, air conditioning, and refrigeration department is prohibited. **(PLEASE BE AWARE OF THE SIGNS THAT ARE POSTED AT EACH ENTRANCE.)**

Artificial Intelligence (AI):

AI tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change:

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the Instructor during normal class times.

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change:

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the Instructor during normal class times.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

Course Schedule:

DAY	Text	LAB	Outside Reading/Writing Assignments
1		INTRODUCTION	
2	silver soldering	Practice Safe and Proper Use of Oxygen-Acetylene Torches	Read Ch 4/Take Ch 4 Quiz Using Lab Book
3	silver soldering	Practice Safe and Proper Use of Oxygen-Acetylene Torches	Read Ch 4/Take Ch 4 Quiz Using Lab Book
4	4.1-4.8	Practice Safe Use of voltmeter, ammeter with power on	Read Ch 4/Take Ch 4 Quiz Using Lab Book
5	REVIEW	Practice Safe Use of voltmeter, ammeter with power on	
6	REVIEW	Practice Safe Use of voltmeter, ammeter with power on	Read Ch 4/Take Ch 4 Quiz Using Lab Book
7	TEST CH 4	Practice Safe Use of voltmeter, ammeter with power on	Read Ch 4/Take Ch 4 Quiz Using Lab Book/Take Ch 4 Test Using Blackboard
8	5.1-5.7	Practice Safe Use of Electrical Equipment	Read Ch 5/Take Ch 5 Quiz Using Lab Book
9	5.1-5.7	Practice Safety in Moving Heavy Objects	Read Ch 5/Take Ch 5 Quiz Using Lab Book
10	5.8-5.11	Practice Ladder Safety and Proper Use	Read Ch 5/Take Ch 5 Quiz Using Lab Book
11	TEST CH 5	Introduction and Proper Use of Tubing Tools and Brushes	Read Ch 5/Take Ch 5 Quiz Using Lab Book/Take Ch 5 Test Using Blackboard
12	9.1-9.5	Introduction and Proper Use of Specialized Hand Tools	Read Ch 9/Take Ch 9 Quiz Using Lab Book
13	9.1-9.5	Introduction and Proper Use of Power Tools	Read Ch 9/Take Ch 9 Quiz Using Lab Book
14	9.1-9.5	Introduction and Proper Use of Power Tools	Read Ch 9/Take Ch 9 Quiz Using Lab Book
15	9.6-9.10	Introduction and Proper Use of Power Tools	Read Ch 9/Take Ch 9 Quiz Using Lab Book
16	TEST CH 9	Practice Recovery on Assigned Units	Read Ch 9/Take Ch 9 Quiz Using Lab Book/Test Ch 9 Using Blackboard

17	9.11-9.15	Practice Recovery on Assigned Units	Read Ch 9/Take Ch 9 Quiz Using Lab Book
18	9.11-9.15	Practice Recovery on Assigned Units	Read Ch 9/Take Ch 9 Quiz Using Lab Book
19	9.11-9.15	Practice Recovery on Assigned Units	Read Ch 9/Take Ch 9 Quiz Using Lab Book
20	9.16 – 9.21	Practice Recovery on Assigned Units	Read Ch 9/Take Ch 9 Quiz Using Lab Book
21	9.16 – 9.21	Practice Recovery on Assigned Units	Read Ch 9/Take Ch 9 Quiz Using Lab Book

HART 1351-10B0
ENERGY MANAGEMENT
FALL 2026

Instructor: Gary Boyett

Office: WTC 1052

Phone: 903-782-0347

Email: gboyett@parisjc.edu

Office Hours: 7:30 – 8:00 a.m, 2:30-5:30 p.m. MTWR

Or by appointment

Meeting Location: WTC 906

Meeting Days: WR

Meeting Times: 6 p.m. – 10:00

Course Description:

Study of basic heat transfer theory; sensible and latent heat loads; building envelope construction; insulation, lighting, and fenestration types; and conduct energy audit procedures. The course also develops energy audit recommendations based on local utility rates, building use, and construction. Laboratory activities include developing energy audit reports, installing energy saving devices, and measuring energy consumption.

Credits:

SCH = 3.2.4

TSI Requirement: N/A

Prerequisite(s): N/A

Note: ACGM courses typically require TSI compliance or waiver.

Associate's degree and level 2 certificates require TSI to be fulfilled before degree conferral.

Required Textbook(s) and Materials:

Title **Refrigeration and Air Conditioning Technology, 8th Edition**

Author Bill Whitman; Bill Johnson; John Tomczyk; Eugene Silberstein

ISBN 978-1-305-57829-6

Publisher Delmar Cengage Learning

Publication Date January 1, 2016

Title **Lab Manual for Tomczyk/Silberstein/ Whitman/Johnson's
Refrigeration and Air Conditioning Technology, 8th Edition (MUST
BE NEW)**

Author John Tomczyk; Eugene Silberstein; Bill Whitman; Bill Johnson

ISBN 978-1-305-57870-8

Publisher Delmar Cengage Learning

Publication Date February 26, 2016

Date

Course Goals and Objectives:

Describe heat transfer theory; determine heat transfer characteristics of insulation, windows, and various types of building materials; explain utility rate structure; conduct energy audit and develop energy audit reports; explain energy saving consumption using appropriate instruments; and provide recommendations on managing energy cost.

Course Requirements and Evaluation:

Blackboard tests and assignments, including Final 25%

Classroom participation 25%

Lab Projects 50%

THE IMPORTANCE OF YOUR LAB GRADE CANNOT BE STRESSED ENOUGH AS THIS IS A TECHNICAL COURSE. YOUR LAB GRADE IS THE BEST MEASURE OF FIELD PERFORMANCE.

SOME OF THE AREAS THAT YOU WILL BE GRADED ON IN THE LAB ARE SAFETY, ATTITUDE, CLEANLINESS, CARE OF TOOLS, FOLLOWING INSTRUCTION, TEAM WORK, INITIATIVE, LAB PROJECTS AND THE AMOUNT OF TIME ABSENT.

THE GRADING SYMBOLS USED ARE A,B,C,D,F,W,X. LAB ACTIVITIES MAY USE UNSATISFACTORY, SATISFACTORY, GOOD, EXCELLENT.

Course Policies:**Class Attendance:**

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is OCTOBER 1st.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. Before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment** in depending on the nature and severity of the situation, the

instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

SUBJECT: ATTENDANCE POLICY

Being late and leaving the classroom or laboratory without permission three (3) times will count as one (1) absence. Excessive absence will be reflected in your grades or could lead to your being dropped from the course.

The importance of your lab grade cannot be stressed enough as this is a technical course. Your lab grade is the best measure of field performance.

some of the areas that you will be graded on in the lab are safety, attitude, cleanliness, care of tools, following instruction, team work, initiative, lab projects and the amount of time absent.

the grading symbols used are a.b.c.d.f.w.x. lab activities may use unsatisfactory, satisfactory, good, excellent.

SUBJECT: TOOL ROOM

Tools and materials are provided for the student to work with in our lab. However, we cannot provide enough tools for every student. It may be necessary for students to share tools at various times. Please be courteous to each in sharing resources.

An important responsibility of each student is to help maintain our tools and instruments. Please use the right tool for the job and do not abuse tools. Each student is expected to take care of the tools checked out to him.

It is also very important to conserve materials. Do not be wasteful. You are learning to be a professional technician. Professionals do not waste materials. **FAILURE TO OBSERVE TOOL ROOM RULES CAN RESULT IN THE LOWERING OF YOUR LAB GRADE.**

SCHEDULED BREAKS:

BREAKS ARE AT THE DISCRETION OF THE INSTRUCTOR. Students may leave the air conditioning and refrigeration building only for breaks.

TESTS:

Tests must be taken on the day scheduled by the instructor. No student will be allowed to make up a test without a written doctor's excuse or proof of a death in the family. If you know that you must be out on a test date you should make arrangements to take the test on an earlier date.

SUBJECT: GENERAL POLICY

NO SLEEPING IN CLASS OR LAB: Sleeping during lecture time will not be tolerated.

Sleeping when you are supposed to be working in the lab will not be tolerated.

STUDENTS IN VIOLATION OF THIS RULE WILL BE GIVEN A ZERO FOR THE DAY. NO EXCEPTIONS.

SEXUAL HARASSMENT:

Sexual harassment is verbal or physical conduct that denigrates or shows hostility or aversion toward an employee, student, or group of employees or students because of his or her gender that: Has the purpose or effect of creating an intimidating, hostile, or offensive working or academic environment, has the purpose or effect of unreasonably interfering with an individual's performance of duties or studies, or otherwise adversely affects an individual's employment or academic opportunities. harassing conduct includes (1) epithets, slurs, negative stereotyping, or threatening, intimidating, or hostile acts that relate to gender and (2) written or graphic material that denigrates or shows hostility or aversion toward an individual or group because of gender and that is placed on walls, bulletin boards, or elsewhere on PJC premises, or is circulated in the workplace. Students shall not engage in conduct constituting sexual harassment of other students or instructors.

MINOR CHILDREN ON CAMPUS:

For safety reasons, minor children are not allowed in the lab or the classrooms while student parents are attending classes. Minor children who are visiting the campus with parents conducting college business must be under the direct supervision and control of their parents or guardians at all times.

PERSONAL BUSINESS:

Students should arrange to take care of personal business, doctor's appointments, etc. outside of school hours.

HORSEPLAY:

Horseplay will not be tolerated as it can result in serious injury to yourself and others. Use common sense in these matters.

SAFETY:

Follow all safety rules and instructions. Take care of yourself and others.

PROFESSIONAL CONDUCT:

All students are expected to behave in a mature and professional manner you are training to work in a professional and demanding career. Let's not lose sight of this.

SMOKING:

Is not permitted anywhere inside or outside the building. students are permitted to leave the workforce technology building to smoke only during scheduled breaks.

SPITTING, DIPPING, AND CHEWING:

PJC is a smoke free and tobacco free campus. Smoking is only permitted in designated areas. No smoking, dipping, or spitting is allowed inside the building. Snacks and drinks will be allowed as long as trash is not left in the classrooms or shop.

FIGHTING, ALCOHOL, ILLEGAL DRUGS:

Fighting or threatening will not be tolerated. Alcohol and illegal drug use or being under the influence of these while on campus is forbidden.

CLEAN UP:

There will be a clean up period at the end of each day. Each student is responsible for helping keep the classrooms and the lab clean.

FAILURE OR REFUSAL TO CLEAN UP WILL RESULT IN THE LOSS OF LAB CREDIT FOR THAT DAY.

RESPONSIBILITY:

It is the student's responsibility to know and follow all rules, to be aware of and make all test dates and to complete all assigned work on time.

NOTICE: CRIMINAL BACKGROUND

For students in this course who may have a criminal background, please be advised that the background could keep you from being licensed by the state of Texas. If you have a question about our background and licensure, please speak with your faculty member. You also have the right to request a criminal history evaluation letter from the applicable licensing agency.

NOTICE: CAMPUS CARRY OF CONCEALED HANDGUNS

"Pursuant to section 30.06, penal code (trespass by license holder with a concealed handgun), a person licensed under subchapter h, chapter 411, government code (handgun licensing law), may not enter this property with a concealed handgun".

carrying of concealed handguns anywhere within the confines of the heating, air conditioning, and refrigeration department is prohibited. **(PLEASE BE AWARE OF THE SIGNS THAT ARE POSTED AT EACH ENTRANCE.)**

Artificial Intelligence (AI):

AI tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

Date February 26, 2016

Course Goals and Objectives:

Describe heat transfer theory; determine heat transfer characteristics of insulation, windows, and various types of building materials; explain utility rate structure; conduct energy audit and develop energy audit reports; explain energy saving consumption using appropriate instruments; and provide recommendations on managing energy cost.

Course Requirements and Evaluation:

Blackboard tests and assignments, including Final 25%

Classroom participation 25%

Lab Projects 50%

THE IMPORTANCE OF YOUR LAB GRADE CANNOT BE STRESSED ENOUGH AS THIS IS A TECHNICAL COURSE. YOUR LAB GRADE IS THE BEST MEASURE OF FIELD PERFORMANCE.

SOME OF THE AREAS THAT YOU WILL BE GRADED ON IN THE LAB ARE SAFETY, ATTITUDE, CLEANLINESS, CARE OF TOOLS, FOLLOWING INSTRUCTION, TEAM WORK, INITIATIVE, LAB PROJECTS AND THE AMOUNT OF TIME ABSENT.

THE GRADING SYMBOLS USED ARE A,B,C,D,F,W,X. LAB ACTIVITIES MAY USE UNSATISFACTORY, SATISFACTORY, GOOD, EXCELLENT.

Course Policies:**Class Attendance:**

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is OCTOBER 1st.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. Before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment** in depending on the nature and severity of the situation, the

instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

SUBJECT: ATTENDANCE POLICY

Being late and leaving the classroom or laboratory without permission three (3) times will count as one (1) absence. Excessive absence will be reflected in your grades or could lead to your being dropped from the course.

The importance of your lab grade cannot be stressed enough as this is a technical course. Your lab grade is the best measure of field performance.

some of the areas that you will be graded on in the lab are safety, attitude, cleanliness, care of tools, following instruction, team work, initiative, lab projects and the amount of time absent.

the grading symbols used are a.b.c.d.f.w.x. lab activities may use unsatisfactory, satisfactory, good, excellent.

SUBJECT: TOOL ROOM

Tools and materials are provided for the student to work with in our lab. However, we cannot provide enough tools for every student. It may be necessary for students to share tools at various times. Please be courteous to each in sharing resources.

An important responsibility of each student is to help maintain our tools and instruments. Please use the right tool for the job and do not abuse tools. Each student is expected to take care of the tools checked out to him.

It is also very important to conserve materials. Do not be wasteful. You are learning to be a professional technician. Professionals do not waste materials. **FAILURE TO OBSERVE TOOL ROOM RULES CAN RESULT IN THE LOWERING OF YOUR LAB GRADE.**

SCHEDULED BREAKS:

BREAKS ARE AT THE DISCRETION OF THE INSTRUCTOR. Students may leave the air conditioning and refrigeration building only for breaks.

TESTS:

Tests must be taken on the day scheduled by the instructor. No student will be allowed to make up a test without a written doctor's excuse or proof of a death in the family. If

you know that you must be out on a test date you should make arrangements to take the test on an earlier date.

SUBJECT: GENERAL POLICY

NO SLEEPING IN CLASS OR LAB: Sleeping during lecture time will not be tolerated. Sleeping when you are supposed to be working in the lab will not be tolerated.

STUDENTS IN VIOLATION OF THIS RULE WILL BE GIVEN A ZERO FOR THE DAY. NO EXCEPTIONS.

SEXUAL HARASSMENT:

Sexual harassment is verbal or physical conduct that denigrates or shows hostility or aversion toward an employee, student, or group of employees or students because of his or her gender that: Has the purpose or effect of creating an intimidating, hostile, or offensive working or academic environment, has the purpose or effect of unreasonably interfering with an individual's performance of duties or studies, or otherwise adversely affects an individual's employment or academic opportunities. harassing conduct includes (1) epithets, slurs, negative stereotyping, or threatening, intimidating, or hostile acts that relate to gender and (2) written or graphic material that denigrates or shows hostility or aversion toward an individual or group because of gender and that is placed on walls, bulletin boards, or elsewhere on PJC premises, or is circulated in the workplace. Students shall not engage in conduct constituting sexual harassment of other students or instructors.

MINOR CHILDREN ON CAMPUS:

For safety reasons, minor children are not allowed in the lab or the classrooms while student parents are attending classes. Minor children who are visiting the campus with parents conducting college business must be under the direct supervision and control of their parents or guardians at all times.

PERSONAL BUSINESS:

Students should arrange to take care of personal business, doctor's appointments, etc. outside of school hours.

HORSEPLAY:

Horseplay will not be tolerated as it can result in serious injury to yourself and others. Use common sense in these matters.

SAFETY:

Follow all safety rules and instructions. Take care of yourself and others.

PROFESSIONAL CONDUCT:

All students are expected to behave in a mature and professional manner you are training to work in a professional and demanding career. Let's not lose sight of this.

SMOKING:

Is not permitted anywhere inside or outside the building. students are permitted to leave the workforce technology building to smoke only during scheduled breaks.

SPITTING, DIPPING, AND CHEWING:

PJC is a smoke free and tobacco free campus. Smoking is only permitted in designated areas. No smoking, dipping, or spitting is allowed inside the building. Snacks and drinks will be allowed as long as trash is not left in the classrooms or shop.

FIGHTING, ALCOHOL, ILLEGAL DRUGS:

Fighting or threatening will not be tolerated. Alcohol and illegal drug use or being under the influence of these while on campus is forbidden.

CLEAN UP:

There will be a clean up period at the end of each day. Each student is responsible for helping keep the classrooms and the lab clean.

FAILURE OR REFUSAL TO CLEAN UP WILL RESULT IN THE LOSS OF LAB CREDIT FOR THAT DAY.

RESPONSIBILITY:

It is the student's responsibility to know and follow all rules, to be aware of and make all test dates and to complete all assigned work on time.

NOTICE: CRIMINAL BACKGROUND

For students in this course who may have a criminal background, please be advised that the background could keep you from being licensed by the state of Texas. If you have a question about our background and licensure, please speak with your faculty member. You also have the right to request a criminal history evaluation letter from the applicable licensing agency.

NOTICE: CAMPUS CARRY OF CONCEALED HANDGUNS

"Pursuant to section 30.06, penal code (trespass by license holder with a concealed handgun), a person licensed under subchapter h, chapter 411, government code (handgun licensing law), may not enter this property with a concealed handgun".

carrying of concealed handguns anywhere within the confines of the heating, air conditioning, and refrigeration department is prohibited. **(PLEASE BE AWARE OF THE SIGNS THAT ARE POSTED AT EACH ENTRANCE.)**

Artificial Intelligence (AI):

AI tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change:

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the Instructor during normal class times.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

Course Schedule:

HART 1356 – 10B0
EPA RECOVERY CERTIFICATION PREPARATION
FALL 2026

Instructor: Gary Boyett
Office: WTC 1052
Phone: 903-782-0347
Email: gboyett@parisjc.edu
Office Hours: 2:30 P.M. – 5:00
MTWR or by appt.

Meeting Location: WTC 906
Meeting Days: WR
Meeting Times: 6 p.m.- 10:00

Course Description:

Certification training for HVAC refrigerant recovery, recycle, and reclaim. Instruction will provide a review of EPA guidelines for refrigerant recovery and recycling during the installation, service, and repair of all HVAC and refrigeration systems.

Credits:

SCH = 3.2.4

TSI Requirement: N/A

Prerequisite(s): N/A

Note: ACGM courses typically require TSI compliance or waiver.
Associate's degree and level 2 certificates require TSI to be fulfilled before degree conferral.

Required Textbook(s) and Materials:

Title	Refrigeration and Air Conditioning Technology, 8th Edition
Author	Bill Whitman; Bill Johnson; John Tomczyk; Eugene Silberstein
ISBN	978-1-305-57829-6
Publisher	Delmar Cengage Learning
Publication Date	January 1, 2016

Title	Lab Manual for Tomczyk/Silberstein/ Whitman/Johnson's Refrigeration and Air Conditioning Technology, 8th Edition (MUST BE NEW)
Author	John Tomczyk; Eugene Silberstein; Bill Whitman; Bill Johnson
ISBN	978-1-305-57870-8
Publisher	Delmar Cengage Learning
Publication Date	February 26, 2016

Course Goals and Objectives:

Define refrigerant recovery, recycle, and reclaim terms; explain refrigerant recovery, recycle, and reclaim procedures; analyze refrigerant recovery, recycle, and reclaim operations; identify Type I, Type II, and Type III appliances; examine and utilize Section 608 of the Clean Air Act of 1990 Refrigerant, Recovery, Recycle, and Reclaim.

Course Requirements and Evaluation:

Blackboard tests and assignments, including Final 25%

Classroom participation 25%

Lab Projects 50%

Course Policies:**Class Attendance:**

Course Policies:**Class Attendance:**

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates.

Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is OCTOBER 1st.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. Before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment** in depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

SUBJECT: ATTENDANCE POLICY

Being late and leaving the classroom or laboratory without permission three (3) times will count as one (1) absence. Excessive absence will be reflected in your grades or could lead to your being dropped from the course.

The importance of your lab grade cannot be stressed enough as this is a technical course. Your lab grade is the best measure of field performance.

some of the areas that you will be graded on in the lab are safety, attitude, cleanliness, care of tools, following instruction, team work, initiative, lab projects and the amount of time absent.

the grading symbols used are a.b.c.d.f.w.x. lab activities may use unsatisfactory, satisfactory, good, excellent.

SUBJECT: TOOL ROOM

Tools and materials are provided for the student to work with in our lab. However, we cannot provide enough tools for every student. It may be necessary for students to share tools at various times. Please be courteous to each in sharing resources.

An important responsibility of each student is to help maintain our tools and instruments. Please use the right tool for the job and do not abuse tools. Each student is expected to take care of the tools checked out to him.

It is also very important to conserve materials. Do not be wasteful. You are learning to be a professional technician. Professionals do not waste materials. **FAILURE TO OBSERVE TOOL ROOM RULES CAN RESULT IN THE LOWERING OF YOUR LAB GRADE.**

SCHEDULED BREAKS:

BREAKS ARE AT THE DISCRETION OF THE INSTRUCTOR. Students may leave the air conditioning and refrigeration building only for breaks.

TESTS:

Tests must be taken on the day scheduled by the instructor. No student will be allowed to make up a test without a written doctor's excuse or proof of a death in the family. If you know that you must be out on a test date you should make arrangements to take the test on an earlier date.

SUBJECT: GENERAL POLICY

NO SLEEPING IN CLASS OR LAB: Sleeping during lecture time will not be tolerated. Sleeping when you are supposed to be working in the lab will not be tolerated.

STUDENTS IN VIOLATION OF THIS RULE WILL BE GIVEN A ZERO FOR THE DAY. NO EXCEPTIONS.

SEXUAL HARASSMENT:

Sexual harassment is verbal or physical conduct that denigrates or shows hostility or aversion toward an employee, student, or group of employees or students because of his or her gender that: Has the purpose or effect of creating an intimidating, hostile, or offensive working or academic environment, has the purpose or effect of unreasonably interfering with an individual's performance of duties or studies, or otherwise adversely affects an individual's employment or academic opportunities. harassing conduct includes (1) epithets, slurs, negative stereotyping, or threatening, intimidating, or hostile acts that relate to gender and (2) written or graphic material that denigrates or shows hostility or aversion toward an individual or group because of gender and that is placed on walls, bulletin boards, or elsewhere on PJC premises, or is circulated in the workplace. Students shall not engage in conduct constituting sexual harassment of other students or instructors.

MINOR CHILDREN ON CAMPUS:

For safety reasons, minor children are not allowed in the lab or the classrooms while student parents are attending classes. Minor children who are visiting the campus with parents conducting college business must be under the direct supervision and control of their parents or guardians at all times.

PERSONAL BUSINESS:

Students should arrange to take care of personal business, doctor's appointments, etc. outside of school hours.

HORSEPLAY:

Horseplay will not be tolerated as it can result in serious injury to yourself and others. Use common sense in these matters.

SAFETY:

Follow all safety rules and instructions. Take care of yourself and others.

PROFESSIONAL CONDUCT:

All students are expected to behave in a mature and professional manner you are training to work in a professional and demanding career. Let's not lose sight of this.

SMOKING:

Is not permitted anywhere inside or outside the building. students are permitted to leave the workforce technology building to smoke only during scheduled breaks.

SPITTING, DIPPING, AND CHEWING:

PJC is a smoke free and tobacco free campus. Smoking is only permitted in designated areas. No smoking, dipping, or spitting is allowed inside the building. Snacks and drinks will be allowed as long as trash is not left in the classrooms or shop.

FIGHTING, ALCOHOL, ILLEGAL DRUGS:

Fighting or threatening will not be tolerated. Alcohol and illegal drug use or being under the influence of these while on campus is forbidden.

CLEAN UP:

There will be a clean up period at the end of each day. Each student is responsible for helping keep the classrooms and the lab clean.

FAILURE OR REFUSAL TO CLEAN UP WILL RESULT IN THE LOSS OF LAB CREDIT FOR THAT DAY.

RESPONSIBILITY:

It is the student's responsibility to know and follow all rules, to be aware of and make all test dates and to complete all assigned work on time.

NOTICE: CRIMINAL BACKGROUND

For students in this course who may have a criminal background, please be advised that the background could keep you from being licensed by the state of Texas. If you have a question about our background and licensure, please speak with your faculty member. You also have the right to request a criminal history evaluation letter from the applicable licensing agency.

NOTICE: CAMPUS CARRY OF CONCEALED HANDGUNS

"Pursuant to section 30.06, penal code (trespass by license holder with a concealed handgun), a person licensed under subchapter h, chapter 411, government code (handgun licensing law), may not enter this property with a concealed handgun".

carrying of concealed handguns anywhere within the confines of the heating, air conditioning, and refrigeration department is prohibited. **(PLEASE BE AWARE OF THE SIGNS THAT ARE POSTED AT EACH ENTRANCE.)**

Artificial Intelligence (AI):

AI tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change:

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the Instructor during normal class times.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

Course Schedule:

DAY	Text	LAB	Outside Reading/Writing Assignments
1	49.1-49.10	Practice recovery of small recovery tanks contents into larger tanks.	Read Ch4 9/Take Ch 49 Quiz Using Lab Book
2	49.1-49.10	Practice recovery of small recovery tanks contents into larger tanks.	Read Ch4 9/Take Ch 49 Quiz Using Lab Book
3	49.1-49.10	Practice recovery of small recovery tanks contents into larger tanks.	Read Ch4 9/Take Ch 49 Quiz Using Lab Book

HART 1356 – 40C0
EPA RECOVERY CERTIFICATION PREPARATION
FALL 2026

Instructor: Chris Bardrick

Office: WC A116

Phone: 903-782-0347

Email: cbardrick@parisjc.edu

Office Hours: 7:30 – 8:00 a.m., 9:00 – 11:30, 5:30 – 6:00 p.m. MTWR

Or by appointment

Meeting Location: GV A-116

Meeting Days: MTWR

Meeting Times: 6 p.m. to 10:00

Course Description:

Certification training for HVAC refrigerant recovery, recycle, and reclaim. Instruction will provide a review of EPA guidelines for refrigerant recovery and recycling during the installation, service, and repair of all HVAC and refrigeration systems.

Credits:

SCH = 3.2.4

TSI Requirement: N/A

Prerequisite(s): N/A

Note: ACGM courses typically require TSI compliance or waiver.

Associate's degree and level 2 certificates require TSI to be fulfilled before degree conferral.

Required Textbook(s) and Materials:

Title **Refrigeration and Air Conditioning Technology, 8th Edition**

Author Bill Whitman; Bill Johnson; John Tomczyk; Eugene Silberstein

ISBN 978-1-305-57829-6

Publisher Delmar Cengage Learning

Publication Date January 1, 2016

Title **Lab Manual for Tomczyk/Silberstein/ Whitman/Johnson's
Refrigeration and Air Conditioning Technology, 8th Edition (MUST
BE NEW)**

Author John Tomczyk; Eugene Silberstein; Bill Whitman; Bill Johnson

ISBN 978-1-305-57870-8

Publisher Delmar Cengage Learning

Publication Date February 26, 2016

Course Goals and Objectives:

Define refrigerant recovery, recycle, and reclaim terms; explain refrigerant recovery, recycle, and reclaim procedures; analyze refrigerant recovery, recycle, and reclaim operations; identify Type I, Type II, and Type III appliances; examine and utilize Section 608 of the Clean Air Act of 1990 Refrigerant, Recovery, Recycle, and Reclaim.

Course Requirements and Evaluation:

Blackboard tests and assignments, including Final 25%

Classroom participation 25%

Lab Projects 50%

Course Policies:**Class Attendance:**

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **OCTOBER 1st**.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. Before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment** in depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

SUBJECT: ATTENDANCE POLICY

Being late and leaving the classroom or laboratory without permission three (3) times will count as one (1) absence. Excessive absence will be reflected in your grades or could lead to your being dropped from the course.

The importance of your lab grade cannot be stressed enough as this is a technical course. Your lab grade is the best measure of field performance.

some of the areas that you will be graded on in the lab are safety, attitude, cleanliness, care of tools, following instruction, team work, initiative, lab projects and the amount of time absent.

the grading symbols used are a.b.c.d.f.w.x. lab activities may use unsatisfactory, satisfactory, good, excellent.

SUBJECT: TOOL ROOM

Tools and materials are provided for the student to work with in our lab. However, we cannot provide enough tools for every student. It may be necessary for students to share tools at various times. Please be courteous to each in sharing resources.

An important responsibility of each student is to help maintain our tools and instruments. Please use the right tool for the job and do not abuse tools. Each student is expected to take care of the tools checked out to him.

It is also very important to conserve materials. Do not be wasteful. You are learning to be a professional technician. Professionals do not waste materials. **FAILURE TO OBSERVE TOOL ROOM RULES CAN RESULT IN THE LOWERING OF YOUR LAB GRADE.**

SCHEDULED BREAKS:

BREAKS ARE AT THE DISCRETION OF THE INSTRUCTOR. Students may leave the air conditioning and refrigeration building only for breaks.

TESTS:

Tests must be taken on the day scheduled by the instructor. No student will be allowed to make up a test without a written doctor's excuse or proof of a death in the family. If you know that you must be out on a test date you should make arrangements to take the test on an earlier date.

SUBJECT: GENERAL POLICY

NO SLEEPING IN CLASS OR LAB: Sleeping during lecture time will not be tolerated. Sleeping when you are supposed to be working in the lab will not be tolerated.
STUDENTS IN VIOLATION OF THIS RULE WILL BE GIVEN A ZERO FOR THE DAY. NO EXCEPTIONS.

SEXUAL HARASSMENT:

Sexual harassment is verbal or physical conduct that denigrates or shows hostility or aversion toward an employee, student, or group of employees or students because of his or her gender that: Has the purpose or effect of creating an intimidating, hostile, or offensive working or academic environment, has the purpose or effect of unreasonably interfering with an individual's performance of duties or studies, or otherwise adversely affects an individual's employment or academic opportunities. harassing conduct includes (1) epithets, slurs, negative stereotyping, or threatening, intimidating, or hostile acts that relate to gender and (2) written or graphic material that denigrates or shows hostility or aversion toward an individual or group because of gender and that is placed on walls, bulletin boards, or elsewhere on PJC premises, or is circulated in the workplace. Students shall not engage in conduct constituting sexual harassment of other students or instructors.

MINOR CHILDREN ON CAMPUS:

For safety reasons, minor children are not allowed in the lab or the classrooms while student parents are attending classes. Minor children who are visiting the campus with parents conducting college business must be under the direct supervision and control of their parents or guardians at all times.

PERSONAL BUSINESS:

Students should arrange to take care of personal business, doctor's appointments, etc. outside of school hours.

HORSEPLAY:

Horseplay will not be tolerated as it can result in serious injury to yourself and others. Use common sense in these matters.

SAFETY:

Follow all safety rules and instructions. Take care of yourself and others.

PROFESSIONAL CONDUCT:

All students are expected to behave in a mature and professional manner you are training to work in a professional and demanding career. Let's not lose sight of this.

SMOKING:

Is not permitted anywhere inside or outside the building. Students are permitted to leave the workforce technology building to smoke only during scheduled breaks.

SPITTING, DIPPING, AND CHEWING:

PJC is a smoke free and tobacco free campus. Smoking is only permitted in designated areas. No smoking, dipping, or spitting is allowed inside the building. Snacks and drinks will be allowed as long as trash is not left in the classrooms or shop.

FIGHTING, ALCOHOL, ILLEGAL DRUGS:

Fighting or threatening will not be tolerated. Alcohol and illegal drug use or being under the influence of these while on campus is forbidden.

CLEAN UP:

There will be a clean up period at the end of each day. Each student is responsible for helping keep the classrooms and the lab clean.

FAILURE OR REFUSAL TO CLEAN UP WILL RESULT IN THE LOSS OF LAB CREDIT FOR THAT DAY.

RESPONSIBILITY:

It is the student's responsibility to know and follow all rules, to be aware of and make all test dates and to complete all assigned work on time.

NOTICE: CRIMINAL BACKGROUND

For students in this course who may have a criminal background, please be advised that the background could keep you from being licensed by the state of Texas. Students shall not engage in conduct constituting sexual harassment of other students or instructors.

MINOR CHILDREN ON CAMPUS:

For safety reasons, minor children are not allowed in the lab or the classrooms while student parents are attending classes. Minor children who are visiting the campus with parents conducting college business must be under the direct supervision and control of their parents or guardians at all times.

PERSONAL BUSINESS:

Students should arrange to take care of personal business, doctor's appointments, etc. outside of school hours.

HORSEPLAY:

Horseplay will not be tolerated as it can result in serious injury to yourself and others. Use common sense in these matters.

SAFETY:

Follow all safety rules and instructions. Take care of yourself and others.

PROFESSIONAL CONDUCT:

All students are expected to behave in a mature and professional manner you are training to work in a professional and demanding career. Let's not lose sight of this.

SMOKING:

Is not permitted anywhere inside or outside the building. students are permitted to leave the workforce technology building to smoke only during scheduled breaks.

SPITTING, DIPPING, AND CHEWING:

PJC is a smoke free and tobacco free campus. Smoking is only permitted in designated areas. No smoking, dipping, or spitting is allowed inside the building. Snacks and drinks will be allowed as long as trash is not left in the classrooms or shop.

FIGHTING, ALCOHOL, ILLEGAL DRUGS:

Fighting or threatening will not be tolerated. Alcohol and illegal drug use or being under the influence of these while on campus is forbidden.

CLEAN UP:

There will be a clean up period at the end of each day. Each student is responsible for helping keep the classrooms and the lab clean.

FAILURE OR REFUSAL TO CLEAN UP WILL RESULT IN THE LOSS OF LAB CREDIT FOR THAT DAY.

RESPONSIBILITY:

It is the student's responsibility to know and follow all rules, to be aware of and make all test dates and to complete all assigned work on time.

NOTICE: CRIMINAL BACKGROUND

For students in this course who may have a criminal background, please be advised that the background could keep you from being licensed by the state of Texas. If you have a question about our background and licensure, please speak with your faculty member. You also have the right to request a criminal history evaluation letter from the applicable licensing agency.

NOTICE: CAMPUS CARRY OF CONCEALED HANDGUNS

"Pursuant to section 30.06, penal code (trespass by license holder with a concealed handgun), a person licensed under subchapter h, chapter 411, government code (handgun licensing law), may not enter this property with a concealed handgun".

carrying of concealed handguns anywhere within the confines of the heating, air conditioning, and refrigeration department is prohibited. **(PLEASE BE AWARE OF THE SIGNS THAT ARE POSTED AT EACH ENTRANCE.)**

Artificial Intelligence (AI):

AI tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change:

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the Instructor during normal class times.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

Course Schedule:

DAY	Text	LAB	Outside Reading/Writing Assignments
1	INTRODUCTION		
2	40.1-40.4	Practice Troubleshooting electric circuits	Read Ch 40/Take Ch 40 Quiz Using Lab Book
3	40.1-40.4	Practice Troubleshooting electric circuits	Read Ch 40/Take Ch 40 Quiz Using Lab Book
4	40.5-40.10	Practice Troubleshooting Evaporator Performance on Assigned Units	Read Ch 40/Take Ch 40 Quiz Using Lab Book
5	40.5-40.10	Practice Troubleshooting Evaporator Performance on Assigned Units	Read Ch 40/Take Ch 40 Quiz Using Lab Book
6	40.11-40.15	Practice Troubleshooting Evaporator Performance on Assigned Units	Read Ch 40/Take Ch 40 Quiz Using Lab Book
7	40.11-40.15	Practice Troubleshooting Evaporator Performance on Assigned Units	Read Ch 40/Take Ch 40 Quiz Using Lab Book
8	40.11-40.15	Practice Troubleshooting Evaporator Performance on Assigned Units	Read Ch 40/Take Ch 40 Quiz Using Lab Book
9	40.11-40.15	Practice Troubleshooting Evaporator Performance on Assigned Units	Read Ch 40/Take Ch 40 Quiz Using Lab Book
10	40.11-40.15	Practice Troubleshooting Evaporator Performance on Assigned Units	Read Ch 40/Take Ch 40 Quiz Using Lab Book
11	40.11-40.15	Practice Troubleshooting Evaporator Performance on Assigned Units	Read Ch 40/Take Ch 40 Quiz Using Lab Book
12	TEST CH 40	Practice Troubleshooting Condenser Performance on Assigned Units	Read Ch 40/Take Ch 40 Quiz Using Lab Book
13	42.1-42.4	Practice Troubleshooting Condenser Performance on Assigned Units	Read Ch 42/Take Ch 42 Quiz Using Lab Book
14	42.1-42.4	Practice Troubleshooting Condenser Performance on Assigned Units	Read Ch 42/Take Ch 42 Quiz Using Lab Book
15	42.1-42.4	Practice Troubleshooting Condenser Performance on Assigned Units	Read Ch 42/Take Ch 42 Quiz Using Lab Book
16	42.5-42.10	Practice Troubleshooting and Installing Residential Equipment	Read Ch 42/Take Ch 42 Quiz Using Lab Book
17	42.5-42.10	Practice Troubleshooting and Installing Residential Equipment	Read Ch 42/Take Ch 42 Quiz Using Lab Book

18	42.11-42.15	Practice Troubleshooting and Installing Residential Equipment	Read Ch 42/Take Ch 42 Quiz Using Lab Book
19	42.11-42.15	Practice Troubleshooting and Installing Residential Equipment	Read Ch 42/Take Ch 42 Quiz Using Lab Book

20	42.11-42.15	Practice Troubleshooting and Installing Residential Equipment	Read Ch 42/Take Ch 42 Quiz Using Lab Book
21	42.16-42.20	Practice Troubleshooting and Installing Residential Equipment	Read Ch 42/Take Ch 42 Quiz Using Lab Book
22	42.16-42.20	Practice Troubleshooting and Installing Commercial Equipment	Read Ch 42/Take Ch 42 Quiz Using Lab Book
23	42.16-42.20	Practice Troubleshooting and Installing Commercial Equipment	Read Ch 42/Take Ch 42 Quiz Using Lab Book
24	42.16-42.20	Practice Troubleshooting and Installing Commercial Equipment	Read Ch 42/Take Ch 42 Quiz Using Lab Book
25	42.21-42.25	Practice Troubleshooting and Installing Commercial Equipment	Read Ch 42/Take Ch 42 Quiz Using Lab Book
26	42.21-42.25	Practice Troubleshooting and Installing Commercial Equipment	Read Ch 42/Take Ch 42 Quiz Using Lab Book
27	42.21-42.25	Troubleshooting, and Service of Assigned Units	Read Ch 42/Take Ch 42 Quiz Using Lab Book
28	42.21-42.25	Troubleshooting, and Service of Assigned Units	Read Ch 42/Take Ch 42 Quiz Using Lab Book
29	42.21-42.25	Troubleshooting, and Service of Assigned Units	Read Ch 42/Take Ch 42 Quiz Using Lab Book

HART 2334 – 10B0
ADVANCED AIR CONDITIONING CONTROLS
FALL 2026

Instructor: Gary Boyett
Office: WTC 1052
Phone: 903-782-0347
Email: gboyett@parisjc.edu
Office Hours: 2:30 P.M. – 5 P.M. MTWR or by appt.

Meeting Location: WTC 906
Meeting Days: WR
Meeting Times: 6-10:00 p.m.

Course Description:

Theory and application of electrical control devices, electromechanical controls, and/or pneumatic controls.

Credits:

SCH = 3.2.4

TSI Requirement: N/A

Prerequisite(s): Certificate in Air Conditioning or Permission from Instructor

Note: ACGM courses typically require TSI compliance or waiver.

Associate's degree and level 2 certificates require TSI to be fulfilled before degree conferral.

Required Textbook(s) and Materials: N/A

Course Goals and Objectives:

Install and troubleshoot complex electrical control devices; control circuits; apply A/C control concepts; and analyze the effects of smart energy networks and how they interface with HVAC control systems.

Course Requirements and Evaluation:

Blackboard tests and assignments, including Final 50%

Classroom/Lab participation 50%

Course Policies:

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is OCTOBER 1st.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. Before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment** in depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

SUBJECT: ATTENDANCE POLICY

Being late and leaving the classroom or laboratory without permission three (3) times will count as one (1) absence. Excessive absence will be reflected in your grades or could lead to your being dropped from the course.

The importance of your lab grade cannot be stressed enough as this is a technical course. Your lab grade is the best measure of field performance.

some of the areas that you will be graded on in the lab are safety, attitude, cleanliness, care of tools, following instruction, team work, initiative, lab projects and the amount of time absent.

the grading symbols used are a.b.c.d.f.w.x. lab activities may use unsatisfactory, satisfactory, good, excellent.

SUBJECT: TOOL ROOM

Tools and materials are provided for the student to work with in our lab. However, we cannot provide enough tools for every student. It may be necessary for students to share tools at various times. Please be courteous to each in sharing resources.

An important responsibility of each student is to help maintain our tools and instruments. Please use the right tool for the job and do not abuse tools. Each student is expected to take care of the tools checked out to him.

It is also very important to conserve materials. Do not be wasteful. You are learning to be a professional technician. Professionals do not waste materials. **FAILURE TO OBSERVE TOOL ROOM RULES CAN RESULT IN THE LOWERING OF YOUR LAB GRADE.**

SCHEDULED BREAKS:

BREAKS ARE AT THE DISCRETION OF THE INSTRUCTOR. Students may leave the air conditioning and refrigeration building only for breaks.

TESTS:

Tests must be taken on the day scheduled by the instructor. No student will be allowed to make up a test without a written doctor's excuse or proof of a death in the family. If you know that you must be out on a test date you should make arrangements to take the test on an earlier date.

SUBJECT: GENERAL POLICY

NO SLEEPING IN CLASS OR LAB: Sleeping during lecture time will not be tolerated. Sleeping when you are supposed to be working in the lab will not be tolerated. **STUDENTS IN VIOLATION OF THIS RULE WILL BE GIVEN A ZERO FOR THE DAY. NO EXCEPTIONS.**

SEXUAL HARASSMENT:

Sexual harassment is verbal or physical conduct that denigrates or shows hostility or aversion toward an employee, student, or group of employees or students because of his or her gender that: Has the purpose or effect of creating an intimidating, hostile, or offensive working or academic environment, has the purpose or effect of unreasonably interfering with an individual's performance of duties or studies, or otherwise adversely affects an individual's employment or academic opportunities. harassing conduct includes (1) epithets, slurs, negative stereotyping, or threatening, intimidating, or hostile acts that relate to gender and (2) written or graphic material that denigrates or shows hostility or aversion toward an individual or group because of gender and that is placed on walls, bulletin boards, or elsewhere on PJC premises, or is circulated in the workplace. Students shall not engage in conduct constituting sexual harassment of other students or instructors.

MINOR CHILDREN ON CAMPUS:

For safety reasons, minor children are not allowed in the lab or the classrooms while student parents are attending classes. Minor children who are visiting the campus with parents conducting college business must be under the direct supervision and control of their parents or guardians at all times.

PERSONAL BUSINESS:

Students should arrange to take care of personal business, doctor's appointments, etc. outside of school hours.

HORSEPLAY:

Horseplay will not be tolerated as it can result in serious injury to yourself and others. Use common sense in these matters.

SAFETY:

Follow all safety rules and instructions. Take care of yourself and others.

PROFESSIONAL CONDUCT:

All students are expected to behave in a mature and professional manner you are training to work in a professional and demanding career. Let's not lose sight of this.

Course Description:

An advanced course in application of troubleshooting principles and use of test instruments to diagnose air conditioning and refrigeration components and system problems including conducting performance tests.

Credits:
SCH = 3.2.4
TSI Requirement: N/A
Prerequisite(s): N/A

Note: ACGM courses typically require TSI compliance or waiver.
Associate's degree and level 2 certificates require TSI to be fulfilled before degree conferral.

Required Textbook(s) and Materials:

Title	Refrigeration and Air Conditioning Technology, 8th Edition
Author	Bill Whitman; Bill Johnson; John Tomczyk; Eugene Silberstein
ISBN	978-1-305-57829-6
Publisher	Delmar Cengage Learning
Publication Date	January 1, 2016
Title	Lab Manual for Tomczyk/Silberstein/ Whitman/Johnson's Refrigeration and Air Conditioning Technology, 8th Edition (MUST BE NEW)
Author	John Tomczyk; Eugene Silberstein; Bill Whitman; Bill Johnson
ISBN	978-1-305-57870-8
Publisher	Delmar Cengage Learning

Publication February 26, 2016
Date

Course Goals and Objectives:

Demonstrate knowledge of basic principles of electricity, electrical current, circuitry, and air conditioning devices; apply Ohm's law to electrical calculations; perform electrical continuity, voltage, and current tests with appropriate meters; and demonstrate electrical safety.

Course Requirements and Evaluation:

Blackboard tests and assignments, including Final 25%

Classroom participation 25%

Lab Projects 50%

THE IMPORTANCE OF YOUR LAB GRADE CANNOT BE STRESSED ENOUGH AS THIS IS A TECHNICAL COURSE. YOUR LAB GRADE IS THE BEST MEASURE OF FIELD PERFORMANCE.

SOME OF THE AREAS THAT YOU WILL BE GRADED ON IN THE LAB ARE SAFETY, ATTITUDE, CLEANLINESS, CARE OF TOOLS, FOLLOWING INSTRUCTION, TEAM WORK, INITIATIVE, LAB PROJECTS AND THE AMOUNT OF TIME ABSENT.

THE GRADING SYMBOLS USED ARE A,B,C,D,F,W,X. LAB ACTIVITIES MAY USE UNSATISFACTORY, SATISFACTORY, GOOD, EXCELLENT.

Course Policies:

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates.

Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is OCTOBER 1st.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. Before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment** depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

SUBJECT: ATTENDANCE POLICY

Being late and leaving the classroom or laboratory without permission three (3) times will count as one (1) absence. Excessive absence will be reflected in your grades or could lead to your being dropped from the course.

The importance of your lab grade cannot be stressed enough as this is a technical course. Your lab grade is the best measure of field performance.

some of the areas that you will be graded on in the lab are safety, attitude, cleanliness, care of tools, following instruction, team work, initiative, lab projects and the amount of time absent.

the grading symbols used are a.b.c.d.f.w.x. lab activities may use unsatisfactory, satisfactory, good, excellent.

SUBJECT: TOOL ROOM

Tools and materials are provided for the student to work with in our lab. However, we cannot provide enough tools for every student. It may be necessary for students to share tools at various times. Please be courteous to each in sharing resources.

An important responsibility of each student is to help maintain our tools and instruments. Please use the right tool for the job and do not abuse tools. Each student is expected to take care of the tools checked out to him.

It is also very important to conserve materials. Do not be wasteful. You are learning to be a professional technician. Professionals do not waste materials. **FAILURE TO OBSERVE TOOL ROOM RULES CAN RESULT IN THE LOWERING OF YOUR LAB GRADE.**

SCHEDULED BREAKS:

BREAKS ARE AT THE DISCRETION OF THE INSTRUCTOR. Students may leave the air conditioning and refrigeration building only for breaks.

TESTS:

Tests must be taken on the day scheduled by the instructor. No student will be allowed to make up a test without a written doctor's excuse or proof of a death in the family. If you know that you must be out on a test date you should make arrangements to take the test on an earlier date.

SUBJECT: GENERAL POLICY

NO SLEEPING IN CLASS OR LAB: Sleeping during lecture time will not be tolerated. Sleeping when you are supposed to be working in the lab will not be tolerated.

STUDENTS IN VIOLATION OF THIS RULE WILL BE GIVEN A ZERO FOR THE DAY. NO EXCEPTIONS.

SEXUAL HARASSMENT:

Sexual harassment is verbal or physical conduct that denigrates or shows hostility or aversion toward an employee, student, or group of employees or students because of his or her gender that: Has the purpose or effect of creating an intimidating, hostile, or offensive working or academic environment, has the purpose or effect of unreasonably interfering with an individual's performance of duties or studies, or otherwise adversely affects an individual's employment or academic opportunities. harassing conduct includes (1) epithets, slurs, negative stereotyping, or threatening, intimidating, or hostile acts that relate to gender and (2) written or graphic material that denigrates or shows hostility or aversion toward an individual or group because of gender and that is placed on walls, bulletin boards, or elsewhere on PJC premises, or is circulated in the workplace. Students shall not engage in conduct constituting sexual harassment of other students or instructors.

MINOR CHILDREN ON CAMPUS:

For safety reasons, minor children are not allowed in the lab or the classrooms while student parents are attending classes. Minor children who are visiting the campus with parents conducting college business must be under the direct supervision and control of their parents or guardians at all times.

PERSONAL BUSINESS:

Students should arrange to take care of personal business, doctor's appointments, etc. outside of school hours.

HORSEPLAY:

Horseplay will not be tolerated as it can result in serious injury to yourself and others. Use common sense in these matters.

SAFETY:

Follow all safety rules and instructions. Take care of yourself and others.

PROFESSIONAL CONDUCT:

All students are expected to behave in a mature and professional manner you are training to work in a professional and demanding career. Let's not lose sight of this.

SMOKING:

Is not permitted anywhere inside or outside the building. Students are permitted to leave the workforce technology building to smoke only during scheduled breaks.

SPITTING, DIPPING, AND CHEWING:

PJC is a smoke free and tobacco free campus. Smoking is only permitted in designated areas. No smoking, dipping, or spitting is allowed inside the building. Snacks and drinks will be allowed as long as trash is not left in the classrooms or shop.

FIGHTING, ALCOHOL, ILLEGAL DRUGS:

Fighting or threatening will not be tolerated. Alcohol and illegal drug use or being under the influence of these while on campus is forbidden.

CLEAN UP:

There will be a clean up period at the end of each day. Each student is responsible for helping keep the classrooms and the lab clean.

FAILURE OR REFUSAL TO CLEAN UP WILL RESULT IN THE LOSS OF LAB CREDIT FOR THAT DAY.

RESPONSIBILITY:

It is the student's responsibility to know and follow all rules, to be aware of and make all test dates and to complete all assigned work on time.

NOTICE: CRIMINAL BACKGROUND

For students in this course who may have a criminal background, please be advised that the background could keep you from being licensed by the state of Texas. If you have a question about our background and licensure, please speak with your faculty member. You also have the right to request a criminal history evaluation letter from the applicable licensing agency.

NOTICE: CAMPUS CARRY OF CONCEALED HANDGUNS

"Pursuant to section 30.06, penal code (trespass by license holder with a concealed handgun), a person licensed under subchapter h, chapter 411, government code (handgun licensing law), may not enter this property with a concealed handgun".

carrying of concealed handguns anywhere within the confines of the heating, air conditioning, and refrigeration department is prohibited. **(PLEASE BE AWARE OF THE SIGNS THAT ARE POSTED AT EACH ENTRANCE.)**

Artificial Intelligence (AI):

AI tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change:

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the Instructor during normal class times.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

Course Schedule:

1	15.1-15.4	Practice troubleshooting electric circuits using voltage-drop method on assigned units.	Read Ch 15/Take Ch 15 Quiz Using Lab Book
2	15.1-15.4	Practice troubleshooting electric circuits using schematics and the "hop-skotch" method on assigned units.	Read Ch 15/Take Ch 15 Quiz Using Lab Book
3	15.1-15.4	Practice troubleshooting the thermostat in assigned units.	Read Ch 15/Take Ch 15 Quiz Using Lab Book
4	15.1-15.4	. Practice troubleshooting the thermostat in assigned units.	Read Ch 15/Take Ch 15 Quiz Using Lab Book
5	15.1-15.4	Practice troubleshooting both the low voltage and high voltage circuits in assigned units. Praactice troubleshooting amperage in both the low and high voltage circuits in assigned units	Read Ch 15/Take Ch 15 Quiz Using Lab Book
6	15.5-15.9	Practice troubleshooting switches and loads in assigned units.	Read Ch 15/Take Ch 15 Quiz Using Lab Book
7	15.5-15.9	Practice checking operating conditions of low, medium, and high temperature equipment on assigned units.	Read Ch 15/Take Ch 15 Quiz Using Lab Book
8	15.5-15.9	Practice checking operating conditions on air cooled equipment.	Read Ch 15/Take Ch 15 Quiz Using Lab Book
9	TEST CH 15	Practice checking operating conditions on watercooled equipment.	Read Ch 15/Take Ch 15 Quiz Using Lab Book/Take Ch 15 Test Using Blackboard
10	29.1-29.9	Practice checking operating conditions on watercooled equipment.	Read Ch 29/Take Ch 29 Quiz Using Lab Book
11	29.1-29.9	Practice checking refrigerant charge on assigned units	Read Ch 29/Take Ch 29 Quiz Using Lab Book
12	29.1-29.9	Practice checking evaporator efficiency on assigned units.	Read Ch 29/Take Ch 29 Quiz Using Lab Book
13	29.10-29.15	Practice checking condenser efficiency on assigned units.	Read Ch 29/Take Ch 29 Quiz Using Lab Book

14	29.10-29.15	Practice checking efficiency of compressors in assigned units.	Read Ch 29/Take Ch 29 Quiz Using Lab Book
15	29.16-29.21	Practice performing Vacuum compressor test on assigned units. .	Read Ch 29/Take Ch 29 Quiz Using Lab Book

16	TEST CH 29	Practice Closed loop Compressor bench test with unit running .	Read Ch 29/Take Ch 29 Quiz Using Lab Book/Take Ch 29 Test Using Blackboard
17	41.1-41.3	Practice Closed loop Compressor test on assigned units.	Read Ch 41/Take Ch 41 Quiz Using Lab Book
18	41.1-41.3	Practice compressor running test on assigned units.	Read Ch 41/Take Ch 41 Quiz Using Lab Book
19	41.4-41.6	Practice checking evaporator pressures and operating conditions on assigned units. Checking pressures and temperatures under different load conditions.	Read Ch 41/Take Ch 41 Quiz Using Lab Book
20	41.4-41.6	Practice checking system pressures and temperatures on assigned units. Establishing reference points on unknown equipment.	Read Ch 41/Take Ch 41 Quiz Using Lab Book
21	41.4-41.6	Practice determining compressor electrical operating conditions, Equipment Efficiency Rating, and equipment start up on assigned units.	Read Ch 41/Take Ch 41 Quiz Using Lab Book
22	41.7-41.10	Practice determining compressor electrical operating conditions, Equipment Efficiency Rating, and equipment start up on assigned units.	Read Ch 41/Take Ch 41 Quiz Using Lab Book
23	41.7-41.10	Practice determining compressor full load current, run load and locked rotor amps on assigned units. Practice troubleshooting high voltage.	Read Ch 41/Take Ch 41 Quiz Using Lab Book
24	41.11-41.15	Practice troubleshooting electrical troubleshooting of circuit protectors, compressors, overloads,	Read Ch 41/Take Ch 41 Quiz Using Lab Book
25	41.11-41.15	Practice mechanical troubleshooting with gauges and thermometers on assigned units.	Read Ch 41/Take Ch 41 Quiz Using Lab Book
26	41.16-41.18	Practice High and Low side Gauge Readings, Temperature and Pressure readings.	Read Ch 41/Take Ch 41 Quiz Using Lab Book
27	41.16-41.18	Practice mechanical troubleshooting with gauges and thermometers on assigned units.	Read Ch 41/Take Ch 41 Quiz Using Lab Book
28	TEST CH 41	Practice mechanical troubleshooting with gauges and thermometers on assigned units.	Read Ch 41/Take Ch 41 Quiz Using Lab Book/Take Ch 41 Test Using Blackboard
29	FINALS	FINALS	
30	FINALS	FINALS	

HART 2341-10C0
COMMERCIAL AIR CONDITIONING
FALL 2026

Instructor: Gary Boyett
Office: WTC 1056
Phone: 903-782-0347
Email: gboyett@parisjc.edu
Office Hours: 7:30 – 8:00 a.m. 5-6 p.m. MTWR
Or by appointment

Meeting Location: WTC 906
Meeting Days: MTWR
Meeting Times: 8 a.m. to 1 p.m.

Course Description:

A study of components, applications, and installation of air conditioning systems with capacities of 25 tons or less.

Credits:
SCH = 3.2.4
TSI Requirement: N/A
Prerequisite(s): N/A

Note: ACGM courses typically require TSI compliance or waiver.
Associate's degree and level 2 certificates require TSI to be fulfilled before degree conferral.

Required Textbook(s) and Materials:

Title	Refrigeration and Air Conditioning Technology, 8th Edition
Author	Bill Whitman; Bill Johnson; John Tomczyk; Eugene Silberstein
ISBN	978-1-305-57829-6
Publisher	Delmar Cengage Learning
Publication Date	January 1, 2022

Title	Lab Manual for Tomczyk/Silberstein/ Whitman/Johnson's Refrigeration and Air Conditioning Technology, 8th Edition
Author	John Tomczyk; Eugene Silberstein; Bill Whitman; Bill Johnson
ISBN	978-1-305-57870-8
Publisher	Delmar Cengage Learning
Publication Date	February 26, 2022

Course Goals and Objectives:

Apply and describe the sequence of operation for commercial air conditioning systems and their accessories; identify components relative to commercial air conditioning; and explain energy efficient and renewable energy technologies.

Course Requirements and Evaluation:

Blackboard tests and assignments, including Final 25%

Classroom participation 25%

Lab Projects 50%

THE IMPORTANCE OF YOUR LAB GRADE CANNOT BE STRESSED ENOUGH AS THIS IS A TECHNICAL COURSE. YOUR LAB GRADE IS THE BEST MEASURE OF FIELD PERFORMANCE.

SOME OF THE AREAS THAT YOU WILL BE GRADED ON IN THE LAB ARE SAFETY, ATTITUDE, CLEANLINESS, CARE OF TOOLS, FOLLOWING INSTRUCTION, TEAM WORK, INITIATIVE, LAB PROJECTS AND THE AMOUNT OF TIME ABSENT.

THE GRADING SYMBOLS USED ARE A,B,C,D,F,W,X. LAB ACTIVITIES MAY USE UNSATISFACTORY, SATISFACTORY, GOOD, EXCELLENT.

Course Policies:**Class Attendance:**

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is OCTOBER 1st.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. Before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams,

plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment** in depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Course Schedule:

1	INTRODUCTION		
2	21.1-21.3	Check & Evaluate Evaporator Performance on Assigned Units	Read Unit 21/Take Ch 21 Quiz Using Lab Book
3	21.1-21.3	Check & Evaluate Evaporator Performance on Assigned Units	Read Unit 21/Take Ch 21 Quiz Using Lab Book
4	21.4-21.6	Service, Maintenance, & Repair of Evaporators, Evaluation of Superheat, Subcooling, and Charge	Read Unit 21/Take Ch 21 Quiz Using Lab Book
5	21.4-21.6	Service, Maintenance, & Repair of Evaporators, Evaluation of Superheat, Subcooling, and Charge	Read Unit 21/Take Ch 21 Quiz Using Lab Book
6	21.7-21.8	Service, Maintenance, & Repair of Evaporators, Evaluation of Superheat, Subcooling, and Charge	Read Unit 21/Take Ch 21 Quiz Using Lab Book
7	21.7-21.8	Check Performance of Chilled Water Systems. Evaluation of Low Temp Evaporators and Defrost	Read Unit 21/Take Ch 21 Quiz Using Lab Book
8	21.9-21.10	Check Performance of Chilled Water Systems. Evaluation of Low Temp Evaporators and Defrost	Read Unit 21/Take Ch 21 Quiz Using Lab Book
9	21.9-21.10	Adjust open compressor speed on assigned units.	Read Unit 21/Take Ch 21 Quiz Using Lab Book
10	21.11-21.12	Service, Maintenance & Repair of Waste/Water Systems, Condenser Subcooling & Water Tower Maintenance	Read Unit 21/Take Ch 21 Quiz Using Lab Book
11	21.11-21.12	Adjust superheat on assigned low-medium-high temperature systems.	Read Unit 21/Take Ch 21 Quiz Using Lab Book
12	21.13-21.14	Adjust superheat on assigned low-medium-high temperature systems.	Read Unit 21/Take Ch 21 Quiz Using Lab Book
13	21.13-21.14	Adjust superheat on assigned low-medium-high temperature systems.	Read Unit 21/Take Ch 21 Quiz Using Lab Book
14	21.15-21.16	Adjust evaporator pressure regulators on assigned units.	Read Unit 21/Take Ch 21 Quiz Using Lab Book
15	21.15-21.16	Adjust evaporator pressure regulators on assigned units.	Read Unit 21/Take Ch 21 Quiz Using Lab Book
16	21.17-21.18	Adjust Fan Cycling Head Pressure Controls on Assigned Units. Pulleys, and Belt Drives, Motor Protection	Read Unit 21/Take Ch. 21 Quiz Using Lab Book
17	21.17-21.18	Service, Repair, Maintenance of Compressors	Read Unit 21/Take Ch. 21 Quiz Using Lab Book
18	Test Ch. 21	Practice Adjusting High & Low Pressure Switches on Assigned Units.	Read Unit 21/Take Ch. 21 Quiz Using Lab Book/Take Ch. 21 Test Using Bb

19	22.1-22.3	Practice Adjusting High & Low Pressure Switches on Assigned Units..	Read Unit 21/Take Ch. 21 Quiz Using Lab Book
20	22.1-22.3	Practice Adjusting High & Low Pressure Switches on Assigned Units.	Read Unit 22/Take Ch. 22 Quiz Using Lab Book
21	22.4-22.6	Practice Adjusting Oil Safety Control, Head Pressure Controls, Ambient Controls, & Setting Defrost Clocks	Read Unit 22/Take Ch. 22 Quiz Using Lab Book
22	22.4-22.6	Practice Adjusting Oil Safety Control, Head Pressure Controls, Ambient Controls, & Setting Defrost Clocks	Read Unit 22/Take Ch. 22 Quiz Using Lab Book
23	22.7-22.9	Service, Maintenance, Installation of Expansion Devices	Read Unit 22/Take Ch. 22 Quiz Using Lab Book
24	22.7-22.9	Service, Maintenance, Installation of Expansion Devices	Read Unit 22/Take Ch. 22 Quiz Using Lab Book
25	22.9-22.11	Service, Maintenance, Installation of Expansion Devices	Read Unit 22/Take Ch. 22 Quiz Using Lab Book
26	22.9-22.11	Service, Maintenance, Installation of Expansion Devices	Read Unit 22/Take Ch. 22 Quiz Using Lab Book
27	22.9-22.11	Service, Maintenance, Installation of Expansion Devices	Read Unit 22/Take Ch. 22 Quiz Using Lab Book
28	22.9-22.11	Service, Maintenance, Installation of Expansion Devices	Read Unit 22/Take Ch. 22 Quiz Using Lab Book
29	22.12-22.14	Service, Maintenance, Installation of Expansion Devices	Read Unit 22/Take Ch. 22 Quiz Using Lab Book

HART 2343 – 10C0
INDUSTRIAL AIR CONDITIONING
FALL 2026

Instructor: Gary Boyett
Office: WTC 1052
Phone: 903-782-0347
Email: gboyett@parisjc.edu
Office Hours: 5:00 -6 p.m. MTWR or by appt.

Meeting Location: WTC 906
Meeting Days: WR
Meeting Times: 6:00 p.m. to 10:00

Course Description:

Theory and application of HVAC Industrial Air Conditioning. Control devices, electromechanical controls, and/or pneumatic controls. Low pressure chillers and cooling towers.

Credits:

SCH = 3.2.4

TSI Requirement: N/A

Note: ACGM courses typically require TSI compliance or waiver.

Associate's degree and level 2 certificates require TSI to be fulfilled before degree conferral.

Prerequisite(s): Certificate in Air Conditioning or Permission from Instructor

Required Textbook(s) and Materials: N/A

Course Goals and Objectives:

Define a zone control system; perform the installation of zone control in an existing home; define the major components of a zone control system; state the primary benefits of a zone control system

Course Requirements and Evaluation:

Blackboard tests and assignments, including Final 25%

Classroom participation 25%

Lab Projects 50%

THE IMPORTANCE OF YOUR LAB GRADE CANNOT BE STRESSED ENOUGH AS THIS IS A TECHNICAL COURSE. YOUR LAB GRADE IS THE BEST MEASURE OF FIELD PERFORMANCE.

SOME OF THE AREAS THAT YOU WILL BE GRADED ON IN THE LAB ARE SAFETY, ATTITUDE, CLEANLINESS, CARE OF TOOLS, FOLLOWING INSTRUCTION, TEAM WORK, INITIATIVE, LAB PROJECTS AND THE AMOUNT OF TIME ABSENT.

THE GRADING SYMBOLS USED ARE A,B,C,D,F,W,X. LAB ACTIVITIES MAY USE UNSATISFACTORY, SATISFACTORY, GOOD, EXCELLENT.

Course Policies:

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **OCTOBER 1st**.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. Before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment** in depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

SUBJECT: ATTENDANCE POLICY

Being late and leaving the classroom or laboratory without permission three (3) times will count as one (1) absence. Excessive absence will be reflected in your grades or could lead to your being dropped from the course.

The importance of your lab grade cannot be stressed enough as this is a technical course. Your lab grade is the best measure of field performance.

some of the areas that you will be graded on in the lab are safety, attitude, cleanliness, care of tools, following instruction, team work, initiative, lab projects and the amount of time absent.

the grading symbols used are a.b.c.d.f.w.x. lab activities may use unsatisfactory, satisfactory, good, excellent.

SUBJECT: TOOL ROOM

Tools and materials are provided for the student to work with in our lab. However, we cannot provide enough tools for every student. It may be necessary for students to share tools at various times. Please be courteous to each in sharing resources.

An important responsibility of each student is to help maintain our tools and instruments. Please use the right tool for the job and do not abuse tools. Each student is expected to take care of the tools checked out to him.

It is also very important to conserve materials. Do not be wasteful. You are learning to be a professional technician. Professionals do not waste materials. **FAILURE TO OBSERVE TOOL ROOM RULES CAN RESULT IN THE LOWERING OF YOUR LAB GRADE.**

SCHEDULED BREAKS:

BREAKS ARE AT THE DISCRETION OF THE INSTRUCTOR. Students may leave the air conditioning and refrigeration building only for breaks.

TESTS:

Tests must be taken on the day scheduled by the instructor. No student will be allowed to make up a test without a written doctor's excuse or proof of a death in the family. If you know that you must be out on a test date you should make arrangements to take the test on an earlier date.

SUBJECT: GENERAL POLICY

NO SLEEPING IN CLASS OR LAB: Sleeping during lecture time will not be tolerated. Sleeping when you are supposed to be working in the lab will not be tolerated. **STUDENTS IN VIOLATION OF THIS RULE WILL BE GIVEN A ZERO FOR THE DAY. NO EXCEPTIONS.**

SEXUAL HARASSMENT:

Sexual harassment is verbal or physical conduct that denigrates or shows hostility or aversion toward an employee, student, or group of employees or students because of his or her gender that: Has the purpose or effect of creating an intimidating, hostile, or offensive working or academic environment, has the purpose or effect of unreasonably interfering with an individual's performance of duties or studies, or otherwise adversely affects an individual's employment or academic opportunities. harassing conduct includes (1) epithets, slurs, negative stereotyping, or threatening, intimidating, or hostile acts that relate to gender and (2) written or graphic material that denigrates or shows hostility or aversion toward an individual or group because of gender and that is placed on walls, bulletin boards, or elsewhere on PJC premises, or is circulated in the workplace. Students shall not engage in conduct constituting sexual harassment of other students or instructors.

MINOR CHILDREN ON CAMPUS:

For safety reasons, minor children are not allowed in the lab or the classrooms while student parents are attending classes. Minor children who are visiting the campus with parents conducting college business must be under the direct supervision and control of their parents or guardians at all times.

PERSONAL BUSINESS:

Students should arrange to take care of personal business, doctor's appointments, etc. outside of school hours.

HORSEPLAY:

Horseplay will not be tolerated as it can result in serious injury to yourself and others. Use common sense in these matters.

SAFETY:

Follow all safety rules and instructions. Take care of yourself and others.

PROFESSIONAL CONDUCT:

All students are expected to behave in a mature and professional manner you are training to work in a professional and demanding career. Let's not lose sight of this.

SMOKING:

Is not permitted anywhere inside or outside the building. Students are permitted to leave the workforce technology building to smoke only during scheduled breaks.

SPITTING, DIPPING, AND CHEWING:

PJC is a smoke free and tobacco free campus. Smoking is only permitted in designated areas. No smoking, dipping, or spitting is allowed inside the building. Snacks and drinks will be allowed as long as trash is not left in the classrooms or shop.

FIGHTING, ALCOHOL, ILLEGAL DRUGS:

Fighting or threatening will not be tolerated. Alcohol and illegal drug use or being under the influence of these while on campus is forbidden.

CLEAN UP:

There will be a clean up period at the end of each day. Each student is responsible for helping keep the classrooms and the lab clean.

FAILURE OR REFUSAL TO CLEAN UP WILL RESULT IN THE LOSS OF LAB CREDIT FOR THAT DAY.

RESPONSIBILITY:

It is the student's responsibility to know and follow all rules, to be aware of and make all test dates and to complete all assigned work on time.

NOTICE: CRIMINAL BACKGROUND

For students in this course who may have a criminal background, please be advised that the background could keep you from being licensed by the state of Texas. If you have a question about our background and licensure, please speak with your faculty member. You also have the right to request a criminal history evaluation letter from the applicable licensing agency.

NOTICE: CAMPUS CARRY OF CONCEALED HANDGUNS

"Pursuant to section 30.06, penal code (trespass by license holder with a concealed handgun), a person licensed under subchapter h, chapter 411, government code (handgun licensing law), may not enter this property with a concealed handgun".

carrying of concealed handguns anywhere within the confines of the heating, air conditioning, and refrigeration department is prohibited. **(PLEASE BE AWARE OF THE SIGNS THAT ARE POSTED AT EACH ENTRANCE.)**

Artificial Intelligence (AI):

AI tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change:

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the Instructor during normal class times.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC’s Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change:

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the Instructor during normal class times.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC’s Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

HART 2343 – 40B0
INDUSTRIAL AIR CONDITIONING
FALL 2026

Instructor: Chris Bardrick
Office: GV A-117
Phone: 903-454-8736
Email: cbardrick@parisjc.edu

Meeting Location: GV-A-116
Meeting Days: MTWR
Meeting Times: 6:00 p.m. to 10:00

Office Hours: 7:30 - 8 a.m., 10:30 – 12, 5 p.m - 6 p.m.MTWR or by appt.

Course Description:

Theory and application of HVAC Industrial Air Conditioning. Control devices, electromechanical controls, and/or pneumatic controls. Low pressure chillers and cooling towers.

Credits:

SCH = 3.2.4

TSI Requirement: N/A

Note: ACGM courses typically require TSI compliance or waiver.

Associate's degree and level 2 certificates require TSI to be fulfilled before degree conferral.

Prerequisite(s): Certificate in Air Conditioning or Permission from Instructor

Required Textbook(s) and Materials: N/A

Course Goals and Objectives:

Define a zone control system; perform the installation of zone control in an existing home; define the major components of a zone control system; state the primary benefits of a zone control system

Course Requirements and Evaluation:

Blackboard tests and assignments, including Final 25%

Classroom participation 25%

Lab Projects 50%

THE IMPORTANCE OF YOUR LAB GRADE CANNOT BE STRESSED ENOUGH AS THIS IS A TECHNICAL COURSE. YOUR LAB GRADE IS THE BEST MEASURE OF FIELD PERFORMANCE.

SOME OF THE AREAS THAT YOU WILL BE GRADED ON IN THE LAB ARE SAFETY, ATTITUDE, CLEANLINESS, CARE OF TOOLS, FOLLOWING INSTRUCTION, TEAM WORK, INITIATIVE, LAB PROJECTS AND THE AMOUNT OF TIME ABSENT.

THE GRADING SYMBOLS USED ARE A,B,C,D,F,W,X. LAB ACTIVITIES MAY USE UNSATISFACTORY, SATISFACTORY, GOOD, EXCELLENT.

Course Policies:

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **OCTOBER 1st**.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. Before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment** in depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

SUBJECT: ATTENDANCE POLICY

Being late and leaving the classroom or laboratory without permission three (3) times will count as one (1) absence. Excessive absence will be reflected in your grades or could lead to your being dropped from the course.

The importance of your lab grade cannot be stressed enough as this is a technical course. Your lab grade is the best measure of field performance.

some of the areas that you will be graded on in the lab are safety, attitude, cleanliness, care of tools, following instruction, team work, initiative, lab projects and the amount of time absent.

the grading symbols used are a.b.c.d.f.w.x. lab activities may use unsatisfactory, satisfactory, good, excellent.

SUBJECT: TOOL ROOM

Tools and materials are provided for the student to work with in our lab. However, we cannot provide enough tools for every student. It may be necessary for students to share tools at various times. Please be courteous to each in sharing resources.

An important responsibility of each student is to help maintain our tools and instruments. Please use the right tool for the job and do not abuse tools. Each student is expected to take care of the tools checked out to him.

It is also very important to conserve materials. Do not be wasteful. You are learning to be a professional technician. Professionals do not waste materials. **FAILURE TO OBSERVE TOOL ROOM RULES CAN RESULT IN THE LOWERING OF YOUR LAB GRADE.**

SCHEDULED BREAKS:

BREAKS ARE AT THE DISCRETION OF THE INSTRUCTOR. Students may leave the air conditioning and refrigeration building only for breaks.

TESTS:

Tests must be taken on the day scheduled by the instructor. No student will be allowed to make up a test without a written doctor's excuse or proof of a death in the family. If you know that you must be out on a test date you should make arrangements to take the test on an earlier date.

SUBJECT: GENERAL POLICY

NO SLEEPING IN CLASS OR LAB: Sleeping during lecture time will not be tolerated. Sleeping when you are supposed to be working in the lab will not be tolerated. **STUDENTS IN VIOLATION OF THIS RULE WILL BE GIVEN A ZERO FOR THE DAY. NO EXCEPTIONS.**

SEXUAL HARASSMENT:

Sexual harassment is verbal or physical conduct that denigrates or shows hostility or aversion toward an employee, student, or group of employees or students because of his or her gender that: Has the purpose or effect of creating an intimidating, hostile, or offensive working or academic environment, has the purpose or effect of unreasonably interfering with an individual's performance of duties or studies, or otherwise adversely affects an individual's employment or academic opportunities. harassing conduct includes (1) epithets, slurs, negative stereotyping, or threatening, intimidating, or hostile acts that relate to gender and (2) written or graphic material that denigrates or shows hostility or aversion toward an individual or group because of gender and that is placed on walls, bulletin boards, or elsewhere on PJC premises, or is circulated in the workplace. Students shall not engage in conduct constituting sexual harassment of other students or instructors.

MINOR CHILDREN ON CAMPUS:

For safety reasons, minor children are not allowed in the lab or the classrooms while student parents are attending classes. Minor children who are visiting the campus with parents conducting college business must be under the direct supervision and control of their parents or guardians at all times.

PERSONAL BUSINESS:

Students should arrange to take care of personal business, doctor's appointments, etc. outside of school hours.

HORSEPLAY:

Horseplay will not be tolerated as it can result in serious injury to yourself and others. Use common sense in these matters.

SAFETY:

Follow all safety rules and instructions. Take care of yourself and others.

PROFESSIONAL CONDUCT:

All students are expected to behave in a mature and professional manner you are training to work in a professional and demanding career. Let's not lose sight of this.

SMOKING:

Is not permitted anywhere inside or outside the building. Students are permitted to leave the workforce technology building to smoke only during scheduled breaks.

SPITTING, DIPPING, AND CHEWING:

PJC is a smoke free and tobacco free campus. Smoking is only permitted in designated areas. No smoking, dipping, or spitting is allowed inside the building. Snacks and drinks will be allowed as long as trash is not left in the classrooms or shop.

FIGHTING, ALCOHOL, ILLEGAL DRUGS:

Fighting or threatening will not be tolerated. Alcohol and illegal drug use or being under the influence of these while on campus is forbidden.

CLEAN UP:

There will be a clean up period at the end of each day. Each student is responsible for helping keep the classrooms and the lab clean.

FAILURE OR REFUSAL TO CLEAN UP WILL RESULT IN THE LOSS OF LAB CREDIT FOR THAT DAY.

RESPONSIBILITY:

It is the student's responsibility to know and follow all rules, to be aware of and make all test dates and to complete all assigned work on time.

NOTICE: CRIMINAL BACKGROUND

For students in this course who may have a criminal background, please be advised that the background could keep you from being licensed by the state of Texas. If you have a question about our background and licensure, please speak with your faculty member. You also have the right to request a criminal history evaluation letter from the applicable licensing agency.

NOTICE: CAMPUS CARRY OF CONCEALED HANDGUNS

"Pursuant to section 30.06, penal code (trespass by license holder with a concealed handgun), a person licensed under subchapter h, chapter 411, government code (handgun licensing law), may not enter this property with a concealed handgun".

carrying of concealed handguns anywhere within the confines of the heating, air conditioning, and refrigeration department is prohibited. **(PLEASE BE AWARE OF THE SIGNS THAT ARE POSTED AT EACH ENTRANCE.)**

Artificial Intelligence (AI):

AI tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. HART 2345 – 10C0
RESIDENTIAL AIR CONDITIONING SYSTEMS DESIGN
Fall 2026

Instructor: Gary Boyett
Office: WTC 1052
Phone: 903-782-0347
Email: gboyett@parisjc.edu
Office Hours: 7:30 – 8:00 a.m. 5-6 p.m. MTWR
Or by appointment

Meeting Location: WTC 906
Meeting Days: MTWR
Meeting Times: 8 a.m. to 1 p.m.

Course Description:

Study of the properties of air and results of cooling, heating, humidifying or dehumidifying; heat gain and heat loss calculations including equipment selection and balancing the air system.

Credits:
SCH = 3.2.4
TSI Requirement: N/A
Prerequisite(s): N/A

Note: ACGM courses typically require TSI compliance or waiver.
Associate's degree and level 2 certificates require TSI to be fulfilled before degree conferral.

Required Textbook(s) and Materials:

Title	Refrigeration and Air Conditioning Technology, 8th Edition
Author	Bill Whitman; Bill Johnson; John Tomczyk; Eugene Silberstein
ISBN	978-1-305-57829-6
Publisher	Delmar Cengage Learning
Publication Date	January 1, 2022
Title	Lab Manual for Tomczyk/Silberstein/ Whitman/Johnson's Refrigeration and Air Conditioning Technology, 8th Edition (MUST BE NEW)
Author	John Tomczyk; Eugene Silberstein; Bill Whitman; Bill Johnson
ISBN	978-1-305-57870-8
Publisher	Delmar Cengage Learning
Publication Date	February 26, 2022

Course Goals and Objectives:

Calculate heat loss and heat gain; size heating and cooling equipment to the structure; read and interpret detailed HVAC design plans; perform a load calculation using industry standards; and design a complete air distribution system including ventilation requirements and indoor air quality.

Course Requirements and Evaluation:

Blackboard tests and assignments, including Final 25%

Classroom participation 25%

Lab Projects 50%

THE IMPORTANCE OF YOUR LAB GRADE CANNOT BE STRESSED ENOUGH AS THIS IS A TECHNICAL COURSE. YOUR LAB GRADE IS THE BEST MEASURE OF FIELD PERFORMANCE.

THE IMPORTANCE OF YOUR LAB GRADE CANNOT BE STRESSED ENOUGH AS THIS IS A TECHNICAL COURSE. YOUR LAB GRADE IS THE BEST MEASURE OF FIELD PERFORMANCE.

SOME OF THE AREAS THAT YOU WILL BE GRADED ON IN THE LAB ARE SAFETY, ATTITUDE, CLEANLINESS, CARE OF TOOLS, FOLLOWING INSTRUCTION, TEAM WORK, INITIATIVE, LAB PROJECTS AND THE AMOUNT OF TIME ABSENT.

THE GRADING SYMBOLS USED ARE A,B,C,D,F,W,X. LAB ACTIVITIES MAY USE UNSATISFACTORY, SATISFACTORY, GOOD, EXCELLENT.

Course Policies:

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is OCTOBER 1st.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. Before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the**

exam/assignment in depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

SUBJECT: ATTENDANCE POLICY

Being late and leaving the classroom or laboratory without permission three (3) times will count as one (1) absence. Excessive absence will be reflected in your grades or could lead to your being dropped from the course.

The importance of your lab grade cannot be stressed enough as this is a technical course. Your lab grade is the best measure of field performance.

some of the areas that you will be graded on in the lab are safety, attitude, cleanliness, care of tools, following instruction, team work, initiative, lab projects and the amount of time absent.

the grading symbols used are a.b.c.d.f.w.x. lab activities may use unsatisfactory, satisfactory, good, excellent.

SUBJECT: TOOL ROOM

Tools and materials are provided for the student to work with in our lab. However, we cannot provide enough tools for every student. It may be necessary for students to share tools at various times. Please be courteous to each in sharing resources.

An important responsibility of each student is to help maintain our tools and instruments. Please use the right tool for the job and do not abuse tools. Each student is expected to take care of the tools checked out to him.

It is also very important to conserve materials. Do not be wasteful. You are learning to be a professional technician. Professionals do not waste materials. **FAILURE TO OBSERVE TOOL ROOM RULES CAN RESULT IN THE LOWERING OF YOUR LAB GRADE.**

SCHEDULED BREAKS:

BREAKS ARE AT THE DISCRETION OF THE INSTRUCTOR. Students may leave the air conditioning and refrigeration building only for breaks.

TESTS:

Tests must be taken on the day scheduled by the instructor. No student will be allowed to make up a test without a written doctor's excuse or proof of a death in the family. If you know that you must be out on a test date you should make arrangements to take the test on an earlier date.

SUBJECT: GENERAL POLICY

NO SLEEPING IN CLASS OR LAB: Sleeping during lecture time will not be tolerated.

Sleeping when you are supposed to be working in the lab will not be tolerated.

STUDENTS IN VIOLATION OF THIS RULE WILL BE GIVEN A ZERO FOR THE DAY. NO EXCEPTIONS.

SEXUAL HARASSMENT:

Sexual harassment is verbal or physical conduct that denigrates or shows hostility or aversion toward an employee, student, or group of employees or students because of his or her gender that: Has the purpose or effect of creating an intimidating, hostile, or offensive working or academic environment, has the purpose or effect of unreasonably interfering with an individual's performance of duties or studies, or otherwise adversely affects an individual's employment or academic opportunities. harassing conduct includes (1) epithets, slurs, negative stereotyping, or threatening, intimidating, or hostile acts that relate to gender and (2) written or graphic material that denigrates or shows hostility or aversion toward an individual or group because of gender and that is placed on walls, bulletin boards, or elsewhere on PJC premises, or is circulated in the workplace. Students shall not engage in conduct constituting sexual harassment of other students or instructors.

MINOR CHILDREN ON CAMPUS:

For safety reasons, minor children are not allowed in the lab or the classrooms while student parents are attending classes. Minor children who are visiting the campus with parents conducting college business must be under the direct supervision and control of their parents or guardians at all times.

PERSONAL BUSINESS:

Students should arrange to take care of personal business, doctor's appointments, etc. outside of school hours.

HORSEPLAY:

Horseplay will not be tolerated as it can result in serious injury to yourself and others. Use common sense in these matters.

SAFETY:

Follow all safety rules and instructions. Take care of yourself and others.

PROFESSIONAL CONDUCT:

All students are expected to behave in a mature and professional manner you are training to work in a professional and demanding career. Let's not lose sight of this.

SMOKING:

Is not permitted anywhere inside or outside the building. students are permitted to leave the workforce technology building to smoke only during scheduled breaks.

SPITTING, DIPPING, AND CHEWING:

PJC is a smoke free and tobacco free campus. Smoking is only permitted in designated areas. No smoking, dipping, or spitting is allowed inside the building. Snacks and drinks will be allowed as long as trash is not left in the classrooms or shop.

FIGHTING, ALCOHOL, ILLEGAL DRUGS:

Fighting or threatening will not be tolerated. Alcohol and illegal drug use or being under the influence of these while on campus is forbidden.

CLEAN UP:

There will be a clean up period at the end of each day. Each student is responsible for helping keep the classrooms and the lab clean.

FAILURE OR REFUSAL TO CLEAN UP WILL RESULT IN THE LOSS OF LAB CREDIT FOR THAT DAY.

RESPONSIBILITY:

It is the student's responsibility to know and follow all rules, to be aware of and make all test dates and to complete all assigned work on time.

NOTICE: CRIMINAL BACKGROUND

For students in this course who may have a criminal background, please be advised that the background could keep you from being licensed by the state of Texas. If you have a question about our background and licensure, please speak with your faculty member. You also have the right to request a criminal history evaluation letter from the applicable licensing agency.

NOTICE: CAMPUS CARRY OF CONCEALED HANDGUNS

"Pursuant to section 30.06, penal code (trespass by license holder with a concealed handgun), a person licensed under subchapter h, chapter 411, government code (handgun licensing law), may not enter this property with a concealed handgun".

carrying of concealed handguns anywhere within the confines of the heating, air conditioning, and refrigeration department is prohibited. **(PLEASE BE AWARE OF THE SIGNS THAT ARE POSTED AT EACH ENTRANCE.)**

Artificial Intelligence (AI):

AI tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change:

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the Instructor during normal class times.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

Course Schedule:

WEEK	TEXT	LAB

*HIST 1301.80A0
United States History I
Fall 2026*

Instructor: Mr. Michael Hinz

Office: Room 1409

Phone: 903-737-7400

Email: mhinz@parisjc.edu

Office Hours: 10:00 a.m. – 11:00 a.m.

Meeting Location: Room 1409

Meeting Days: Monday – Friday

Meeting Times: 1st, 2nd, 4th, 6th, & 8th

Course Description:

A survey of the social, political, economic, cultural, and intellectual history of the United States from the pre-Columbian era to the Civil War/Reconstruction period. United States History I includes the study of pre-Columbian, colonial, revolutionary, early national, slavery and sectionalism, and the Civil War/Reconstruction eras. Themes that may be addressed in United States History I include: American settlement and diversity, American culture, religion, civil and human rights, technological change, economic change, immigration and migration, and creation of the federal government.

Credits: SCH = 3

TSI Requirement: 351 R.

Prerequisite(s): none

Required Textbook(s) and Materials:

Required Textbook(s) and Materials:

- U.S. History, by OpenStax. Textbook is free, and housed within the Blackboard course shell. YOU DO NOT NEED TO PURCHASE A TEXTBOOK.
- Access to a computer with Internet access (the college has computers available in the library for student use).
- Note taking materials for class such as pen/pencil and notebook

Course Goals and Objectives:

Foundational Component Area: American History

Courses in this category focus on how ideas, values, beliefs and other aspects of culture reflect human experience. Courses involve the exploration of ideas that foster aesthetic and intellectual creation in order to understand the human condition across cultures.

Course Requirements and Evaluation:

Instruction for this course consists primarily of traditional lecture format slides, reading assignments, discussions, pop-quizzes and examinations. Instruction for this course consists primarily of traditional lecture format, reading assignments, discussions, class activities, pop-quizzes and examinations.

As students in this course you are expected to:

1. Attend class.

2. Sit in assigned seat.
3. Participate in class discussion and take detailed notes.
4. Complete the course readings
5. Be prepared to participate actively in classroom discussions.
6. Bring your questions to class.
7. Listen to each other's comments and questions with an open mind and respect viewpoints other than their own.
8. Be open to learning why people did what they did and should not dismiss actors' views because they might be perceived as "wrong."

Students must complete all assignments listed below. The descriptions provided are brief, and additional information will be forthcoming.

Exams: Students will complete four examinations worth 50 points each. Each will have twenty multiple-choice questions. Each question is worth one point. In addition, students will respond to an essay question worth thirty points. Prior to each exam the instructor will make available to students a review sheet with all terms and concepts to be tested. Exams are based entirely upon lecture and class discussion. Together they are worth 40% of your course grade. We will discuss how we are going to take exams the first week of class. Exams will also be posted in Blackboard, and will be found under the syllabus. Class Activities, related to the chapter under discussion, will also give the student a chance to gain extra bonus points to be used on the exams.

Class Pop Quizzes: Throughout the course eight class quizzes, that cover our lectures and readings, will be given. The quizzes will be worth ten points, altogether they will total 80 points which will count for 16% of your course grade.

Attendance and Participation: Roll will be taken each class day, and students are expected to attend every class session. Poor attendance tends to result in poor student performance. More than 2 unexcused absences students will lose one letter grade. Attendance and Participation combined will count for 120 points total and 24% of your course grade.

Excused absences include participation in a PHS-sponsored event, illness accompanied by a doctor's note, death in the student's immediate family, a verifiable court appearance or any other similar circumstance in the view of the instructor. Excuses must be turned in, in writing, to the instructor upon returning to class.

Readings are to be completed.

Primary Source Assignments: At the end of each chapters are Primary Source Projects. I will tell you at the end of a chapter which assignment to do for a grade. There will be ten assignments which are ten points apiece, altogether they will total 100 points which will count for 20% of your course grade.

Slacker Clause: Failure to attempt an assignment will result in failure for the course.

Grading Criteria

Four Course Exams (50 points apiece) = 200 points (40% of course grade)

Eight Class Pop-Quizzes (10 points apiece) = 80 points (16% of course grade)

Attendance/Participation = 120 points (24% of course grade)

Ten Primary Source Assignments= (10 points apiece) = 100 points (20% of course grade)

Grading

A=EXCELLENT 450-500 Points

B=GOOD 400-449 Points

C=AVERAGE 350-399 Points

D=POOR 300-349 Points

F=FAILURE less than 300 Points

Required Activity

All students must complete the First Assignment by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). This First Assignment will be Quiz 1. Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non- attending and will be dropped from the course.

Course Policies

My preferred form of interaction is in person after class. I invite you to contact me by e-mail, if you cannot see me after class. I can be reached more easily by e-mail than by phone.

Missing class/makeup work- If you submit an exam or quiz late you will be counted off 10 points. You have one day past the due date to submit late assignment. The final exam must be submitted by the due date and time for the student to receive credit.

General Policies and Procedures:

Note: This syllabus is your contract with the instructor for the semester. By enrolling in this course you agree to abide by all the policies and requirements set forth below. The terms of this contract are non-negotiable, apply equally to each student, and remain in effect throughout the semester, only the instructor may alter the terms of this agreement. Please contact the instructor if there are any questions about this syllabus or the terms herein.

Class Attendance:

Class attendance is critical for the successful completion of this course. *For students must complete work in a timely manner and follow due dates.* Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is *Thursday, November 14*. As stated earlier, you are expected to attend and participate in class and complete all assignments by the assigned due date. You CAN NOT expect to do well in this course without attending class and completing all assignments.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. There was time, believe it or not, humankind survived without these various electronic apparatuses. Trust me when I say you can get by without them for a few hours a day. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial intelligence

(AI) tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are

known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

Ethical Considerations and Consequences for Misuse

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of AI or other assignment-help tools will be handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific — approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- Example of permitted use: Using AI to brainstorm topic ideas, check grammar, or generate a practice outline — with instructor approval and proper citation.
- Example of prohibited use: Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Citation Requirements

When AI use is approved, you must cite it according to the citation style required for the course (APA, MLA, or Chicago, as specified by your instructor). This typically includes naming the AI tool used, the date accessed, and a brief description of how it was used (e.g., "ChatGPT was used to generate an initial outline, which was then

revised independently"). Consult your instructor or the relevant style guide for the exact citation format.

Detection and Verification

The instructor and/or the college reserve the right to use AI-detection software or other means to verify the originality of submitted work. Students may also be asked to explain, defend, or reproduce their work (e.g., in a conference or oral discussion) to confirm authorship.

When in Doubt

If you are in doubt as to whether you are using AI appropriately in this course, it is your responsibility to discuss your situation with the instructor before submitting the assignment. Remember, AI can be a tool to support your learning in this course, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Insert how the students will be notified of a change. (Blackboard, student email, etc.)

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

Course Schedule/Weekly Lesson Plan:

*HIST 1301.698
United States History I
Fall 2026*

Instructor: Ryan Petty
Office: Room 300, Cumby HS
Phone: 903-994-2260
Email: ryan.petty@parisjc.edu
Office Hours: 3:00 to 4:00

Meeting Location: Room 300, Cumby HS
Meeting Days: MTWH
Meeting Times: 1:15 to 2:05

Course Description:

A survey of the social, political, economic, cultural, and intellectual history of the United States from the pre-Columbian era to the Civil War/Reconstruction period. United States History I includes the study of pre-Columbian, colonial, revolutionary, early national, slavery and sectionalism, and the Civil War/Reconstruction eras. Themes that may be addressed in United States History I include: American settlement and diversity, American culture, religion, civil and human rights, technological change, economic change, immigration and migration, and creation of the federal government.

*Credits: 3 credit hours
TSI Requirement: MTW
Prerequisite(s): N/A*

Required Textbook(s) and Materials:

Hewitt, Exploring American Histories 3rd Edition Value Edition, Combined Volume & Launchpad for Exploring American Histories (2-term Online), 3rd ed, MPS, ISBN #9781319236502

Narrative of the Life of Frederick Douglass: An American Slave edited by David W. Blight, Bedford/St. Martin's Press, 2003, ISBN # 0-312-25737-6

Course Goals and Objectives:

- 1. Critical Thinking Skills – to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.*
- 2. Communication Skills – to include effective development, interpretation and expression of ideas through written, oral and visual communication.*
- 3. Personal Responsibility – to include the ability to connect choices, actions and consequences to ethical decision-making.*
- 4. Social Responsibility – to include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities*

Course Schedule:

The class will meet on a MTWH schedule and will be taught by distance learning to the Campbell classroom.

Course Requirements and Evaluation:

<i>Student Learner Outcome</i>	<i>Maps to Core Objective</i>	<i>Assessment Tool</i>

	Social Responsibility (SR)	Core Assessment Project Discussions, Exam

Course Policies

This course is conducted using a traditional lecture format that will use reading assignments, lectures, discussions, videos, internet assignments, instructor/student interaction, lecture capture, power point, class projects, and examinations.

Course requirements include **four exams and a writing assignment, each worth 100 points**. There will also be **weekly assignments** to be turned in on Sunday night. The final exam will not be a comprehensive test over the entire year; instead it will cover the material that follows exam #3.

You must complete each of the four 100-point exams, 100-point writing assignment, as well as bi-weekly assignments that add up to 100 points during the term. The grading scale is:
600-540 = A 539-480 = B 479-420 = C 419-360 = D Below 360 = F

Class Attendance:

Class attendance is critical for the successful completion of this course. *For online courses, students must complete work in a timely manner and follow due dates.* Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is Thursday, **November 12**.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action such as dismissal from the college. *These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.*

Artificial Intelligence Statement

The use of artificial intelligence programs or tools is prohibited in this course. As a student at Paris Junior College, it is your responsibility to maintain academic integrity, and representing work generated by artificial intelligence as your own is considered to be academic dishonesty. Each assignment submitted in this course will be subject to AI detection, so you must submit your original work for credit in this course and not have another person or technology do the work for you.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4 or higher).

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

Official Student Email Policy

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence—including notices of academic status, financial aid, billing, registration, and campus alerts—will be sent to the student's PJC email account. Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not responsible for missed communications due to a student's failure to check their official email account.

Non-discrimination clause

Paris Junior College is an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, color, national origin, sex, religion, age, disability, or any other basis prohibited by law.

Paris Junior College prohibits discrimination, including harassment, against any student on the basis of sex or gender, race, color, national origin, disability, religion, age, or any other basis prohibited by law. A lack of English language skills will not be a barrier to admission and participation in the career and technical education programs of Paris Junior College.

Retaliation against anyone involved in a complaint process is a violation of PJC policy and is prohibited.

Course Outline and Schedule -

MTWH

Week	Date	Topic	Assignments
W1	Aug. 17-21	Introduction European Roots to Exploration	Ch. 1

W15	Nov.30-Dec.4	Reconstruction	Ch. 14
W16	Dec. 7-11	FINAL EXAM on DECEMBER 12	

Writing Assignment

The writing assignment will be based on the book, *Narrative of the Life of Frederick Douglass: An American Slave* and will be due on November 17. This will be a 4 page paper and will consist of the following aspects:

1. A **short** (half-page) summary of the book, including any significant stories that appealed to you.
2. Your reflection upon the book. What did you think about it? What shocked you? Why?
3. Did the book help in your understanding of slavery in America? Did your perspective change any before reading the book? Explain.
4. How does the book help historians look back at the past?
5. With this knowledge of slavery from Douglass' perspective, how do you think modern African Americans have been affected by this past?

Papers should be four pages long, 12 font, 1 inch margins with a small heading consisting of the following:

Name	Douglass Paper	HIST 1301-(School)	Petty
------	----------------	--------------------	-------

*HIST 1301.83AO
United States History I
Fall 2026*

Instructor: Herb Smith, M.A.
Office: Room 1409
Phone: 903-652-5681
Email: herbsmith@parisjc.edu
Office Hours: Monday – Friday
 (1:45 p.m. – 2:40 p.m.)

Meeting Location: Room 201
Meeting Days: Monday – Friday
Meeting Times: 5th Period

Course Description:

A survey of the social, political, economic, cultural, and intellectual history of the United States from the pre-Columbian era to the Civil War/Reconstruction period. United States History I includes the study of pre-Columbian, colonial, revolutionary, early national, slavery and sectionalism, and the Civil War/Reconstruction eras. Themes that may be addressed in United States History I include: American settlement and diversity, American culture, religion, civil and human rights, technological change, economic change, immigration and migration, and creation of the federal government.

Credits: SCH = 3

TSI Requirement: 351 R.

Prerequisite(s): none

Required Textbook(s) and Materials:

Free Online Textbook Source: Open Stax

<https://openstax.org/books/us-history/pages/1-introduction>

- Access to a computer with Internet access
- Note taking materials for class such as pen/pencil and notebook
- Respondus Lockdown Browser

Course Goals and Objectives:

Foundational Component Area: American History

Courses in this category focus on how ideas, values, beliefs and other aspects of culture reflect human experience. Courses involve the exploration of ideas that foster aesthetic and intellectual creation in order to understand the human condition across cultures.

Required Core Objectives: Students successfully completing this course will demonstrate competency in the following Core Objectives:

- 1) Critical Thinking Skills -- to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.
- 2) Communication Skills -- to include effective development, interpretation and expression of ideas through written, oral and visual communication.

- 3) Personal Responsibility -- to analyze the effects of historical events, geographies, and people on United States History.
- 4) Social Responsibility -- to include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities.

History Student Learner Outcomes: Upon successful completion of this course students will:

- 1) Create an argument through the use of historical evidence.
- 2) Analyze and interpret primary and secondary sources.
- 3) Analyze the effects of historical, social, political, economic, cultural, and global forces on this period of United States history.

Course Map of Core Objectives, Student Learner Outcomes, and Assignments

Student Learner Outcome	Maps to Core Objective	Assessment Tool
1. Create an argument through the use of historical evidence.	Critical Thinking Skills (CT)	Annotated Bibliography Graphic Organizer Dictation
	Communication Skills (CS)	Discussion Boards Project Presentations
	Personal Responsibilities (PR)	Meeting Deadlines On Time
	Social Responsibilities (SR)	Respectful Discussion Achieve Assignments
2. Analyze and interpret primary and secondary sources.	Critical Thinking Skills (CT)	BOK Assignments
	Communication Skills (CS)	In class discussions
	Personal Responsibilities (PR)	Peer Review of BOK Assignments
	Social Responsibilities (SR)	Respectful Review of BOK Assignments
3. Analyze the effects of historical events, geographies, and people on United States History	Critical Thinking Skills (CT)	Ripple Effect Assignment

	Communication Skills (CS)	Discussion Boards
	Personal Responsibilities (PR)	Complete BOK and all assignments on time.
	Social Responsibilities (SR)	Analyze perspective of historical characters

Course Requirements and Evaluation:

Instruction for this course consists primarily of traditional lecture format slides, reading assignments, discussions, pop-quizzes and examinations. Instruction for this course consists primarily of traditional lecture format, reading assignments, discussions, class activities, pop-quizzes and examinations.

As students in this course you are expected to:

1. Attend class.
2. Sit in the assigned seat.
3. Participate in class discussion and take detailed notes.
4. Complete the course readings
5. Be prepared to participate actively in classroom discussions.
6. Bring your questions to class.
7. Listen to each other's comments and questions with an open mind and respect viewpoints other than their own.
8. Be open to learning why people did what they did and should not dismiss actors' views because they might be perceived as "wrong."

Students must complete all assignments listed below. The descriptions provided are brief, and additional information will be forthcoming.

Daily Activities: Assignments, classwork, etc...	30%
---	-----

Discussions	10%
Book Review	30%
Unit Exams	30%

Exams: Students will complete unit examinations worth 100 points each. Each will have multiple-choice questions and students will respond to essay questions. Prior to each exam the instructor will make available to students a review sheet of all terms and concepts to be tested. Exams are based entirely upon lecture, class discussion, and quizzes from the Chapters. Together they are worth 30% of your course grade. We will discuss how we are going to take exams the first week of class.

Class Quizzes: Throughout the course quizzes and other assignments, which will cover our lectures and readings, will be given. The quizzes and other assignments will count for 30% of your course grade.

Attendance and Participation: Roll will be taken each class day, and students are expected to attend every class session. Poor attendance tends to result in poor student performance. Attendance and Participation (Discussions) combined will count for 10% of your course grade. Class attendance is critical for your success in this course. This is a hybrid course. The course is delivered on Blackboard AND in class. The last day for a student to withdraw from a course with a grade of "W" is November 12, 2026. Come to Class!

Excused absences include participation in a PHS-sponsored event, illness accompanied by a doctor's note, death in the student's immediate family, a verifiable court appearance or any other similar circumstance in the view of the instructor. Excuses must be turned in, in writing, to the instructor upon returning to class.

Readings are to be completed.

Book Review: We will have a book review to work on and complete throughout the semester. We will have checkpoints throughout the semester to stay on task. This assignment will count for 30% of your course grade.

Slacker Clause: Failure to attempt an assignment will result in failure for the course.

Grading Criteria

Exams = 30% of course grade

Class Pop-Quizzes / Assignments= 30% of course grade

Discussion = 10% of course grade

Book Review = 30% of course grade

Grading

A=EXCELLENT	90 - 99
B=GOOD	80 - 89
C=AVERAGE	70 - 79
D=POOR	60 - 69
F=FAILURE	50 - below

Course Policies

My preferred form of interaction is in person after class. I invite you to contact me by e-mail, if you cannot see me after class. I can be reached more easily by e-mail than by phone. My email is herbsmith@parisjc.edu or hsmith@prairiland.net

Missing class/makeup work-

Late work policy: Assignments due prior to the unit exams can be turned in late, prior to the unit exams for a 50% reduction in the grade. None of these assignments will be accepted after the unit exam date. None of these assignments will be accepted after the final exam date (12-10)

Face-to-face course: Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory.

No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Online course: Respect and cordiality is expected when you are interacting with your classmates or your instructor in the online environment. Treat others as you want to be treated.

General Policies and Procedures:

Note: This syllabus is your contract with the instructor for the semester. By enrolling in this course you agree to abide by all the policies and requirements set forth below. The terms of this contract are non-negotiable, apply equally to each student, and remain in effect throughout the semester, only the instructor may alter the terms of this agreement. Please contact the instructor if there are any questions about this syllabus or the terms herein.

Online Resources

The Paris Junior College Social Science Division uses the Blackboard online learning management system for both online and face-to-face courses. The PJC Blackboard login web page can be found at: <https://parisjc.blackboard.com>

The Blackboard login username is each student's school-issued student ID number (without dashes) and the login password is the student's 8-digit birthday (month, day, four-digit year). For technical assistance with Blackboard contact the PJC Help Desk at 903-782-0496 or helpdesk@parisjc.edu.

Technical problems:

It is you, the student's responsibility, to ensure you have reliable internet and a computer in order to complete the online assignments. Please turn in assignments where and when you have good internet. Each PJC campus has Wi-Fi that can be accessed to complete and turn in assignments. If you know you may have trouble accessing the internet from your home (or wherever you do your school work), I highly recommend you complete assignments BEFORE the final day. Note: Assignments are due at 11:59 pm. My office hours do not extend until 11:59 pm, so I will not be available to respond to you. I will respond within 24 hours between the hours of Monday at 8:00 am and Friday at 1:00 pm. Please plan accordingly.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action such as dismissal from the college. These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forgo the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.

Students who cheat twice will fail the course.

Social Sciences Department Artificial Intelligence Statement
Artificial intelligence

Ethical Considerations and Consequences for Misuse

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of

AI or other assignment-help tools will be handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific — approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- Example of permitted use: Using AI to brainstorm topic ideas, check grammar, or generate a practice outline — with instructor approval and proper citation.
- Example of prohibited use: Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Citation Requirements

When AI use is approved, you must cite it according to the citation style required for the course (APA, MLA, or Chicago, as specified by your instructor). This typically includes naming the AI tool used, the date accessed, and a brief description of how it was used (e.g., "ChatGPT was used to generate an initial outline, which was then revised independently"). Consult your instructor or the relevant style guide for the exact citation format.

Detection and Verification

The instructor and/or the college reserve the right to use AI-detection software or other means to verify the originality of submitted work. Students may also be asked to

explain, defend, or reproduce their work (e.g., in a conference or oral discussion) to confirm authorship.

When in Doubt

If you are in doubt as to whether you are using AI appropriately in this course, it is your responsibility to discuss your situation with the instructor before submitting the assignment. Remember, AI can be a tool to support your learning in this course, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Information about ADA can be found here: <http://www.parisjc.edu/pjc2/main/disabilities>

Official Student Email Policy

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence—including notices of academic status, financial aid, billing, registration, and campus alerts—will be sent to the student's PJC email account.

Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not responsible for missed communications due to a student's failure to check their official email account.

Non-discrimination clause

Paris Junior College is an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, color, national origin, sex, religion, age, disability, or any other basis prohibited by law.

Paris Junior College prohibits discrimination, including harassment, against any student on the basis of sex or gender, race, color, national origin, disability, religion, age, or any

other basis prohibited by law. A lack of English language skills will not be a barrier to admission and participation in the career and technical education programs of Paris Junior College.

Retaliation against anyone involved in a complaint process is a violation of PJC policy and is prohibited.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in Alford Center (counseling@parisjc.edu) and in the community.

Course Schedule:

The following schedule is meant to be a guide for students throughout the semester and indicates when assignments are due. Please refer to the schedule frequently. I will do my best to keep this schedule, but I reserve the right to change it as the semester progresses and as such circumstances arise.

Week/What you will do:	Assignments
Week 1 8/24-28 • Syllabus • How to Think Like a Historian • Unit 1: America before Christopher Columbus • Unit 1: European Exploration • Motivations for Exploration	• Procedures and Expectations • Define and Discuss Perspective, Primary and Secondary Resources • Native American Card Sort • Native American Paper Doll • Exploring Nations Graphic Organizer • Motivations Graphic Organizer • Lost Colony of Roanoke Investigative Journal
Week 2 8/31-9/4 • Continue European Exploration • Growing a Representative Government • Unit 1 Review and Exam	• Plymouth and Jamestown Research • 13 Colonies Graphic Organizer • Road to Religious Freedom Card Sort • Discuss Religious Freedom Card Sort • Primary Source Analysis Due • Review and Exam
Week 3 9/7-11 • Unit 2 American Revolution • Colonial Unrest • Grievances & Parliamen	• French and Indian War Matrix/Map • Events Leading to War • Primary and Secondary Source Analysis
Week 4 9/14-18 • Famous Documents/Speeches • Important Events and People	• DOI, Common Sense, Give Me Liberty • Events and People Card Sort
Week 5 9/21-25	

- Unit 2 Review and Exam - Unit 3 Constitutional Era	- Review and Exam - Articles of Confederation Scavenger Hunt
Week 6 9/28-10/2 - Constitutional Convention - Foundations of Government	- Notes and Discussion CC - Foundations of Government Liam Learns 7 Principles of Government Liam Learns
Week 7 10/5-9 - Three Branches of Government - Federalists vs Anti-Federalists - Bill of Rights	- Three Branches Notes - Liam Learns and Whose Line is It - Bill of Rights Notes - Bill of Rights Quiz
Week 8 10/12-16 - Unit 3 Review and Exam - Unit 4 Early Republic	- Unit 3 Review and Exam - First Five Presidents Card Sort - Washington Precedents and Farewell Speech
Week 9 10/19-23 - First Five Presidents - Election 1800	- Election 1800 Gallery Walk - Discussion - John Adams, Thomas Jefferson BOK notes
Week 10 10/26-10/30 - Famous Court Cases - Unit 4 Review and Exam	- James Madison BOK notes - Court Cases Graphic Organizer - Review and Exam
Week 11 11/2-7 - Unit 5 Industrialization and Westward Expansion - Jacksonian Era	- Andrew Jackson BOK Notes - Discussion
Week 12 11/9-13 - Famous Inventions - Reform Movements	- Inventions Graphic Organizer - Reform Movements Card Sort - Culture of the 1900's BOK notes
Week 13 11/16-20 - Unit 5 Review and Exam - Unit 6 Civil War and Reconstruction	- Review and Exam - Compromise to Conflict - Causes of the War
Week 14 11/23-27 Famous Documents and Speeches	- Analysis of Jefferson's and Lincoln's Speeches - Civil War Race

Week 15 11/30-12/4 ● Important Battles ● Reconstruction	● Important Battles Card Sort ● Putting the Union Back Together ● Reconstruction Acts BOK Notes
Week 16 12/7-10 ● Unit 6 Review and Exam	● Discuss Reconstruction Amendments ● Review and Exam 12/12

HIST 1301.10H0
United States History 1
Fall 2026

Instructor: Micha Flowers
Office: FGC A104c
Phone: (903) 782-0728
Email: mflowers@parisjc.edu
Office Hours:

Monday- 1:00-3:30 PM
Tuesday- 1:00-3:30 PM
Wednesday- 1:00-3:30 PM
Thursday- 1:00-3:30 PM

Meeting Location: FGC 118A
Meeting Days: MW
Meeting Times: 9:30-10:45 AM

Course Description:

A survey of the social, political, economic, cultural, and intellectual history of the United States from the pre-Columbian era to the Civil War/Reconstruction period. United States History I includes the study of pre-Columbian, colonial, revolutionary, early national, slavery and sectionalism, and the Civil War/Reconstruction eras. Themes that may be addressed in United States History I include American settlement and diversity, American culture, religion, civil and human rights, technological change, economic change, immigration and migration, and creation of the federal government.

Credits: SCH = 3 lecture hours per week

TSI Requirement: xxx M, xxx R, xxx W.

Prerequisite(s): None

Required Textbook(s) and Materials:

- OpenStax US History Open Education Resource Textbook (Free, found online at <https://openstax.org/details/books/us-history>)
- Physical copies of the textbook can be purchased by student from Amazon, ISBN 978-1-938168-36-9
- Access to a computer with Internet access (the college has computers available in the library for student use).
- Webcam
- Note taking materials such as pen/pencil and notebook
- Respondus Lockdown Browser with Respondus Monitor

Course Goals and Objectives:

Courses in this category focus on how ideas, values, beliefs, and other aspects of culture reflect human experience. Courses involve the exploration of ideas that foster aesthetic and intellectual creation in order to understand the human condition across cultures.

Required Core Objectives

Students successfully completing this course will demonstrate competency in the following Core Objectives:

- Critical Thinking Skills- to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.
- Communication Skills- to include effective development, interpretation, and expression of ideas through written, oral, and visual communication.
- Personal Responsibility- to include the ability to connect choices, actions, and consequences to ethical decision-making.
- Social Responsibility- to include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national and global communities.

History Student Learner Outcomes

Upon successful completion of this course students will:

- Create an argument through the use of historical evidence.
- Analyze and interpret primary and secondary sources.
- Analyze the effects of historical, social, political, economic, cultural, and global forces on this period of United States history.

Course Map of Core Objectives, Student Learner Outcomes, and Assignments

<u>Student Learner Outcome</u>	<u>Maps to Core Objective</u>	<u>Assessment Tool</u>
1- Create an argument through the use of historical evidence.	Critical Thinking Skills (CT)	SLO 1 Assessment
	Communication Skills (CS)	SLO 1 Assessment
	Personal Responsibility (PR)	SLO 1 Assessment
	Social Responsibility (SR)	SLO 1 Assessment
2- Analyze and interpret primary and secondary sources.	Critical Thinking Skills (CT)	SLO 2 Assessment
	Communication Skills (CS)	SLO 2 Assessment
	Personal Responsibility (PR)	SLO 2 Assessment
	Social Responsibility (SR)	SLO 2 Assessment
3- Analyze the effects of historical, social, political, economic, cultural, and global forces on this period of United States history.	Critical Thinking Skills (CT)	SLO 3 Assessment
	Communication Skills (CS)	SLO 3 Assessment
	Personal Responsibility (PR)	SLO 3 Assessment
	Social Responsibility (SR)	SLO 3 Assessment

Course Requirements and Evaluation:

Course Components		Grading Schema	
Attendance	10%	A	90-100%
Video Lectures	25%	B	80-89%
Module Assignments	25%	C	70-79%
Examinations/Term Project	40%	D	60-69%
<u>TOTAL</u>	<u>100%</u>	F	Below 60%

Attendance

Attendance is critical for the successful completion of this class, and will be recorded daily. You cannot expect to succeed if you do not attend regularly or punctually. As you will see in the course schedule, we are doing something every day, and habitually missing class will severely hamper your ability to learn and retain the information. Punctual attendance is defined as being in the classroom, in your seat, before I begin for the day, and remaining in the classroom for the duration of the class period. Punctual attendance receives full credit, tardiness or absence from the room for less than 5 minutes receives half credit, and tardiness or absence from the room for greater than 5 minutes or unexcused absence receives no credit.

Video Lectures with Embedded Questions

Video Lectures are posted in Blackboard but are completed in EdPuzzle. EdPuzzle tracks and saves your individual progress in 10% increments. When completing the lectures, I recommend taking thorough notes in Cornell style- you will be able to use your handwritten notes on the exams. You can repeat sections as needed, and If you are unsatisfied with your overall grade on a video lecture, you can complete it up to three times.

In Class Assignments

You are expected to actively engage in the assignments, which we will complete in class. This includes actively taking notes, contributing to class discussions, engaging in the assignments, and being on task throughout the class. All in-class assignments are due at the end of class, unless otherwise specified.

Midterm Examination

The midterm examination will be 50 multiple choice questions, broken down as follows. You will have 75 minutes to complete the exam. You may use your handwritten notes on the exam.

<u>Question Subject</u>	<u>Number of Questions</u>	<u>Total Points</u>
Historical Thinking Skills	5	10
Primary Source Analysis	5	10
Lecture 1 (Alphas and Omegas)	13	26
Lecture 2 (From Revival to Revolution)	14	28
Lecture 3 (From Revolution to Republic)	13	26
TOTALS	50	100

Final Examination

The Final Examination will be 50 multiple choice questions, broken down as follows. You will have 75 minutes to complete the exam. You may use your handwritten notes on the exam.

<u>Question Subject</u>	<u>Number of Questions</u>	<u>Total Points</u>
Historical Thinking Skills	5	10
Primary Source Analysis	5	10
Lecture 4 (The Early Republic)	13	26
Lecture 5 (Slavery, the West, and the Sectional Crisis)	14	28
Lecture 6 (Southern Rebellion and Reconstruction)	13	26
TOTALS	50	100

Historic Site Scrapbook Term Project

One of both the institutional goals and my goals for this class is to build partnerships with community members and institutions. To that end, a significant part of your overall grade will come from a term project designed to get you out into the community and engaged with local history. No matter where you are in the United States, there are a lot of historic sites and historical organizations who maintain buildings, display artifacts, and provide educational opportunities for the public. Chances are if you find yourself in a city of any size, you are never more than 5 miles away from a public history site at any given time.

Your assignment will be to visit one of these sites, document your visit there, and create a scrapbook over your experience.

A rubric, along with more information about the project, will be provided to you in Blackboard that will detail exactly what I am looking for. This is a chance for you to be creative and make a unique historical argument in a unique way. If a particular site offers guided tours, I would suggest attending one- generally speaking, you'll learn a lot more that way. The more you put into this, the more you'll get out of it! This assignment will be due in Week 7 of the course, but don't let that sneak up on you.

Course Policies

Instructor Absence and Communication

In the rare case that I am indisposed you will receive notification in Blackboard. Instructions for that class day will be provided to you. To contact me, please email me from your Dragonmail to the email address listed on the front page of the syllabus- do not use the internal messaging function in Blackboard. In the body of the email, please ensure you put your name, your course and section number, and your PJC student ID so I can most effectively help you. Expect a reply within 24 hours Monday through Thursday, and by the next business day Friday through Sunday.

Required Activity

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Class Attendance

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **October 1st**.

Class Conduct

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook. Treat other people the way you want to be treated.

Outside resources including, but not limited to, online articles, "homework help" apps or websites, artificial intelligence programs, or other people are almost always prohibited unless otherwise specified by the instructor. In nearly all cases, I have given you everything you will need to complete these in-class assignments. The point of these exercises is to help teach you how to successfully meet the Student Learner Outcomes and the Core Objectives of both the

department and college. Accordingly, if you're relying on something or someone else telling you what the answer to a particular question is, you are not demonstrating your mastery of literally any of those objectives or outcomes, and accordingly, you will not get any credit for them.

Academic Honesty

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial Intelligence

Ethical Considerations and Consequences for Misuse

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of AI or other assignment-help tools will be handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific — approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- *Example of permitted use:* Using AI to brainstorm topic ideas, check grammar, or generate a practice outline — with instructor approval and proper citation.
- *Example of prohibited use:* Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Citation Requirements

When AI use is approved, you must cite it according to the citation style required for the course (APA, MLA, or Chicago, as specified by your instructor). This typically includes naming the AI tool used, the date accessed, and a brief description of how it was used (e.g., "ChatGPT was used to generate an initial outline, which was then revised independently"). Consult your instructor or the relevant style guide for the exact citation format.

Detection and Verification

The instructor and/or the college reserve the right to use AI-detection software or other means to verify the originality of submitted work. Students may also be asked to explain, defend, or reproduce their work (e.g., in a conference or oral discussion) to confirm authorship.

When in Doubt

If you are in doubt as to whether you are using AI appropriately in this course, it is your responsibility to discuss your situation with the instructor before submitting the assignment. Remember, AI can be a tool to support your learning in this course, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Blackboard with accompanying announcement

Online Resources

The Paris Junior College Social Science Division uses the Blackboard online learning management system for both online and face-to-face courses. The PJC Blackboard login web page can be found at: <https://parisjc.blackboard.com> The Blackboard login username is each student's school-issued student ID number (without dashes) and the login password is the student's 8-digit birthday (month, day, four-digit year). For technical assistance with Blackboard contact the PJC Help Desk at 903-782-0496 or techsupport@parisjc.edu.

All students have a dedicated email address that serves as the primary method of contact between themselves and the college, including this course. Activate your Dragonmail account as soon as possible. Information and instructions can be found at this link: <https://www.parisjc.edu/main/activate-dragonmail/>

Official Student Email Policy

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence—including notices of academic status, financial aid, billing, registration, and campus alerts—will be sent to the student's PJC email account.

Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not responsible for missed communications due to a student's failure to check their official email account.

Non-Discrimination Clause

Paris Junior College is an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, color, national origin, sex, religion, age, disability, or any other basis prohibited by law.

Paris Junior College prohibits discrimination, including harassment, against any student on the basis of sex or gender, race, color, national origin, disability, religion, age, or any other basis prohibited by law. A lack of English language skills will not be a barrier to admission and participation in the career and technical education programs of Paris Junior College.

Retaliation against anyone involved in a complaint process is a violation of PJC policy and is prohibited.

Other Resources for Students

Licensed Professional Counselors at Paris Junior College may assist currently enrolled students with short-term, personal counseling services. Services include resolving personal problems, managing stress, depression, and other mental health-related issues that may impede academic success.

The Licensed Professional Counselors are based at the Paris location, however, they can schedule appointments at off-site locations and are available via phone, email and Zoom on a daily basis. For more information, contact Advising and Counseling at counseling@parisjc.edu or 903-782-0426.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

US HISTORY ONE
Fall 2026

Instructor: Matt White
Office: 211
Phone: 903-457-8712
Email: matt.white@parisjc.edu
Office Hours:

Monday 7:30-8:00; 10:45-12:15; 1:30-2:30
Tuesday 7:30-8:00; 9:15-11:00
Wednesday 7:30-8:00; 10:45-12:15; 1:30-2:30
Thursday 7:30-8:00; 9:15-11:00

Meeting Location: GC 126
Meeting Days: INTERNET
Meeting Times:

Course Description:

A survey of the social, political, economic, cultural, and intellectual history of the United States from the pre-Columbian era to the Civil War/Reconstruction period. United States History I includes the study of pre-Columbian, colonial, revolutionary, early national, slavery and sectionalism, and the Civil War/Reconstruction eras. Themes that may be addressed in United States History I include: American settlement and diversity, American culture, religion, civil and human rights, technological change, economic change, immigration and migration, and creation of the federal government.

Maximum SCH per student.....	3
Maximum SCH per course	3
Maximum contact hours per course.....	48

Required Textbook(s) and Materials:

Insert required text including ISBN and materials

Course Goals and Objectives:

Upon successful completion of this course, students will:

1. Create an argument through the use of historical evidence.
2. Analyze and interpret primary and secondary sources. 150
3. Analyze the effects of historical, social, political, economic, cultural, and global forces on this period of United States history.

Course Requirements and Evaluation:

Insert subject matter of each lecture or lab activity

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Course Policies:

In class writing summaries will be averaged into one grade worth 33% of the course as well as a mid-term writing prompt (33%) and final writing prompt (33%) will be averaged to calculate the final grade.

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is November 24th.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

[Instructor: Insert any additional course-specific sanctions or expectations related to academic dishonesty that apply to your class.]

Artificial intelligence (AI) tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

AI is a tool to help us understand the material. It is not a replacement for understanding, or an invitation to let it do the work for you. That is academic dishonesty and is unethical.

Ethical Considerations and Consequences for Misuse

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of AI or other assignment-help tools will be handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific — approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- *Example of permitted use:* Using AI to brainstorm topic ideas, check grammar, or generate a practice outline — with instructor approval and proper citation.
- *Example of prohibited use:* Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Citation Requirements

When AI use is approved, you must cite it according to the citation style required for the course (APA, MLA, or Chicago, as specified by your instructor). This typically includes naming the AI tool used, the date accessed, and a brief description of how it was used (e.g., "ChatGPT was used to generate an initial outline, which was then revised independently"). Consult your instructor or the relevant style guide for the exact citation format.

Detection and Verification

The instructor and/or the college reserve the right to use AI-detection software or other means to verify the originality of submitted work. Students may also be asked to explain, defend, or reproduce their work (e.g., in a conference or oral discussion) to confirm authorship.

When in Doubt

If you are in doubt as to whether you are using AI appropriately in this course, it is your responsibility to discuss your situation with the instructor before submitting the assignment. Remember, AI can be a tool to support your learning in this course, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal,

State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Insert how the students will be notified of a change. (Blackboard, student email, etc.)

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Course Description:

A survey of the social, political, economic, cultural, and intellectual history of the United States from the pre-Columbian era to the Civil War/Reconstruction period. United States History I includes the study of pre-Columbian, colonial, revolutionary, early national, slavery and sectionalism, and the Civil War/Reconstruction eras. Themes that may be addressed in United States History I include American settlement and diversity, American culture, religion, civil and human rights, technological change, economic change, immigration and migration, and creation of the federal government.

Credits: SCH = 3 lecture hours per week

TSI Requirement: xxx M, xxx R, xxx W.

Prerequisite(s): None

Required Textbook(s) and Materials:

- OpenStax US History Open Education Resource Textbook (Free, found online at <https://openstax.org/details/books/us-history>)
- Physical copies of the textbook can be purchased by student from Amazon, ISBN 978-1-938168-36-9
- Access to a computer with Internet access (the college has computers available in the library for student use).
- Webcam
- Note taking materials such as pen/pencil and notebook
- Respondus Lockdown Browser with Respondus Monitor

Course Goals and Objectives:

Courses in this category focus on how ideas, values, beliefs, and other aspects of culture reflect human experience. Courses involve the exploration of ideas that foster aesthetic and intellectual creation in order to understand the human condition across cultures.

Required Core Objectives

Students successfully completing this course will demonstrate competency in the following Core Objectives:

- Critical Thinking Skills- to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.
- Communication Skills- to include effective development, interpretation, and expression of ideas through written, oral, and visual communication.
- Personal Responsibility- to include the ability to connect choices, actions, and consequences to ethical decision-making.
- Social Responsibility- to include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national and global communities.

History Student Learner Outcomes

Upon successful completion of this course students will:

- Create an argument through the use of historical evidence.
- Analyze and interpret primary and secondary sources.
- Analyze the effects of historical, social, political, economic, cultural, and global forces on this period of United States history.

Course Map of Core Objectives, Student Learner Outcomes, and Assignments

<u>Student Learner Outcome</u>	<u>Maps to Core Objective</u>	<u>Assessment Tool</u>
1- Create an argument through the use of historical evidence.	Critical Thinking Skills (CT)	SLO 1 Assessment
	Communication Skills (CS)	SLO 1 Assessment
	Personal Responsibility (PR)	SLO 1 Assessment
	Social Responsibility (SR)	SLO 1 Assessment
2- Analyze and interpret primary and secondary sources.	Critical Thinking Skills (CT)	SLO 2 Assessment
	Communication Skills (CS)	SLO 2 Assessment
	Personal Responsibility (PR)	SLO 2 Assessment
	Social Responsibility (SR)	SLO 2 Assessment
3- Analyze the effects of historical, social, political, economic, cultural, and global forces on this period of United States history.	Critical Thinking Skills (CT)	SLO 3 Assessment
	Communication Skills (CS)	SLO 3 Assessment
	Personal Responsibility (PR)	SLO 3 Assessment
	Social Responsibility (SR)	SLO 3 Assessment

Course Requirements and Evaluation:

Course Components		Grading Schema	
Video Lectures	25%	A	90-100%
Module Assignments	25%	B	80-89%
Examinations	30%	C	70-79%
Term Project	20%	D	60-69%
<u>TOTAL</u>	<u>100%</u>	F	Below 60%

Video Lectures with Embedded Questions

Video Lectures are posted in Blackboard but are completed in EdPuzzle. EdPuzzle tracks and saves your individual progress in 10% increments. When completing the lectures, I recommend taking thorough notes in Cornell style- you will be able to use your handwritten notes on the exams. You can repeat sections as needed, and If you are unsatisfied with your overall grade on a video lecture, you can complete it up to three times.

Module Assignments

You are expected to actively engage in the assignments, which we will complete in class. This includes actively taking notes, contributing to class discussions, engaging in the assignments, and being on task throughout the class. All in-class assignments are due at the end of class, unless otherwise specified.

Historic Site Scrapbook Term Project

One of both the institutional goals and my goals for this class is to build partnerships with community members and institutions. To that end, a significant part of your overall grade will come from a term project designed to get you out into the community and engaged with local history. No matter where you are in the United States, there are a lot of historic sites and historical organizations who maintain buildings, display artifacts, and provide educational opportunities for the public. Chances are if you find yourself in a city of any size, you are never more than 5 miles away from a public history site at any given time. Your assignment will be to visit one of these sites, document your visit there, and create a scrapbook over your experience.

A rubric, along with more information about the project, will be provided to you in Blackboard that will detail exactly what I am looking for. This is a chance for you to be creative and make a unique historical argument in a unique way. If a particular site offers guided tours, I would suggest attending one- generally speaking, you'll learn a lot more that way. The more you put into this, the more you'll get out of it! This assignment will be due in Week 7 of the course, but don't let that sneak up on you.

Examinations

The examinations you take in this course will be based on the video lectures. You will have 75 minutes to complete each exam, and you must use Respondus Lockdown Browser with Respondus Monitor to complete the exam. During the exams, you may use your physical copies of your notes- you will be asked to "show your work" at the end of the exam- this is where you will upload pictures of your handwritten notes. You MAY NOT use other technological devices, and you MAY NOT communicate with other people.

While taking the exam, please stay in your seat and focus on the computer screen until the exam is complete. If an interruption occurs, briefly explain what happened by speaking directly to your webcam. And, finally, remember that you cannot exit the exam until all questions are completed and submitted for grading.

PLEASE NOTE: Respondus Monitor notifies me if there are irregularities in the testing session. Excessive irregularities, including, but not limited to, students missing from frame, items that block the webcam, or turning the webcam off, will be interpreted as cheating on exams, and will therefore be subject to the Academic Honesty Policy as defined in the syllabus.

I am sympathetic to privacy concerns you may have utilizing Respondus Monitor. If that is the case, it will be necessary for you to make an appointment at the PJC testing center of your choice to take the exam, or your instructor at your high school can proctor your exam if the class is taking the exam at the same time. Communication is key- please make sure the proctor at your school is contacting me directly.

Each exam will have 50 multiple choice questions, broken down on the next page of the syllabus:

<u>Examination 1 Question Subject</u>	<u>Number of Questions</u>	<u>Total Points</u>
Historical Thinking Skills	5	10
Primary Source Analysis	5	10
Alphas and Omegas Lecture	13	26
From Revival to Revolution Lecture	14	28

From Revolution to Republic Lecture	13	26
TOTALS	50	100

<u>Examination 2 Question Subject</u>	<u>Number of Questions</u>	<u>Total Points</u>
Historical Thinking Skills	5	10
Primary Source Analysis	5	10
Early Republic and Jackson Lecture	13	26
The West, Slavery, and Secession Lecture	14	28
Civil War and Reconstruction Lecture	13	26
TOTALS	50	100

<u>Examination 3 Question Subject</u>	<u>Number of Questions</u>	<u>Total Points</u>
Historical Thinking Skills	5	10
Primary Source Analysis	5	10
American Colossus Lecture	13	26
Reforming America Lecture	14	28
Imperial America Lecture	13	26
TOTALS	50	100

Course Policies

Instructor Absence and Communication

In the rare case that I am indisposed you will receive notification in Blackboard. Instructions for that class day will be provided to you. To contact me, please email me from your Dragonmail to the email address listed on the front page of the syllabus- do not use the internal messaging function in Blackboard. In the body of the email, please ensure you put your name, your course and section number, and your PJC student ID so I can most effectively help you. Expect a reply within 24 hours Monday through Thursday, and by the next business day Friday through Sunday.

Required Activity

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Class Attendance

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **November 12th**.

Class Conduct

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook. Treat other people the way you want to be treated.

Outside resources including, but not limited to, online articles, "homework help" apps or websites, artificial intelligence programs, or other people are almost always prohibited unless otherwise specified by the instructor. In nearly all cases, I have given you everything you will need to complete these in-class assignments. The point of these exercises is to help teach you how to successfully meet the Student Learner Outcomes and the Core Objectives of both the department and college. Accordingly, if you're relying on something or someone else telling you what the answer to a particular question is, you are not demonstrating your mastery of literally any of those objectives or outcomes, and accordingly, you will not get any credit for them.

Academic Honesty

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial Intelligence

Ethical Considerations and Consequences for Misuse

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of AI or other assignment-help tools will be handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific — approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- *Example of permitted use:* Using AI to brainstorm topic ideas, check grammar, or generate a practice outline — with instructor approval and proper citation.
- *Example of prohibited use:* Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Citation Requirements

When AI use is approved, you must cite it according to the citation style required for the course (APA, MLA, or Chicago, as specified by your instructor). This typically includes naming the AI tool used, the date accessed, and a brief description of how it was used (e.g., "ChatGPT was used to generate an initial outline, which was then revised independently"). Consult your instructor or the relevant style guide for the exact citation format.

Detection and Verification

The instructor and/or the college reserve the right to use AI-detection software or other means to verify the originality of submitted work. Students may also be asked to explain, defend, or reproduce their work (e.g., in a conference or oral discussion) to confirm authorship.

When in Doubt

If you are in doubt as to whether you are using AI appropriately in this course, it is your responsibility to discuss your situation with the instructor before submitting the assignment. Remember, AI can be a tool to support your learning in this course, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Insert how the students will be notified of a change. (Blackboard, student email, etc.)

Online Resources

The Paris Junior College Social Science Division uses the Blackboard online learning management system for both online and face-to-face courses. The PJC Blackboard login web page can be found at: <https://parisjc.blackboard.com> The Blackboard login username is each student's school-issued student ID number (without dashes) and the login password is the student's 8-digit birthday (month, day, four-digit year). For technical assistance with Blackboard contact the PJC Help Desk at 903-782-0496 or techsupport@parisjc.edu.

All students have a dedicated email address that serves as the primary method of contact between themselves and the college, including this course. Activate your Dragonmail account as soon as possible. Information and instructions can be found at this link:

<https://www.parisjc.edu/main/activate-dragonmail/>

Official Student Email Policy

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence—including notices of academic status, financial aid, billing, registration, and campus alerts—will be sent to the student's PJC email account.

Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not responsible for missed communications due to a student's failure to check their official email account.

Non-Discrimination Clause

Paris Junior College is an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, color, national origin, sex, religion, age, disability, or any other basis prohibited by law.

Paris Junior College prohibits discrimination, including harassment, against any student on the basis of sex or gender, race, color, national origin, disability, religion, age, or any other basis prohibited by law. A lack of English language skills will not be a barrier to admission and participation in the career and technical education programs of Paris Junior College.

Retaliation against anyone involved in a complaint process is a violation of PJC policy and is prohibited.

Other Resources for Students

Licensed Professional Counselors at Paris Junior College may assist currently enrolled students with short-term, personal counseling services. Services include resolving personal problems, managing stress, depression, and other mental health-related issues that may impede academic success.

The Licensed Professional Counselors are based at the Paris location, however, they can schedule appointments at off-site locations and are available via phone, email and Zoom on a daily basis. For more information, contact Advising and Counseling at counseling@parisjc.edu or 903-782-0426.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

Course # HIST 1301 40H0
US HISTORY ONE
Fall 2026

Instructor: Matt White
Office: 211
Phone: 903-457-8712
Email: matt.white@parisjc.edu
Office Hours:

Monday 7:30-8:00; 10:45-12:15; 1:30-2:30
Tuesday 7:30-8:00; 9:15-11:00
Wednesday 7:30-8:00; 10:45-12:15; 1:30-2:30
Thursday 7:30-8:00; 9:15-11:00

Meeting Location: GC 126
Meeting Days: Monday and Wednesday
Meeting Times: 9:30-10:45

Course Description:

A survey of the social, political, economic, cultural, and intellectual history of the United States from the pre-Columbian era to the Civil War/Reconstruction period. United States History I includes the study of pre-Columbian, colonial, revolutionary, early national, slavery and sectionalism, and the Civil War/Reconstruction eras. Themes that may be addressed in United States History I include: American settlement and diversity, American culture, religion, civil and human rights, technological change, economic change, immigration and migration, and creation of the federal government.

Maximum SCH per student.....	3
Maximum SCH per course	3
Maximum contact hours per course.....	48

Required Textbook(s) and Materials:

Insert required text including ISBN and materials

Course Goals and Objectives:

Upon successful completion of this course, students will:

1. Create an argument through the use of historical evidence.
2. Analyze and interpret primary and secondary sources. 150
3. Analyze the effects of historical, social, political, economic, cultural, and global forces on this period of United States history.

Course Requirements and Evaluation:

Insert subject matter of each lecture or lab activity

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Course Policies:

In class writing summaries will be averaged into one grade worth 33% of the course as well as a mid-term writing prompt (33%) and final writing prompt (33%) will be averaged to calculate the final grade.

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is October 1st.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

[Instructor: Insert any additional course-specific sanctions or expectations related to academic dishonesty that apply to your class.]

Artificial intelligence (AI) tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

AI is a tool to help us understand the material. It is not a replacement for understanding, or an invitation to let it do the work for you. That is academic dishonesty and is unethical.

Ethical Considerations and Consequences for Misuse

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of AI or other assignment-help tools will be handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific — approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- *Example of permitted use:* Using AI to brainstorm topic ideas, check grammar, or generate a practice outline — with instructor approval and proper citation.
- *Example of prohibited use:* Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

[Instructor: Insert any additional course-specific sanctions or expectations related to academic dishonesty that apply to your class.]

Artificial intelligence (AI) tools are permitted in this course for students who wish to use them. To adhere to our scholarly values, students must cite any AI-generated material that informed their work (including in-text citations with quotations). Any AI tool used must also be in your reference list. Be sure you verify the accuracy of any AI-generated content, as they are known to falsify information and academic citations. Using an AI tool to generate content without proper attribution qualifies as academic dishonesty.

AI is a tool to help us understand the material. It is not a replacement for understanding, or an invitation to let it do the work for you. That is academic dishonesty and it is unethical.

Ethical Considerations and Consequences for Misuse

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of AI or other assignment-help tools will be

handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific — approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- *Example of permitted use:* Using AI to brainstorm topic ideas, check grammar, or generate a practice outline — with instructor approval and proper citation.
- *Example of prohibited use:* Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Citation Requirements

When AI use is approved, you must cite it according to the citation style required for the course (APA, MLA, or Chicago, as specified by your instructor). This typically includes naming the AI tool used, the date accessed, and a brief description of how it was used (e.g., "ChatGPT was used to generate an initial outline, which was then revised independently"). Consult your instructor or the relevant style guide for the exact citation format.

Detection and Verification

The instructor and/or the college reserve the right to use AI-detection software or other means to verify the originality of submitted work. Students may also be asked to explain, defend, or reproduce their work (e.g., in a conference or oral discussion) to confirm authorship.

When in Doubt

If you are in doubt as to whether you are using AI appropriately in this course, it is your responsibility to discuss your situation with the instructor before submitting the assignment. Remember, AI can be a tool to support your learning in this course, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog &

Student Handbook for the official complaint or grievance procedure.
<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Insert how the students will be notified of a change. (Blackboard, student email, etc.)

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

Course Schedule/Weekly Lesson Plan:

Week 1 Introduction/The Old World/ The Renaissance/ Reformation
Week 2 The Spanish, French and English Colonies in the New World
Week 3 The Enlightenment, The Glorious Revolution,
Week 4 The Great Awakening. French and Indian War
Week 5 Causes of the American Revolution
Week 6 The Declaration of Independence
Week 7 American Revolution
Week 8 Review/MIDTERM
Week 9 The Articles of Confederation/The Constitution
Week 10 Federalists/ Anti-Federalists
Week 11 Washington/Adams
Week 12 Jeffersonian-Jacksonian America
Week 13 Manifest Destiny, Abolition
Week 14 Countdown to Civil War
Week 15 Final Countdown to Civil War
Week 16 FINAL

Course # HIST 1301 45A1 (Quinlan)
US HISTORY ONE
Fall 2026

Instructor: Matt White
Office: 211
Phone: 903-457-8712
Email: matt.white@parisjc.edu
Office Hours:

Monday 7:30-8:00; 10:45-12:15; 1:30-2:30
Tuesday 7:30-8:00; 9:15-11:00
Wednesday 7:30-8:00; 10:45-12:15; 1:30-2:30
Thursday 7:30-8:00; 9:15-11:00

Meeting Location: GC 116-118
Meeting Days: Monday and Wednesday
Meeting Times: 8:00

Course Description:

A survey of the social, political, economic, cultural, and intellectual history of the United States from the pre-Columbian era to the Civil War/Reconstruction period. United States History I includes the study of pre-Columbian, colonial, revolutionary, early national, slavery and sectionalism, and the Civil War/Reconstruction eras. Themes that may be addressed in United States History I include: American settlement and diversity, American culture, religion, civil and human rights, technological change, economic change, immigration and migration, and creation of the federal government.

Maximum SCH per student.....	3
Maximum SCH per course	3
Maximum contact hours per course.....	48

Required Textbook(s) and Materials:

Insert required text including ISBN and materials

Course Goals and Objectives:

Upon successful completion of this course, students will:

1. Create an argument through the use of historical evidence.
2. Analyze and interpret primary and secondary sources. 150
3. Analyze the effects of historical, social, political, economic, cultural, and global forces on this period of United States history.

Insert course objectives or Core Course Competencies

Course Requirements and Evaluation:

Insert subject matter of each lecture or lab activity

Required Activity:

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Course Policies:

In class writing summaries will be averaged into one grade worth 33% of the course as well as a mid-term writing prompt (33%) and final writing prompt (33%) will be averaged to calculate the final grade.

Class Attendance:

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is November 12th.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

[Instructor: Insert any additional course-specific sanctions or expectations related to academic dishonesty that apply to your class.]

Course Goals and Objectives:

Courses in this category focus on how ideas, values, beliefs and other aspects of culture reflect human experience. Courses involve the exploration of ideas that foster aesthetic and intellectual creation in order to understand the human condition across cultures.

Required Core Objectives: Students successfully completing this course will demonstrate competency in the following Core Objectives:

1. Critical Thinking Skills -- to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.
2. Communication Skills -- to include effective development, interpretation and expression of ideas through written, oral and visual communication.
3. Personal Responsibility -- to include the ability to connect choices, actions and consequences to ethical decision- making.
4. Social Responsibility -- to include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities.

History Student Learner Outcomes: Upon successful completion of this course students will:

1. Create an argument through the use of historical evidence.
2. Analyze and interpret primary and secondary sources.
3. Analyze the effects of historical, social, political, economic, cultural, and global forces on this period of United States history.

Course Requirements and Evaluation:

Syllabus Quiz - (5 points) *this is a mandatory quiz over the syllabus. This quiz is a required assignment to stay enrolled in the course. You have unlimited attempts to take this quiz up until the due date.*

MLA Quiz – (5 points) you will take a quiz over MLA formatting. After watching the videos, reading the material in the START HERE folder, you will take the quiz. You have unlimited attempts to take this quiz up until the due date.

AI Schedule (10 points). *You will create a schedule using AI.*

Chapters 1-16 Quizzes: (16 chapters. 20 points each. 60 points total) *You will take a 20 question multiple choice quiz based on the readings and videos for each chapter. These quizzes are timed. You will have one attempt.*

Discussion Board Assignments (6 boards. 10 points each. 60 points total) *You will complete one Discussion Board Assignment for each Module. This is your opportunity to reflect on what you have learned through your reading, the videos and your own research. Discussion Board Assignments are intended to take some time, research, and reflection. You should not wait until the last minute to complete these assignments. It is expected that the discussion board is written in your own words, not AI. Please see the AI policy to ensure you understand the potential penalties for copy/past from AI generators or any other websites. This is plagiarism.*

Special Assignments (6 assignments. 10 points each. 60 points total). *You will complete one special assignment for each module. These special assignments will vary, but overall will measure your knowledge of the content in that module and the professionalism of the assignment which reflects that knowledge.*

Primary Source Assignments (6 assignments, 10 points each, 60 points total) You will complete 6 primary source assignments.

Mid-term Exam (100 points total)– This exam will cover material from the first half of class. The mid-term exam will cover information from the weekly lectures (on TEAMS and recorded lectures) This exam is timed and will be given during class time on the designated date.

Final Exam (100 points total)– This exam will cover material from the second half of class. The final exam will cover information from the weekly lectures (on TEAMS and recorded lectures). This exam is timed and will be given during class time on the designated date.

Final Writing Project – Four parts of final paper (10 points each; 40 points total): You will complete your final paper project as we. Proceed through the course. Each “part” will be completed, graded and you will receive the feedback. You should use this feedback to complete the Final Writing Project.

Final Writing Project (100 points total) . . Please see Blackboard for more instructions. This is due prior to the end of semester, so start early.

SLO assessments (3 assessments, 10 points each, 30 points total). Your knowledge of the core objectives will be assessed through three assignments toward the end of the course.

- There will be a few (limited) extra credit assignments offered

Final grades will be determined according to your total accumulation of points earned. Point values can easily be converted to percentage points. Please see the grading scale above to calculate your final grade in the course. All grades are recorded. In the Blackboard gradebook. You can access these grades in the “My Grades” tab. I am happy to help you calculate your score at any point.

Please keep in mind that the Point system is not the percentage system. Please follow the scale below only.

Grading scale:

630 Total points possible

A = 630-567 points

B = 566- 504 points

C= 503- 504 points

D= 503-441 points

F= less then 441 points

Required Activity:

All students must complete the First Assignment- Syllabus Quiz located in the "Start HERE" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course. This assignment should be completed in Blackboard before September 8, 2026 11:59 pm.

Course Policies:

Requirement to submit coursework by the due date: You should interpret an established due date as the FINAL OPPORTUNITY for submitting corresponding coursework. Demonstration of personal responsibility is a core objective of this course, and this policy will be strictly enforced in pursuit of this objective. **You should complete all assignments by the due date.** Technical difficulties are not an

excuse to turn in late work.

Late work: **No late work will be accepted in this course without a doctor's note.** There are no exceptions to this policy. Please keep a calendar (or print out the calendar on the last page of the syllabus). In most cases, you have had one to two weeks (or more) to complete the work.

Requirement to submit coursework through Blackboard: All coursework must be submitted through the college's online learning management system, Blackboard, unless instructed otherwise through official course communications. The instructor will not accept assignments submitted through email without prior approval. This allows the work to go through a Safe Assign and AI Detection programs.

Collaboration and Collusion: Students are encouraged to collaborate in learning with other students but strictly prohibited from colluding with others in completing assignments. Collaboration occurs when students share ideas, strategies, and understandings through discussion or study activities. Collusion occurs when students work with other persons to complete quizzes, tests, or any other assignment with the knowledge that the coursework will be submitted for course credit. Among other deceitful practices outlined in the Student Handbook, collusion is a form of academic dishonesty that will be reported.

Student/Instructor Communications: All students must regularly check for course communications within Dragonmail, course messages, and course announcements. You should feel comfortable contacting the instructor with any concerns or questions that may arise. The following guidelines have been established to facilitate communication efficiently. Outside of face-to-face conversation, email or Blackboard course messages are the preferred mode of student/instructor communication. To send the instructor a message, locate and select the "Course Messages" or "External Email" links on the course menu in Blackboard. Other acceptable modes of communication may include video conferencing sessions in Blackboard (available by request) or sending an email from your Dragonmail account (note: emails sent from private or high school issued email accounts may not receive an answer). Video conferencing will occur during office hours or by appointment. After sending electronic communications to the instructor, **students should expect a response within 24 hours (M-R) or the next business day** (emails received Friday through Sunday). If you contact the instructor by email, you must use your Dragonmail account or Blackboard to send and receive communications. You should identify yourself using your full name (as listed in the course) and by identifying the course and section for which you are enrolled. Be as detailed as possible when describing your questions, and be sure that your question is not due to a lack of reading the course syllabus or assignment instructions.

Important Notifications: Students should check course announcements regularly, as this method of communication will be used to dispense any important course notifications, including alterations to this course. Additional requirements communicated through course messages or other official correspondence are amendments to this syllabus if specified to be so. Receipt of notifications by course announcement is assumed.

Opening Assignments: All assignments are open according to the schedule. After Module 1, you will have approximately 2 weeks to complete each module. Exception: the Final Writing Project is open at day one. You can complete assignments early, as long as they are open. Always check the syllabus and the Course Calendar to ensure you are completing work on time.

The instructor may make alterations or amendments to this syllabus as needed.

Class Attendance:

Class attendance is critical for the successful completion of this course. *For online courses, students must complete work in a timely manner and follow due dates.* Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of “W” is November 12, 2026.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

AI Policy**Artificial intelligence (AI) Ethical Considerations and Consequences for Misuse**

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of AI or other assignment-help tools will be handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific — approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- *Example of permitted use:* Using AI to brainstorm topic ideas, check grammar, or generate a practice outline — with instructor approval and proper citation.

- *Example of prohibited use:* Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Citation Requirements

When AI use is approved, you must cite it according to the citation style required for the course (APA, MLA, or Chicago, as specified by your instructor). This typically includes naming the AI tool used, the date accessed, and a brief description of how it was used (e.g., "ChatGPT was used to generate an initial outline, which was then revised independently"). Consult your instructor or the relevant style guide for the exact citation format.

Detection and Verification

The instructor and/or the college reserve the right to use AI-detection software or other means to verify the originality of submitted work. Students may also be asked to explain, defend, or reproduce their work (e.g., in a conference or oral discussion) to confirm authorship.

When in Doubt

If you are in doubt as to whether you are using AI appropriately in this course, it is your responsibility to discuss your situation with the instructor before submitting the assignment. Remember, AI can be a tool to support your learning in this course, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

Multi-Factor Authentication (MFA) Requirement for Students

To help protect student accounts and personal information, students are required to use **Multi-Factor Authentication (MFA)** when accessing college systems and online resources. MFA adds an extra layer of security by requiring users to verify their identity through a second method, a Microsoft Authenticator mobile app notification in addition to their password.

How to Use MFA:

1. Log in to your college account using your username and password.
2. When prompted, verify your identity using the Microsoft Authenticator app.
3. Approve the sign-in request to gain access to your account.
4. Using the Microsoft Authenticator app, ensure notifications are enabled on your mobile device.
5. Never approve an authentication request that you did not initiate. Report suspicious login attempts to PJC Tech Support immediately.

Dual credit students logged in to their high school's WIFI will not be prompted for MFA.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success

Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Insert how the students will be notified of a change. (Blackboard, student email, etc.)

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

Course Schedule/Weekly Lesson Plan:

DATE (by weeks – Monday to Sunday)	TOPIC	READINGS ASSIGNMENTS CLASS PREPARATION	Assignments Due: all Blackboard assignments are due at 11:59 pm

Meeting Location: online

Meeting Days: online

Meeting Times: online

Course Description:

survey of the social, political, economic, cultural, and intellectual history of the United States from the pre-Columbian era to the Civil War/Reconstruction period. United States History I includes the study of pre-Columbian, colonial, revolutionary, early national, slavery and sectionalism, and the Civil War/Reconstruction eras. Themes that may be addressed in United States History I include: American settlement and diversity, American culture, religion, civil and human rights, technological change, economic change, immigration and migration, and creation of the federal government.

Credits: 3

Prerequisite(s): None

Note: ACGM courses typically require TSI compliance or waiver.

Associate's degree and level 2 certificates require TSI to be fulfilled before degree conferral.

Required Textbook(s) and Materials:

You are. Not required to purchase a textbook in this course. We will be using Openstax US History. This is a FREE online resource. You will find a link in Blackboard and link provided below:

Course Goals and Objectives:

Courses in this category focus on how ideas, values, beliefs and other aspects of culture reflect human experience. Courses involve the exploration of ideas that foster aesthetic and intellectual creation in order to understand the human condition across cultures.

Required Core Objectives: Students successfully completing this course will demonstrate competency in the following Core Objectives:

1. Critical Thinking Skills -- to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.
2. Communication Skills -- to include effective development, interpretation and expression of ideas through written, oral and visual communication.
3. Personal Responsibility -- to include the ability to connect choices, actions and consequences to ethical decision- making.
4. Social Responsibility -- to include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities.

History Student Learner Outcomes: Upon successful completion of this course students will:

1. Create an argument through the use of historical evidence.
2. Analyze and interpret primary and secondary sources.
3. Analyze the effects of historical, social, political, economic, cultural, and global forces on this period of United States history.

Course Requirements and Evaluation:

Syllabus Quiz - (5 points) *this is a mandatory quiz over the syllabus. This quiz is a required assignment to stay enrolled in the course. You have unlimited attempts to take this quiz up until the due date.*

MLA Quiz – (5 points) you will take a quiz over MLA formatting. After watching the videos, reading the material in the START HERE folder, you will take the quiz. You have unlimited attempts to take this quiz up until the due date.

AI Schedule (10 points). *You will create a schedule using AI.*

Chapters 1-16 Quizzes: (16 chapters. 20 points each. 60 points total) *You will take a 20 question multiple choice quiz based on the readings and videos for each chapter. These quizzes are timed. You will have one attempt.*

Discussion Board Assignments (6 boards. 10 points each. 60 points total) *You will complete one Discussion Board Assignment for each Module. This is your opportunity to reflect on what you have learned through your reading, the videos and your own research. Discussion Board Assignments are intended to take some time, research, and reflection. You should not wait until the last minute to complete these assignments. It is expected that the discussion board is written in your own words, not AI. Please see the AI policy to ensure you understand the potential penalties for copy/past from AI generators or any other websites. This is plagiarism.*

Special Assignments (6 assignments. 10 points each. 60 points total). *You will complete one special assignment for each module. These special assignments will vary, but overall will measure your knowledge of the content in that module and the professionalism of the assignment which reflects that knowledge.*

Primary Source Assignments (6 assignments, 10 points each, 60 points total) You will complete 6 primary source assignments.

Mid-term Exam (100 points total)– This exam will cover material from the first half of class. The mid-term exam will cover information from the weekly lectures (on TEAMS and recorded lectures) This exam is timed and will be given during class time on the designated date.

Final Exam (100 points total)– This exam will cover material from the second half of class. The final exam will cover information from the weekly lectures (on TEAMS and recorded lectures). This exam is timed and will be given during class time on the designated date.

Final Writing Project – Four parts of final paper (10 points each; 40 points total): You will complete your final paper project as we. Proceed through the course. Each “part” will be completed, graded and you will receive the feedback. You should use this feedback to complete the Final Writing Project.

Final Writing Project (100 points total) . . Please see Blackboard for more instructions. This is due prior to the end of semester, so start early.

SLO assessments (3 assessments, 10 points each, 30 points total). Your knowledge of the core objectives will be assessed through three assignments toward the end of the course.

- There will be a few (limited) extra credit assignments offered

Final grades will be determined according to your total accumulation of points earned. Point values can easily be converted to percentage points. Please see the grading scale above to calculate your final grade in the course. All grades are recorded. In the Blackboard gradebook. You can access these grades in the “My Grades” tab. I am happy to help you calculate your score at any point.

Please keep in mind that the Point system is not the percentage system. Please follow the scale below only.

Grading scale:

630 Total points possible

A = 630-567 points

B = 566- 504 points

C= 503- 504 points

D= 503-441 points

F= less then 441 points

Required Activity:

All students must complete the First Assignment- Syllabus Quiz located in the "Start HERE" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course. This assignment should be completed in Blackboard before September 8, 2026 11:59 pm.

Course Policies:

Requirement to submit coursework by the due date: You should interpret an established due date as the FINAL OPPORTUNITY for submitting corresponding coursework. Demonstration of personal responsibility is a core objective of this course, and this policy will be strictly enforced in pursuit of this objective. **You should complete all assignments by the due date.** Technical difficulties are not an

excuse to turn in late work.

Late work: **No late work will be accepted in this course without a doctor's note.** There are no exceptions to this policy. Please keep a calendar (or print out the calendar on the last page of the syllabus). In most cases, you have had one to two weeks (or more) to complete the work.

Requirement to submit coursework through Blackboard: All coursework must be submitted through the college's online learning management system, Blackboard, unless instructed otherwise through official course communications. The instructor will not accept assignments submitted through email without prior approval. This allows the work to go through a Safe Assign and AI Detection programs.

Collaboration and Collusion: Students are encouraged to collaborate in learning with other students but strictly prohibited from colluding with others in completing assignments. Collaboration occurs when students share ideas, strategies, and understandings through discussion or study activities. Collusion occurs when students work with other persons to complete quizzes, tests, or any other assignment with the knowledge that the coursework will be submitted for course credit. Among other deceitful practices outlined in the Student Handbook, collusion is a form of academic dishonesty that will be reported.

Student/Instructor Communications: All students must regularly check for course communications within Dragonmail, course messages, and course announcements. You should feel comfortable contacting the instructor with any concerns or questions that may arise. The following guidelines have been established to facilitate communication efficiently. Outside of face-to-face conversation, email or Blackboard course messages are the preferred mode of student/instructor communication. To send the instructor a message, locate and select the "Course Messages" or "External Email" links on the course menu in Blackboard. Other acceptable modes of communication may include video conferencing sessions in Blackboard (available by request) or sending an email from your Dragonmail account (note: emails sent from private or high school issued email accounts may not receive an answer). Video conferencing will occur during office hours or by appointment. After sending electronic communications to the instructor, **students should expect a response within 24 hours (M-R) or the next business day** (emails received Friday through Sunday). If you contact the instructor by email, you must use your Dragonmail account or Blackboard to send and receive communications. You should identify yourself using your full name (as listed in the course) and by identifying the course and section for which you are enrolled. Be as detailed as possible when describing your questions, and be sure that your question is not due to a lack of reading the course syllabus or assignment instructions.

Important Notifications: Students should check course announcements regularly, as this method of communication will be used to dispense any important course notifications, including alterations to this course. Additional requirements communicated through course messages or other official correspondence are amendments to this syllabus if specified to be so. Receipt of notifications by course announcement is assumed.

Opening Assignments: All assignments are open according to the schedule. After Module 1, you will have approximately 2 weeks to complete each module. Exception: the Final Writing Project is open at day one. You can complete assignments early, as long as they are open. Always check the syllabus and the Course Calendar to ensure you are completing work on time.

The instructor may make alterations or amendments to this syllabus as needed.

Class Attendance:

Class attendance is critical for the successful completion of this course. *For online courses, students must complete work in a timely manner and follow due dates.* Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of “W” is November 12, 2026.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

AI Policy**Artificial intelligence (AI) Ethical Considerations and Consequences for Misuse**

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of AI or other assignment-help tools will be handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific — approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- *Example of permitted use:* Using AI to brainstorm topic ideas, check grammar, or generate a practice outline — with instructor approval and proper citation.

- *Example of prohibited use:* Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Citation Requirements

When AI use is approved, you must cite it according to the citation style required for the course (APA, MLA, or Chicago, as specified by your instructor). This typically includes naming the AI tool used, the date accessed, and a brief description of how it was used (e.g., "ChatGPT was used to generate an initial outline, which was then revised independently"). Consult your instructor or the relevant style guide for the exact citation format.

Detection and Verification

The instructor and/or the college reserve the right to use AI-detection software or other means to verify the originality of submitted work. Students may also be asked to explain, defend, or reproduce their work (e.g., in a conference or oral discussion) to confirm authorship.

When in Doubt

If you are in doubt as to whether you are using AI appropriately in this course, it is your responsibility to discuss your situation with the instructor before submitting the assignment. Remember, AI can be a tool to support your learning in this course, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

Multi-Factor Authentication (MFA) Requirement for Students

To help protect student accounts and personal information, students are required to use **Multi-Factor Authentication (MFA)** when accessing college systems and online resources. MFA adds an extra layer of security by requiring users to verify their identity through a second method, a Microsoft Authenticator mobile app notification in addition to their password.

How to Use MFA:

1. Log in to your college account using your username and password.
2. When prompted, verify your identity using the Microsoft Authenticator app.
3. Approve the sign-in request to gain access to your account.
4. Using the Microsoft Authenticator app, ensure notifications are enabled on your mobile device.
5. Never approve an authentication request that you did not initiate. Report suspicious login attempts to PJC Tech Support immediately.

Dual credit students logged in to their high school's WIFI will not be prompted for MFA.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure. <https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success

Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Insert how the students will be notified of a change. (Blackboard, student email, etc.)

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. Course Description:

A survey of the social, political, economic, cultural, and intellectual history of the United States from the pre-Columbian era to the Civil War/Reconstruction period. United States History I includes the study of pre-Columbian, colonial, revolutionary, early national, slavery and sectionalism, and the Civil War/Reconstruction eras. Themes that may be addressed in United States History I include American settlement and diversity, American culture, religion, civil and human rights, technological change, economic change, immigration and migration, and creation of the federal government.

Credits: SCH = 3 lecture hours per week

TSI Requirement: xxx M, xxx R, xxx W.

Prerequisite(s): None

Required Textbook(s) and Materials:

- OpenStax US History Open Education Resource Textbook (Free, found online at <https://openstax.org/details/books/us-history>)
- Physical copies of the textbook can be purchased by student from Amazon, ISBN 978-1-938168-36-9
- Access to a computer with Internet access (the college has computers available in the library for student use).
- Webcam
- Note taking materials such as pen/pencil and notebook
- Respondus Lockdown Browser with Respondus Monitor

Course Goals and Objectives:

Courses in this category focus on how ideas, values, beliefs, and other aspects of culture reflect human experience. Courses involve the exploration of ideas that foster aesthetic and intellectual creation in order to understand the human condition across cultures.

Required Core Objectives

Students successfully completing this course will demonstrate competency in the following Core Objectives:

- Critical Thinking Skills- to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.
- Communication Skills- to include effective development, interpretation, and expression of ideas through written, oral, and visual communication.
- Personal Responsibility- to include the ability to connect choices, actions, and consequences to ethical decision-making.
- Social Responsibility- to include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national and global communities.

History Student Learner Outcomes

Upon successful completion of this course students will:

- Create an argument through the use of historical evidence.
- Analyze and interpret primary and secondary sources.
- Analyze the effects of historical, social, political, economic, cultural, and global forces on this period of United States history.

Course Map of Core Objectives, Student Learner Outcomes, and Assignments

<u>Student Learner Outcome</u>	<u>Maps to Core Objective</u>	<u>Assessment Tool</u>
1- Create an argument through the use of historical evidence.	Critical Thinking Skills (CT)	SLO 1 Assessment
	Communication Skills (CS)	SLO 1 Assessment
	Personal Responsibility (PR)	SLO 1 Assessment
	Social Responsibility (SR)	SLO 1 Assessment

	Social Responsibility (SR)	SLO 3 Assessment

Course Requirements and Evaluation:

Course Components		Grading Schema	
Attendance	10%	A	90-100%
Video Lectures	25%	B	80-89%
In Class Assignments	25%	C	70-79%
Examinations/Term Project	40%	D	60-69%
<u>TOTAL</u>	<u>100%</u>	F	Below 60%

Attendance

Attendance is critical for the successful completion of this class, and will be recorded daily. You cannot expect to succeed if you do not attend regularly or punctually. As you will see in the course schedule, we are doing something every day, and habitually missing class will severely hamper your ability to learn and retain the information. Punctual attendance is defined as being in the classroom, in your seat, before I begin for the day, and remaining in the classroom for the duration of the class period. Punctual attendance receives full credit, tardiness or absence from the room for less than 5 minutes receives half credit, and tardiness or absence from the room for greater than 5 minutes or unexcused absence receives no credit.

Video Lectures with Embedded Questions

Video Lectures are posted in Blackboard but are completed in EdPuzzle. EdPuzzle tracks and saves your individual progress in 10% increments. When completing the lectures, I recommend taking thorough notes in Cornell style- you will be able to use your handwritten notes on the exams. You can repeat sections as needed, and if you are unsatisfied with your overall grade on a video lecture, you can complete it up to three times.

In Class Assignments

You are expected to actively engage in the assignments, which we will complete in class. This includes actively taking notes, contributing to class discussions, engaging in the assignments, and being on task throughout the class. All in-class assignments are due at the end of class, unless otherwise specified.

Term Project

One of the joys of an education is the ability to create things that are meaningful to you. Your term project will be one of these times. More information will be provided this week and next. A rubric, along with more information about the project, will be provided to you in Blackboard that will detail exactly what I am looking for. This is a chance for you to be creative and make a unique historical argument in a unique way. The more you put into this, the more you'll get out of it!

Examinations

Each exam will have 50 multiple choice questions, broken down below and on the next page.

<u>Examination 1 Question Subject</u>	<u>Number of Questions</u>	<u>Total Points</u>
Historical Thinking Skills	5	10
Primary Source Analysis	5	10
Alphas and Omegas Lecture	13	26
From Revival to Revolution Lecture	14	28
From Revolution to Republic Lecture	13	26
TOTALS	50	100

<u>Examination 2 Question Subject</u>	<u>Number of Questions</u>	<u>Total Points</u>
Historical Thinking Skills	5	10
Primary Source Analysis	5	10
Early Republic and Jackson Lecture	13	26
The West, Slavery, and Secession Lecture	14	28
Civil War and Reconstruction Lecture	13	26
TOTALS	50	100

<u>Examination 3 Question Subject</u>	<u>Number of Questions</u>	<u>Total Points</u>
Historical Thinking Skills	5	10
Primary Source Analysis	5	10
American Colossus Lecture	13	26
Reforming America Lecture	14	28
Imperial America Lecture	13	26
TOTALS	50	100

Course Policies

Instructor Absence and Communication

In the rare case that I am indisposed you will receive notification in Blackboard. Instructions for that class day will be provided to you. To contact me, please email me from your Dragonmail to the email address listed on the front page of the syllabus- do not use the internal messaging function in Blackboard. In the body of the email, please ensure you put your name, your course and section number, and your PJC student ID so I can most effectively help you. Expect a reply within 24 hours Monday through Thursday, and by the next business day Friday through Sunday.

Required Activity

All students must complete the First Assignment located in the "Course Content" section of Blackboard by 11:59 p.m. on the day prior to the Official Reporting Day (ORD). Completion of this assignment serves as verification of course participation. Students who do not complete the assignment by the deadline will be reported as non-attending and will be dropped from the course.

Class Attendance

Class attendance is critical for the successful completion of this course. For online courses, students must complete work in a timely manner and follow due dates. Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **November 12th**.

Class Conduct

Please turn off or silence and put away all cell phones, pagers, iPod, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the PJC Course Catalog & Student Handbook. Treat other people the way you want to be treated.

Outside resources including, but not limited to, online articles, “homework help” apps or websites, artificial intelligence programs, or other people are almost always prohibited unless otherwise specified by the instructor. In nearly all cases, I have given you everything you will need to complete these in-class assignments. The point of these exercises is to help teach you how to successfully meet the Student Learner Outcomes and the Core Objectives of both the department and college. Accordingly, if you’re relying on something or someone else telling you what the answer to a particular question is, you are not demonstrating your mastery of literally any of those objectives or outcomes, and accordingly, you will not get any credit for them.

Academic Honesty

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others **will immediately receive a score of zero on the exam/assignment in.** Depending on the nature and severity of the situation, the instructor may impose additional academic sanctions at their discretion. Serious or repeated violations may be referred to the appropriate Division Vice President or the College President and may result in suspension or expulsion from the college.

Students who wish to appeal an academic dishonesty determination may do so through the Office of Student Services. Appeal forms are available by contacting Student Services at ss@parisjc.edu or 903-782-0211.

Artificial Intelligence

Ethical Considerations and Consequences for Misuse

The inappropriate or unauthorized use of AI-generated content may constitute academic misconduct and/or a violation of discipline-specific professional ethics. Such misuse of AI or other assignment-help tools will be handled according to PJC's Academic Conduct Policy or other relevant policies and may result in sanctions, including failing the course, program dismissal, suspension, or expulsion.

Approval Process

Any use of AI must be specifically approved by your instructor before you begin the assignment. To request approval, email your instructor (or raise it during office hours) describing the assignment and how you intend to use AI. Approval, if granted, will be confirmed in writing (email or course announcement) and may be assignment-specific — approval for one assignment does not carry over to others.

Permitted and Prohibited Use

Artificial intelligence (AI) may be used for specific assignments as determined by your instructor, with appropriate citation, but is never permitted for tests, quizzes, or other assessments of individual knowledge unless explicitly stated otherwise.

- *Example of permitted use:* Using AI to brainstorm topic ideas, check grammar, or generate a practice outline — with instructor approval and proper citation.
- *Example of prohibited use:* Submitting AI-generated text as your own original writing, or using AI to complete a quiz, exam, or timed assessment.

This policy applies to all AI tools, including general-purpose chatbots (e.g., ChatGPT, Claude, Gemini), AI writing assistants and grammar tools with generative features (e.g., Grammarly's AI suggestions), AI-powered translation tools, and AI features embedded in other software (e.g., Word, Google Docs).

Citation Requirements

When AI use is approved, you must cite it according to the citation style required for the course (APA, MLA, or Chicago, as specified by your instructor). This typically includes naming the AI tool used, the date accessed, and a brief description of how it was used (e.g., "ChatGPT was used to generate an initial outline, which was then revised independently"). Consult your instructor or the relevant style guide for the exact citation format.

Detection and Verification

The instructor and/or the college reserve the right to use AI-detection software or other means to verify the originality of submitted work. Students may also be asked to explain, defend, or reproduce their work (e.g., in a conference or oral discussion) to confirm authorship.

When in Doubt

If you are in doubt as to whether you are using AI appropriately in this course, it is your responsibility to discuss your situation with the instructor before submitting the assignment. Remember, AI can be a tool to support your learning in this course, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

Complaint Procedures:

Students should address all complaints or concerns with their course instructor first. If the issue is not resolved the student should reference the PJC website or the Course Catalog & Student Handbook for the official complaint or grievance procedure.

<https://www.parisjc.edu/consumer-information/complaints.php>

ADA Statement:

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Course Catalog & Student Handbook.

Illness Policy:

Per CDC guidelines, stay home and away from others if you have respiratory virus symptoms that another cause cannot explain. Do not attend class if you have a fever (100.4°F or higher)

You can return to your normal activities when, for at least 24 hours, both are true:

1. Your symptoms are getting better overall, and
2. You have not had a fever (and are not using fever-reducing medication).

When you go back to your normal activities, take added precautions over the next five days, such as taking additional steps for hygiene, wearing masks, and physical distancing, if possible, when you will be around other people indoors.

Syllabus Subject to Change

This syllabus is subject to change at any time. When changes are made students will be informed of the change by the method listed below.

Insert how the students will be notified of a change. (Blackboard, student email, etc.)

Online Resources

The Paris Junior College Social Science Division uses the Blackboard online learning management system for both online and face-to-face courses. The PJC Blackboard login web page can be found at: <https://parisjc.blackboard.com> The Blackboard login username is each student's school-issued student ID number (without dashes) and the login password is the student's 8-digit birthday (month, day, four-digit year). For technical assistance with Blackboard contact the PJC Help Desk at 903-782-0496 or techsupport@parisjc.edu.

All students have a dedicated email address that serves as the primary method of contact between themselves and the college, including this course. Activate your Dragonmail account as soon as possible. Information and instructions can be found at this link:

<https://www.parisjc.edu/main/activate-dragonmail/>

Official Student Email Policy

Paris Junior College assigns each student an official college email address upon enrollment. This email account is the primary means of communication between the College and the student. All official correspondence—including notices of academic status, financial aid, billing, registration, and campus alerts—will be sent to the student's PJC email account.

Students are responsible for regularly checking their PJC email and maintaining access. Communications sent to the PJC email address will be considered delivered. The College is not responsible for missed communications due to a student's failure to check their official email account.

Non-Discrimination Clause

Paris Junior College is an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, color, national origin, sex, religion, age, disability, or any other basis prohibited by law.

Paris Junior College prohibits discrimination, including harassment, against any student on the basis of sex or gender, race, color, national origin, disability, religion, age, or any other basis prohibited by law. A lack of English language skills will not be a barrier to admission and participation in the career and technical education programs of Paris Junior College.

Retaliation against anyone involved in a complaint process is a violation of PJC policy and is prohibited.

Other Resources for Students

Licensed Professional Counselors at Paris Junior College may assist currently enrolled students with short-term, personal counseling services. Services include resolving personal problems, managing stress, depression, and other mental health-related issues that may impede academic success.

The Licensed Professional Counselors are based at the Paris location, however, they can schedule appointments at off-site locations and are available via phone, email and Zoom on a daily basis. For more information, contact Advising and Counseling at counseling@parisjc.edu or 903-782-0426.

PJC Cares about our students! Please help us help you by completing our basic need assessment by scanning the QR code below:

Mental health conditions are common and treatable. Suicide is preventable.

This suicide prevention video was created for all Texas institutions of higher education for students of all ages and backgrounds to raise awareness about suicide, share warning signs and ways to help, and emphasize that help and resources are available on campus and in the community. It also supports Texas institutions of higher education in partially meeting the legal requirements of 88(R) SB 532 passed in 2023.

If you or someone you know is considering suicide, help is available at 988 — and help is available on your campus in PJC's Counseling Center in the Administrative Building (counseling@parisjc.edu) and in the community.

Instructor: Melisa Ward, PhD.
Office: 1305
Phone: 903-356-1600
Email: mward@parisjc.edu
Office Hours: By appointment

Meeting Location: 1305
Meeting Days: M-Thursday
Meeting Times: 9:27-10:22

Course Description:

Survey of the social, political, economic, cultural, and intellectual history of the United States from the pre-Columbian era to the Civil War/Reconstruction period. United States History I includes the study of pre-Columbian, colonial, revolutionary, early national, slavery and sectionalism, and the Civil War/Reconstruction eras. Themes that may be addressed in United States History I include: American settlement and diversity, American culture, religion, civil and human rights, technological change, economic change, immigration and migration, and creation of the federal government.

Credits: 3

Prerequisite(s): None

Note: ACGM courses typically require TSI compliance or waiver.

Associate's degree and level 2 certificates require TSI to be fulfilled before degree conferral.

Required Textbook(s) and Materials:

You are. Not required to purchase a textbook in this course. We will be using Openstax US History. This is a FREE online resource. You will find a link in Blackboard and link provided below:

Course Goals and Objectives:

Courses in this category focus on how ideas, values, beliefs and other aspects of culture reflect human experience. Courses involve the exploration of ideas that foster aesthetic and intellectual creation in order to understand the human condition across cultures.

Required Core Objectives: Students successfully completing this course will demonstrate competency in the following Core Objectives:

1. Critical Thinking Skills -- to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.
2. Communication Skills -- to include effective development, interpretation and expression of ideas through written, oral and visual communication.
3. Personal Responsibility -- to include the ability to connect choices, actions and consequences to ethical decision-making.
4. Social Responsibility -- to include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities.

History Student Learner Outcomes: Upon successful completion of this course students will:

1. Create an argument through the use of historical evidence.
2. Analyze and interpret primary and secondary sources.
3. Analyze the effects of historical, social, political, economic, cultural, and global forces on this period of United States history.

Course Requirements and Evaluation:

Chapters 1-16 Quizzes: 20% *These quizzes are timed. You will have one attempt.*

Primary Source Analysis: 20%

Exams: 20%
